COTTON WARPS.

WE would request the attention of those who use COTTON WARPS to the kind of warps we are now manufacturing at the

NEW BRUNSWICK COTTON MILLS

We spin Nos. 7's, 8's and 9's, and they are warped and sized by Machinery, thus saving much labor, and being better done than by hand.

They have been extensively used through the Province during the last year, and have been proved to be both better and cheaper than any imported from either England or the United States.

We intend to manufacture them largely for the next few months, and would wish parties in want of such Goods to give them a trial.

They can be obtained from the principal Dry Goods Houses in the City and throughout the Province.

Ayer's Cherry Pectoral.

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are its cures, that in almost every section of country are persons publicly known, who have been restored by it from alarming and even desperate diseases of the lungs. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and other eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints our remedies cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the one to use. Try it once, and you will concede its value.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass., and sold by Druggists and dealers in medicine everywhere.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

Soothing Syrup,

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourself, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over thirty years, and can say with confidence and truth of it, which we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skilful nurses in New England, and has been used with never failing success in

THOUSANDS OF CASES.

It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the forgoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by druggists throughout the world.
Principal Office, No. 48 Dey Street, New York.
Price, only 35 cents per Bottle.
