Family Matters.

Vegetable Oysters.—Few people know that vegetable oysters, when properly cooked, make a dish scarcely inferior to the bivalves. The only thing necessary is, to salt them with codfish, either picked fine, or leave it in larger pieces, if one prefers to remove the fish before serving, and season to taste. I hope that those curalists who do not get as many oysters as they would like, will remember to order seeds, and next fall try my directions. We leave some in the ground each winter for spring use.

Use for a Steamer.—A loaf of dry bread can be made almost as good as new, by steaming it until a table-fork will easily pierce to its center.

Incrustation on Tea-Kettles.—Keeping one or two oyster or quarry shells in a tea kettle, almost entirely prevents its becoming incrusted. If a kettle is badly coated, it will nearly all scale off, by drying, and slowly heating it on the back of the stove. It must be turned from side to side as it cleaves off.

Scotch Broth.—Take four pounds of mutton—part of the leg is best—add one gallon of water, one teacupful of pearl barley, two carrots, sliced, two turnips, sliced, two onions, cut small, three carrots, grated, the white part of a large cabbage, chopped very small, and a small quantity of parsley. Season with pepper and salt. Let this boil very gently for three hours and a half, and at the dinner-table it will most likely, by all who are fond of soups, be pronounced excellent.

London Commercial College
—AND—
NATIONAL TRAINING SCHOOL.

We respectfully beg to announce to the citizens of London and the public generally, that we are about to establish in connection with the above-named Institution, a National Training School, the design of which is to prepare students for teaching, for entrance into the Normal and High Schools, and for matriculation in Arts, Law and Medicine.

The Training School will be open for the reception of students on Monday, January 3rd, 1876.

Terms (Payable in Advance).

For the COMMERCIAL COURSE, time unlimited, $36.

TEACHER'S COURSE—For subjects required for 3rd class certificates, and for entrance into the Normal and High Schools, $12 per term of 10 weeks.

For subjects required for 2nd and 1st class teachers, $15 per term.

CLASSICAL COURSE—For subjects required for matriculating in Arts, Law and Medicine, $18 per term. Music, Drawing, Painting, French and German; extra students are admitted to each course at any time.

The College building is situated on Wellington street, south of the railway. Rooms have been recently enlarged, and it is now capable of accommodating 300 students.

Those intending to enter the Training School will find it to their advantage to do so on Jan. 3rd or 4th, at the beginning of the winter term.

The Faculty of this Institution being composed of teachers of extensive experience and acknowledged success in the profession, the proprietors are confident that they are now prepared to offer a course of instruction in the several departments, unsurpassed by any similar institution in Canada.

The PENMANSHIP DEPARTMENT will still be under the direct supervision of Prof. Stilwell, universally acknowledged to be one of the most successful teachers of the art of writing ever resident with this or any other institution in this country; and will be free to the students of all the different departments.

The first prize in penmanship was awarded this institution at the Western Fair in this city in 1875.

Good board can be obtained in private families convenient to the College for $2.50 to $3.00 per week. Lady students furnished with suitable boarding places by applying to the proprietors. Books and Stationery can be purchased at the College at reasonable rates.

The Hon. Pulpher Peargreen, of the Georgia Legislature, rose in his seat the other day and asked a member the meaning of the word geology. The member told him it was a species of vaccination.

War and Commerce.—It is urged by some that English trade has gained largely by the Franco-German war, and that she has been serving both belligerents to the great advantage of her commercial interest; but official statements prove that such has not been the case. But it is true that the sales of the "Canadian Pain Destroyer" are rapidly increasing, and gaining the confidence of the public, for curing coughs, colds, rheumatism, neuralgia, summer complaints, &c. For sale by all Druggists and country dealers. Price 25 cents per bottle.

Read This Twice.—Five to thirty drops of Thomas' Eclectric Oil, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years standing, recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, a thing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the Muscles it is unequaled. In rheumatic or any other pain the first application does you good. It stops Ear Aches and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. It is worth its weight in gold. Why not buy it to-day?—A. H. Dee Roberts, assistant postmaster, Arthurstown, P. Q., writes:—"Thirteen years ago I was seized by a violent attack of Rheumatism in the head, from which I have nearly constantly suffered. After having used "Thomas' Eclectric Oil" for nine days, bathing the forehead, I have been completely cured and have only used half a bottle. The I can certify under oath if you wish."—Rev. J. Mallory, Wyoming, N. Y. writes: "Dr. Thomas Eclectric Oil cured me of Bronchitis in one week. Dozens all over the country say, "We have never sold a medicine that has given such complete satisfaction as this."
Sold by all medicine dealers. Price 25 cts.

Having suffered for several years from Dyspepsia, resulting in great nervous prostration and general debility, impoverished blood, Eruption of the skin, Rheumatic Neuralgic Pains, Dizziness, want of sleep and extreme lassitude, I was recommended to take Dr. Whoele's Compound Elixir of Phosphates and Calisaya. Having persisted in its use for several weeks I recovered perfect health. My wife, and children also have taken it, for general Tonic purposes to invigorate and strengthen the system and promote the formation of pure blood, with permanent benefit. Beware of Counterfeits.

For the protection of the Public of British North America, I deem it my duty to state that my Pills and Ointment are neither manufactured nor sold in any part of the United States.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon. On the label is the address, 533, Oxford Street, London.

This notice has become necessary, in consequence of vile and spurious imitations of 'Holloway's Pills and Ointment,' being fabricated at 78, Maiden Lane, New York, by parties styling themselves 'Holloway & Co.,' with an assumed trade mark, thus—

Unprincipled vendors can obtain this trash at a very low price, and so deceive you by selling the same for my genuine Holloway's Pills and ointment, which are manufactured only at 533 Oxford Street, London.

Persons who may be so deceived will be pleased to communicate with me.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Evans, Mercer & Co., Montreal.
Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.

Chas. I. Davies, Fredericton, N. B.

The medicines are sold at the lowest wholesale prices, in quantities of not less than £20 worth—viz., 8s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please app'y here—

Snipe on Toast.

A wide awake raftsman, who had been living on old bootlegs for three weeks, recently entered a restaurant, feasted for larged bills of fare, but for very small meals, and thought "snipe on toast" would be about what he needed. But we will let him tell his own story, and here it is:

Snipe on the toast would be almost too hearty food to feed people on who had been floating on a raft three weeks feeding on old boot legs.

Says I to the waiter, "Give me snipe on toast."

By-and-by he came and put down some toast, and I kept on reading what a donkey Grant was, and what a ridiculous set every one is who is running for office, and I sat there for an hour. Then I rang the gong. The waiter entered, and says I, "Where in thunder is my meat?"

Says he. 'They've been on the table more than an hour.'

Says I, 'I didn't order plain toast; I want a snipe on it.'

Says he, 'There is a snipe on it.'

Then I threw close up to the table, and I saw a little black speck on the toast.

Says I, "You'll swear that's a snipe?'

Says he, 'Yes.'

Says I, 'You'd make a good linen buyer, you would.'

Says he, 'It's a snipe on toast, anyhow.'

Says I, 'How did it get on?'

Says he, 'That snipe is all right, its a full-sized snipe, too.'

Says I, 'I'm glad of it. I'm glad you told me that's a full-sized snipe; for do you know, young man, when I sat out there reading, I saw a black spot on that toast, but I took it for a fly, and I'm glad to be informed it's a snipe. Now you can take that snipe away and bring me a turkey on toast, I want a full-sized turkey, too.'

I hain't been hankering after snipe since that episode. I could have blown that snipe through a putty-blower without hurting that snipe or putty-blower either. Snipe on toast may be game but it's mean game.
