on the Continent of North America and Prince Edward Island. The Committee of the Colonial Association protested, ineffectually, against this ominous, ill judged appointment.—*Halifax Recorder.*

What shall England do with the Chinese? is a question that frequently occurs to us.—The "Celestials" have made prisoners of the whole possse of British and Foreign merchants, at Canton. This is somewhat high handed.—We have a tolerably fine conceit of our national greatness and importance, but have failed to inspire the Chinese with similar sentiments. We have some neat wars on hand in Asia with the Persians, the Afghans, and others, and some threatening Burmese and Chinese clouds hang heavily on the political horizon.—We trust, the Red Cross banner will pass through the ordeal, unhurt, unscathed. Again, we say, what will England do with the Chinese?—*Montreal Courier.*

A great banquet was given to the Duke of Wellington at Dover Castle, by the inhabitants of the Cinque Ports.

The wreck of the old 'Royal George,' foundered at Portsmouth 57 years ago, is to be *blown up.* The apparatus consists of two large cylinders, about seven feet in height and three feet in diameter; they are bound with iron and lead, and each contains 2600lbs. of powder, which, when fired, will be by a voltanic battery.

Hay's Liniment for Piles, &c.

NO FICTION.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a death-bed bequest, has since gained a reputation unprecedented, fully sustaining the correctness of the amended Dr. Golding's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, for the most certain remedy for the cure of the *Piles*, and also as a speedy and effectually active healer of *Scurvy*, unless where its effects are witnessed. *Externally* in the following complaints:

For Bronchy.—Creating extraordinary absorption at once.
All Sore legs.—Relieving them in a few hours.
Rheumatism.—Acute or Chronic, giving quick ease.
Sore Throat.—By rinsers, gargles or colds.
Croup and Whooping Cough.—Externally, and over the chest.
All Bruises, Scalds, and Burns, curing in a few hours.
Sores and Ulcers.—Whether fresh or long standing, and Fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and lessening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception.—The common remark of those who have used it in the *Piles*, is "It acts like a charm."

It is used as an external application, and its sovereign power in curing the above named complaints, is justified by scientific principles.

Dr. Shubael Hewes' celebrated Rheumatic, Nerve and Bone Liniment,

APPLIED morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the numbness and contractions of the limbs, and will take swellings down, and inflammations out of the flesh, rheumatism, bruises, and sprains.—It gives immediate relief; it strengthens weak limbs, and extends the cords when contracted.

Eustace & Temple's Invaluable Gonorrhœa Mixture.

AT length has been discovered an infallible and invaluable remedy for the cure of the most obstinate chronic and common cases of Gonorrhœa in five days. The dangerous and useless remedies which have hitherto been offered to those who have unfortunately incurred the above troublesome disease, is a subject which has justly merited the censure of the faculty, and produced in many cases, very serious and alarming effects. To guard against these abuses, Eustace & Temple have been induced to prepare a preparation which is attended with no danger whatever, and is active and efficient in curing the disease, with little trouble to the patient. The proprietors have been studious in this particular, as many persons cannot spare the time, or suspend business, to undergo a regular course of medicine and regimen—this preparation will entirely obviate this necessity. The course to be pursued is exceedingly simple, and will not interfere with the regular duties of business; and if the medicine is used according to the directions, it will effect a speedy cure in five days. As to its decided efficacies, we will barely remark, that since its use in this city, there has not been a failure in a single case, and there are many both of the faculty and otherwise, that have already testified with pleasure to its decided superior qualities. Its taste is perfectly agreeable, and persons of the most delicate stomachs have used it without any inconvenience whatever.

Roach and Bed Bug Bane.

THE subscriber has for some years been in the habit of supplying many families with the certain and immediate remedy for those *annoying vermin*, and has concluded, at the strong solicitation of his friends, to bring it out in this public manner.—He may has the positive affirmations of a great number of citizens, some of whom are the most wealthy and fashionable ladies in Chesnut street, that this Bane is in all cases a *sure and certain remedy*; and these certificates are in the hands of his Agents, where any one wishing can convince themselves of their genuineness. This is better than all the puffing of a thousand unknown names; and the unprecedented sale which the Bane now has, is a full proof of this fact, and of its virtues.

HEADACHE.

Dr. Spohns, Permanent Cure for Sick Headache.

HEADACHE—This disease is one from which arises more misery to the human family, than is generally supposed, not being directly fatal, it is often neglected, or persons resort so much to the use of purgatives and other medicines, as to impair their general health, and often induced fatal diseases. The article *now offered*, seems to have overcome these difficulties. While its effects are most powerful and immediate in curing an attack or keeping it off; it is so perfectly *mild and innocent* as to be used for infants with the greatest effect and safety.

Whitin's Patent STRENGTHENING PLASTER.

DR. WEAVER'S Celebrated Worm Tea and Salve.

THE proprietor in recommending this long tried and celebrated medicine to the public, is supported by the infallible test of experience which it has stood for a great number of years with unexampled success, as well as by the testimony of most respectable citizens, who have used it in their families.

The action of the medicine is not only to expel worms, but by its TONIC powers to prevent a return of them, by removing the weak state of the digestive organs, on which their production mainly depends.

DEPILATORY POWDER,

For removing all superfluous hair.

Dr. Spohn's Elixir of Health.

THE leading points to theory upon which the great use of this Syrup is predicated, is that the stomach is the seat of all diseases of a feverish nature, and any disorder incident to the stomach is cured by this article. There is therefore no fever or cold, asthma, inflammation or debility, or sickness at stomach, (except with females, *enciente*) or dysentery, or jaundice, or dyspepsia, but what it will cure. The only thing is that people should be patient and depend upon it. For asthma it has no equal.

DOCTOR LITTLE'S LOTION.—This wash absolutely cures SORE EYES more perfectly than any other Eye Water or Salve whatever, and at no stage is it in the least injurious to inflamed eyes. For fresh wounds and all sores however obstinate, this water is a sovereign remedy, healing them from the bottom in an almost incredible short time. The oldest and most inveterate Fever Sores are cured by it.
