A CHEAP MEDICINE.

IS ONE THAT WILL PROMPTLY AND EFFECTIVELY CURE.

Mr John Hitch, of Ridgetown, Tells How He Had Spent Dollar Upon Dollar in Vain Before Finding the Medicine That Cured Him.

From the Standard, Ridgetown.

People who read from week to week of the marvellous cures effected by the use of Dr. Williams' Pink Pills little think that right in their midst exist many who have been relieved from pain and suffering by the use of these wonderful little pills after having suffered untold agonies for months.

Mr John Hitch, a man well and favorably known throughout the county, was ever ready when opportunity offered to speak a word in praise of these pills and was never tired of recommending them to his friends. A representative of the Standard, anxious to know of the cause of Mr Hitch's recommendation, called upon him at his home recently and upon telling that gentleman the object of his visit Mr Hitch consented to an interview. The story in his own words is as follows:—"In the winter of 1891 I was taken with a severe attack of la grippe, from which I was confined to the house for some time. This was followed by severe pains and swellings of my lower limbs. I consulted a physician and he told me it was acute rheumatism. I continued under his care for about two months. I was unable to stand alone, but sometimes when I got started I was able to make a few steps unaided. The trouble was principally in my feet and clung to me all summer long. I tried almost everything that friends suggested, hoping to gain relief, but neither medicine taken inwardly nor liniments applied externally gave me any relief. The pain was very great, and I was only too ready to try anything suggested. I spent dollars upon dollars in doctor's medicine, but all to no purpose. The last week I was attended by a physician it cost me five dollars, and having about that time read in the newspapers of the work accomplished by Dr. Williams' Pink Pills, I concluded it was certainly worth the experiment and accordingly purchased a box from a local druggist and commenced their use, discontinuing the doctor's medicine. This was in June or July 1892. After I had taken the first box of the pills I could feel some change and after taking seven boxes I noticed a great improvement. I continued taking them until I had used thirteen boxes when I must say I felt as well as I ever did in my life. Some of my customers who came into my yard would ask me what I was doing that I was looking so well (knowing the sick spell I had undergone) and I would always tell them that Dr. Williams' Pink Pills had wrought the change. They are the cheapest medicine I ever bought," said Mr Hitch, "and if I had what I spent in other medicines I could sit at ease this winter. During the interview Mrs Hitch was an occupant of the room and she heartily concurred in what her husband said, and stated that for one other member of the family the pills had been used with success in a case of severe nervousness. Mr Hitch at the time he was seen by the reporter appeared in excellent health. He is 56 years of age and a man who had always been used to hard work. He was born in Cambridgeshire, England, and came to this country 27 years ago. Before locating in Ridgetown he conducted a brick and tile yard at Longwood's Road, Middlesex county He has been carrying on a successful business in Ridgetown for the past ten years.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for $2 50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Domestic Felicity.

Maintained in Families where Diamond Dyes are Used.

The happiest, best regulated and most economical families in the Dominion are regular users of the world-famous Diamond Dyes. Domestic felicity is ever maintained, because the Diamond Dyes are true and unfailing in work, and money is saved by their use. No other Dyes can boast of such strong words of praise from users.

Mrs T. Lavin, Newark, Ont., says: "Have used many other makes of dyes, but find the Diamond Dyes ahead of all, as they give the best and fastest colors."

Mrs Silas Daury, Mahone Bay, N. S., says: "Your Diamond Dyes give me entire satisfaction. I have used other makes, but have settled on the good, old and reliable Diamond Dyes."

Mrs Joseph Weir, Sutton Junction, P. Q., says: "Have used Diamond Dyes for the past ten years, and they have given me great satisfaction; I can recommend them to all as the best."

Mrs G. A. Tory, Red Deer, N. W. T., says: "I have given your Diamond Dyes a fair trial and find them excellent; failure is impossible if the directions are followed."

Miss Gussie Crawford, Kingston, N. B., says: "Have just dyed an old skirt a beautiful Seal Brown with your Diamond Dyes, and am much pleased with result. I make my Black Ink from your Slate Diamond Dye, and it is the only kind of ink I have used for years, and I do a great deal of writing."

Mrs John Leslie, Port Colborne, Ont., says: "I have used Diamond Dyes in all the colors, and I can safely say they do all you claim for them."

Mr Boarder—"Mrs Caterer, let me tell you that if you want to be up to the times you'll have to get a sideboard."

Mrs Caterer—"And let me tell you, Mr Boarder, that if you ain't more up to time in your payments you'll have to get outside board."

Flower Mission.

DEAR COMRADES:—Springtime is here, and I know every true-hearted flower missioner is anxious to expand her lungs in the fresh, God given air. I know no better way than to lay out a flower mission garden and plant therein seeds for our 9th of June celebration. Every W. C. T. U. woman can devote a little space of her garden for flower mission work and sow seeds that will rejoice the hearts of those who are less fortunate than herself—those who are lying on beds of pain and suffering. Let us christen the flower mission gardens for Miss Jennie Casseday, whose sweet Christian life still pervades and inspires us to greater activity in our beautiful ministry of flowers.

Since I last wrote you, my dear mother has joined the ranks of the redeemed ones above. Her life is ever an inspiration to me, and my heart is doubly sad when I realize that never on earth shall I hear her voice encouraging me in the work I love so well. But I am comforted knowing she is at rest, "Safe in the arms of Jesus." She was always interested in the flower mission work, and the 9th of June found her busy cutting and arranging the beautiful roses that she loved to cultivate in fair California. It is said that the perfume of the rose is its dying breath. I wonder if we, as flower missioners, are giving our perfume of talents, time and opportunities for the service of our dear Master whom we all love to serve!

We have a dear W. C. T. U. woman in California, who has dedicated an orange tree to the flower mission work. All of the proceeds of the fruit is turned over to the local superintendent of flower missions to purchase ribbons and text cards for local work. This is a suggestion for those who are inquiring how they can provide a way to make money to carry on their work. I would also suggest to the same inquirers to set apart a hen and her chickens, if you live on a ranch. You will be surprised to note how quickly they will multiply.

In arranging our flower beds let us remember that it is the old-fashioned flower that is most highly prized by the "shut in" ones. It is the fragrance of the mignonette, gillyflower, daisy, sweet william, phlox, violet, verbena, and nasturtium that calls to mind the home and dear ones, and brings to the memory scenes of departed days when life was all sunshine and joy. After our flower beds are attended to, let us interest those who are not members of the W. C. T. U., in our mission. Have certain days set apart for cut flowers, and invite the "outsiders" to add to our contributions telling them of the sick ones we are about to visit, and explain how the Scripture text acts like a genuine little sermon on the weary and discouraged ones of our Lord's people on earth.

We can also have a bed of flowers such as chrysanthemums, dahlias, asters, etc., to use in our fall work; and be sure to lay in a large supply of potted plants for the winter work. In my experience I have found that potted plants are the most acceptable gift. The sick one loves to watch the buds open. Do not omit from your bed the sunflower, which is said to represent the source of all life. And, dear fellow-workers, let us earnestly ask and pray the dear Father that we may be richly endowed with the life that comes only through one source—service for our dear Master.

Lovingly yours,
ALICE L. SUDDUTH, Natl. Supt.

What is Your Religion Worth?

A gentleman was travelling from Cambridge to New York, and as a true servant of the Lord Jesus, he sought ever to be about his divine Master's business. Ere he started, he furnished himself with a pocketful of tracts; and as the train glided out of the Cambridge station, he began to hand them around. One of the passengers refused; and taking a race card out of his pocket, he held it up, saying:

"You see, this. That's my religion."

"It is, my friend!"

"Yes," he replied.

"I suppose you have a good many of those cards?"

"O, yes; I have them pinned all over my mantelpiece."

"Well, then, go and collect as many more as you can; pin them all around your room; and when the doctor tells you that you have only ten minutes to live, take them all down, count them over and see what your religion is worth."

They sat quiet; the one in silent prayer, and the other in anxious thought. When the gentleman opened the door to alight, the man said, "I say you can give me one of those papers if you will." The tract was immediately given; but the result is known to him who will not let His Word return void, but will make it accomplish His purposes.—*The Ram's Horn.*
