The Chinese Bazaar for Gifts

We have found it convenient for our customers to do their gift buying under specialized conditions, hence the Bazaar is the most highly specialized gift shop that can be divised. Its wide aisles give easy access to every counter, and now that the toys have been withdrawn every department has generous space for rapid selling.

The stocks are new every day, kept new by the constant influx of fresh additions.

No handled or mussed goods are shown in the Bazaar.

Below are a few of the special values for to-morrow:

Men's Sterling Silver Cuff Links, hand engraved initial; hall-marked silver Brooches, Scotch designs, amethyst and cairngorm settings. Tuesday ..... .26

The Gifts That Count

The gifts that show thought and care in their selection are, next to gifts you make yourself, most expressive of regard for your friends. Gifts bought during the final rush of Christmas selling cannot have the same attention to detail that can be given them now, early in the week and, if possible, early in the morning.

Use a Transfer Card if you are making several purchases. It will save you time and the inconvenience of waiting for change.
