Farm Fencing is put up in 20, 30 and 40-Rod Rolls only. We do not cut Rolls

28c PER ROD — MEDIUM WEIGHT CLOSE FENCE — 40 INS. HIGH

FREIGHT PAID TO YOUR NEAREST STATION

This is a most serviceable and popular style of farm fencing. It is thoroughly and completely galvanized, and we use a No. 9 wire for top and bottom lines, with a No. 12 wire filling. There are 15 stays to the rod, being only 13 inches apart, making it a close mesh for general use. A durable and tight fence. Sold only in 20, 30 and 40-rod rolls.

71-277. 6 line wires, 40 inches high, spaced from bottom up 7, 7, 8, 9 and 9 inches. Price, freight paid, per rod **28c**

71-278. 10 line wires, 50 inches high, spaced from bottom up 3½, 3¾, 3¾, 4¼, 5, 6, 7, 8 and 8¾ inches. Price, freight paid, per rod **39c**

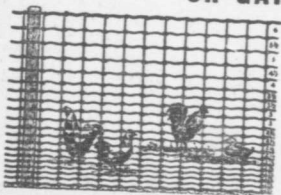
A SPECIALLY CLOSE GENERAL PURPOSE FENCE — 47c PER ROD

GALVANIZED AND PAINTED. FREIGHT PAID.

A medium-weight fence for poultry or general farm use. Is 48 inches high, and has 14 line wires. Top and bottom No. 9, line wires No. 12, stays No. 13. Stays are 6 inches apart, and 25 stays to the rod. Spacings are 2, 2, 2, 2½, 3, 3, 3½, 4, 4½, 5, 6, 7½ and 6 inches. A good strong fence, all thoroughly galvanized, and also painted white. Sold only in bales of 20, 30 and 40 rods.

71-13X. Freight paid. Per rod **47c**

54c PER ROD — HEAVY WEIGHT POULTRY OR GARDEN FENCE — 48 INS. HIGH



A very strong fence for poultry yard, general fencing or garden. It is close enough to keep out chickens, and strong enough to turn an animal. The line wires are spaced close at lower part of fence, and wider towards the top. The upright stays are only 8 ins. apart. Has No. 9 wire top and bottom, with No. 13 filling. Well galvanized. Sold only in 10, 20, 30 and 40-rod rolls.

71-291. 18 line wires. Height 48 inches. Price, per rod, freight paid **54c**

Our medium-weight and high Poultry Fence is similar to the above. It is close and strong. The uprights are only 6 ins. apart. A durable, tight fence. Top wire is No. 11, and bottom wire is No. 12, with 14½ gauge filling. Sold only in 10, 20, 30 and 40-rod rolls.

71-290. 20 line wires. Height 60 inches. Price, per rod, freight paid **56c**

See our Big Spring and Summer Catalogue for money-saving prices on Farm Implements, Wagons, Buggies, Gasoline Engines, Cream Separators, Poultry Goods, Sprayers, etc. This book will be ready for mailing about February 15th.

26c PER ROD — HEAVY FARM FENCE — 42 INS. HIGH

FREIGHT PAID TO YOUR NEAREST STATION

Our No. 9 Farm Fence is an extra heavy and strong fence, made entirely of the best quality wire, and is sold under the EATON guarantee. The knots lock the stays so tightly to the line wires that they cannot slip or spread, and the line wires cannot move up or down. This fence will turn the ugliest and strongest animals.

71-355. 5 line wires, height 42 inches, spaced from bottom up 9, 9, 10 and 10 inches, uprights are 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod 6⅝ lbs. Price, freight paid, per rod **26c**

71-356. 6 line wires, 39 inches high, spaced from bottom up 7, 7, 8, 8 and 9 inches, uprights 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod, 7 1/3 lbs. Price, freight paid, per rod **30c**

71-456. 7 line wires, 40 inches high. Spaced from bottom up 5, 6, 6, 7, 7½ and 8½ inches, uprights are 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod, 8⅝ lbs. Price, freight paid, per rod **34c**

71-357. 7 line wires, 48 inches high, all full gauge No. 9 hard steel wire, fully galvanized. Stays are rigid, and 9 to the rod, being 22 inches apart. Spacings are from bottom up 5, 6, 7, 8, 10 and 11 inches. Weight, per rod, 9 lbs. Price, per rod, freight paid **36c**

71-457. 8 line wires, 41 inches high. Spaced from bottom up 4, 4, 5, 6, 7, 7 and 8 inches, uprights are 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod, 9⅝ lbs. Price, freight paid, per rod **39c**

71-358. 8 line wires, 47 inches high, spaced from bottom up 4, 5, 6, 7, 8, 8 and 9 inches, uprights 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod, 10¼ lbs. Price, freight paid, per rod **42c**

71-360. 9 line wires, 51 inches high, spaced from bottom up 4, 4, 5, 6, 7, 8, 8 and 9 inches, uprights 9 to the rod, 22 inches apart. All full gauge No. 9 hard steel wire, weight, per rod, 11 1/3 lbs. Price, freight paid, per rod **45c**

71-381. 10 line wires, 50 inches high, spaced from bottom up 3½, 3¾, 3¾, 4¼, 5, 6, 7, 8 and 8¾ inches, with uprights 16½ inches apart, 19 to the rod. All full gauge No. 9 hard steel wire, weight, per rod, 12½ lbs. Price, freight paid, per rod **54c**

The wire we use is hard, tough and springy steel. It is completely and properly galvanized. Our heavy fence is all No. 9 full gauge standard wire.

12-FOOT ALL METAL FARM GATE — 4.25

FREIGHT PAID TO YOUR NEAREST STATION

Strong Farm Drive Gate. The frame is heavy metal tube, perfectly welded by electrical process. The corners are very strong, and the filling is No. 9 galvanized wire. The frame is rigidly braced, painted black. Latch and hinges supplied with gate.

71-364. 12-foot Drive Gate, 48 inches high. Price, freight paid **4.25**

The measurement of a Farm Gate is always the space from post to post. For instance, a 12-foot gate, together with latch and hinges, fills a 12-foot space.
