PARADISE.

Service on Sunday, Oct. 5th, will be at 11 a. m.

The 28th inst. was "temperance Sunday," in honor of the sixtieth anniversary of the organization of the Sons of Temperance. A temperance service was held in the Baptist church in the evening, the members of Regina Division being present in regalia. An appropriate address was delivered by Pastor Steeves. In the course of his address he stated that while the revenue from the liquor traffic accruing to Dominion, provincial and municipal governments is $11,000,000, the actual cost of the traffic to the country in wasted capital, raw material and labor is $151,000,000.

Mr. Wm. H. Longley, who attended the camp at Sussex, returned home on Friday last, after a week's visit among college friends in New Brunswick. He also made a short visit in Middleton.

Messrs. Mitchell, Woodman, Hubbard and Sawyer, of Sterling, Mass., are at the hotel for a week's outing.

Milton Elliott returned to Boston on Saturday last. He was accompanied by his mother, Mrs. J. O. Elliott.

Miss Wilkinson, of P. E. Island, has been visiting her cousin, Mrs. Joseph Longley.

Mr. and Mrs. G. Pratt of Wolfville, have been here visiting friends.

The members of Regina Division were treated to ice cream at their last meeting, by Mrs. E. Burke and Mrs. Clarence Durling.

Mr. and Mrs. G. C. Covert are receiving congratulations. It is a boy.

HAMPTON.

With feelings of sorrow we have to record the death of Miss Laura Foster, which occurred on Sept. 25th, at the home of her parents. Her kind and genial disposition won the esteem of all her friends and acquaintances. In her home, the church, the division, she was ever ready and willing to fill any place or office where her services would be useful. She occupied the chair in Ffinshlight Division, filling the office with good ability. As teacher in the Sunday school she won the hearts of her scholars.

She was buried on Sunday last. A very large procession accompanied the remains to the grave. The Sunday school classes, led by their teachers, headed the procession; then came the Division, about fifty in number, and next her immediate relatives, besides a very large number of outside friends. The procession was the longest ever seen in Hampton. The Sons of Temperance burial service was read at the grave by our pastor. Mr. John Titus acted as marshall for the school and Division, performing his duties with good ability. While her parents and friends mourn her departure, it is a happy thought to know that she was ready and willing to depart.

CENTREVILLE.

Mr. and Mrs. W. Brooks of Lynn, spent a few days of last week at the home of Mr. Brooks' parents.

Mr. Major Messenger and Mr. Riley Brooks left here on Saturday for Lynn on a short visit.

EXCURSION RATES TO ST. JOHN.

The grand Autumn Carnival at St. John, N. B., to be held there from 8th to 14th October, promises a week of sport which will revive the most brilliant traditions of that locality. The sporting instinct, though somewhat latent of recent years, only awaits an opportunity for reassertion, and this opportunity is offered by the cheap fares which have been arranged from all maritime province points. Return tickets at single fare will be issued on 8th, 9th and 10th October. These will be good to return up to and including the 14th October. On Saturday, 11th, there will be a special cheap rate from the following points, and tickets will be good to return up to and including the 14th October:

Yarmouth and return	$3.30
Weymouth	3.15
Digby	1.50
Bear River	1.70
Annapolis	2.00
Bridgetown	2.50

—Mrs. Goucher, wife of Rev. J. E. Goucher, retired Baptist minister, residing at Digby, died at her home there on the 23rd inst. The deceased was born in Annapolis county 67 years ago. She leaves besides a husband, two sons, Rev. W. C. Goucher of St. Stephen, N. B., and J. H. of Kentville N. S.; one daughter, Mrs. Roy Williams, of Yarmouth. One sister, Mrs. Enoch Gates resides at Middleton.

—The promised revival of work at the Londonderry Mines means a good deal to the people in this part of the province, as when the works were operated there previous to 1896, much of the iron ore used was obtained from Torbrook Mines.

BRIDGETOWN OF TO-DAY.

(Continued from first page.)

L. D. SHAFNER.

Mr. L. D. Shafner, Mayor of Bridgetown, a well-known business man and successful shipbuilder, is a native of Granville Ferry. He located in Bridgetown about the year 1882, and has been identified with several successful enterprises. For the past twelve years he has devoted much of his time to shipbuilding, and up to date has built eleven vessels at his yard. He is at present building a tern schooner of 400 tons, which, it is expected, will be launched on Wednesday, Oct. 15th. She is of 130 foot keel, 32 foot beam, and 32 feet wide, will be coppered on the stocks, and will cost when completed, about $22,000. Her keel was laid last March, and an average of 80 men have been kept busy on her, under Mr. Shafner's personal supervision. Mr. Shafner is a man of wide experience in shipbuilding, and one whose judgment is considered extremely accurate. He has during his residence in Bridgetown, taken an active interest in all things calculated for the benefit of the town, and is the owner of one of the best built business blocks on Queen St. He has been a member of the town council since the town was incorporated in 1897, was elected Mayor two years ago, and has executed the duties of that office with his characteristic sagacity and foresight. He is a genial man to meet in business relations, and, as the writer was told a few days ago, "is a gentleman whose acquaintance it is desirable to cultivate."

BEELER & PETERS.

Entering as barrels now do, into almost every department of mercantile life, the branch of business devoted to the manufacture of these useful and indispensable articles has grown to an extensive and important industry. The largest manufacturers of barrels and staves in the Annapolis Valley, is the firm whose caption heads this brief sketch—Messrs. Beeler & Peters. Mr. A. Beeler is a native of Clementsvale, this county, and began the manufacture of barrels there on a small scale about twelve years ago. Mr. J. W. Peters, who is a native of St. John, N. B., formerly conducted a cooperage at Carleton, N. B., and was a large purchaser of staves from Mr. Beeler. In August 1900, a partnership was formed, and in order to meet the demands of a steadily increasing trade, Messrs. Beeler & Peters bought the land, buildings and machinery of the firm of Curry Bros. & Bent, of Bridgetown, and transferred their machinery from their factory at Clementsvale to their Bridgetown mill, and to-day they are better equipped than ever to meet the demands of their large and ever-increasing business. They now occupy about 3½ acres of land, and have at hand every facility for turning out a very superior article. Their mill is equipped with power and all necessary machinery, and an average of 30 men and boys are kept busy in all departments. Messrs. Beeler & Peters manufacture all kinds of barrels (apple barrels a specialty) fish tubs and drums, staves, headings and lumber, and now cut on an average 1,000,000 feet of logs for staves, heads and hoops alone, with the business steadily increasing. They are now working on an order for Messrs. Collis, Whitman & Co., of Halifax, for whom they are making from 12,000 to 14,000 fish tubs this year. They also do all kinds of sawing and planing for the trade, and whether it be stock or work, the facilities at their command are such as to enable them to meet the closest competition and to turn out all orders promptly and at short notice. Messrs. A. Beeler and J. W. Peters give their personal attention to all branches of their business. They are shrewd, sensible business men, and their establishment has been a prominent factor in the growth and development of the place.

EMPIRE LINIMENT MANUFACTURING CO.

"Time proves worth." The truth of this saying has been most emphatically exemplified in the career of the celebrated Empire Liniment, manufactured and sold by the Empire Liniment Manufacturing Co., of Bridgetown, N. S. For fifteen years it has been before the public, steadily growing in popular favor, proving its worth and extending its influence as the years rolled by, until today it is in great demand and widely sold in preference to all other liniments throughout the maritime provinces where it is best known, and is rapidly taking the place of oth?r liniments in all other places where it has been introduced; shipments having been made to the Bermuda Islands, Barbadoes and Dutch West Indies. Empire Liniment is prepared only by the Empire Liniment Co., of Bridgetown, N. S., and is patented in both the Dominion of Canada and the United States. It is invaluable for a variety of ailments, and for fifteen years has been recognized as the most powerful, penetrating, pain relieving remedy known. It is both an internal and external remedy, is equally good for man or beast, and has the preference whenever and wherever used. Empire Liniment cures rheumatism, diphtheria, toothache, headache, neuralgia, quinsy, sore throat, croup, hoarseness, pains in the chest, side or back, stiffness in the joints, cramps or colic pains, felon, itch, salt rheum, pimples, frost bite, ringworm, numbness of the limbs, chilblains, cuts, bruises, burns, chapped hands, erysipelas, scurvy, scalds, sprains and strains, bites and stings of insects, pneumonia, asthma, bronchitis, inflammation of the bowels or lungs, in fact all pain whether internal or external, and is a wonderful hair restorer. Empire Liniment is sold by all first-class druggists, or can be obtained direct from the laboratory by addressing F. M. Nelson, care of Empire Liniment Manufacturing Co., Bridgetown, N. S. Mr. Nelson solicits correspondence and gives advice free of charge, and the thousands of testimonials received by him from persons who have used Empire Liniment, right here in your own neighborhood, is ample proof of its merits. To those who require a powerful liniment we cheerfully recommend this remedy, knowing it to be superior to any other on the market today.

O. F. RUFFEE.

As a general thing it is very difficult for even those well informed to choose a piano or organ, for no one "make" monopolizes all the virtues, and yet the productions of some manufacturers have many points of superiority over others. The question of price is also of prime importance, so that the problem which confronts the would-be purchaser is: "Where can I get a high grade instrument for the least amount of money." The answer is in a nutshell: "Go to a responsible and reliable dealer." In this connection Mr. O. F. Ruffee deserves prominent mention. Mr. Ruffee carries in stock in his warerooms in the Murdoch block, the best makes of pianos and organs; instruments that for tone, touch, singing qualities, finish, durability and workmanship have no superior on the market, and that have been thoroughly tried and tested. Pianos and organs are sold, exchanged and rented, and satisfaction is guaranteed in all cases. Mr. Ruffee is also a dealer in sewing machines, and can offer inducements in this line. Mr. Ruffee was born in Bridgetown, and is one of our best known citizens. He has been engaged in the piano and organ business since last June, and has met with gratifying success. Concluding we can but say that if any of our readers contemplate the purchase of a piano, organ or sewing machine, they would do well to communicate with O. F. Ruffee. He has every inducement to offer.

THE ST. JAMES HOTEL.

There is no feature so well calculated to give a stranger a favorable impression of a town as the presence of first-class hotel accommodations. Bridgetown is not behind the times in this respect and a few words concerning the St. James Hotel, as conducted by Mr. N. R. Neily, cannot but prove of interest to many of our readers. Occupying a splendid position in the heart of the town, convenient to the business centre and railroad depot, it presents many attractions to the ordinary visitor, as well as to the business man whose time is limited and who seeks a central situation for his temporary abiding place. The St. James is a new hotel and was opened to the public about August 1st. It has 16 guest's rooms both single and en suite, newly furnished and kept scrupulously clean and contains all that can be devised for the comfort of guests, including electric lights and bells sanitary plumbing, hot and cold water baths etc. The dining room is a large airy room, the tables of which are laid with white linen and bright silver, while that which is served thereon is of the best quality, cooked and served in a most appetizing manner. The office, parlor, sample room, reading and writing room and dining room are all on the first floor, and one of the most noticeable features of the house is the neatness displayed. There is also a first-class livery connected. Mr. Neily is a wide-awake and accommodating host and is ever on the lookout to further his guests' interests, to lodge them well, feed them well and treat them well in every respect, and the facilities at his command are such as to enable him to make satisfactory rates. He enjoys a wide acquaintance and many friends and we predict for him the success he so richly deserves.

B. M. WILLIAMS.

A first-class market is not only a great convenience but an absolute necessity in any locality, and no better establishment can be found in Bridgetown or vicinity than that conducted by Mr. B. M. Williams, whose headquarters are located on Queen St. The premises occupied are equipped with large refrigerators and are conveniently arranged, the front part being devoted to the display of groceries and confectionery, the rear being fitted up as a meat market. All the best grades of prime beef, veal, lamb, mutton, pork, poultry and game in season, are carried, as well as fresh and salt fish, etc. Mr. Williams gives his personal attention to all branches of his business. He exercises every care in selecting his stock, guarantees everything leaving his establishment to be fresh and of the best quality, while at the same time his prices will be found to compare favorably with those of any similar establishment in Bridgetown or vicinity. All orders are carefully filled and delivered, and a prompt and satisfactory service is rendered at all times. Mr. B. M. Williams is a native of Bridgetown, and began business here six years ago. He is a straightforward business man, has a large amount of hustle in his composition, and is well liked by his associates.

N. M. SMITH.

There are many people in Bridgetown and vicinity who contemplating having their pictures taken, think it is absolutely necessary to go to the large cities to get a first-class portrait. This however is a great mistake, as a visit to the studio of Mr. N. M. Smith, located on Queen St., will at once show. Mr. Smith is an artist of more than ordinary ability, and has been established in business here since May 1901. From the first he has demonstrated that he is an artist in every sense of the word, and has acquired an enviable reputation for superior workmanship, doing his work promptly, carefully and satisfactorily. All kinds of artistic photography are executed and all orders are given immediate and careful attention. Mr. Smith is an artist quick to discern possibilities in posing and shows good judgment in this respect. His pictures are conceded to be harmonious in composition, beautiful in finish and truthful in their outline. If you want a picture true to nature, go to Smith. Mr. Smith personally is agreeable in manner, a conscientious business man, and is held in high regard by his many friends and patrons.

Annapolis, Aug. 25, 1902.

Mr. Nelson,

Dear Sir,—The bottle of Empire Liniment which I got from you on the 15th inst. I soon had occasion to try its virtues. The same evening in walking across the railway bridge at Tupperville I sprained my ankle. On my return home to Annapolis I freely applied Empire Liniment, and to my great surprise a few applications put me on my feet again, and by Monday I felt no inconvenience from the injury. Certainly I consider it far in advance of the next best. Empire Liniment only needs to be tried to prove its merits.

Make whatever use of this you please.

Truly yours,

J. H. CROWE,

Teacher in Annapolis Academy.

THE Restaurant Question ... AND ... Answer.

Where is the place to get good fare,
Where you'll get used nearly square,
And all their goodies are so rare,
And with you the profit they'll share?
At Kendall's Restaurant and Bakery

A lunch or meal at a small price,
And they'll get it ready in a trice,
And the general verdict is "that's nice!"
With delicious cream and drinks on ice,
At Kendall's Restaurant and Bakery

Where is the place they make such bread?
The best in town, so I've heard said,
'Bout fried cakes and cookies no doubt you've read,
Now all these you can put in your head,
At Kendall's Restaurant and Bakery

Court St., Bridgetown.
