Extract from a Letter of Messrs. AVERY, BROWN & CO., one of the oldest and most Respectable Firms in the Maritime Provinces.

HALIFAX, Oct. 4, 1871.

JAMES I. FELLOWS, Esq.—*Dear Sir:* Our sale of your Compound Syrup of Hypophosphites has been very large, and notwithstanding its high price, has far exceeded that of any other medicine. We have had from you within the past year six hundred cases of one dozen each, which has gone into almost every part of the Province, and given, so far as we know, Universal Satisfaction.

As it is no "quack medicine," but compounded, as we believe, upon the sound principles of Pharmaceutical science, we trust you will not allow the public lose sight of a remedy so well calculated to be of Permanent Value. Very respectfully, AVERY, BROWN & CO.

Since the above was written, Messrs. Avery, Brown & Co. have purchased the enormous quantity of 2,800 cases.

INVENTOR.

City Police Court.

There were several prisoners in the dock this morning.

James Joyce was the first. He was charged with being drunk in Water st., and carted to the station. He was fined $4.

Francis Nugent was found lying drunk on the railway track off Mill street. He was fined $4.

Wm. Duffy, arrested for being drunk in Prince William street, was fined $4.

Daniel McDougall was arrested for fighting in Brussels street. He was caught in the act by the policeman, but claimed that it was in self defence. He said he had brought a witness to prove that he was a stranger from Nova Scotia, and was attacked by a party of roughs. The fact that he was a Nova Scotian was not denied, but the evidence to prove that he was such an innocent youth as those from the other Province generally are, was not so satisfactory. The N. S. emigrant was fined $10, but if he can prove what he claims the fine will be remitted by the Magistrate.

Thomas Quinn was charged with assaulting Mrs. Ann McDevitt. He objected to her placing a carpet on a fence near his place, and pulled it off. When she remonstrated with him he used most vile language to her and struck her on the head. She said she was in danger of her life from the actions of Quinn. The Magistrate fined him $20, or two months in gaol. Mrs. McDevitt is a very respectable lady and Quinn is a common drunkard. When arrested on the warrant he was very drunk.

W. R. Marsh, carpenter of the ship Clyde, was given in charge by William Braggington, one of the owners, and accused of assaulting him on board the vessel, which lies at Robertson's wharf. The evidence of the complainant fully proved the assault and Marsh was fined $20, or two months gaol.

The case in which Capt. Tufts applied for a peace warrant against George Stephenson came up. Several witnesses could not be found, and the Magistrate told Mr. Kerr he might examine the Captain if he wished. The case had occupied several days, and the Magistrate offered to take the recognizances of the Mate and Mr. Kerr, each in $250, that the peace would be kept. This the Captain and Mr. Forbes consented to, and the case ended.

A. Chipman Smith is reported for having the bar of his licensed tavern, known as the Victoria Hotel, in Germain street, open between the hours of 11 p. m., on Saturday night, and sunrise on Monday morning.

Arrivals—Riel in Montreal—The Government Majority.

OTTAWA, Oct. 21.

Grant of the *Colonist*, Griffin of the *Express*, and a detachment of Nova Scotia M. P.s, arrived here last night.

Riel is said to be in Montreal this morning. It is known that his election and subsequent movements were managed by leading members of the French opposition, as the last hope of embarrassing the Government.

There is considerable betting about the result of the coming contest. All admit that the Government will be sustained. The betting refers to their majority, which is estimated from 10 to 25.

SPANISH AFFAIRS.

A Cartagena dispatch to the London *Times* confirms the report that the frigate Fernando El Católico was sunk through the carelessness of her officers.

The Spanish insurgent fleet is threatening Valencia with bombardment, the city having refused a demand for money and provisions. Troops are going forward from the capital to reinforce the garrison. The insurgents threaten to sink or seize the Spanish gunboat Lapanta lying in the harbor. They have captured three Spanish merchantmen at the entrance of the harbor. The British Admiral, Yelverton, demanded that ten hours notice be given before the bombardment begins, and has warned Contreras that if a shot was fired at the Lapanto before the expiration of that time the English, French and Italian vessels would open on his squadron.

Court of Sessions.

The Sessions met this morning at 11 o'clock. His Worship the Mayor presided, and was surrounded by ten Justices. The Deputy Common Clerk, in the absence of Mr. Frith, who is unwell, read the requisition for a special sessions, signed by Justices McLean, Keans and Magee.

Justice McLean stated that the work was proceeding on the Alms House, and that this meeting was called by the Commissioners for the purpose of receiving power to draw $10,000 on account of the work. He moved that they be authorized to draw on the County Treasurer for this amount.

Justice Keans seconded the motion.

"All who are in favor of the motion," said His Worship, "will say yea; contrary minded, nay—yeas have it."

The Board adjourned.

A Week's Record.

Last week was one of the largest for business the Police Court has had for, at least, eleven years. Probably it was never exceeded. There were over one hundred arrests made. Of this number about twenty were arrested on warrants for assault, abuse, &c., and the balance were for drunkenness. Besides this a number of coachmen were reported and fined for driving without lamps, and several owners of slovens for driving on the sidewalks. The crusade against owners of unlicensed canines was also continued, and yesterday about twenty warrants were issued, and there have been forty more reports made. Taken as a whole there has been a large amount of work done, and the officers of the Court have not had much spare time on their hands. The Clerk of the Court is absent at the North Shore, spending his vacation, and his work has been performed by the industrious Chief of the police.

Notice to Mariners.

Mull of Galloway Lighthouse—Shortening of the period of Light and Eclipse.—The commissioners of Northern Lighthouses hereby give notice that on and after the 31 day of July next, the intermittent white light of Mull of Galloway will have its alternations of light and darkness shortened from 2½ minute light and ½ minute eclipse, as at present, to periods of half a minute light and 45 minutes eclipse.

The light will, therefore, in future appear as a dazzling flash of half a minute, succeeded by an instant and total eclipse for a period of fifteen seconds.

By order of the Board.

Signed) ALEX CUNINGHAM, Secretary, Northern Lighthouse Office.

Edinburg, Oct 1, 1873.

Freights.

CALCUTTA, Sept 9th—[From Atkinson, Tilton & Co's Circular]—Our Freight market still remains very dull, as most of the requirements of shippers seem to have been filled for the time, while the arrivals of shipping continue to be very free, and English rates may be quoted generally lower. For the United States no additional business of importance is reported. The country trade has been confined mainly to Bombay and Mauritius, but there really appears to be very little doing.

For London—Current rates for small parcels may be quoted at £2 for Saltpetre, £2 7s 6d for Rice, £4 7s 6d @ £3 8s 9d for Linseed, £3 for Jute, and nominal for Hides, Tea and Shellac, and £3 5s @ £3 10s for Jute in steamers.

For New York—The City of Sparta has relet 20 to 30 bales Hides or Skins at $13.50. For Boston—The W H Thorndike, 676 tons, 3-3 in Veritas, 11 years from '73, will load principally from her agents.
