THEIR ELEVENTH VICTORY

THE TORONTOS AUSPICIOUSLY OPEN THEIR EASTERN TRIP.

Utica Beaten by 8 to 5—Hamilton Administers a Handsome Whipping to Oswego—Racing at Jerome Park and Elsewhere.

UTICA, N.Y., June 2.—The Torontos won to-day by largely outbatting the Uticas. The latter could do little with Veach. The playing of both Macklin and Moynahan was noticeably good.

Hamilton's Picnic.

OSWEGO, N. Y., June 2.—The Hamilton club had a picnic here to-day lasting from the beginning until the end of the game. The game abounded in heavy hitting off both Schell and Knight, Robinson did not give Schell good support; while Thompson rendered Knight effective aid. In the seventh inning the Oswegos went to pieces, and the Hamiltons batted terrifically, winning the game.

Fair Balls.

The Metropolitans and St Michael's College will play Saturday on the College grounds.

Veach did good work yesterday in holding the Uticas down to four hits. Emslie will pitch to-day.

The postponed game of Monday between Toronto and Buffalo will be played at Buffalo Sept. 15.

Thirty thousand people at 50 cents a head saw Detroit beat New York Monday afternoon last by 4 to 1.

The Secretary of the Maitland Baseball Club is open for challenges from juvenile clubs. Address, 441 Carlton street.

There will naturally be considerable curiosity to see the Cannucks play.—Oswego Palladium. Wonder if there's as much curiosity now?

The International League games to-day are: Toronto at Utica, Hamilton at Oswego, Rochester at Syracuse, and Buffalo at Binghamton.

The game of baseball to have been played today between the Grocers and Civil Service Clubs of the Commercial League has been postponed until August 28.

It looks as if we'll have to buy another team from Syracuse, but in the next deal it must be stipulated that the party of the first part do not go to work and again set up stock on an improved scale in the same line.

The Guelph Maple Leafs start on a trip tomorrow morning. They open the new grounds at Windsor on that day, and on Saturday meet the Cass Club on Recreation Park in Detroit. They then proceed on an extended trip through Michigan and Illinois, opening three new grounds and playing with some of the best nines of the two States.

At the conclusion of the game Manager Bancroft informed the reporters who were present on this mournful occasion that he would hand Caskins and Blakiston their release later in the day, and that Whitney would hereafter guard the third bag, and Bradley would play as short in Caskins' place. This change may possibly strengthen the nine, but unless something is done to win more games, and speedily, too, the good people of Rochester will become so thoroughly disgusted with its ball club that a corporal's guard will be considered a great crowd to witness future contests in this city.—Rochester Herald, June 2.

We should like to see that error column kept down. The Torontos apparently can about get even on any pitching with a little patience, but error-making appears to be a vice that grows apace, and towards the end of the season, when the pitchers begin to fag and the team begin to pound, it may go hard with us. By the way, Macklin continues to bat with surprising regularity, and up to date has a record that will compare more than favorably with any other second baseman in the league; but he will err in the field. Smith and Spill, too, have an apparently insurmountable dislike to seeing the error column filled with ciphers.

Racing at Jerome Park.

JEROME PARK, N.Y., June 2.—First race, 7 furlongs, Duke of Westmoreland won, Sutler second, Duplex third; time 1.31½. Second race, 1⅛ miles, Buckstone won, Tom Brown second, Borch third; time 1.58½. Third race, 1½ miles, Inspector B. won, Saxony second, Letratis third; time 2.41. Fourth race, a mile and one sixteenth, Stone Buck won, Brambleton second, Heel and Toe third; time 1.52½. Fifth race, 1 mile, Mayfield won, Hotachimie second, Cricket third; time 1.47½. Sixth race, 1½ miles, over seven hurdles, Referee won, Jim Carlisle second, Polanca third; time 3.33½.

Racing at Cincinnati.

CINCINNATI, June 2.—Rain fell after the third race, making the track heavy. The first race was one mile. Hottentot won, Alfred second, Fedora third; time 1.45½. Second race, ¾ mile, Jaubert won, Varina second, Catalpa third; time 1.19. Third race, mile heats, first heat Billy Gilmore won, Wanderer second, Lepanto third; time 1.45. Second heat, Lepanto won, Sovereign Pat second, Billy Gilmore third; time 1.45. Third heat, Billy Gilmore won, Lepanto second; time 1.50. Fourth race, 1½ miles, over hurdles, Harrow won, Fox Hound second, Ascoli third; time 2.07.

Canoeing.

A general meeting of the Toronto Canoe Club was held in the club house Tuesday night. The constitution, paddling and sailing regulations were amended and general business transacted. The season of 1886 opens well with the Toronto Canoe club, there being thirty active members owning canoes, almost twenty of which carry sails with areas of from 60 to 120 square feet, and will enter into all the sailing and combined paddling and sailing races. A Nine of the members went up the Humber on Sat. 22, and camped out in tents. [illegible]

the evening of May 24. They report having spent a very pleasant holiday while out.

General Notes.

Rose and Cyclone ran unplaced in the Handicap Steeplechase at Jerome Park, May 31.

McLaughlin rode four winners in five flat races at Jerome Park on Monday, and was third in the remaining one.

Hebron Davis has called a meeting of the officials and intending competitors in the regatta for this evening at 8.30 o'clock in the Queen's Hotel.

On Saturday afternoon Toronto will have an opportunity to judge the strength of the Montreal team, as they then play the Ontarios a championship match on the base ball grounds, and from all accounts an exciting match may be looked for.

The Autteill grand hurdle race, about 2½ miles, was run yesterday and was won by the Duke of Hamilton's Jannock by a length and a half, Lord Lurgan's Playful being second, and Mr. Robinson's Printemps third; nine horses ran. The betting was 9 to 1 against Jannock.

A couple of half mile races took place at Woodbine Park yesterday. The first was a sweepstakes between Doc Campbell's Milo, G Fisherger's Bessie B. and Mr. Lowe's Stella. Milo won, hands down, with Bessie B. second. The second was a match between Mr. Shields' Dixie Lou and Mr. Hendrie's Pioneer. Direction ran away from his rival with ease. Last night another match was made between Bessie B. and Milo, to be decided to-day, with gentleman riders.

A meeting of District No 3, Ontario Cricket Association, was held at the Walker House last night. Mr E A Stumford, President of the Parkdale Cricket Club, was in the chair. The clubs comprising No 3 District are Toronto, Parkdale, Trinity College, Aurora, Oxford, Sons of England, Newmarket, Gooderham and Worts and Hamilton Mills. A committee of two from each club was struck to arrange the district matches for the season. This committee will meet again next Wednesday evening.

It Acts Like a Charm.

—Ex-Ald. George Evans, 249 Queen street west, testifies to the efficacy of "Hallamore's Expectorant" as follows: "It is undoubtedly far superior to all other advertised remedies for coughs and colds, especially in the case of children, with whom it acts like a charm." edx

Statistics.

Falls pretences—The Indian Summer.

Pain will frequently transfer a child into a groan person.

Planter's Journal would be a good name for an undertaker's organ.

Young man, never say to your sire: "You might go, father, and fare worse."

A stammering friend remarks that there is something Sing-Singular about the New York aldermen.

Visiting clergyman (in Indian Nation): "Are all these Indians Christians?" Irish waiter: "No, sur, not wan of thim; some is Comanches an' some is Episcopalians."

The motions of a man with a bug in his ear are slow compared with those of a man who has driven ten miles to a trout stream and forgotten to take his fly book.

A recent scientist declares that bread with yeast in it is a much better brain food than unleavened bread. This proves beyond all question the Wise Men came from the Yeast.

Benjamin Cummings, inventor of the circular saw, lies buried in a Michigan graveyard. The bowlegged man of the country who have their trousers cut by the aid of his invention are talking of erecting a monument.

"Sir," said the Customs officer to the tourist, "I thought you told me you had nothing but your personal wearing apparel in this trunk." "So I did." "Well, how do you account for the presence of a dozen bottles of brandy?" "Oh, that's all right They are 'night caps.'"

Old Chappie—Ah, here comes De Peters, and really, Chawlee, you must excuse me, yerknow. He's a nice fellow and all that, but he wears such a beastly old-fashioned collar, and always carries his gloves with the fingers in front instead of behind, that really, yerknow, I am ashamed to walk with him.

Counsel (on cross-examination)—"What is your age, madame?" Witness—"Forty-seven, sir." Counsel—"Married or single?" Witness—"Single. I never had any offer of marriage in my life; and, if it is any interest to the court I don't mind saying that I've worn false teeth for nearly thirty years." Counsel—"H-m. That is all, madame. There is no use trying to shake the direct testimony of a truthful woman as you are."

Public Notice.

—All testimonials in favor of Hallamore's Expectorant are from well known residents of Toronto. Mr. S. J. Willcock, 121 Sudlow avenue, says: "I have used Hallamore's Expectorant for coughs and colds for thirteen years, and would not be without it. It never fails to cure me." edx

The Gheel Lunatic Village.

A writer in Science says: The Gheel colony is certainly well-known on the other side of the Atlantic. It is a colony for lunatics, where the no-restraint system is the only one used. The insane, instead of being shut up in cells or asylums, are committed to the care of the inhabitants of the country, with whom they live, as would sane persons, for a very modest payment. This system is a very old one, and Gheel is unique in the world, the inhabitants being trained to keeping the insane, and living with them, for many centuries. However old, the system seems to be very good, at least for a large proportion of insane who do not require to be shut up, and to whom life in the open air seems to be very beneficial. The Belgian Government has decided to try and create a second Gheel, and has chosen Lierneux, wishing to have a Gheel where French is spoken, for the benefit of the part of Belgium where French is the only language understood, as Gheel is in the Walloon part of that country, and is very inconvenient for French-speaking insane. This plan seems to meet with success, and Lierneux is already provided with a number of patients, and with a committee for inspection and surveillance. We hope that Lierneux will thrive as well as Gheel has and does. I visited Gheel two years ago, and convinced myself that the insane are under happier and in healthier conditions than in asylums, and that if they are well looked after by the authorities, they are as well nursed and cared for. I may add, that when a system has outlived some countries, there must be some good in it.

Hoarseness and Bronchitis.

—Among the many remedies used for the cure of coughs and colds, none more speedily gains the confidence of the sufferer than "Hallamore's Expectorant." For hoarseness and bronchitis its rapid effect is surprising. In private sale during 25 years it has gained for itself an enviable reputation and produced wonderful results. In 25 cent bottles at all drug stores. edx

A German residing in Western Illinois attempted to commit suicide on Wednesday of last week by shooting himself in the stomach. Three gallons of beer leaked out before the doctor could whittle a cabbage-stalk small enough to stop up the hole, and his neighbors threaten to indict the German because he didn't have a tub handy when he tapped his tank.

The Belleville Intelligencer says "the companies of the 15th Battalion are not full, but are filling up"—an advantage not possessed by a Scott Act Town.—Peterboro Examiner.

—What Toronto's well-known Good Samaritan says: "I have been troubled with dyspepsia and liver complaint for over 20 years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure." CLARA E. PORTER.

The annual midsummer examinations at the Deaf and Dumb Institute, Belleville, will commence to-day and continue ten days.

—A. M. Hamilton, Warkworth, writes: "For weeks I was troubled with a swelled ankle, which caused me much pain and annoyance. Mr. Mayhew, of this place, recommended Dr. Thomas' Eclectric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value."

Gas has contracted for 24 electric lights of 2,000 candle power from dusk to daylight for 27 cents each per night.

—You need not cough all night and disturb your friends; there is no occasion for you running the risk of contracting inflammation of the lungs or consumption, while you can get Bickle's Anti-Consumptive Syrup. This medicine cures coughs, colds, inflammation of the lungs and all throat and chest troubles. It promotes a free and easy expectoration, which immediately relieves the throat and lungs from viscid phlegm.

A boy named John Lynch was probably fatally injured at Cobourg yesterday by falling from a gate at the matting factory and injuring his skull.

—There are cases of consumption so far advanced that Bickle's Anti-Consumptive Syrup will not cure, but none so bad that it will not give relief. For coughs, colds and all other affections of the throat, lungs and chest, it is a specific which has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm, and gives the diseased parts a chance to heal.

Port Hope is infested with grave desecrators.

—Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure, and effectual. If your druggist has none in stock, get him to procure it for you.

The Story of Sunlon.

They grew in beauty side by side;
They filled one home with glee:
Their work their maker's hope and pride—
A shoemaker was he.
But for their wearer no'er can know;
With grief his sole is torn:
A bunion decks his major toe,
While near it grows a corn.
