BOARD OF HEALTH DISCUSSES THE FLU; FINDS IT ABATING

425 Cases Were Reported to Dr. Downham Since Sept. 30.

NURSES TO THE RESCUE

St. John Ambulance Assn., No. 4 Division, Volunteers To Fight Epidemic.

The appointment of Dr. Downham to the position of medical officer of health at the present salary has been approved by the board of health, and will be recommended to the next meeting of the council to pass upon. This was decided at a meeting of the board held on Tuesday afternoon in the board of control room in the city hall.

Dr. Downham, who has been acting medical officer of health since the office was vacated through the resignation of Dr. Hill, referred to the increase of work involved by the reporting of venereal diseases and following up such cases. In consideration of the state of the treasury of the board and war conditions, however, he announced his willingness to accept the position for the present, after asking that a recommendation might be made to the incoming board for an increase the beginning of the year.

Increase for Nurse.

Miss Barons, tuberculosis nurse, was granted an increase of salary of $15 a month, bringing her salary up to $75 a month.

Those who supported the motion for increase offered as convincing arguments Miss Barons' efficiency, experience, faithfulness, her years of service here, and the fact that the buying power of money has greatly decreased since she was appointed a number of years ago at $60 a month.

In connection with the recommendation re the appointment of Dr. Downham, the Institute of Public Health will be approached in regard to the making of arrangements for the continuance of assistance given to the M. O. H. by Miss Fidiar, vital statistician.

The Spanish influenza epidemic loomed large as a topic for discussion. Dr. Downham and Miss Friend, public health nurse, reporting that the severity was apparently abating. Between noon on October 2 and noon yesterday, October 8, 425 cases were reported to the board of health. Of these fifteen developed pneumonia. Seven deaths have occurred since September 30. Eighteen different doctors reported the cases.

Nurses to the Rescue.

There were not so many demands as had been anticipated on Saturday for nurses to help nurse families where the need was urgent. Chairman Russell announced that No. 4 Nursing Division of St. John Ambulance Association had come to the rescue, and volunteer nurses from the division were already looking after a number of cases. Paying a tribute to the skill of these voluntary aid nurses, Miss Friend stated that so far as possible she was assigning them to soldiers' families, as they are desirous of doing this kind of patriotic work. She herself had been asked to stay all night with a patient last night. Owing to the demands of her work in the day time she was unable to do so, and reported the case to the nursing division. The patient was taken to the emergency hospital in the headquarters of the division, and is now receiving excellent care.

Fuel for Sick.

The question of supplying fuel where it is needed in order to prevent loss of life through the development of pneumonia was brought up, the board expressing a willingness to trust to the discretion of the medical officer of health. Chairman Russell stated that one of the leading coal dealers had given him assurance that if he couldn't supply it himself he would see that the order was filled.

So far as the report of communicable diseases was concerned, Dr. Downham stated there are a number of cases of scarlet fever in the city. He had seen three between noon and shortly before 4 o'clock.

"Nasal diphtheria" is also prevalent, bloody discharge from the nose seldom failing to show cultures. The menace in this case is to others who are in danger of positive infection through association with those suffering from the nasal type.

The question of the insanitary condition of the lavatories in connection with the Colborne Street School was brought up. Chairman A. A. Langford of the school board stating that the board fully recognized the grounds of complaint and intended making changes as soon as possible. Inspector Lutman was emphatic in his statement that the matter should have been attended to before. "The reason," said Mr. Langford, "was that the board did not meet during the summer months. Notice was sent to the secretary of the board of education before the schools closed and I understood the changes were going to be made in the holidays," said Mr. Lutman, Mr. Langford reiterating that he did not understand the notice had been served before the closing of school.

Byron Dairy.

Commenting upon his own report, Veterinary Inspector Tamlin drew attention to the high percentage of the Byron Sanatorium dairy. "They have a farmerette engaged there," said Dr. Tamlin, "looking after the cleaning of the utensils and so on. It is an object lesson to see how the dairy work is done there and well worth a visit from anyone."

With the approach of fall, an interest has apparently revived in keeping pigs within city limits, judging from the applications being received for license to do so.

Apropos the question of an increase for Miss Barons, the financial position of the board of health at the present time was reported as follows:

Appropriation for 1918	$9,855.00
Expended to date	$5,827.69
Balance	$4,027.31
Salaries, Oct., Nov. and Dec.	$1,695.00
Balance for contingencies arising to the end of the year	$2,332.31

JEWISH PEOPLE TO DEVOTE A DAY TO EXPRESSING THANKS

"Declaration Day" To Be a Tribute to British Justice.

LIBERATION OF PALESTINE

November 2 Will Be Date For World-Wide Zionist Celebration.

The Palestine Zionist Commission has sent out an appeal to Jewish people all over the world to join in celebrating November 2 as "Declaration Day," and to observe the anniversary of this historic date every year. A copy of the cable sent to Clarence I. de Sola, president of the Canadian Zionist Federation, dated Jerusalem, October 2, 1918, has been forwarded to Mr. Fishbein of this city, secretary of the local Zion Lovers, who are being asked to respect the request. Despite the sacrifices made by the Jewish people in the world upheaval, never was their future more full of promise and of hope.

All Allies to Help.

On November 2, 1917, the British Government issued its declaration on Zionism, which officially recognized the inviolable right of the Jewish people to a national home in Palestine, and offered her powerful help toward the realization of this aim. The determination of the British Government to assist the Jewish people in their age-long aspirations was manifested by the appointment of a Zionist commission to proceed to Palestine in order to investigate the ways and means for establishing a national home for the Jewish people in Palestine, with the approval of the British Government. As a step in the direction of the establishment of the nation, the foundation of the Hebrew University was laid in Jerusalem on July 24, 1918. All the allied powers fighting for the freedom of the world have declared their determination to help the Jewish people achieve their purpose.

A Day of Thanksgiving.

The proclamation to celebrate November 2 says: "Declaration Day this year falls at an opportune time. Gen. Allenby and the heroic British army have liberated the Land of Israel, bringing freedom, justice and good government in their train; therefore let the Jewish people once again express their heartfelt gratitude to the British Government. Let them hold meetings and thanksgiving services to give utterance to their joy at the triumph of the British Government, whose efforts we hope to see crowned with final victory."

COMRADES OF 33RD PROTEST AGAINST JOURNAL IN GERMAN

Object to Kitchener Town Being Granted License to Publish.

At a meeting of the 33rd Comrades' Club held in the Y. M. C. A. Tuesday evening a resolution was passed protesting against the license granted to Kittinger & Motz of Kitchener by the under-secretary of state, allowing them to publish a paper in the German language.

J. W. Cunliffe was appointed to interview the G. W. V. A. executive committee regarding holding meetings of the 33rd Comrades' Club in the G. W. V. A. rooms.

The constitution and bylaws were read and accepted. It was decided to have membership cards printed. Four new members were received. The membership is rapidly growing, and the club has now nearly 200 members.

A sick and visiting committee was elected. The committee is composed of the following: Comrades Billington, Claxton and Hurrell. It was decided to hold a social for the members of the club on Tuesday, October 22.

The coal situation was discussed for a considerable time, and a resolution was passed congratulating the Great War Veterans' Association for the stand they have taken to provide the wives and widows of soldiers with coal.

Vice-President Sergt. Pollock presided.

CONSERVATORY ALUMNAE.—On Thursday evening next, at 2:15 o'clock, a meeting will be held at the London Conservatory Hall for the purpose of organizing a Conservatory Alumnae Association. All the graduates and post-graduates are invited to attend.

"FLOO PANIC," THIRD STAGE OF INFECTION, HITS MANY PEOPLE

One Office Staff Gargling in Trios and Quartets.

FEWER CASES REPORTED

But Many Doctors Do Not Notify Authorities When Cases Develop.

Twenty-five cases of Spanish influenza were officially reported this morning as compared with 45 cases at the same hour on Tuesday, thus bearing out the statement of a number of the doctors that the epidemic is beginning to abate here. The list today includes one which has developed pneumonia, and some are quite seriously ill. On the whole, however, it is considered that London is escaping rather well, judging by reports from other places.

"Of course," it was stated at the Institute of Public Health today, "we feel assured that by no means all the cases are being reported. Eighteen doctors have reported the 450 cases since October 2, of which we have a record."

Mild Cases at Camp.

At the camp, it is stated, that a decided abatement of the epidemic is manifested. While there may be 85 or 90 cases, the majority are mild, and fewer are now developing.

Some families, however, have reason to feel they have been hard hit. One family of five—father, mother, and three children—have all been confined to their beds this past week, in the care of a couple of nurses and the maid. One of the nurses has contracted the "floo," and is also added to the home-hospital's list of patients.

V. A. D.'s Do Good Work.

The V. A. D.'s, members of No. 4 Nursing Division, St. John Ambulance Association, have come heroically to the rescue, and are rendering service in helping out the public health nurse. Sixteen cases were attended to on Wednesday, where a couple of calls sufficed to make the patients comfortable and provide for their needs. Two nurses sat up all night with patients, one man telephoning to the superintendent of the nursing division today that the nurse who had been on duty at his house last night was a positive "god send." He got his first sleep in a week, and it was the first time he had been able to undress in a week, owing to the fact that he had been obliged for a whole week to be prepared for any emergency day and night in looking after his sick family.

Patient at Hospital.

Half a dozen V. A. D.'s are out today on cases, and one patient is being cared for in the emergency hospital at the headquarters of the division at 440 Talbot street.

Appreciation of the offer of the lecture-room of the division to be used as an emergency hospital was expressed at the meeting of the board of health on Tuesday afternoon. Mrs. J. F. Thomson, the superintendent of the division, points out that it would be much easier to care for a dozen patients in the hospital than half that number of out patients, owing to the fatigue involved for the nurses in going from one part of the city to another. One bed with springs and mattress was sent up yesterday to be used for the purpose.

A "thirdly" infection not referred to up to date by any of the local physicians, but one which is decidedly distressing, has been dubbed, "Spanish Floo Panic."

Milder Forms of It.

It doesn't necessarily follow the secondary infection, pneumonia, and, in the cases which have come under observation, has preceded the first stage. "Taking rational precautions" is the term applied to the milder cases of Spanish floo panic. The symptoms are frequent scrubbing of the hands, staying away from crowded places and using a reliable germicide frequently as a mouth wash and gargle.

In this connection, the public health nurse adds the simplest and most inexpensive disinfectant of all to the list given in The Advertiser the other day, lemons, listerine and peroxide.

"Everybody can get it," she says, "and practically everybody has it in the house. Five cents' worth will do the whole family. It is nothing more nor less than ordinary, common, baking soda. Dissolve it in warm water and gargle and wash the mouth with that."

An Extreme Case.

One of the most serious features about Spanish floo panic is its extreme contagiousness. A member of a large office staff in this city was taken ill some days ago, and the case reported as Spanish influenza. Another member of the staff was home sick with a cold on Tuesday. Learning that the Spanish floo had made a raid on the staff, one member was seized with a violent attack of Spanish floo. He sent out and purchased all the known preventives and cures for the malady. He also ordered enough individual sanitary drinking cups for his comrades in work who might soon be stricken as comrades in floo. When the order was delivered he gloomily gargled with listerine. Next, he tried peroxide as a chaser. After that, he disinfected the jackknife that had been presented to him the previous Christmas and solemnly cut a lemon. After that, he pressed individual drinking cups upon his office mates who, men and women alike, were rapidly becoming infected with the panic cultures.

Gargling in Quartets.

Windows abutting the back yard of that big office building were soon at a premium as pop-eyed people leaned out, everyone as far apart as space permitted, to gargle in solo, duet, trio, quartet and chorus.

After that, the solemn rite was performed of the hand washing. The latest bulletin states that the staff is chewing lemons and gargling religiously with listerine and peroxide. No more members, it is further stated, have shown symptoms of the primary infection, the real Spanish floo.

MORE LONDON SOLDIERS ARE LISTED WOUNDED

Pte. Charles Earl Baker, son of Mr. Mary A. Baker, 764 York street, has been wounded. Mrs. Baker was last night notified that he had been admitted to No. 16 General Hospital, Letrepoet, on September 28, suffering from multiple gunshot wounds.

Pte. Baker enlisted in Toronto with an infantry battalion. He was formerly a clerk in the Royal Bank.

Pte. W. D. Robinson, son of Joseph Robinson, 44 Victor street, has been admitted to Ontario Military Hospital at Orpington, England, with gunshot wounds in the right leg. Pte. Robinson has seen one year's service in France.

A telegram was received from Ottawa yesterday by Mr. and Mrs. J. E. Wylie, 729 Waterloo street, stating that their son, Lieut. Jack Wylie, had been wounded. The telegram did not state that he had been admitted to the hospital. Lieut. Wylie received his commission a short time ago. He left with the 142nd Battalion, but has been transferred to other battalions while overseas.

PRISONERS' CAGE EMPTY

Surplus Energy May Be Directed to Other Channels.

Whether "Spanish Flu" has gripped all the habitues of the police court and thus kept them from wandering, or the celebration of Sunday evening gave them a chance to expand their surplus energy without mixing with the custodians of the law, one hesitates to say but in any event there were no cases for Magistrate A. H. M. Graydon this morning.

The work of the court has been light during the last week. Speeders and other citizens who commit breaches against minor bylaws have comprised the greater number of cases.

GRANT TO ITALIAN RED CROSS BY 1917 COUNCIL WAS PAID

Reordered Sent "Forthwith" On Monday Night.

NEGLECT CHARGE MADE

Many Unkind Remarks Over What Was Considered a Slight On Italians.

A great furore was raised at the city council on Monday night because it was said the 1917 council had neglected to pay the $1,000 grant made in November, 1917, to the Italian Red Cross. Some of the aldermen said some plain and cruel things about the matter. A few nights previously the aldermen themselves heard some plain talk from representatives of the local Italians because the grant had not been paid.

The fact of the matter was that everyone believed that the grant had been paid, yet were willing to believe that it had not been. They were satisfied that the Italian grant was just another legacy from the 1917 council. It was ordered paid.

Treasurer Has Receipt.

This morning City Treasurer Bell received a letter from City Clerk Baker notifying him that the council had ordered the $1,000 grant to be paid forthwith. Mr. Bell looked into the matter, and finally dug up this letter addressed to himself. It is dated Montreal, November 27, 1917, and reads:

"I beg to acknowledge receipt of your favor of the 23, inclosing check No. 7137 for $1,000, being the grant allowed by the city of London for the funds of the Italian Red Cross Society.

"While returning the inclosed receipt duly signed, I take this occasion to express to you, on behalf of the Italian Government and the Italian Red Cross Society, their sincere thanks and gratitude for your generous sympathy. I beg to inform you that I am remitting this money to Italy today. Signed,

"ROYAL CONSUL-GENERAL FOR ITALY."

When Mr. Bell got the receipt back he presented a voucher to the board of control on December 14, and it also passed the council on the 17, less than a month after the grant was ordered paid.

STRONG MEASURES ADOPTED BY MILITIA TO STOP EPIDEMIC

Theatres and Dance Halls Not Open to Soldiers.

HUNDRED CASES IN CAMP

All Indoor Gatherings of Troops Have Been Declared Off.

Until further notice, all theatres, dance halls, churches and picture shows, etc., are placed out of bounds for all soldiers of Military District No. 1. This action is taken as a measure to aid in fighting the spread of Spanish influenza.

More than 100 cases of Spanish influenza are under observation at Carling Heights at the present time. Every suspicious case is included in this number. Up to the present time no military deaths from the epidemic have been reported. Six men are suffering from severe attacks, but are reported improving. Twenty-five men who are in the military hospitals with Spanish influenza are ready for discharge. Seven officers are included in the number who are ill.

All sing-songs, indoor classes, indoor lectures or other assemblies of troops within inclosed walls will be discontinued. Parades and lecture classes will be carried on in the open air.

The assistant director of medical service for this district states that open-air gatherings of the troops will not be harmful and in this way the epidemic will not be spread among the troops.

A sing-song was to be held in the Y. M. C. A. at the camp this evening, but has been called off.

L. C. I. SPORTS FRIDAY

Fine Program Is Slated for Tecumseh Park.

The Collegiate field day will be staged Friday afternoon at Tecumseh Park, and one of the most interesting programs of sports is promised. London and St. Thomas teams will engage in a football match, and the girls of London and St. Thomas Collegiates will be matched in a game of basketball.

BRITISH MISSION SENDS HALF DOZEN RECRUITS

Majority of Men Offering Selves for Service From U. S.

Volunteers from the British and Canadian Recruiting Mission at Detroit are appearing at the local mobilization centre in large numbers of late, and on Tuesday six of these men were examined by the medical officer out of nine that appeared. I. Preston, C. Jameson, F. L. Tower and H. B. Pryor were all placed in Category A-2 and attached to the Canadian Engineers. D. E. Burke and G. E. Vick were attached to the W. O. R. with Category A-2.

One apprehended man, one defaulter, one apprehended absentee and one absentee were placed in Categories A-2, C-1 and D-3 respectively, and attached to the W. O. R.

Edison Works 16 to 18 Hours a Day

The wonderful vitality of this great Inventor is due to Nerve Force. We cannot all be Edisons, but we can increase our Power and Efficiency by building up the strength of the nerves. Hacking's Heart and Nerve Remedy certainly does Increase the Vitality of the Human Body; it is highly recommended for palpitation and irregular heart beats, quiets jumpy nerves and helps you to overcome Sleeplessness, Dizziness and Headaches. The happiness of health is yours if you will insist on getting Hacking's. Buy a few boxes today. Price 50c a box, 6 for $2.50. Sold by all dealers or by mail, C. B. Hacking, Phm.B., Listowel. 10u

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. —Advt.

MAKE YOUR STOMACH YOUR BEST FRIEND

Stuart's Dyspepsia Tablets Digest the Food, Prevent Sourness and Make You Feel Fine All Over.

If you feel any distress after eating take a Stuart's Dyspepsia Tablet. You will then have a good, steady friend in your stomach. For no matter what you eat there will be no gas, no sour risings, no lump in your throat, no biliousness, no dark brown taste in the morning. And should you now be troubled, eat a tablet as soon as possible and relief will come promptly. These tablets correct at once the faults of a weak or overworked stomach, they do the work while the stomach rests and recovers itself. Particularly effective are they for banqueters and those whose environment brings them in contact with the rich food most apt to cause stomach derangement. Relief in these cases always brings the glad smile. Get a box of Stuart's Dyspepsia Tablets, 50 cents, in any drug store. Be good to your stomach.

SMALLMAN & INGRAM Western Ontario's Mail Order House SMALLMAN & INGRAM

Many Are Waiting For These Corduroy Velveteens $1 Yd.

Not only are they fashionable and popular, but velvets of all kinds are as well the economy dress fabric today. At $1.00 a yard, what material can you get in that width today that will give the lasting service you will get from these velvets?

Part of a shipment purchased in England many months ago has just been passed into stock, and we consider we are fortunate to be able to show such beautiful qualities and wide width at at this popular price. If you have been waiting for these, order at once before the stock is broken. Mail orders filled same day as received.

FINE CLEAR-CUT CORDUROY VELVETEENS, 27 INCHES WIDE, ONLY $1 YARD.

These are English-made Corduroys that are always noted for their wearing qualities and fine finish, the smart fall and winter material for skirts and coats for ladies and school girls' wear. DEATHS AND FUNERALS

REMAINS GO TO WINDSOR.

The remains of Adolph Loeffler were forwarded to Windsor Tuesday on the 9:22 Grand Trunk train from the undertaking parlors of George E. Logan. Mr. Loeffler died in this city Monday, and will be buried in Windsor on Wednesday. His son, Henry Loeffler, accompanied the remains to Windsor.

EXPLOSION VICTIM BURIED.

The funeral of Stephen Snider, who was killed in the gas explosion on Rectory street on Saturday morning, took place Tuesday afternoon from the residence of his mother, 550 Horton street, to the Mount Pleasant Cemetery, where interment was made at 3 o'clock. The services were largely attended, and were in charge of the Royal Oak Lodge, No. 62, Sons of England, of which Mr. Snider was a member. Rev. H. H. Bingham of the Talbot Street Baptist Church, officiated at the services at the house. H. Granlick and W. Jenkins, both members of the lodge, conducted the services at the grave. The floral tributes were many and beautiful. The pallbearers were B. Fox, W. Slyaford, W. Jenkins, all of the Royal Oak Lodge, and George Franklin, Fred Mitchell and Albert Kipp.

FORMER LONDON WOMAN DEAD

The death of Mrs. Sarah Peters occurred on Monday at Chicago, after an illness of some time. Mrs. Peters was well known in London, having lived here for many years. She was born on May 10, 1841, in London, England, and on May 22, 1865, married the late Henry Peters of this city, at Rochester, Kent, England. She left England in the same year with her husband for Canada, and for the past 40 years resided at the corner of Victoria and Waterloo streets, until her husband predeceased her on January 28, 1914. She then went to Chicago, where she had resided until the present time. She is survived by one son, Ernest of Chicago. The late William Peters of this city was also a son. The funeral will take place from the undertaking parlors of Smith, Son & Clarke on Thursday at 2 o'clock to the Woodland Cemetery, where interment will be made. Rev. James McKay of the New St. James' Presbyterian Church, of which Mrs. Peters was a valued member, will conduct the services.

JOHN SHARPE BURIED.

John Sharpe was buried from his late residence, lot 1, concession 3, Delaware Township, Tuesday afternoon at 3:30 to the Woodland Cemetery, where interment was made. The services, which were largely attended, were conducted by Rev. Mr. Peters of Delaware.

LUCAN WOMAN DEAD.

The death occurred Monday at Victoria Hospital of Miss Agnes Clarke in her 44th year. Miss Clark was a native of England, and came to this country some time ago. She has no relatives in Canada, and was employed as a photographer at Lucan. The funeral was held this afternoon from the undertaking parlors of Smith, Son & Clarke at 2 o'clock, and the services were conducted by Rev. Wm. Lowe of Lucan. Interment was made in Woodland Cemetery.

ERNEST WEBB'S FUNERAL.

The funeral of Ernest W. Webb, who died in this city recently, took place Tuesday afternoon from his late residence, 637 Hamilton road. Rev. A. C. Bingham of the Egerton Street Baptist Church, officiated at the services, which were of a private nature. Interment took place in Woodland Cemetery. The following acted as pallbearers, H. Barnes, E. Hill, H. Ridgley, John Lamey, J. Wilcox and A. Harold.

Postum

Good Friend of the Coffee Drinker

Coffee often disagrees with the best of us

When you find it wise to stop coffee for a few days on account of disturbed digestion or too much "nerves," switch to Postum and note the result.

Many people who love their coffee follow this plan with excellent results.

Postum comes in two forms: Postum Cereal which must be boiled, and Instant Postum, made in the cup in a moment. They are equally delicious and the cost per cup is about the same.
