"Home, Sweet Home"

The Queen's Visit to Her Birthplace and Return to Windsor.

No End of Entertainment for the Colonials.

They Receive a Special Invitation to Buckingham Palace.

Sir Wilfrid Laurier Pays a Visit to the House of Commons.

London, June 29.—Yesterday, on the occasion of the Queen's visit to her birthplace, St. Mary Abbot's, her Majesty handed back a written reply to the address of the citizens, thanking them for their loyal and kind expressions, and adding: "I would gladly renew my association with a place which, as the scene of my birth, and summons to the throne, has ever held and will have with me solemn and tender recollections."

Across the gates of Kensington Palace was a banner, on which was inscribed, "Home, Sweet Home." Her Majesty saw it, and seemed much affected. Her Majesty reached Buckingham Palace at 1:30 p.m., and at about 5 o'clock entered the grounds, to be present at the garden party, for which six thousand invitations had been issued. Her Majesty was received with almost reverential greetings, and took up her position, to which she was wheeled on leaving the palace door, in front of a small tent near the lake. The gardens were beautifully arranged; the Queen's watermen were in boats on the lake, the fountains were all playing, refreshment marquees had been erected at convenient spots, and three bands of music were in attendance. The Queen received many of her guests in her tent, and there took leave of the special envoys of the foreign powers and others who had attended the jubilee ceremonies.

The Queen returned to Windsor at 7 o'clock.

ENTERTAINING THE COLONIALS.

London, June 29.—A further list of entertainments given in honor of the colonial visitors is announced. Madame Albani's reception will be followed by a reception and ball, to be given by the London corps, and on July 7 the Fishmongers' Guild will entertain the visitors at dinner.

Sir Wilfrid Laurier is overrun with invitations to dinners, banquets and garden parties, and to address meetings, and he has been compelled through inability to find the time, to decline most of them. The managers of the theaters have been most considerate in inviting the colonial troops to attend the performances.

The colonial premiers have accepted the invitation of the directors of the National Liberal Club to a banquet. Lord Carrington will preside, and he will be supported by the leading members of the Liberal party.

Sir Wilfrid Laurier and the colonial premiers lunched with Lord Rosebery in Berkeley Square yesterday. The reception by the ex-premier of Britain was most cordial. Most of the Liberal ex-ministers were present to meet the colonial premiers, who subsequently attended a garden party, where they met Mr. Chamberlain, and were present at two receptions in the evening, one given by the Duchess of Abercorn, and the other by Sir Henry Irving, at the Lyceum Theater.

INVITED TO BUCKINGHAM PALACE.

The royal family, being anxious to see the colonial contingents, it has been arranged that they shall all attend at Buckingham Palace next Saturday, under Lord Frederick Roberts and Major-Gen. Ivor Herbert, where the Prince of Wales will inspect them.

It is also being arranged that the Queen shall inspect them, though the date for this has not yet been fixed. It is expected that the Prince of Wales will present them with jubilee medals.

The Canadian troops were sight-seeing yesterday. On Saturday every Canadian received a medal from the Prince of Wales. They speak with especial pride of the reception at Portsmouth on Saturday by the mayor, civic dignitaries, admiralty, and the cheering crowds.

The papers pay particular attention to the impression made on the Canadians in the naval review. They treat Canada as the pivot of the new imperialism, and hope Saturday's gorgeous spectacle will induce them to join the Australasians and South Africans in taking a first step towards the real federation of the empire through the navy.

The Renown, which was Admiral Salmon's flagship at Saturday's great pageant, takes its post on the North American station in the autumn, when Canadians will have a chance of repaying the British attentions.

SIR WILFRID IN THE HOUSE OF COMMONS.

The Canadian premier, Sir Wilfrid Laurier, and a number of other distinguished people were in the strangers' gallery of the House of Commons yesterday, when Sir Thomas Lough, Liberal member for the west division of Islington, questioned Mr. A. J. Balfour as to who was responsible for the bad arrangements for the reception of the members of the House of Commons at Buckingham Palace on Wednesday last, when they were received by Queen Victoria, although a number of them failed to arrive on time, and whether it was intended to make an apology to them. Mr. Lough's remarks were greeted with cheers, mingled with cries from the Irish members of "Serves you right!"

Mr. Balfour replied that the officers of her Majesty's household deeply regretted that anything should have occured to cause dissatisfaction.

Sir Wilfrid Laurier, after leaving the strangers' gallery of the House of Commons, conversed with Mr. Hogan, anti-Parnelite member for the middle division of Tipperary, the well-known writer on colonial subjects, and with other members of Parliament on colonial affairs. Mr. Hogan's reception of the colonials has been postponed until next Monday.

JEWS PERSECUTED.

London, June 29.—The Daily Chronicle publishes, under reserve, a letter from Teheran, describing a terrible persecution of the Jews. According to the correspondent a mob of fanatical Moslems savagely attacked the Jewish quarters in the city, and is threatening to exterminate the Jews unless they embrace Mohammedanism.

RENDEZVOUS FOR RUFFIANS.

London, June 29.—The Constantinople correspondent of the London Standard says that secret official orders have been sent into the provinces to encourage able-bodied men to come to the capital, with the result that no fewer than 25,000 sturdy ruffians have arrived there and been provided for by the government.

ECONOMIC EXPERIMENT.

London, June 29.—An economic and scientific experiment will be inaugurated, when Lord Kelvin opens at Shoreditch the combined electrical and dust destruction works, erected at a cost of $750,000. The destructor cells are capable of burning 20,000 tons of ashbin refuse yearly, and the heat given out is sufficient for the electric light and power of the whole of Shoreditch, with a population of 124,000, besides supplying the adjoining baths and warehouses.

In Paris lamps will be lighted for the first time by electricity furnished by a destructor. During a preliminary trial 180 pounds pressure of steam was raised in the boilers from dust alone, absolutely no coal being used.

CABLE NOTES.

A special dispatch from Berne, Switzerland, says that the Bundesrath has refused to ratify the commercial treaty with Japan owing to the prohibitive duty placed upon clocks and watches.

In Cuba

Gen. Weyler Needs an Army of 60,000 Men.

The Spanish Commander Expecting a Decisive Battle Soon.

Anxiety Regarding the Relations of Spain and the United States.

New York, June 29.—A dispatch to the Journal and Advertiser from Havana says:

Gen. Weyler will require at least 60,000 more troops to conquer the eastern provinces and hold them for Spain. Col. Garamendi, a member of Gen. Weyler's general staff and private secretary to the commander-in-chief, will go to Madrid this week, the bearer of confidential dispatches to Premier Canovas and the Spanish war department, in which the demand is made for 40,000 additional recruits. All regular troops that can be spared from Pinar del Rio, the western trocha, Havana, Matanzas and Santa Clara districts are being concentrated at Santa Spiritus, where Weyler has directed the immediate organization of fourteen columns, at the head of which he will try to drive Gomez across the new trocha and invade Puerto Principe province, where Calixto Garcia's forces are now said to be massing.

Gen. Weyler expects a great pitched battle upon the plains of Camaguey when he meets Garcia, the result of which may be the turning point in the war. Should Weyler's army meet with defeat, Spain will then be ready to listen to President McKinley's offers of intervention. If Spain wins and Garcia be routed, Weyler will assume a magnanimous role, proclaim general amnesty, and offer the Cubans complete autonomy and full personal and political guarantees under the Spanish flag. Should these overtures be refused, it is predicted that the war will be waged to the bitter end.

Acting on the British consul's advice, Miss Wilberforce, the English Red Cross delegate, has abandoned her original plan and decided not to attempt to reach the Cuban lines. She will confine her work to the government military hospitals in the cities and towns.

A Manzanilla dispatch reports that the Cuban chief, Jesus Rabi, is dead.

A dispatch to the Herald from Madrid says:

On account of Senor Silvelas' recent bellicose speech and the constant news of Spanish defeats from Havana province, a feeling is reviving here in favor of war with the United States. Several newspapers publish exciting editorials against the United States.

RELATIONS OF SPAIN AND THE UNITED STATES.

London, June 29.—The Pall Mall Gazette this afternoon prints the following dispatch from its correspondent at Madrid:

Public attention is engrossed by the appointment of Gen. Stewart L. Woodford, as United States minister to Spain. While the government continues to repudiate the intention of recalling Gen. Weyler, I am in a position to reiterate that his recall will be an accomplished fact at no distant date. I learn that in all probability Gens. Blanco and Macias will proceed to the island and divide the supreme command, and I have good reason to believe that, coincident with the arrival here of Gen. Woodford, Marshal Campos will proceed upon his separate mission to Cuba. In accordance with the wishes of President McKinley, Campos should be the executor of any arrangements possibly reached between Spain and the United States. Indications do not point to any arrangements being reached with the United States, and intimate friends of Senor Canovas del Castillo (the Spanish premier) declare the premier will strenuously oppose autonomy. Castellar (the Liberal leader) is also opposed to anything of the kind. They both consider that such a concession would render it very difficult to maintain Spanish sovereignty.

The report that the United States will insist upon autonomy and the withdrawal of the Spanish troops, and that, otherwise, it will intervene by force if necessary, does not make for a peaceful solution, and the position is regarded throughout Spain with considerable anxiety.

SHE WAS HYPNOTIZED.

The Results Were Serious in a Michigan Girl's Case.

Adrian, Mich., June 29.—The high school picnic at Sand Lake was spoiled by an incident not on the programme.

Frank Boyd, a scholar, gave a display of his power by hypnotizing several of the boys. Miss Mary Channer, daughter of Rev. C. H. Channer, so earnestly desired Boyd to put her under hypnotic influence that he did so effectually.

When he brought her to consciousness she fainted, and it was a half hour before she could be brought to her senses. The fainting continued on the way home, but today she is recovering.

There are many amateur hypnotists among the high school students, who have of late been operating scientifically. This is a lesson that will end the fun.

The Power of Electricity.

By this agency Nerviline is made to penetrate the most remote nerve—every bone, muscle and ligament is made to feel its beneficent power. Nerviline is a wonderful remedy, pleasant to even the youngest child, yet so powerfully far reaching in its work that the most agonizing internal or external pain yields as if by magic.

Loss of the Aden.

Seventy-Eight Persons Drowned or Missing.

The Captain, Part of the Crew and Seven Passengers Swept Overboard and Lost.

Aden, June 29.—The Indian government's steamer Mayo, sent out in search of the missing steamer Aden, from Yokohama, on April 28, via Colombo and Aden, for London, which was last heard of when leaving Colombo, on June 1, for this port, has returned here and reports that the Aden was totally lost off the Island of Socotra, at the eastern extremity of Africa, during the morning of June 9.

THE DROWNED.

The Aden carried 34 passengers from China and Japan. The captain of the wrecked steamer, some of her officers and crew, and seven white passengers were swept overboard, and drowned very soon after she ran ashore. Eight lady passengers, nine children, two officers and a few of the Aden's crew succeeded in getting away from the wreck in a boat, but they have not been heard of since, and little hope is entertained of their safety, owing to the bad weather which has since prevailed.

THE RESCUED.

The Mayo saved one of the Aden's passengers, three of the white members of the crew, and 33 of the natives who formed part of the steamer's crew. All these persons were rescued just as the Aden was breaking up. The survivors of the wrecked steamer were brought to this port by the Mayo and are being cared for by the local authorities. The drowned and missing include 25 passengers, 20 European officers, and 33 natives, of the Aden's crew—78 in all.

B. M. E. CONFERENCE

Take Steps to Raise a Superannuation Fund.

Windsor, June 28.—The B. M. E. conference has been in session here. The annual address of the bishop was read and adopted by sections. In reference to the newspaper recommended by the bishop, a committee was appointed, consisting of Revs. R. L. Holden, S. A. Lucas and S. C. Goosby, to inquire into the cost and current expenses of running such a paper, and report.

Upon the suggestion to raise a superannuation fund, Rev. R. L. Holden moved that each pastor raise on his charge yearly for the fund $5. The resolution was carried.

The routine work in the conference is being done in the best of spirit, and love seems to actuate every heart so far.

Rev. Robt. Miller was introduced to the conference, and made an excellent address, for which he received a hearty vote of thanks. The conference was invited to dinner at the Walker House by Mrs. Smith, the proprietress.

APPEALLD TO THE BRITISH AMBASSADOR.

Auburn, N. Y., June 29.—Robert J. Powley, for whose execution today all arrangements were made, appealed to the British ambassador at Washington to interfere in his behalf. Powley is a British subject, and is the first man convicted under the present law relating to the execution of criminals in whose behalf no appeal to a higher court has been taken. His attorney refused to appeal the case, but applied to the governor for a respite, pending investigation into his client's mental condition. The governor on Saturday refused to interfere, and Powley immediately appealed to the British ambassador.

Wise Men Know

It is folly to build upon a poor foundation, either in architecture or in health. A foundation of sand is insecure, and to deaden symptoms by narcotics or nerve compounds is equally dangerous and deceptive. The true way to build up health is to make your blood pure, rich and nourishing by taking Hood's Sarsaparilla.

Castles in Spain are the buildings which it costs least to put up, but most to pull down.

An ostrich lives about 30 years, and the average annual yield of a bird in captivity is from two to four pounds of plumes.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.
