Major General Benson, O. C. No. 6 Division accompanied by Lieutenant-Colonel Guthrie, O. C. New Brunswick command, and Major Jones, G. S. Each kit bag contains a brush and comb, tooth paste and brush, soap, wash cloth, pipe, tobacco, cigarettes, handkerchief, toilet paper, writing paper and envelopes, and a towel. Besides these a shirt, a pair of socks and a magazine were added to the kit bags sent to St. John this week.

The President of the Women's Canadian Club, Mrs. Fred Andrews, on behalf of all the members of the Club, wishes to convey a hearty vote of thanks to Miss Ida Graham for arranging the production of "All-of-a-Sudden Peggy," by means of which play $74 were raised, in the name of the Club, for the Soldiers' Field Comforts Association.

On Sunday afternoon Greenock Church was filled by a large congregation gathered to pay tribute to the memory of Pte. Charles McQuoid, the first St. Andrews born boy who had "poured out the red sweet wine of youth" and "Proud, then, clear-eyed and laughing" went" to greet Death as a friend." Three clergymen, Rev. R. W. Weddall, Rev. W. M. Fraser, Rev. William Amos conducted the service. Mr. Fraser led in prayer and Mr. Weddall and Mr. Amos paid tribute to "the rich Dead." A male quartet from St. Stephen rendered two beautiful selections, and the choir of Greenock sang "Jerusalem, the Golden" and "Now the Laborer's task is o'er." The service concluded with the National Anthem and "The Last Post." The town council with the local M.P., attended in a body, and many of the leading citizens were present. The band and a picked company of soldiers from the 4th Pioneer Battalion, under Lieuts. Solloway, Plumindon and Wadling paraded to the service. Many other officers and soldiers, although unacquainted with the young hero, were there to pay their tribute of respect for one who had given up "the years to be of work and joy." Beautiful floral tributes were presented by Miss Van Horne, Mrs. R. D. Forgan, Mrs. Albert Shaw, Mrs. Chas. F. Smith, Mrs. Wright McLaren, Miss Louisa Clark, Miss Keay, Mrs. Chas. R. Hosmer, "Ross Mount," the Women's Canadian Club and the Red Cross Society.

St. Andrews was in gala dress on Thursday for the presentaion of the colors to the 4th Overseas Pioneer Battalion. All day long people wend their way to the camp ground. By afternoon all of St. Andrews was there, for the Mayor had proclaimed a public holiday and all places of business were closed. At two o'clock the service of presentation commenced, conducted by the Rev. William Fraser, pastor of Greenock Church. The colors were given by Mrs. Low, wife of Lieut. Col. Low, of Ottawa. Very impressive was the march past. Col. Low took the salute When the battalion was dismissed the rest of the programme of sports that had started in the morning wrs carried out. At the end of the afternoon the prizes were presented by Mrs. Weatherbe, wife of the commanding officer.

In the evening a concert given by the battalion, was held in Andraeleo Hall. The programme was a splendid one, and thoroughly enjoyed by the appreciative audience, that crowded the house to its full capacity. The chief feature of the evening was the dancing by Miss Winnifred Tait and Mr. Carroll-Lottimer. It was a great delight to a St. Andrews audience to hear Mr. Percy Paul Leveen again. His selections were so greatly varied that they displayed to good advantage his skill and technique. At the close of the entertainment it was announced that midnight passes would be granted to all the men present. After the entertainment a dance which lasted until morning, was held. The people of St. Andrews appreciate the enjoyable day given them by the battalion.

VALUE OF FRESH AIR

One of the chief essen tials to good health is a consiant supply of pure and wholesome air. This is as necessary in the home as in the office or factory. The open window, the outside sleeping balcony and living in the open air, all tend to strengthen the constitution and build up the nervous system. For this reason too much attention cannot be paid to the ventilation of buildings. A supply of pure, fresh air pays, from a monetary standpoint. Roughly speaking, an increase in production of ten per cent is not unusual in the average office, shop or warehouse, following the installation of a ventilating system. Fresh air, therefore, properly circulated, is an essential factor even in successful factory management.—*Conservation.*

Minard's Liniment Cures Distemper

CARD OF THANKS

Mr. and Mrs. W. J. McQuoid desire to extend their heartfelt thanks to all their friends for the kindness and symapthy shown them and their family in their sorrow and bereavement. Also to thank the Town officials, the officers and members of the Militia, the clergy, church choirs, the male quartette and all others who so kindly and so well assited in the in the memorial service in Greenock Church on Saabbath last, also to all those who contributed so generously of flowers, or otherwise, to make the service the impressive event it was.

This is to certify that fourteen years ago I got the cords of my left wrist nearly severed, and was for about nine months that I had no use of my hand, and tried other Liniments, also doctors, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used one bottle which completely cured me, and have been using MINARD'S LINIMENT in my family ever since and find it the same as when I first used it, and would never be without it.
