DR. HALSEY'S FOREST WINE.

THE discovery of the FOREST WINE is the greatest blessing of the age. Put up in Quart Bottles, a single bottle of which does more good, and goes farther in the cure of Disease, than one bottle of any Sarsaparilla in town, and warranted to cure without any unpleasant or weakening effect.

The method by which all Sarsaparillas, and other similar medicines are prepared, is by boiling the Roots or Plants to obtain the extracts. Their medicinal virtues are thus principally extracted and destroyed.

It is not to be wondered at then, that ten and even twenty bottles of these Sarsaparillas are sometimes taken without any perceptible benefit. Not so with the Forest Wine! By the invention of a wonderful chemical apparatus, a perfect wine is produced without heating; retaining all the valuable, healing properties of the rare medicinal plants of which it is composed, thus rendering the Forest Wine the most efficient medicine the world ever produced, at the same time the most agreeable.

NERVOUS DISORDERS

Are diseases of the mind as well as of the body, so generally brought on by troubles and afflictions, and are most common to persons of delicate constitutions and sensitive minds. Your spirits, melancholy, frightful dreams, and fearful anticipations of evil from the slightest causes, generally accompany nervous disorders. The Forest Wine and Pills are a energetic remedy, in these complaints.

Extract of a letter from M. Joseph C. Paulding, dated Philadelphia, Sept. 7, 1852.

Dear Sir,—Your Forest Wine and Pills have cured my wife of a dreadful Nervous disorder, with which she had been afflicted for many years. Her body was almost wasted away. She was frequently disturbed in her sleep by frightful dreams, would awake quite exhausted and covered with perspiration, and at times labouring under the delusion that something dreadful was about to happen to her. By the use of four bottles of the Wine, and a box of the Pills she is now in perfect health. She has regained her flesh and colour, and enjoys society as well as ever.

Dr. S. W. Halsey. J. C. Paulding.

GENERAL DEBILITY, EMACIATION, WASTING OF THE BODY, &c.

Many persons are afflicted with some one of the above complaints without being able to trace it to any particular cause, and therefore doing little of the proper remedy until the disease becomes constitutional. These disorders are often characterized by a sense of sinking, or entire exhaustion after exertion. Some experience sluggishness, lassitude, and at times, paleness or flushing of the countenance, or palpitation of the heart, or like symptoms.

The excellent effects which have ever attended the use of the Forest Wine and Pills, in every instance of debility, is conclusive evidence of its happy results in this class of disorders. Many have resorted to these medicines as a last attempt, and been speedily cured. For Nervous Disorders and Debility, the Wine and Pills are taken according to the directions on the label.

AGUE AND FEVER, OR CHILLS,

are caused by the miasmatic effluvia arising from marshes, decayed vegetables, and low damp situations. In Fever and Ague, the Forest Wine and Pills are a sovereign remedy. When they have been taken sufficiently to the directions, we have never known them to fail in effecting a complete cure. In the first place the system is cleansed by the Forest Pills in time, that their operations may subside before the return of the chill. The Forest Wine is then administered, take three or four large doses of the Wine, at intervals of half an hour, commencing about two hours before the period for the chill to return. I found in my own age, after which the Wine should be continued in small doses to restore strength. See directions round the bottle.

DR. HALSEY'S GUM-COATED FOREST PILLS

Are an important adjunct to the Forest Wine. They are coated with pure gum arabic, an invention for which Dr. Halsey has received the only patent ever granted on Pills by the Government of the United States.

The Forest Wine and Gum-coated Forest Pills unite in accomplishing the same great end, the Purification of the Blood, and restoration of the Stomach and Bowels.

The Forest Wine and Pills are recommended as an effectual and certain cure in the following complaints:—Dyspepsia, Habitual Costiveness, Dropsy, Complaints of the Kidneys, Incipient Consumption, Decline of Spirits, Mental and Female Weakness, for which it is a Sovereign Remedy; Languidness, Night Sweats, Nervous Disorders, Loss of Appetite, Low Spirits, and want of Nervous Energy, Ague and Fever, which it never fails to cure; Scrofula, Erysipelas, Impurities of the Blood, Loss of the Skin, Weakly and impaired State of the Constitution.

TO THE LADIES.

Nothing in the world is more absurd than the custom of using paints, cosmetics, &c., to improve the complexion. True beauty and loveliness accompany the bright perfection of health, which again invariably follow the purest state of the blood. What artificial appearances equal that vivid expression of countenance which emanates from blooming health? What paints compare with the transparent, healthy, and brilliant complexion, seen through the transparent texture of the skin? What charms are more captivating than those of nature, in her highest perfection of form? Let Dr. Halsey's Forest Wine supply the place of all cosmetics. The use of this excellent Wine for a short time enlarges the blood, which, entering through the veins, penetrates the minutest vessels that verge toward the surface of the skin, causing the healthy blood to flow in the capillary vessels, giving a vivid, rosy color to the skin, the brilliant expression to the eyes. THIS IS THE NATURAL BEAUTY.

In corroboration of these facts, Dr. Halsey has many testimonials from ladies of the most respectable standing in society.

The Forest Wine in large square bottles, $1 per bottle, or six bottles for $5. Gum-coated Forest Pills 25 cents per box. For sale by the appointed Agents:

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proceeded to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and bodies, to introduce our Remedy Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We announced that it would relay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa disorders, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of a Rheumatic nature, and in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgia, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatism, Neuralgia, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The joint assent of Medical Science shook their heads doubtfully. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker sooner than by prescribed treatment. Thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, and hamlet, from New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and enabled to walk; the sick, the sufferers of Neuralgia, Sick and Nervous Headaches, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their torments, and restored to health. In fame spread from city to city, the people sounded its wonderful virtues far and wide, and over the earth had its fame spread.

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has been extensively used, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

It can now be purchased with the merits of Radway's Ready Relief, and if you wish to satisfy yourselves of its curativeness, we refer you to the **Druggists**, to Physicians, and the people. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

One drop has *frequently* cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Twenty drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Thirty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the Stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affection, and cured Sprains, Strains, and Spasms.

Three applications has cured the Salt Rheum.

Three applications has cured the Toothache, Pleurisy.

Three applications has cured Pimples and Blotches.

Six applications has cured the Erysipelas.

Three applications has cured the so painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject these statements on account of the above assertions, we state only what it has done, what we know it will do. Therefore, if you suffer pain, give Dr. Radway's powerful remedy a trial, you will become a friend of our quick and ready remedy.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY

Complexion richly tinted with the bloom of health, With skin as pure and fair as purest marble—
Form as graceful as the graceful vine,
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxurious tresses dancing grace fully o'er the swan-like neck.

No dark repulsive spots, to mar the pleasing picture, Or to cast dark shadows over the beauty-enamored piece.

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums, Of extracts and essences of Medical Science shook their heads doubtfully. THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs. The Dolorous and Gout, in its worst forms, Palsy, Fits, Sciatica or Sciatic Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Sore Throat, Quinsy, White Swellings, Diseases of the Skin, Leprosies, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is mostly owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can really supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the Galvanic Embrocation has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a compound so admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe. How often do we perceive young persons with hair nearly grey, or afflicted with baldness, arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal toilet articles for every lady's and gentleman's toilet.—*See advertisement.* 103

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent causes, there is no more efficacious and powerful remedy than the celebrated Hydriodic of Potash, as prepared by Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated ulcers, the discharge from which was acrimonious and very fœtid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected. 225

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above all question:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR has attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. P. BAILLARGEON, Ptre.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1845.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found it to present unerring over-run with Beetles; the nuisance had defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, with Observations on an early period of life, which overrate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Derangements resulting from Imprudence, Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, and the Consequences of these causes and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,
Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and decisive language. It deserves edly requires the closest attention and study, for what subject can be of more important use than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, strike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can *view* by his possession of the requisite legal qualifications, that he is entitled to extreem and respect in his professional pursuits, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON, 3 St. Johns, of H. Cheese & Co., price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No. 54, Gold Street, New York.

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By Henry Stephens, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by John P. Norton, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *pictorial* feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz.:—

The London Quarterly Review, (*Conservative.*)
The Edinburgh Review, (*Whig.*)
The North British Review, (*Free-Church.*)
The Westminster Review, (*Liberal.*)

Blackwood's Edinburgh Magazine, (*Tory.*)

Although these Works are distinguished by the political shades above indicated, yet in a small portion of their contents is devoted to political subjects. It is their literary excellence, and the fearless and able manner in which they stand confessedly far above all other journals of their class, *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other celebrated writers, not confined to that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons: A Family Picture," "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by these publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.
