MARKET REVIEW AND FORECAST

Toronto, Monday, September 4.—Trade in wholesale circles has been a little quiet this last week, but the volume of business compares favorably with other years. The interest of all centres on the crop reports that are coming in. The reports of damage by frost to the western wheat crop that were common a week ago have been greatly exaggerated. Reports of the fruit crop throughout Canada show a short crop in Ontario, a record crop in the Annapolis Valley and fair to good crops in British Columbia. On the whole potatoes will be a short crop. The make of cheese and butter is shorter than last year, but the increased prices will enable the farmer to make almost as much out of his cows.

A resume of the week's operations shows strong advances in wheat, coarse grains and dairy produce. The cattle market has been weakened by large shipments of rough cattle. Hogs are lower.

WHEAT

Wheat has reached a new record height. Uneasiness regarding the western wheat crop accounts to a large extent for the strong market for hard wheat. The Agricultural Department of Saskatchewan reports that 10 per cent. of the wheat is harvested and that only a small area is frosted. In Manitoba the harvest is almost completed. It would seem, therefore, that the market has been unduly strong on the slight danger there is of further injury. No. 1 Northern is quoted at $1.06 1-2; No. 2, $1.05 3-4; No. 3, $1.03 1-2. There is little doing in Ontario wheat. No. 2 winter wheat is quoted nominally at 83c to 84c outside; new wheat, 82c to 83c.

COARSE GRAINS

Canadian dealers will have to pay the price if they are going to get the grain out of the farmer's hands. With prospects good for free entry to the United States in the near future farmers everywhere are holding on to their grain. There have been strong advances in oats, corn and barley, and there will have to be further advances yet before trade will become active. Quotations are as follows: Oats, Canada Western No. 2, 43c; No. 3, 42 1-2c; Ontario No. 2, 39c to 40c outside and 42c to 43c on track here; corn, 67 1-4c; peas, 87c to 88c; rye, 70c to 72c; barley, malting, 67c to 70c; feed, 56c to 58c, and buckwheat, 50c to 52c.

Few changes are reported at Montreal. Oats are in stronger demand, and prices have advanced slightly. Quotations are as follows: Oats, Canada Western No. 2, 44 1-4c to 44 1-2c; No. 3, 43 1-4c to 43 1-2c; corn, 70 1-2c; barley, malting, 74c to 75c; peas, $1 to $1.20, and buckwheat, 54c to 55c.

HAY AND STRAW

Good hay is in large demand in Toronto and receipts are taken up readily. No. 1 timothy is selling retail at $18 to $20 a ton; clover, mixed, $10 to $13, and straw, bundled, $15 to $16. At Montreal, as last week, English and United States buyers are keeping the market firm. Nominal prices are No. 1 hay, $18 to $18.50; No. 2, $16 to $17; No. 3, $9 to $9.50.

FRUITS AND VEGETABLES

Quotations are as follows: Peaches, best, 85c to $1.25, ordinary, 45c to 70c; potatoes, $1.50 to $1.65 a bag; cauliflower, doz., $1.50; cabbages, crate, $2.25; cucumbers, 15c to 20c; wax beans, bkt., 25c to 35c; tomatoes, 11 qt. bkt., 30c to 40c; thimbleberries, 9c to 10c; plums, 11 qt. bkt., 40c to 60c; apples, bkt., 30c to 40c; pears, 11 qt. bkt., 35c to 70c; corn on cob, doz., 6c to 8c; and grapes, 6 qt. bkt., 25c to 40c.

HIDES

Latest quotations for city hides are: No. 1 inspected steers and cows, 12 1-2c; No. 2, 11 1-2c; No. 3, 10 1-2c; city calf skins 15c. The prices being paid for country stock are: Hides cured, 11 1-2c to 12c; green, 10 1-2c; lambs and pelts, 35c to 50c; horse hides, No. 1, $3; calf skins, 13c to 14c.

HONEY

Wholesalers are selling buckwheat at 6c to 7c a lb. in tins, and 5 3-4c in bbls., while strained clover honey is 10c a lb. in 60-lb. tins; 5 to 10 lbs., 11c. No. 1 comb honey is quoted at $2 to $2.25 a doz.

EGGS AND POULTRY

The demand for eggs this past week has been active, and receipts have been readily handled. Dealers are offering for strictly new laid 22c to 23c and for fresh gathered 19c to 20c. On the Farmers' Market new laid eggs are quoted at 27c to 30c. At Montreal the egg market is active, due to the high prices demanded for meat. Dealers are paying 18c to 19c at country points. No. 1 stock is commanding 26c and selected 24c.

Quotations here for dressed poultry are: Chickens 16c to 18c; fowl, 14c to 15c; ducks, 12c to 14c. On the Farmers' Market chickens are quoted at 16c to 20c; ducks, 14c to 18c, and fowl, 12c to 14c.

DAIRY PRODUCE

Butter and cheese have both advanced a fraction of a cent this past week. Receipts are falling off and demand is particularly brisk. Creamery prints are quoted at 25c to 26c; solids, 23c to 24c; dairy prints, 20c to 22c; and inferior, 15c to 16c. Cheese is quoted at 14 1-4c for twins and 14c for large.

HORSES

Choice heavy draughters are quoted at $200 to $275; fair, $175 to $225; medium weight horses $160 to $200. Good agricultural horses brine $150 to $225; fair, $100 to $150; express horses, $165 to $210; drivers, $140 to $240, and saddlers, $140 to $270.

LIVE STOCK

Prices for prime cattle are unchanged from a week ago, but for the poorer classes of butcher cattle prices are off 15c. The strong market last week induced large shipments of rough and ill-finished butcher cattle, which did not meet with a good demand.

A week ago to-day the market opened strongly, the best in export lines selling up to $6.45 and the best butcher steers at $6.15. Due to the large crowds in the city the local demand was strong, and fairly large receipts were cleared up at an early hour. On Tuesday the rough stuff commenced to arrive, and a draggy market resulted right away. Low grade cattle have had a deadening influence on trade right up to the present time. Quotations are as follows: Export cattle, choice, $6.10 to $6.30; medium, $5.75 to $6; bulls, $4.74 to $5.25; butcher cattle, choice, $5.75 to $6; common to medium, $4.75 to $5.70; butcher cows, choice, $4.75 to $5.25; common to medium, $3.50 to $4.70; canners, $1.50 to $2.50; bulls, $3.50 to $5; feeding steers, $5.25 to $5.50; and stockers, $4 to $4.75.

Choice milk cows are quoted at $60 to $70; common to medium, $25 to $50; and springers, $75 to $50.

The sheep market is firmer, due to lighter receipts. Heavy ewes are quoted at $2.50 to $3.25; light ewes, $3.50 to $4; lambs, $5.75 to $6.75; and bucks and culls, $3 to $3.25. Calves are quoted at $3.50 to $7.75.

The easy feeling noticeable in hogs a week ago has resulted in a decline in
