SALMON MATTER SETTLED

FROZEN SALMON MAY BE MARKETED IN ENGLAND.

The Objections of the Fishmongers Company Removed by Prof. Prince's Statements—The Contract With Mr. Huddart Not Cancelled—Postoffice Stamps Sold Only on License.

Ottawa, Oct. 25.—A cablegram has been received from the High Commissioner stating that a settlement satisfactory to importers had been reached in regard to the British Columbia frozen fish matter. It will be remembered that the other day a consignment of frozen salmon from British Columbia was impounded in London by the Fishmongers' Company, on the ground that the fish were really trout, and as it is the close season for trout in England their sale was prohibited. There is no doubt that the satisfactory conclusion of the matter is due to the pronounced opinion of Prof. Prince, Commissioner of Fisheries, who, having just returned from a lengthy visit to British Columbia, was able to speak authoritatively on the matter. Prof. Prince's views were cabled to The Times, and in this way gained the fullest publicity. The result will be to enable the companies which have embarked in this enterprise to continue it without let or hindrance.

Was a Pure Fake.

The statement in The Toronto News of Thursday that the Government had decided to notify Mr. James Huddart that his contract for a fast Atlantic steamship service is at an end is a pure fake. Sir Mackenzie Bowell states that until such time as the Imperial Government's decision on the application for a subsidy to the fast line had been received there would be no change in the Government's policy.

Letters Not Sufficiently Paid.

A communication has been received at the Postoffice Department from the High Commissioner intimating that a number of letters are being received at his office from the Dominion addressed to Canadians visiting Europe, which are short of the requisite amount of postage. Newspaper readers ought not to be required to be reminded that the rate of postage on all letters to Great Britain is 5c. per half-ounce. The rate for Canada and the United States is 3c. per ounce, and it is evident that parties forget the difference in weight as between the internal rate and the European rate.

The Sale of Stamps.

The attention of the public is drawn to the postoffice regulations which require that only persons who have licenses from the department can legally sell postage stamps. The recent arrest of parties in Toronto for cleaning stamps is an indication of the vigilance of the postal authorities.

They Shut Out the Reporters.

The managers of the Garrison mess dinner to General Gascoigne are kicking themselves because they did not invite newspaper representatives to the function last evening. The banquet is admitted to have been a splendid success, but the Ottawa military men have lost all kudos of it from the fact that no report if forthcoming of the two principal speeches, the General's and Hon. Mr. Dickey's. The speech of the Minister is acknowledged to have been an exceedingly brilliant one, and important as outlining his policy as administrator of the Department. The peculiar calibre of some men who are entrusted with arranging for important events may be judged by the intimation which came from an Ottawa officer to a newspaper man thatthe latter would be welcome to a seat in the gallery of the banquet hall as soon as the speeches commenced. Needless to say the important concession was not accepted. The newspaper correspondents here are not yearning to be invited to the banquets, but they expect to be treated as gentlemen.

Railway Legislation.

The major portion of the railway legislation next session will apply to the great west. Among the applications of which notice is given this week is one for a charter to a company to build a line from Winnipeg to Grand Rapids, thence to Hudson Bay, with a branch from Grand Rapids to Edmonton. Another company seeks to build three lines in different directions from Edmonton, while the Winnipeg Great Northern (Hugh Sutherland's road), will seek an extension of time.

General Gascoigne and Col. Irwin leave for Montreal to-morrow. The General is to be banqueted in that city to-morrow evening.

Owing to the numerous claims upon his time as Provincial Minister, Lieut.-Col., the Hon. J. M. Gibson, has intimated his desire to retire from command of the 13th Battalion. It is likely the department will signalize their appreciation of Col. Gibson's services to the force by allowing him the honary colonelship of the regiment.

The statement that Judge Foster is to be appointed to the existing vacancy in the Senate for the Eastern Townships is incorrect.

Hon. G. B. Baker returned to the city to-day.

Sir A. P. Caron and Hon. Mr. Dickey have left for Montreal and Chateauguay.

Sir Mackenzie Bowell and Sir C. H. Tupper leave for Washington to-morrow afternoon.

Capt. Heward of the Winnipeg Dragoons had an interview with the Minister of Militia to-day in reference to the rumored contemplated changes in the permanent force.

FRANK MADILL, M.P.,

The Member for North Ontario Died His Home in Beaverton Yesterday.

Word was received in the city last night of the death of Frank Madill, M.P. for North Ontario. Mr. Madill had been ailing for some time past but only within the past few days did his condition become serious. On Monday he had a stroke of paralysis and on Tuesday lapsed into an unconscious condition, from which he never rallied.

Frank Madill was born in the township of Scott, November 23, 1852, graduated at Toronto University in 1873 and was called to the Bar in 1877. He represented North Ontario in the Legislative Assembly from June 4, 1881, until the general election in 1883, at which time he was defeated. He has sat in the Commons for the same constituency since 1887.

The Political Situation in the Riding.

A gentleman canversant with the situation in North Ontario said it was practically settled that Mr. John A. McGillivray of Uxbridge, barrister, and well known as the Grand Secretary of the I.O.F., will get the Conservative nomination and carry the constituency against F. J. Gellespie, the Reform, and R. C. Brandon, the Patron candidates. He further stated that he had no doubt Mr. McGillivray would take the stand of non-interference in the Manitoba school question.

New Way to Avoid Doctors' Bills

"I will not be responsible for any debts contracted by my wife, Thirza Cassar, from this date. Robert Cassar, King east, Toronto."

The advertiser, Robert Cassar, keeps a stationery and cigar store at 286 King-street east. Questioned as to the cause of inserting the advertisement, he said that for some time past Mrs. Cassar has been very ill and has been attended by Dr. E. H. Green. Cassar says that he is too poor to support his wife during her illness, so she has been removed to the home of her mother. His object in inserting the ad is to indemnify himself against any doctor's bill or other accounts Mrs. Cassar may contract.

"I have had no quarrel with my wife," said Mr. Cassar, "and she understands why I inserted the advertisement.

Mrs. Cassar is at her mother's home, 54 Farley-avenue, but is not well enough to talk of the matter. Her sister says that it was in September last that Mrs. Cassar left her husband's house after a long illness.

Mrs. Cassar's family are very indignant regarding the advertisement, which they thing was entirely uncalled for and the work of a man out of his mind.

MISS KAVANAUGH'S DEATH

Her Betrayer Said to be a Prescott Man—The Doctor a Barrie Man—Talk at Ottawa.

Buffalo, Oct. 25.—District Attorney Kenefeck said at noon to-day that he had proof that the betrayer of Anna Kavanaugh was Thomas F. White, a married man of Prescott, Ont. Since the girl was ruined, White has been married.

"We cannot prosecute him on what we know," said Mr. Kenefeck this morning, "and the only thing we can hope is that the Canadian Government will prosecute him.

"The developments show that the $100 was paid to Dr. Harper by the girl herself."

Dr. Harper is said to be from Barrie, Ont.

Mr. H. E. Leacy, of Cardinal, Ont., and Martin Kavanaugh, a brother of Anna Kavanaugh, arrived here this afternoon, and left for Cardinal with the remains of the unfortunate young woman.

Caused Talk at Ottawa

Ottawa, Oct. 25.—The sad end at Buffalo of Miss Kavanaugh of Cardinal has caused considerable talk here. In connection with the fact that a pocket-book containing a card with "H. E. Lacey, Cardinal," printed upon it, was found on the body of the dead woman, it may be stated that Miss Hattie E. Lacey, of the Postoffice Department, comes from Cardinal, and was an intimate friend of Miss Kavanaugh, which accounts for one of Miss Lacey's cards being in the latter's possession. Miss Lacey was at her office to-day.

Miss Lacey knows more about the recent movements of her dead friend than she cares to tell. Miss Kavanaugh was here last Sunday, and she and Miss Lacey dined together at the Windsor Hotel. Miss Kavanaugh left for Toronto on Sunday night, proceeding, it is stated, to Buffalo on Monday afternoon.

HOW CARDWELL TAKES IT

MR. WHITE'S RESIGNATION VERY MUCH DISCUSSED.

His Pledge Given at Mono Mills in 1891 May Have Had Influence Upon His Present Action—Local Newspapers Speculating as to the Result of an Immediate Election.

Orangeville, Oct. 25.—The news of Mr. R. S. White's resignation of his seat in the Commons has caused considerable discussion here and in the neighboring riding of Cardwell, which Mr. White has represented for seven years.

When Mr. White announced to his constituents in June of last year that he would not again seek their suffrages it was understood that he had the promise of the Montreal Collectorship of Customs, but the impression had prevailed all along that the appointment would not be made until the end of the present Parliament.

Mr. White pledged himself in writing at the convention of Conservatives at Mono Mills prior to the elections of '91 that he would vote against any attempt of the Dominion Government to interfere with the Manitoba School law and there may be some force in the statement of the Ottawa correspondent of The Globe that he desired to be relieved of the responsibility of fulfilling his pledge, because he is personally in favor of some sort of Remedial Legislation. This is the belief of many Conservatives and Reformers in Cardwell, who say that Mr. White's opinion that Remedial Legislation should be granted is to a great extent influenced by his residence in Quebec. Mr. White's Conservative constituents have felt all along that he was sure of the Montreal Collectorship and the general feeling among them is that he has served the Government right in resigning if they have broken faith with him.

No where in Canada except, perhaps, in North Simcoe and Muskoka, are the McCarthyites stronger than in Cardwell, but they are at present utterly without organization. If a bye-election had taken place a year ago the McCarthy candidate would probably have been elected by a large majority, but the opinion prevails on all sides that if an election were to come off now the Conservative candidate would triumph. Many Conservatives who were McCarthyites a year ago have gone back to the old party.

The Reformers have not yet put a candidate in the field, but if the fight at the expected bye-election is a triangular one it is likely that the Conservative majority will be larger than in a contest between a Conservative and a McCarthyite, for in the former contingency many Conservatives who are now lukewarm or threatening to bolt would support the Conservative nominee in order to prevent the possibility of the return of a Reformer.

Mr. White is personally popular with all parties in Cardwell, and his appointment to the Montreal Collectorship would meet with general approval.

There are already two candidates in the field—Mr. W. B. Willoughby, the Conservative standard-bearer, and Mr. W. Stubbs, McCarthyite. If the latter remains in the fild the Grits will run a man, and their prospects for electing their candidate was never so good before.

Press Opinions.

The Advertiser, the Liberal organ, says: Cardwell is likely to hear from Mr. White in a few days. He owes his constituents an early explanation of his resignation. If he is not induced to hang on for another session by fresh promises we may look for election music in Cardwell before the snow is very deep. Mr. Willoughby, the Conservative candidate, will not be found unprepared. He has been steadily canvassing since his nomination and is now admitted to have a winning chance. There never was a better chance for a Liberal candidate in Cardwell than there is at the present time.

The McCarthyite organ, The Banner, says: The cry upon which Mr. White was really elected in the first place, was that he was a worthy son of a worthy father. Another reason is, that, of late years, an independent feeling has grown up within the riding. The party spirit no longer exists with its old-time intensity. Recent events have made the political complexion of the constituency strongly McCarthyite, and, even of those who still cling to the old parties and traditions, many are lukewarm. Cardwell will now have an opportunity to elect a member to her taste, and she will not be slow to avail herself of the opportunity. He will be a local man, too!

The Banner adds: No doubt, strenuous efforts will be made to have Mr. White reconsider his resignation, but it is highly probable that his decision is final and the Government will have to make the best of a bad job. The general feeling is that if an election is brought on now, the Government will certainly lose the riding.

Candidate Willoughby Confident.

Mr. W. B. Willoughby, who, in June, 1894, was nominated for Cardwell by the Conservatives, says that the resignation of Mr. White came to him wholly unexpected and he has, as yet, no idea, beyond the statement of Mr. Oulmet in yesterday's World, as to whether there will be a bye-election in Cardwell or the seat will be kept vacant till the general election. He has made no election arrangements, but says that he will probably make some public statement before long. The Government candidate, Mr. Willoughby thinks, is certain to carry the seat, which has been in Conservative hands for 27 years.

LIBERAL LEADERS AT INGERSOLL.

Hon. Mr. Laurier and Party in Sir Richard's Constituency—An Enthusiastic Reception.

Ingersoll, Ont., Oct. 25.—The demonstration to Hon. Wilfrid Laurier by the Ingersoll Young Liberals this afternoon exceeded anything of the kind ever before held here.

The distinguished party arrived on the 5 o'clock train and were met by the Young Liberals, the town council and thousands of citizens.

At the depot Mr. William Waterworth, reeve, read an address from the town council, welcoming the Liberal leader, who gracefully responded.

A procession was then formed, and headed by the Foresters and Oddfellows' bands, Hon. Mr. Laurier and his associates were escorted to the residence of Dr. McKay, M.L.A., where they were entertained.

Torchlight Procession.

At 7 o'clock a monster torchlight procession was formed and escorted the leader and his friends to the skating rink, where the speaking took place. The immense structure was beautifully decorated for the occasion with flags and bunting, while numerous appropriate mottoes adorned the walls.

On reaching the rink, which was filled to overflowing, with from 4000 to 5000 people of this and surounding counties, the appearance of the leaders was greeted with a perfect ovation which continued for some minutes.

Mr. James Vance, president of the Young Liberal Club, occupied the chair, and on the platform were Hon. Wilfrid Laurier, Sir Oliver Mowat, J. Israel Tarte, Sir Richard Cartwright, Hon. David Mills, John Charlton, James Sutherland, M.P., for North Oxford, Dr. McKay, M.L.A., for South Oxford, Sheriff Brady, Registrar Dettullo and other prominent Liberals.

After a few introductory remarks the speakers of the evening were introduced in the folowing order: Sir Richard Cartwright, Sir Oliver Mowat, James Sutherland, Hon. Wilfrid Laurier, Hon. David Mills, J. Israel Tarte and John Charlton.

Mr. G. W. Hare, secretary-treasurer of the South Oxford Reform Association presented the Liberal leader with an address on behalf of that organization and Mr. A. P. Gundry read another on behalf of the Young Liberals of Ingersoll.

The speaking did not terminate until midnight. Hon. Mr. Laurier characterized this demonstration as the largest and most enthusiastic of the whole series.

The meeting was brought to a close by cheers for the Liberal leaders and by the band playing God Save the Queen.

MEN'S SHOPPING PECULIARITIES

Not as Astute as Women—Will Sometimes Buy What Doesn't Suit Them.

No young man should buy a hat which does not suit him, and some heads are very hard to suit. Men are not the astute shoppers that women are, and spying a hat store will usually go right in without stopping to think which is the best. The store may be one presenting a good appearance but with a limited stock of goods and the result often is that a round face is sent away with a very small brim utterly unsuitable to it, or perhaps a wide brim stiff hat with full crown over a narorw face, which would be equally bad. Of course some men would refuse to buy, but there is a rather prevailing trait among the sex which will force them to buy after having given the salesmen trouble. Now, would it not be more sensible to go to a hat store carrying large lines of every conceivable style of goods in stiff and soft felt hats, both fedoras and raw edge? The answer is unnecessary. Of course it would. Such a store in Dineens'; and they carry more shapes and more in stiff hats than you ever thought existed. They will be sure to suit you and the fact that they cater to Toronto's best trade shows that they are the headquarters for stylish headgear. It is hard to describe shapes in stiff hats, but the Youman and Knox New York styles are full in the crown, very little curve with rather flat brims, giving a most stylish appearance at $3. The genuine Dunlap hat, only handled by this firm, is $5, although same shapes are carled in less expensive makes. The latest is a modification of the extreme American and English style, slight curl to a narrower brim with less fullness in the crown, $3 and $5, in black and French brown. Stetson's raw edge, wide brim, soft felts are in great demand. King and Yonge.

MR. WAINWRIGHT RESIGNS

AND AN IMPORTANT POST ON THE GRAND TRUNK IS OPEN.

An Offer From New York Under Consideration—Speculation as to a Successor—A Million and a Half of English Money for Canada—Banque du Peuple.

Montreal, Oct. 25.—The many friends of Mr. William Wainwright will learn with regret that there is strong probability of that popular official resigning the office of assistant general manager of the Grand Trunk Railway. Some time ago it was stated that Mr. Wainwright was to become president and general manager of the Richelieu & Ontario Navigation Co., but there has been no confirmation of this report. It is understood, however, that the assistant general manager has been offered an important and lucrative position in connection with the Trunk Lines Association in New York City, and that Mr. Wainwright has the matter under consideration.

Of course Dame Rumor is at work locating a successor to the man who has been for so many years one of the moving spirits of the Grand Trunk, and the name of Mr. Stevenson is prominently mentioned.

A Million and a Half for Canada.

Mr. David Morrice, the well-known cotton king, has just completed a surprisingly happy deal in the London money market, and at the same time brought a big surprise to Canadian money lenders.

On Jan. 2 the Dominion Cotton Company's 6 per cent. debentures to the amount of $1,500,000, all of which are held in Montreal, and other parts of Canada, will fall due, and Mr. A. F. Gault, president of the Dominion Cotton Co., has received a cable from Mr. Morrice saying that the issue had been made in London at 4 1-2 per cent.

The news was well received on the street, for it means that $1,500,000 of English money will be brought to Canada. Of the debentures coming due on the new year the Hochelaga Bank holds $100,000, and a like amount is held by the seminary of St. Sulpice.

Banque du Peuple Affairs

An important meeting of the Banque Du Peuple directorate was held today and it was decided to open the doors of the bank to treat with the deposit holders. President Grenier explained to your correspondent that the bank would not, however, be open for general business. Depositors holding $3,177,000, including the Government deposit, have signified their acceptance of the bank's scheme and instead of making the first payment six months' hence the bank is now in a position to pay 25 per cent. on the 4th of November. With the amount in their vaults the bank has now $4,800,000 at its disposition. On the 27th Nov. there will be a meeting of stockholders when the future of the bank will be decided upon and in the meantime legislation will be asked for at the coming session of Parliament.

Winter Nelis brought from 9s to 12s; Eastern Beurres 12s to 15s; Duchesse 18s, Glout Morceaux 21s and Beurre Clairjeau 13s.

HATTIE KOCH ALSO SUCCUMBS.

Making the Fourth Life Lost in the Hamilton Fire—Resignation of Col. Gibson—Dr. Laidlaw's Funeral.

Hamilton, Oct. 25.—This morning Hattie Koch, 10 years old, died at the City Hospital, making the fourth death which has resulted from the fire at the Queen's Hotel on Tuesday night. The child was operated upon, but the hot air and smoke inhaled had so affected her that medical assistance was of no avail. Mrs. Andrews is in a most precarious condition, and the doctors have abandoned all hopes of her recovery. Miss Cronan, although not seriously ill, has not recovered from the nervous shock.

Hundreds of sympathizing friends gathered along the streets this morning and viewed the funeral procession to St. Mary's Cathedral, and thence to Holy Sepulchre Cemetery. There were three hearses: The first bore the dead body of the heroic father—Anthony Koch—the second the bodies of Tony and Bernie and the third carried little Hattie to her final resting place.

Col. Gibson's Resignation.

The members of the Thirteenth Regiment and citizens of Hamilton, generally, regret the fact that Col. Gibson has resigned. He received his commission in 1865. He was at Ridgeway in 1866, and in 1879 won the Prince of Wales' Prize at Wimbledon. In the ordinary course of promotion Lieut. Col. A. H. Moore will succeed him. Lieut.-Col. Moore was spoken to this morning regarding the change in the regiment and he said: "I presume I shall succeed Col. Gibson, but no official announcement has yet been made regarding the resignation or the appointment of his successor."

The announcement is not official,but is substantially correct, though the resignation has not yet been forwarded.

Rev. Dr. Laidlaw's Burial.

The body of Rev. Dr. Laidlaw will be brought from Stewarton to-morrow and placed in St. Paul's Church, where the funeral service will be conducted by Rev. Mr. Beavis, Principal Caven of Toronto, Rev. Dr. Fletcher and Rev. Dr. Burns. At 2 p.m. the cortege will proceed from the church to the station, where a special train will leave at 2.30 for Georgetown, where the remains will be interred.

The city of Quebec reports a slight gain in general lines with easier collections. Business is slightly improved in Toronto, the weather having stimulated demand. Trade is also improved at Halifax, where collections are equal to expectation. At St. John's Nfld., the price of fish has advanced, while in New Brunswick the outlook is for only an average cut of lumber.

RUSSIA'S GRIP ON CHINA CANNOT BE ALLOWED.

The Treaty Alluded to Means Practically the Annexation of the Celestial Empire to Russia—England, the United States, Germany and Japan Vitally Interested in Opposing the Scheme.

London, Oct. 25.—The Pall Mall Gazette prints a long article commenting upon the despatch published in The Times from its Hong Kong correspondent, stating that a treaty was recently concluded between Russia and China by the terms of which Russia obtains the right of anchorage for her fleet at Port Arthur, the right to construct and operate railways and other advantages of great commercial value.

The Gazette assumes that this practically means that Russia has annexed China, if the conclusion of the treaty is a fact. Continuing, the paper says, will certainly refuse to leave Port Arthur and England will oppose it to the death. The treaty also means the presence of Russian warships at Vancouver and Sydney. England must act vigorously and immediately both by means of diplomacy and by getting her fleet ready for sea.

The Globe, in an article on the same subject, says: "Neither England, the United States, Japan, nor Germany will sanction a partition of China, which would virtually render the Pacific ocean a Franco-Russian lake, and seal the markets of China against their commerce."

The St. James' Gazette says: It is obvious that if Russia has squeezed China into such an agreement we must intervene. War with Russia, with all its risks and possibilities, would be less disastrous than to allow her, without striking a blow, to get such a grip on China.

The Markets Not Affected.

The Times' despatch from Hong Kong, relative to a treaty between Russia and China to the disadvantage of England, had no affect on the price of consols at the Stock Exchange today.

$5000 IN BOGUS $1 BILLS.

A TORONTO COUNTERFEITING GANG UNDER ARREST.

A Sale of $100 in Counterfeit Bills for $30 Led to the First Capture—Plates for $1 and $2 Bills Found—$4900 of the Queer Still Afloat.

A counterfeiting swindle of unusual proportions and extent was yesterday unearthed by Detectives Davis, Porter and Duncan. As a result of their work, David Cooper, barber, 142 York-street; W. J. Kramer, engraver, 17 Jordan-street; John Crawford, 834 College-street, and Thomas Smith, 257 Sackville-street, are under arrest at police headquarters, charged with forgery and uttering forged bank bills.

For some time past the authorities were of the opinion that from some source in the city counterfeit $1 and $2 bills of a rather inferior quality were being struck off and circulated. One or two of the bills came under their notice, and every effort was made to trace them to their originators, as they were believed to be the work of a gang.

Three days ago Detectives Davis and Porter struck what looked like a promising clue. Both officers were detailed to the case. Yesterday they learned of a Queen-street west merchant having been approached by a man who offered for sale $100 in $1 bills. The merchant consented to assist the officers in their detection of the swindle, and entered into an agreement to purchase $100 worth of the queer for $30.

Sold $100 in Bogus Bills for $30.

An appointment was made, in which the counterfeiter, who afterwards proved to be Cooper, agreed to deliver the bills to the merchant at his store yesterday afternoon. Detectives Porter and Duncan concealed themselves in the store, and when Cooper had handed over the bills and taken the $30 in good coin of the realm in exchange, they stepped out and arrested him. Cooper protested that he was innocent of any intention of fraud, and claimed to be disposing of them for a man who was at that time waiting for him in his shop at 142 York-street. Detective Porter marched Cooper off to headquarters, while Duncan went to the address given, where he found and arrested Smith, who was also taken to headquarters.

Each Accuses the Other.

In the course of the searching cross-examination to which these two men were subjected, information was elicited which led to the arrest later in the evening of Crawford and Kramer, and the unfolding of the whole story of the plot, which proves to be more extensive than was first suspected. In whose mind the swindle had its genesis is yet to be discovered by the authorities. Each prisoner contradicted the other in many of the most important details, though all were unanimous of the other fellow's guilt and their own innocence.

Printed on Poor Paper.

The bills issued are $1 and $2 Canadian. They are all very poor imitations, printed on ordinary linen paper. It is alleged that the signature of T. D. Harington, which has been forged to a number of the bills of both denominations, is the work of Crawford, in whose house also the stamps for numbering the bills were discovered.

Smith at first declared his innocence, but some of the paper was found in his pockets when he was searched by Sergt. Reburn.

Kramer admits doing the engraving, but claims he did it under misrepresentations by Crawford and Smith. The man who did the photo-engraving is not yet in custody, but the detectives believe his arrest to be only a matter of time.

5000 Bogus $1 Bills Printed.

The $1 bills were printed by E. Barber, 6½ Lombard-street, who says the Crawford and Smith came to him and asked him to print 5000 of the bills, saying they wanted to use them for advertising cigars. He struck off the number asked for, and now the detectives are wondering who has the 4900 they have not found. The $1 plates were loaned at Barber's, and the $2 plates at Kramer's. The authorities believe Mr. Barber to have been an innocent party to the transaction, and will ask him to give evidence when the case comes to trial.

IMPORTANT PICTURE SALE

Of Superior Paintings by C. M. Manly and Bell-Smith.

An exceptional sale of superior paintings in oils and water colors, selected works of the celebrated Canadian artists, C. M. Manly and F. M. Bell-Smith, will take place at the sale rooms of Dickson and Townsend, King-street west, on Thursday next at 2.30 p. m. by public competition to the highest bidder. These pictures are selected, many of them very superior, mounted in Gold Mats and elegantly framed. The collection is not offered on account of the artists (being a private holding), as Mr. Manly never sells by auction, and Mr. Bell-Smith having discontinued this method of sale, this offers a rare opportunity to lovers of art. Out of town patrons should commission a friend to secure their selection.
