R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove the cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We promised that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa disturbances, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headache in fifteen minutes and eventually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a marvellous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayous of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a sheltered against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will ask his reputation on his opinion.

One drop has frequently cured the most tantalizing Toothache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Headache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.;

Thirty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the Bowels.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Bruises.

Three applications has cured the Salt Rheum.

Three applications has cured the Rash and Tetter.

Three applications has cured Pimples and Blotches.

Six applications has cured the Erysipelas.

Three applications has cured the most painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, and what we know it will do. Therefore, if you suffer pain, give it a trial, and, our word for it, you will become a firm friend of our quick and ready remedy.

Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pue.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis. D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance had defiance to all efforts to abate it, until this preparation was applied. Since then I have suffered no extermination to insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any disagreeable effects whatever, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This beautiful article is totally different, and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California. No article used by the natives of that country for washing and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most wonderful effects on the skin, over heat and alkali irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable article. It is done up in a elegant style, embossed either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Summer F. Barrett, Saratoga Street, East Boston.

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the top of her head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a means for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been sooner. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAUNA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

THIS GALVANIC EMBROCATION is an unparal leled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, Tic Doloureux and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Scrapulas, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being enabled to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from *vegetable ingredients*, so that its application is perfectly safe. How often do we perceive persons in the bloom of their nearly grey, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental affections. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Baldness in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—*See Advertisement.* 103

LONGPARISH HOUSE, NEAR WINCHURCH, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your LOZENGES, which I find are the only ones that relieve the cough without damaging the stomach or digestive organs.

I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Rennol, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

DR. HALSEY'S GUM-COATED FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; can be taken at any time without hinderance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills.

Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been tendered to us by individuals of the highest character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, Nov. 8, 1848.

Every fall, for several years back, I have had much sickness in my family of Bilious Disorders, and Ague and Fever. In the fall of 1848, two of my sons were taken at the same time with Bilious Fever. As in former seasons, when sickness occurred in my family, I had always employed a Physician. But at the time having received a supply of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Forest Pills at hand, and in all cases of sickness we have used them with the most happy results.

DR. G. W. HALSEY. ISA S. GOODRICH.

READER!!!—If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

They are universally a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for *Halsey's Pills.*

If you would have the most successful and as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain *Dr. Halsey's Pills.*

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of *Dr. Halsey's Pills* as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure *Halsey's Pills*, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of *Halsey's Pills* in your house.

Ladies, *Dr. Halsey's Pills* are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with *Dr. Halsey's Pills*, as a safeguard against sickness.

Almost every day new Certificates are received from persons of the highest respectability bearing testimony to the great cures made by

DR. HALSEY'S FOREST WINE AND PILLS!

Certificate of Mr. John Crawford, No. 546, Pearl Street, New York.

This is to certify, that on Thursday, June 16, I was attacked with violent spasmodic pains in the stomach, attended with high fever and great thirst. So violent was the pain that I could not sit up. I took a dose of Dr. Halsey's Pills and three half wine-glasses of the Forest Wine, which gave me immediate relief, and on the following day I was able to attend to my business, although I continued the use of the Wine. The good effects I experienced from the Wine and Pills, induced me to try them on my son, who had been wasting away with ill-health and bad cough for nearly a year, and fears were entertained that he was fast declining into Consumption. I am happy to say that he has recovered from the use of your excellent remedies. I gave him one Pill every night, and a little more than a tea spoonful of the Wine three times a day. My son is apparently well. I have heard others say who have been benefitted by your remedies, gives me the most entire confidence in recommending them to the public.

J. CRAWFORD, 546, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Halsey's Forest Wine as a remedy against general decline of health, weakness, and consumptive habits. In a number of instances I have administered it with entire satisfaction, and have used it with great success in my family for various complaints. My daughter had been very feeble health for more than fifteen months—she was very weak, had a dry ugly cough, and was fast declining, so much so that I began to consider her in an almost hopeless condition; nothing gave her any relief until I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was restored to good health. She delighted with the Forest Wine, and appears to enjoy the most perfect form of health, every symptom of her complaint having disappeared. I am pleased to have an opportunity of recommending the Forest Wine, as I believe it to be a most valuable medicine, well deserving the attention of the Medical Faculty as well as the public at large in disease.

ST. LEON AND CAXTON SPRINGS.
MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficiency as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *pastoral* feature of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns but a few Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *entire* reading of these fascinating tales.

Plantagenet Water.

Let all who wish sound health to get
Just try the famed Plantagenet;
Though others vainly try to pull
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the lure-laced attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the names of eminent Physicians. Nothing can extend less this practice than it carried, that one Physician of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of one of these Springs.

Such a practice had recourse to, by certain parties, is the publication of *old certificates granted to other Springs*, as if they had been given in favor of the present one. In fact, such is the spirit of jealousy excited at the overwhelming success of the far-famed Plantagenet Water, that it can hardly contain itself, and is now working the most unfair means to impose on the credulity of the public. Such attempts, however, cannot succeed; every day the fame of the Plantagenet Waters is extending wider and wider. Efforts, which have taken place in the Pharmacopœia as one of the most innocent and efficacious of aperients, its use as a pleasant summer beverage is almost unbounded. There never was a mineral water which combined so admirably the two qualities of *useful* and *agreeable*, and to talk of competition or comparison is simply absurd. Ask the medical man, ask the druggist, ask the patient—ask the mechanic—ask the farmer—ask the merchant what is his morning's drink, what is the beverage he prefers during his city, in short, on all occasions he left untried by these persons who wish to trade on the unparalleled reputation enjoyed by the Plantagenet Water. To guard against deception, therefore, the public are requested to supply themselves *direct from the Depot, Place D'Armes, Montreal.* Price per gallon, 1s; bottled, 3s the dozen, bottles returned and 1½d per glass. The demand for this Water, by *the glass*, averages 200 glasses every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hotel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. Lamontagne, Proprietor of Plantagenet Water, Place d'Armes.

SIR,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the time has now arrived when it is just, both to the public and yourself, that I should do so. I state, then, frankly, that I have the highest opinion of the Plantagenet Water, which I consider superior—in fact, far beyond comparison with any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most remarkable success. As a gentle aperient, its use is most agreeable, and I have found it, in cases where other medicines could not be safely employed, I have found it most useful. I consider it a duty, both to the profession and the public, to state this much in its favor; and I strongly recommend all the friends of families to keep a supply of the water by them, being perfectly satisfied of its great utility.

I have the honor to be, Sir,

P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine, of Montreal.

DeBlury Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply on this account that these waters are recommended, but because they have an oily, fattening property, unknown to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—

Doctors W.
