IN THE SENIOR LEAGUE.

No Games Scheduled for To-day—How the Clubs Stand.

There are no scheduled matches in the Senior Lacrosse League to-day. Next Saturday Cornwall pays Toronto a visit, when a closely contested game should take place. The Factory Town twelve has trained carefully and this alone is lacking among the Torontos. However, if they turn out punctually next week they should have as easy a victory as over Montreal on the holiday.

The Capitals and Shamrocks meet at Ottawa on the 22nd also. This match will decide the first position in the championship race. The teams are now equal, although the Capitals have won two more goals than the champions and lost three less.

The standing of the league is as follows:

Clubs.	Won.	Lost.	To Play.	Goals won.
Capitals	3	0	4	15
Shamrocks	3	0	5	13
Toronto	1	2	5	8
Cornwall	1	2	5	7
Montreal	0	4	4	8

Lacrosse Points.

Mount Forest Lornes and Fergus Thistles played a C. L. A. match yesterday, the Thistles winning by 4 to 1.

The New York Athletic Club twelve will likely play at Rosedale on Saturday, August 12.

A despatch from Niagara Falls says that although the senior series of the C.L.A. did not materialize, yet the club in that town is still organized and are desirous of meeting the Toronto's here. The boys guarantee a warm reception and a good game. Any communication to the secretary, J. L. Robertson, will receive prompt attention.

Toronto Junction and Toronto's third twelve play a Senior Toronto Lacrosse League game this afternoon at Rosedale.

THE GREEN DIAMOND.

The Late Dan Delaney's Funeral—A Benefit Game Proposed.

The funeral of the late Dan Delaney, the old Toronto baseball player, took place yesterday morning to St. Michael's Cemetery and was largely attended. The Brass Finishers' Union turned out in a body, and members from the same acted as pallbearers.

It is very probable that a benefit game for the deceased's family will be played between the Dukes or Park Nine and a picked team, the latter to include such old-timers as Jim McKinley, Fred Macklin, Joe Wright, Charley Maddock and the only Jeffers.

ON THE WAVE.

Officers of a New Local Aquatic Association—Objects of the Organization.

For a long time the sailing skiff clubs of Toronto and elsewhere have been considering the advisability of organizing a Lake Skiff Sailing Association to be run as nearly as possible on the same lines as the Lake Yacht Racing Association. There have been several meetings held to perfect arrangements. On Thursday night the first annual meeting was held in the Toronto Sailing Skiff Club building at the foot of Sherbourne-street at 8.30 o'clock. Delegates from the following clubs were present: Royal Canadian Yacht Club, Toronto Sailing Skiff Club, Neptune Boating Club, West End Boating Club.

Vice-Commodore G. H. Gooderham acted as chairman pro tem and Mr. W. G. Withrow acted as secretary pro tem. The draft constitution, bylaws and sailing regulations, with several amendments, were adopted and the following officers were elected:

G. G. Gooderham (vice-com. Toronto Sailing Skiff Club), admiral; F. H. Campbell (Royal Canadian Yacht Club), vice-admiral; W. J. Withrow (Toronto Sailing Skiff Club), secretary-treasurer; John Hendry (Neptune Boating Club), hon. treasurer; D. McClintock (West End Boating Club), representative on executive.

The gentlemen already named form the Executive Committee of the association, they having the full control and management of same until the next annual meeting, which will be held next October. There is a great field open to the association, and there is no doubt that when the association regattas are given the boating man will see what a useful thing it is, as it will have a tendency to make all skiffs conform to the association rules and regulations.

The Island Sports To-Day.

The Island amateur aquatic sports, which were postponed last Saturday on account of the very unfavorable weather, will be held to-day, starting at 3.30 p.m. The program will be:

1. Boys' (under 15) single canoe race.
2. Ladies' and gentlemen's tandem canoe race.
3. Crab race.
4. Tilting tournament.

Entries may be made for these events to the secretary on the grounds on presentation of the membership badge. Small mementoes will be presented to the winners. A concert, of Island talent, will be held in the evening at the club rooms, followed by the usual dance.

Toronto Canoe Club Sailing Races.

The postponed sailing races of the Toronto Canoe Club are called for this afternoon, starting at 3 o'clock.

The result will be anxiously looked for, as there has been quite a bit of speculation as to the merits of the new flyers.

New Beecher Sayings.

The name mother is the watchword—the talisman of life. Indeed, it is the very object, almost of prayer, when the mother is translated. As the Catholic devoutly prays through the Virgin Mary, so you and I pray devoutly through our mother; not because we really believe she is a mediator, but because we want to have some sense of sympathy up there, and the mother has it. We get a hold on the beyond through her.

Your mother—she is a dear, noble, heroic soul; but the woman herself is but a spark that sprang out of the bosom of God.

Blessed is the child that is brought up at the mother's knee, which is God's altar on earth.

A bad woman is the worst thing in this world, and a good woman is the best thing in this world.

Take good care of disagreeable duties. Attend to these first. Never select the things that you want to do, and shirk upon others the things that you do not want to do. Wherever you are, choose the disagreeable things. You will get your pay in your manhood. You cannot grow in any other way so fast. You may be angry with some shiftless man who is willing to put on you work that he ought to do, you may feel that there is injustice in it, but you cannot afford to be unfaithful because somebody else is.—From Henry Ward Beecher's "Unprinted Words" in the Ladies' Home Journal.

A Good Dog Story.

A Harlem family on going to Europe left their house in charge of an old man who was to look after it during the absence of the family. They also left behind them a large dog. There was an arm chair in the back room in which the dog frequently took a nap. The old man also found the chair very comfortable, but as he did not feel like taking any risks he reported to strategy. He would go to the window and mew like a cat. The dog would then jump out of the chair and rush to the window to bark at the cat, whereupon the old gentleman would quietly take possession of the chair. One day when the old gentleman was in the chair the dog came into the room. Taking in the situation, he put his four paws on the window-sill and barked furiously. The old gentleman, thinking there was somebody in the yard, got out of the chair hurriedly and went to the window to see who was in the yard, whereupon the dog jumped into the chair and kept possession of it, growling ominously whenever the old man came near him. There was nobody at all in the yard.

Fair-Sized Fish Story from Abroad.

There was landed recently at Stromness, Orkney, a halibut of extraordinary dimensions, measuring six feet ten inches in length and weighing no less than 245 pounds. The fish was discovered by two lads. It was observed on the sand apparently asleep, and as they had no appliances with them with which to attempt a capture they returned home to acquaint their father. Armed with a kind of harpoon, to which a line was attached, they went back to the place and found the huge fish had not moved. Carefully watching an opportunity, the father succeeded in planting the harpoon in the back of the halibut. The weapon entered the spine and rendered the fish powerless, but on account of its size and weight it was only after considerable difficulty that it was got on board. It proved a splendid specimen of the halibut and was in a first-rate condition. In its stomach was found a variety of small fish, which weighed upward of six pounds. It was at once carefully packed and despatched by steamer and rail to the London market.—London Field.

The Paradise of Philatelists.

It may not be generally known that Paris is the great postage stamp market of the world, and that there are more men who gloat over a black Bermuda, or go into ecstasies over a yellow something else, than in any other capital. There is a regular Bourse held every Thursday and Sunday in a corner of the Champs Elysees, where hundreds of men, women and boys congregate with their packages of stamps for sale and exchange. There is almost as big a gabble of tongues going on there as at the regular Bourse, and so great has the throng become that the authorities contemplate roofing in that particular part. It is said that thousands of francs change hands there every market day.
