Baker lost his sight as the result of being struck by a German bullet while he was in the act of filling a hole in the Canadian line caused by the infantry being forced to retire. At a nomination meeting held in the town hall on Saturday afternoon last, the Liberals unanimously selected Mr. Carlton Woods as the party's candidate in the next provincial election. Messrs. R. W. Longmore and Dr. H. S. Northmore were also proposed as candidates, but both retired and made Mr. Wood's nomination unanimous.

Mr. Woods accepted the nomination in a brief but apt address. With the united and enthusiastic support of all Lennox Liberals he promised, with every assurance of success, to bring Lennox in behind Rowell in the next Legislature.

The convention agreed that the very best possible candidate had been chosen, and there was never a better prospect for a substantial Liberal majority, and that under the conditions of a good cause, a fair field and an early start on thorough organization for the coming campaign, the riding could be carried by the Liberals. Mr. Woods has been a member of the County Council for some years, was never defeated in a municipal election has a clean and successful record as a business man, and is well and favorably known throughout the riding.

The convention was addressed by Nelson Parliament, M.P.P., for Prince Edward; Sam Clarke, M. P. P., for Northumberland; ex-Warden Longmore, of Wilton; Thos. Symington of Napanee, E. W. Grange, Liberal candidate for Lennox and Addington, and others. M. S. Madole, President of the Liberal Association of Lennox, was in the chair.

Mr. Parliament in the course of a forceful address referred to the constructive policy of progressive Liberalism under Mr. Rowell in regard to agriculture, education, temperance conservation and development of natural resources, and social reform, He slated particularly the supine and dallying way in which the Hearst Government was handling the nickel question.

Mr. Sam Clarke said the Hearst Government was now bereft of the main support which brought and kept it in power—namely the solid liquor vote. Resentment at "Ingratitude" naturally made the angry liquor men want to hit back. Mr. Rowell, on the other hand, had stuck to principle from first to last, and "a fair foe won more respect than a false friend."—The Express.
