Dr. Cameron's Statement.

Sporting Editor World: I notice in your issue of the 31st July a letter signed "Justice," suggesting that F. S. Leighton of the Toronto C. C. resign his place on the team against the M. C. C. in favor of Mr. McElroy or myself. I must sincerely thank "Justice" and yourself for such thoughtfulness, but I would certainly not accept a place on the team under such circumstances, and I think I can speak confidently when I say that Mr. McElroy would share the same opinion. I must ask my supporters, as much as I duly appreciate their efforts on my behalf, not to write any more concerning this affair, but to allow it to die a natural death. I have been in this country now nearly six years, and have had enough of the O. C. A. and the methods they employ in selecting the so-called representative teams. Such methods would not be tolerated for one moment in any other country. En passant, I might state that I was promised by a prominent member of the O. C. A., and a member of the Toronto C. C., that if I played for the said club he would guarantee me a place on the Canadian team versus the States. Can you wonder, sir, why cricket doesn't flourish here? This happened about three years ago. I haven't played for the Toronto C. C., therefore I wasn't on that team. Neither will I be on any other team, for which I don't very much care. Again, the members of the selection committee, at least quite a number of them, are not on the grounds when matches are played, then how can they be eligible to form a correct opinion of the capabilities of the candidates that are brought before them for selection? This mode of reasoning is quite analogous to people who visit a theatre, sleep half the time, know absolutely nothing about the matter, come out and openly proclaim the play is no good.

J. J. Cameron.

Another Letter in Defence.

Sporting Editor World: I was surprised to see in your issue of this morning a short letter re the choice of the Toronto eleven which is to meet the M. C. C. team next Monday, Tuesday and Wednesday, at Rosedale, signed by one "Justice." If "Justice" would only have the pluck to foot the article with his name, perhaps your readers would be more interested in what he writes concerning the selection of Mr. Leighton for the game next Monday.

Mr. Leighton is both a good bat and safe fielder; moreover, he is most useful as a change bowler. This is not the opinion of one, but of many, who have both played with Mr. Leighton and against him. If "Justice" would give his reasons why Mr. Leighton should not be included in the Toronto eleven, it would be only fair to Mr. Leighton himself, and also to those interested in the game of cricket.

From the tone of "Justice's" letter, one would imagine that Mr. Leighton chose himself as a representative of Toronto's cricket, but every cricketer here knows that the selection committee is composed of a thoroughly sportsmanlike body.

H. C. Mason.

A Reply to B. B.

Sporting Editor World: I notice a letter in your columns of yesterday, signed by "Black Brunswicker," in which the writer endorses the selection of Mr. Leighton on the cricket team. I am of the same opinion that that gentleman should retain his place on the team, but I fail to understand why that gentleman is mentioned as the misfit. Any cricketer knows that he is not the weakest player of the five picked from the Toronto Club. One player has, in the opinion of a large part of the cricketing public, nothing to recommend him outside of his connection with a past president of the Canadian Cricket Association. At the same time, when B. B. states that Leighton is the equal of Cameron as a cricketer he shows a sad disregard for the records of the two men. As records in my opinion are what ought to carry in this case, if Leighton is the equal of Cameron, then he must be one of the best of the team, for there is no other player on the team that has had better success as an all-round man than the Jamaica doctor.

What Toronto Needs.

Cincinnati, Aug. 1.—Frank Hahn, who was the best left-hand pitcher in the National League two weeks ago, was unconditionally released by President Hermann from the Cincinnati team to-day. Hahn has not yet stated what he will do.

Decker Insane.

Los Angeles, Aug. 1.—George Decker, once famous as a first baseman, was committed to the state hospital at Patton yesterday, insane, with homicidal mania.

Mutiny in Troy Club.

Troy, Aug. 1.—The State League game scheduled between Troy and Utica on the local grounds this afternoon was forfeited to Utica by Umpire Buckley, by a score of 9 to 0. The members of the Troy team refused to go on the field until their salaries for the last two weeks of July, due to-day, were paid. The players made a demand early in the afternoon upon the management for their money and when it was not forthcoming the men left the grounds and refused to return.

The local management claims that it had until midnight to pay the salaries of the players and that the action taken by them was too severe.

Powers for President.

New York, Aug. 1.—It is reported that at the meeting of the National League baseball clubs here in December Pat Powers will be elected president of the league.

There is much dissatisfaction in certain quarters with the management of Harry Pulliam, the present incumbent. It is said he will have difficulty in being re-elected.

Powers is not making any fight for the place, but a few of his closest friends have got together and are booming him for the position, and it is said he has already been promised the support of Barney Dreyfuss.

Oshawa Beat Port Hope.
