OLDS KEEPS ON GROWING

Not at all Disturbed by the Cold of Last Week

GRAIN AND HAY BEING MARKETED

A Large Grist Mill to be Erected at Early Date.

Olds, Jan. 10.—Although we have been shipped in the cold weather, it is surprising the amount of grain and baled hay that has been marketed at this point just the same.

The farmers are also improving the opportunity which good sleighing affords for hauling, are putting in long hours at the timber..

Now that building material has soared so high in price the homesteader is making very good wages in taking out his free permit, which is 9250 feet of lumber, 400 foot poles 2000 fence rails, 500 fence posts and 50 cords of dry wood.

Mrs. Asa Waterman who is among those whom we failed to name as being amont the Olds excursionists to the "old home", writes to Mr. Waterman that Alberta is good enough for her.

Mrs. Waterman and daughter are visiting in Ida Grove, Iowd.

Mr. and Mrs. A. L. Traverse are among the recent departures for a holiday visit. They will spend most of the time in Michigan and from Mr. Traverse's statement there will be no end of his telling his friends to "see Olds first."

At the 10,000 rink, a little sheet of ice 80x180 ft, which of course is much smaller than 60x120, occurred the first dress carnival of the season. The very favorable weather called out the usual gayety of color and attire attending such functions. This gave considerable tone to the affair generally.

Buckton Bros. are planning for the erection of a grist mill at Olds. Their success in this line on a small scale has been sufficiently encouraging to warrant the new venture. Sucess to the enterprise.

A Wedding at Langdon

Langdon, Jan. 10.—In the Methodist parsonage, Langdon, on the evening of Monday, Jan. 7, a pleasant event occurred when, under an arch nicely decorated for the occasion, Edwin Strong was united in marriage to Miss Elizabeth Whitney, daughter of John Whitney of this place. The ceremony was performed by Rev. J. A. Seller, B.A. After the ceremony the happy couple proceeded to their new home and in the company of friends and relatives spent a very enjoyable evening.

Boston, Mass., Jan. 10.—The Boston and Maine railroad completed arrangements today to raise $3,000,000 cash for the purpose of carrying on contemplated improvements on various parts of the system and purchasing new equipment etc.

CALGARY! CALGARY!

The Commercial and Industrial Centre of the Last Great West, 840 miles distant from Winnipeg and 641 miles distant from Vancouver. Without a rival, without a competitor, without a peer. The centre of a vast country, rich in grain and cattle. The distributing basis of immense coal timber and mineral districts.

Calgary has 12 banks, 85 wholesale houses and 25 manufacturing industries. With an educational system which is unequalled. It has 3 fire halls and 3 branch post offices. A street railway is about to be constructed which will serve East, West and South Calgary. This will mean a belt line of about 12 miles in length.

The G. T. P. have declared their intention of reaching Calgary at an early date. The C. N. R. is determined to become established here in the near future. Both companies are fully warranted in putting forth every effort in order to keep pace with the unparalleled development which is taking place in this part of Greater Canada.

Calgary is favorably situated at the foot of the Rockies, with a climate unsurpassed. Watch her grow! Her population in 1890 was 4,000, her population in 1900 was 7500, her population in 1910 will, at a conservative estimate, reach 50,000. Buy Calgary porperty while you may. It will double and treble itself in price in a short time. It has been the rule in the past and will be the rule in the future. The tremendous influx of immigration compels it. Get in on the ground floor.

The magnificent suburb known as South Calgary, which until recently was under the control of parties in England and which is part of an estate which must be closed up, will now be placed on the market and thrown open to the public. Three thousand lots are now being offered for sale.

Said lots will be sold at prices varying from $35.00 to $60.00 per lot, according to location and value. Terms half cash, balance in three and six months, with interest at 8 per cent. Some of these lots are worth $200.00 each, none less than $50.00 each. This is the greatest snap ever offered the public. You cannot lose money, you are bound to make money. You cannot help it. It is merely a question of whether you make a profit of 100 per cent. or 800 per cent.

Adjoining this property is the contemplated terminus of Jim Hill's road, which will reach Calgary from Fernie, passing through a splendid coal, timber and mineral district.
