Warden Roscoe's Address.

AT THE OPENING OF COUNCIL LAST WEEK.

Gentlemen, Councillors of the Municipality of Kings County:

It is with much pleasure that I meet with you again to assist you in the transaction of the responsible duties pertaining to your office. I regret very much that we shall not have the co-operation of the Councillor of Ward 10, T. R Harris, Esq., who is now confined to his house by a serious illness.

As I am not able to offer any resolutions in reference to County affairs or in a general way to speak to motions before the Council I embrace this opportunity of the opening of the Council to submit certain general propositions for your consideration and to afford what information I possess on some matters which will necessarily come before you for consideration.

The first of these in the amalgamation of the Poor Districts of the County and the acquisition or erection of suitable buildings for the care of the Poor and harmless insane of the County. As to the Poor there are several elements requisite to a proper solution of the problem necessary to be considered. Justice should be done to all parts of the county if possible and the interests of all furthered. At the present time the tax for the support of the poor varies in the different townships each of which constitutes a poor district approximately. Cornwallis paid last year at the rate of 10 4-5 cents on the hundred dollars. Horton calculating the rate without Wolfville 11 9-10 cents and Aylesford 5 9-10 cents on the hundred dollars. From these it would seem that Horton has most to gain by amalgamation and Aylesford the most to lose. It remains to be considered whether by an amalgamation all may be benefitted. To ascertain this fact let us first assume that our present Poor Farms and buildings can be utilized in purchasing a central farm and buildings to the extent of enabling us to start the united district without any special assessment. We will find ourselves with about seventy-five paupess, too many for one manager and matron to properly care for. The result is a manager and matron with assistants. The former would call for a salary of say five hundred dollars—the latter three hundred dollars. There would naturally be incidental expenses. We now pay $400 in Cornwallis, $250 in Horton and $250 in Aylesford. How much can be gained in this way my estimate if correct renders apparent.

Let us test the matter by comparison, Annapolis has one Alms house and one Poor District. I find on referring to pages nine and ten of the printed proceedings of that county that the average number of inmates of the almshouse was last year forty-five, that the cost of supporteng the poor in the almshouse was $2162.28 making the cost per week for each inmate 92 2-5 cents or thereabouts. The poor in Cornwallis almshouse last year cost us 93 cents for each pauper per week, in Horton 95 cents and in Aylesford 80 cents. As a matter of practical working it would seem that so far as the poor are concerned we could expect to gain little by a change in our system.

Another matter in this connection forces itself upon us. We are one by one losing from our Municipal control the larger centres of population in our county. The system of allowing any given area with a specific population to become incorporated has been taken advantage of first by Kentville and later by Wolfville and I see no reason why we shall not expect Canning and Berwick to follow. The remnant of the Municipality as these towns are carved out finds the burden of supporting its poor largely increasing and it was thought by some one in fact stated in this Council as I understood that if our Poor Districts were amalgamated an act would be passed making all towns incorporated under the general act equally liable with the rest of the county for the support of all paupers and the Attorney General was given as authority for this statement. That this is not to be expected can be seen by the following letter received by me from the Attorney General:

"HALIFAX, Oct. 17, 1893.

Dear Sir,—I am not absolutely clear that I understand yours of the 16th inst. But if I do I am thoroughly sure that Mr Patterson misunderstood me.

In advocating the erection of a poor's asylum for the County of Kings I pointed out to Mr Patterson that it had two effects [1] was the great reduction of the cost of the maintenance of paupers and [2] that it obviated the necessity of having separate poor districts and made the assessment under the law for the maintenance of paupers general like like assessment for any other county purpose. But I did not intimate that under the existing law incorporated towns would be included in this category or occupy a different position from what they occupied at present and I may have told that if the separation of incorporated towns from the other portions of a municipality in the payment of County rates could be shown to work ill that there was no reason why the Legislature should not pass an Act placing the subject of pauper's support under the control of the municipal authorities and make the incorporated towns contribute in proportion to the amount of assessable property within each. I did not state to Mr Patterson as a definite proposition that the law would be changed for that is a promise that I have no power to fulfill. The matter has never been discussed by the Government and what I said to Mr Patterson however he may have understood it was that if the present system is unfair and could be so showed there was no reason why legislation should not be inirodiced to make it fair,

Yours truly,

J. W. LONGLEY."

W. R. Roscoe, Esq.

There is however another matter for consideration in this connection that must needs give us great concern. I refer to the class of paupers which we denominate harmless insane. These could all be maintained in an alms house if we had one suitable at a cost not exceeding one dollar each per week or $52 each per year. We now pay for males in the institution at Dartmouth $128 each per year ann for females $104 exclusive of clothing, a loss in the case of males $76 each per year and in the case of females of $52. It is said we have six males and seven females of the class referred to as harmless insane now at Dartmouth. On that basis we are losing $820 per annum in not having a system by which we can care for the unfortunates of the class referred to in connection with an almshouse under County or District management.

One thing more should not be lost sight of and that is the sanitary elements always a matter of great consideration in connection with any institution where numbers of individuals are collected. It is claimed that our present almshouses are deficient in this respect and that this of itself is a reason for a change. Whether this is the case we surely can satisfy ourselves by taking the c[illegible] of the medical gentleman who forms one of our number.

Altogether this no doubt is a difficult question to deal with. Of this I am certain however that we will approach the matter with a determination to act once and it seems to me for all in the highest interest of the county no less than in the interest of the unfortunate class with which the genius of our institutions makes us chargeable.

I wish again to draw your attention to the question of payment of our assessors although we have largely reduced the costs of assessing the county it is still too high considering the method by which it is done and not only so but there is no scheme by which the persons who perform that service ayall be paid according to the work done. As a matter of actual practice the work of assessing consists in most cases of delivering the schedules and meeting for two to four days and copying former assessment books making perhaps a dozen alterations in a Ward. Yer we paid last year $605.70 for that service. I submit the following scheme as one which will be at once determinative of the work done and an honest remuneration to assessors namely—pay all assessors a mileage for actual travel in leaving schedules at the residences of ratepayers the number of miles in no case to be greater than the total length of roads in the Ward which shall be vouched for by the Councillor of the Ward then give the assessor a fixed amount per day not to exceed a given number of days for each Ward and you would have I think a basis on which assessors would be paid in proportion to the work done and more than that a system by which you would know the work that was actually performed by each assessor. If you will make an estimate on the total length of the roads in your respective Wards and compute ten cents a mile travel and allow three days for the work of valuation you will find that the costs of assessing under the system I propose will be far less than the lowest sum you have yet reached and in some Wards not much more than half what has been paid.

It seems to me also that the system on which our assessors are remunerated is altogether out of keeping with our other schemes for economy. We pay on no suitable system and one Ward as much per centage as another. The assessed value of Ward 2 is $710,150, of Ward 14 $78,500. The size of Ward 14 is about double that of Ward 2 yet the collector is paid the same percentage for collection in the one case as in the other. This is radically wrong, the collector in Ward 14 is probably not paid enough the collectot of Ward 2 probably too much. In the county of Annapolis a committee is appointed by the Council who let the collection of rates by tender and in some Wards the percentage for collection is as low as 1½ per cent. In three Wards under two per cent. and in eight Wards not over three per cent. It is evident that we need a change in this particular.

I wish to make one more reference to payment of our officials—this time the salaried officers. I think the time has arrived for a reduction in the amount paid them. I will begin at myself and assent to a reduction of one-fifth from the amount paid me, making the sum of forty dollars instead of fifty dollars and I think a like reduction should be made in the salary of the Clerk and Treasurer. We have got rid of the large additional trouble caused both of these officials by the Railway Tax and have in other respects minimized their labor. There are, if the salaries have not been increased since 1889 but five clerks of County Councils in Nova Scotia receiving above $300 salary per annum and but seven Treasurers who are paid more than $200. I do not think either our financial position or the services rendered warrant us in paying more than the amounts named to those officers. The times are hard, the tax payers of this county have been obliged to put up with less returns for their labor than formerly, and I think our officials if for no other reason should be willing to assent to a reduction in the salaries paid them.

I cannot but refer to the death of our late Treasurer Thomas L. Dodge. We had in him for many years the services of a courteous, prompt and efficient officer and I think we should place upon the records of the Municipality our sense of the loss the County has sustained in his death.

In conclusion let me ask for the same co-operation from you in this session of the Council as I have received in the past, with which we shall be able, without doubt, to finish the work of the session in the usually expeditious and, I hope, satisfactory manner.

Scraps for Odd Moments

Minard's Liniment cures Burns, etc.

The man who gives the most advice will receive the least.

Garfield Tea is sold by all druggists.

"What makes you think he married the lady for money?" "I have seen her!"

Minard's Liniment cures Dandruff.

The politician isn't narrow-minded—he is willing to put himself into anybody's place.

Minard's Liniment for sale everywhere.

Whisky, if indulged in habitually, is sure to spoil a man's countenance. That is it will give him a rye face.

Speakers, singers, and actors use Ayer's Cherry Pectoral; also, Ayer's Almanac.

Editor—What do you mean by saying that Closefist's life was one of singular generosity?

Spaceryt—He was good to himself.

The blood-cleansing qualities of Ayer's Sarsaparilla render it invaluable in skin disorders.

What do you publish a paper for, I'd like to know? sarcastically inquired an irate politician, tackling a country editor.

For $2 a year, in advance, responded the editor, and you owe me for four years.

Dandruff is due to an enfeebled state of the skin. Hall's Hair Renewer quickens the nutritive functions of the skin, healing and preventing the formation of dandruff.

First girl—Freddie took a great deal of wine at dinner yesterday.

Second girl—I noticed it.

First girl—It went to his head.

Second girl—Dear me! what a lonely place for it to go.

If you do not know how good a remedy Garfield Tea really is for constipaiton and sick headache, send a postal card to D. Densmore & Co., 271 Queen Street East, Toronto, for a free, trialpackage.

What reck we the flight of time? shouted the blithest member of the bachelor's jolification party. Nothing, said the beetle browed member, thoughtfully save that to-night is the evenng before the morning after.

W. H. Hogaboom, Osgode Station, Ont., writes:—"It is with pleasure that I add my testimony to the value of Dr Williams' Pink Pills. My wife was run down and weak, and has been so for six years. I decided to get Pink Pills and must say they have given great satisfaction. My wife is able to go to church now for the first time in two years. Sold by all dealers, 50 cents a box or six boxes for $2.50. Dr Williams' Medicine Co., Brockville, Ont.

Just look at the color of this water. Why, it's not fit to drink, said an indignant guest to the waiter at a hotel in Seguin, Texas.

Dat's whar you is fooling yerself. Hit's de glass what's dirty.

He Loved but Lost.

A romance in a line. The crushed hopes of many an ardent lover are due not to fickle fortune, but to the fact that he neglected a "simple cold in the head" until Catarrh fastened its vile grip upon him, causing even love to turn her head in anguish from him. A change is possible. Hawker's Catarrh Cure is a certain cure for this offensive and debilitating disease, restoring the sense of smell, and making the breath sweet and pure. Sold everywhere, only 25 cents. Manufactured by the Hawker Medicine Company, St. John, N. B.

Isn't that delicious, uncle! ecstatically exclaimed the young girl; did you notice that lovely strain? Yes, hoarsely muttered the old man, as he anxiously watched the pianist swaying back and forth, "but ef he makes ernuther strain like that I'll be durned ef he don't break his back.

TAKE NOTICE.

During the year the space devoted to advertising MINARD'S LINIMENT will contain expressions of no uncertain sound from people who speak from personal experience as to the merits of this best of Household Remedies.

C. C. RICHARDS & Co.

Publisher—Good! That song will take the town and sweep the country. Give me the manuscript, quick.

Composer—But it hasn't any words yet.

Weren't you singing worde?

No, I was just singing la-la-lum-tum-tiddle-dee-la-la, etc.

Well, they'll do as well as any. Hurry up and write 'em down.

A Booming Business.

Reports from Different Points Showing Big Sales and Grand Results for Dodd's Kidney Pills—Samples of the Reports Daily Received by the Manufacturers

TORONTO, Jan. 15.—J. A. MacDonald, a druggist at Whitewood, N. W. T., writes: "Dodd's Kidney Pills are meeting with universal success in this part of the Dominion. My sales of this article are daily increasing, and it is well nigh impossible for me to keep them in stock." Frank Brown, druggist, of Shelburne, Ont., writes under a recent date: "Please ship me another five gross of Dodd's Kidney Pills. Sold eighteen boxes this afternoon. They are giving grand satisfaction." These pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents per box, or six boxes for $2.50.

KODA'S LITTLE TABLETS Cure Headache and Dyspepsia.

When we assert that

Dodd's Kidney Pills

Cure Backache, Dropsy, Lumbago, Bright's Disease, Rheumatism and all other forms of Kidney Troubles, we are backed by the testimony of all who have used them.

THEY CURE TO STAY CURED.

By all druggists or mail on receipt of price, 50 cents. Dr. L. A. Smith & Co., Toronto.

The Groder Dyspepsia Cure Co.

GENTLEMEN.—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it until now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

[Signed], W. H. ROGERS,

Late Inspector of Fisheries for Nova Scotia.
