J. W. Leonard, assistant general manager of the C. P. R.; W. R. McInnes, traffic manager; W. B. Bulling, assistant traffic manager; Wm. Downie, general superintendent of the Atlantic division; J. N. Sutherland, general freight agent; C. R. Ord, superintendent of mechanical department, arrived here today on a tour of New Brunswick. Merchants and shippers were called on and matters of mutual interest discussed. Mr. Leonard confirmed the statement that the C. P. R. was having a survey made from Debec, near Woodstock, to Bancroft (Me.), for the purpose of giving the C. P. R. and the Maine Central a shorter line from Aroostook county and a northern New Brunswick to Boston for the purpose of better competition with the Bangor & Aroostook railway. The survey being made at present, he said, was a preliminary survey, and nothing very definite could be told from it.

At the police court this morning Col. Marsh delivered judgement to the Dumfries moose case recording a conviction against the defendant John Carlon. His honor will pass sentence on Friday morning. The minimum penalty is $50 fine or one month's imprisonment. The trial of George McIntyre, colored, charged with the theft of a suit of clothes finished in the police court this morning. Judgment will be delivered on Thursday.

The remains of the late Miss Susan E. O'Neil were brought here from Petersville this morning and interred in the Roman Catholic cemetery.

White's Cove Items.

White's Cove, Queens county, Jan. 8—The weather the past week has been very mild and fine for the time of year, and the people are taking advantage of it hauling their hay from the intervale and getting their fire wood. Among those getting out cord wood are S. J. Austin, James Kennedy, H. E. White, John McAfee and Capt. Young.

About twenty men from this place and Jemseg left last Monday for Westfield to work in the woods for McLaughlin Bros.

Hugh A. Farris, son of Hon. L. P. Farris, left the last of the week for Montreal to resume his studies at McGill.

A donation for Rev. Mr. Curry will be held at the Baptist parsonage, Narrows, on Wednesday evening, Jan. 10.

LETTERS TO THE EDITOR

SOME SUGGESTIONS ABOUT WHEAT AND FLOUR FOR NEW BRUNSWICK FARMERS.

[The opinions of correspondents are not necessarily those of The Telegraph. This newspaper does not undertake to publish all or any of the letters received. Unsigned communications will not be noticed. Write on one side of be paper only. Stamps should be enclosed if return of manuscript is desired in case it is not used. The name and address of the writer should be sent with every letter as evidence of good faith.—Ed. Telegraph.]

To the Editor of The Telegraph:

Sir,—I was pleased to read in your daily paper the starting of a roller flour mill at Riverside (N. B.), that the said mill received a bonus and that it was capable of turning out good flour. Such, I claimed, could be done years ago and I think I can justify claim to be the father of the starting of roller flour mills in your province. Some eighteen or more years ago I wrote to your paper, I think from Moncton, advocating that the government of New Brunswick grant a bonus to mills that would build for a given number of years to assist the establishing of roller flour mills in your province. Although some may prove unprofitable others again will prove profitable, besides demonstrating to the farmers and others that good flour can be made in New Brunswick as elsewhere. I would suggest that any one contemplating the building of such mills should select good farming districts for wheat growing and, if possible, build close to a railway, so that a switch without much cost could be run along side of the mill and engine house, so that western wheat and fuel could be unloaded without extra expense of teaming; for it is necessary to keep your eye on a proper system of keeping down all unnecessary expenses.

Then the miller would be in a position to land wheat at his mill door from Ontario or Manitoba, which would help the miller to keep his mill running after the farmers' local wheat is all ground up. Besides it would be very often to the advantage of the miller to import the dry hard wheat to mix with the New Brunswick wheat and make a fine blended flour. As your wheat is generally very soft right after harvest on account of the moist sea air, your wheat doesn't ripen as hard as in the west. But if farmers would take care to put it into the barns in good order and not thresh it until the cold weather in November the wheat would thresh out much drier and harder as it cures better in the straw.

At seeding time in the spring be careful about sowing wheat free from oats, and when seeding your wheat feed your horses ground oats so that none will be dropped on the wheat land, for you cannot make good flour out of a mixture of oats and wheat. Fall plough your land, then you can get your wheat seeding in early when it will ripen earlier with less chances of being struck with the rust. The farmers of the lower provinces have advantages that cannot be found in many of the western provinces of Canada. If the amount of money was known that leaves the lower provinces for flour and farm grain and produce it would astonish them. Go where you will you see merchants busy gathering in money to send away for farm produce that should be grown in their own country. Just look what the county of Kent (N. B.) is doing, where Mr. J. D. Irwin says he expects it in very short time to grow all its requirements in the above lines.

Yours truly,

JOHN F. CLARKE.

PRESENTATION TO POPULAR AMHERST MAN

Gold Watch and Address for E. J. Lay for Services in Connection With Public Library.

Amherst, N. S., Jan. 5—(Special)—A pleasing feature at the closing hour of the Citizens' Library this afternoon was the presentation by Rev. D. A. Steele, D. D., in behalf of the subscribers of the library, of a magnificent gold watch to E. J. Lay. The watch was engraved as follows: "E. J. Lay, Esq., in appreciation of his efficient management of the town library, Amherst (N. S.), 1906."

The presentation was accompanied by an address, which referred in fitting terms to Mr. Lay's free services since the organization of the library some years ago, and his uniform courtesy to the subscribers under all circumstances.

Mr. Lay, although taken completely by surprise, made a pleasing address in accepting the present. Remarks were also made by John McKeen, manager of the Bank of Nova Scotia.

It may not be generally known that it was largely through the efforts of Mr. Lay since the library was instituted in 1899, that it has reached its present proportions. It now has 2,250 volumes of the very best standard books, and is patronized by all classes. During all these years Mr. Lay has taken full charge of the distribution and exchange of books voluntarily, and this recognition of his services is to be commended. Mr. Lay is principal of the High School.

Montague, P. E. I., Notes.

Montague, P. E. I., Jan. 6—The new skating rink was completed about a fortnight ago, but so far the weather has been too mild for the formation of good ice.

The Montague brass band, which has been defunct for several years, has been revived and will play three nights a week in the rink when the latter is in good running order.

Colonel Moore, D. O. C., was here this week inspecting the armory of the artillery battery. The latter corps has been for several years very successful in shooting competitions under Capt. W. A. Johnstone.

Owing to the excellent market for smelts and eels this winter, many people are engaged in fishing.

Hay and oats are much more plentiful than at this time last year, the former going at $10 per ton, and the latter at thirty-four cents per bushel; potatoes, eighteen to twenty cents per bushel; pork at eight cents per pound, and beef at six cents. A great number of cattle were killed off last winter owing to scarcity of feed, and now many farmers instead of killing for their own use, are buying from the butcher. The prospects are that for a year or two beef will be a scarce commodity on P. E. Island.

Miss Hamilton, who has had charge of D. G. Cameron's millinery department for the season, will leave for her home in St. John next week.

Rushing to Conclusions.

(Brooklyn Eagle).

Simeon Ford says that he recently overheard one Irishman say to another: "Tom Mullen told me not more'n a month ago that he were goin' into business for himself. An' th' day before yisterday I seen him a-conductin' a sthrate kyar. Th' liar!"

"Don't be so hasty," replied the second, "in formin' your conclusions. Maybe the company ain't on to him yit!"

MAY ASK THAT LICENSE TO SHOOT MOOSE BE CHEAPER

Tourist Association to Bring Several Matters Before Local Government.

The New Brunswick Tourist Association will make representations to the local government at a meeting of the latter body tomorrow, with respect to certain changes in the game laws.

It is understood that the association have had under consideration the recommendations of the guides at the annual meeting that the sale of moose meat should be restricted and will ask the government to consider the matter.

The question of reducing the fee for a license to shoot deer will also be brought up. At present the license fee of $50 includes deer with caribou and moose.

It will be urged by the association that, owing to license to shoot deer in Maine being only $10, it has been found that sportsmen will not cross the border in search of this particular sport as long as the license remains at the higher figure. The association will also make application to the government for their annual grant.

THE LAW'S RIGORS

Immigrant Woman Deported, at Sand Point, Husband in United States.

Trouble occurred Sunday afternoon at Sand Point over the deportation of a young Russian Jewess and her young child, by the Canadian immigration officials. The woman has trachoma. She and a man who was being deported by the American officials, were being put aboard the C. P. R. liner Lake Manitoba, when nearing the gang plank the woman suddenly objected to going aboard, protesting in her native tongue against being taken away from her husband. Try as the officer who was with her might, he was unable to quiet the woman, and it took four men to place her aboard.

Even when on the steamer, she could not be pacified, she would piteously call for her husband, and one time she managed to break loose from those holding her and would have been overboard had not a sailor caught her; as it was she was through the ropes.

The immigration officials say she came over here in December in the steamer Mount Temple. The C. P. R. located her husband in the states, but he was unable to send any money to her, and this together with the fact that she had the eye disease, made it necessary to deport her. She had evidently come to this country with the intention of meeting her husband and the throught of going back made her desperate.

THE POLICE WORK DURING YEAR 1905

Chief of Police Clark's report for the year ended Dec. 31, last, submitted to the common council, shows the force composed of the chief, deputy chief, five patrol sergeants, two house duty sergeants, one detective and 31 partolmen, a total of 41. During the year one patrolman resigned, nine were suspended and two policemen were appointed. The chief says:

"In submitting this report I would again earnestly call your consideration to the need of a patrol wagon, police telegraph, eight hour system for patrolmen, and a superannuation fund. In my report of 1902, 1903 and 1904 I took some pains to give and dwelt at some length upon what I believed to be of great importance to this department and it would hardly be necessary or in good taste to say too much on what has already been said."

Details of the business of the year were then given. There were 1,476 arrests during the year, including 876 for drunkenness, 57 for stealing, four for keeping disorderly house, four for accosting ladies on the street, two on manslaughter charge, eight on charge of intimidating workmen, two on forging charge. There were 431 prisoners between the ages of 20 and 30 years; 337 between 30 and 40; 275 between 40 and 50; six under 10 years; 10 between 70 and 80.

There were 243 male and three female protectionists given shelter. Of the prisoners 811 claimed New Brunswick, 80 England, 82 Ireland, 70 Nova Scotia, 39 Scotland, 19 P. E. Island. The greatest number of arrests was in September—140; the smallest in January and March—each 88.

There were 1,270 persons summoned on various charges, including two for selling cigarettes to minors. The police made 1,958 general reports, such as articles found, doors open, etc. They also reported 37 violations of the liquor act.

A New Brunswick Temperance Federation.

At a meeting of New Brunswick temperance workers here Thursday evening in Carmarthen street Methodist church the New Brunswick Temperance Federation was formed. It is to include societies and individuals in New Brunswick in favor of temperance reform. J. R. Woodburn, St. John, presided and J. V. Jackson, of Moncton, was secretary. The organizations represented were the Sons of Temperance, Independent Order of Good Templars, Temple of Honor and Temperance, Templars of Temperance and the Campbellton Temperance Alliance.

Among the objects are closer and more hearty co-operation of the societies interested in temperance work, temperance education, union of effort to secure necessary temperance legislation, enforcement of all laws tending towards prohibition.

The following officers were elected:

President—Rev. T. Marshall, St. John.

1st vice-president—Rev. C. Flemington, Point de Bute.

2nd vice-president—Rev. A. F. Carr, Campbellton.

3rd vice-president—Dr. W. F. Roberts, St. John.

Secretary-treasurer—E. A. Everett, St. John.

Members of the executive—H. C. Tilley, St. John; I. Vernon Jackson, Moncton; Rev. A. J. Prosser, St. John; A. C. M. Lawson, Apohaqui; R. Maxwell, M. P. P., St. John.

MILLTOWN POULTRY SHOW WINNERS

St. Stephen, N. B., Jan. 8.—The second annual exhibition of the International Pet and Poultry Association was held in Eaton hall at Milltown (N. B.), Jan. 4, 5 and 6 and was a success financially and otherwise. This association was formed about one year ago succeeding the St. Croix Society, which for many years held their meetings in Calais. The Milltown (N. B.) and St. Stephen fanciers, who were members of the old society, had the name changed and by electing the officers carried the exhibition last year for the first time to the Canadian side, where they have made a financial success both years.

This meeting tested the capacity of the hall. Under the management of the president, F. C. Murchie, the society and exhibitors will be so large next year that a more roomy hall will be necessary. Geo. P. Coffin, of Freeport, Maine, has proved an efficient and poular judge, every exhibitor being thoroughly satisfied that Mr. Coffin gave them every mark to which their birds were entitled.

One exhibitor from St. John sent a goodly number of birds, and no doubt others from the winter port will be present next year.

The judge offered for competition a handsome silver cup, which was captured by F. C. Murchie for best exhibit of four birds with highest score. The competition was keen as Mr. Murchie had but one variety, while the others had two or more. The birds were of a particularly high order and scored away up.

The turkeys of Mr. Casey were very fine and will no doubt be seen at St. John during the next exhibition.

The following are the winners of the blue, red, yellow ribbons.

F. C. Murchie, Milltown (N. B.)—White plymouth rock cock, 1st; white plymouth rock cockerel, 3rd; white plymouth rock hen, 2nd and 3rd; white plymouth rock, pullet, 1st; Gordon pit game cock and pullet, 1st.

THE CENTAUR COMPANY, NEW YORK CITY.

S. E. Gourley, Ex-M. P.

Truro, N. S., Jan. 5—(Special)—Seymour E. Gourley, Ex-M. P. passed away quite suddenly at his residence at two o'clock this morning after nearly two year's illness.

During the last year of his term in the house of commons, Ottawa, where he gained notoriety by his somewhat extreme and eccentric speeches he was not in good health.

He came home and was defeated in the general election in October by Hon. F. A. Laurence and during that winter was practically confined to the house.

Last summer he consulted specialists in New York, spending several months there and for some weeks past, until the first of this year was in the hospital in Halifax.

He arrived home New Year's night and has since been attended by his wife and Mrs. Gerrish, of California, his sister.

Disease of the liver caused his death.

He was a son of Elisha C. Gourley, of Brookfield, and Mary Black, his wife, Scotch and English respectively. He was educated at Brookfield and in the Truro schools, then at Horton Academy and Acadia University. He was appointed a Q. C., in '89, and the same year was married to Rose McLellan, of Windsor.

He was elected to the house of commons in 1900, defeating the late Firman McLure by 279 of a majority, and was defeated himself by F. A. Laurence in 1904 by 168 majority. He was a man of great resources and a most retentive memory, and made a heroic fight for life.

He leaves a widow, a young son and daughter. Funeral on Sunday at 2:30 p. m.

Fashionable Wedding in Kingston.

On Wednesday, Dec. 27, 1905, at the Episcopal church, Kingston, Jamaica, Miss Camilla Gomes-Casseres, of that city, was married to W. Clarence Cassidy, of St. John (N. B.), by the Venerable Archdeacon Downer, an old friend of the Gomes-Casseres family, assisted by the Rev. G. Thompson. Although but a few of the relatives and friends were invited, nevertheless the church was crowded to the doors by the well-wishers of the young couple.

The bride wore a magnificent dress of ivory-white crepe de chene with a front panel of gauged chiffon; the bodice was trimmed with a bertha of real Brussels lace and collar and cuffs to match. She wore a pearl pendant, the gift of the bridegroom.

Miss Edith Gomes-Casseres who accompanied her sister as bridesmaid, wore a white Japanese silk with a white picture hat. Mrs. Gomes-Casseres, the bride's mother, looked handsome in a grey brocaded silk. Miss Gomes-Casseres wore a cream colored crepe de chene with a collar of real lace.

The bridegroom was supported by Allan Gomes-Casseres, and the bride was given away by her cousin, A. B. Gomes-Casseres.

After the wedding the invited guests were entertained at Fontabelle, Kingston Gardens, the residence of the bride's mother, and Mr. and Mrs. Cassidy left by train for Castleton, where they will spend a few days before leaving for Havana, where Mr. Cassidy holds the position of accountant in the Bank of Nova Scotia.

Hopewell Hill News.

EDWARDS A SUICIDE BY POISON AND BULLET

(Continued from page 1.)

on a very dark staircase. The handkerchief found under Edward's cheek was wadded and all indications show that he had pressed it close to his ear. Another handkerchief was found near the rear door which had on it the initial "E." The bloodstains from outside the rear dining room up the stairs form a trail and stop at the landing. In my opinion the man shot himself first and then took the poison. After taking the poison he threw both revolver and bottle away and pulled himself up stairs. Under certain conditions either the pistol wound or the dose of poison would have killed a man, but in this case it is my belief that one acted with the other in causing the death of Mr. Edwards."

Coroner Mix was asked what became of the supposed missing diary belonging to Mr. Edwards and he replied: "Why, that's right in my safe now and in the first place was never stolen."

The coroner was asked if he had found any reason why Mr. Edwards should have committed suicide and he said he could not answer that question.

Mr. Mix was asked also if the preliminary report submitted by him this afternoon would end the case and he replied that it would, probably, as far as his office was concerned with the exception of his submitting his formal report.

Havelock Happenings.

Havelock, Jan. 8—Dr. B. S. Thorne went to Moncton today on business. There were quite a number of people assembled at the residence of W. C. Thorne on Saturday evening, it being the 21st anniversary of Mr. and Mrs. Thorne's wedding. All enjoyed themselves with games, etc., until about 10 o'clock, when the ladies assembled produced a goodly number of well-filled baskets, and a substantial repast was then partaken of. Some useful presents and some cash were then presented with a short address and the assembly broke up.

Since the roll call of the Baptist church there a number of the absent members of the church have responded by remitting some funds to help along the church. Last Sabbath the pastor, Rev. Mr. Howard, announced that the church had begun the new year practically clear of debt. This is indeed a good showing and a credit to pastor and people. During the week the Rev. Mr. Howard will visit Carleton county and remain over Sunday, having been invited to take part in its dedication of a church.
