AMERICAN LABORITES URGE ANTI-WAR STRIKE

[Canadian Press.]

New York, April 17.—Resolutions urging President Wilson to call an international congress of neutral nations with a view to ending the war, adopted last night by the Central Federated Union here, were forwarded to Washington today. The resolutions suggested that the war might be stopped by neutral nations, if they placed an embargo on the shipment of munitions of war and foodstuffs to the belligerents.

The meeting adopted a suggestion that the American Federation of Labor be asked to co-operate in the demand for the calling of the congress. Officers of the union said that, despite the opposition o. Samuel Gompers, delegates would be appointed within ten days to go to Europe to agitate for an anti-war strike of laborers in the belligerent countries.

GERMANS FIRE ON SWISS TERRITORY

Shells Aimed At French Post Land In Switzerland—Inquiry Made.

[Canadian Press.]

Delemont, Switzerland, April 17.—German shells fell on Swiss territory Tuesday, for the third time since the outbreak of the war, says the Newspaper Democrate. The Germans were trying to destroy a French observation post at Epfetterhausen, but the gunners' aim was bad and the projectiles overshot their target, dropping around the town of Beurnevesain. An investigation was made the following day by Swiss authorities, who took fragments of shells to Porrentruy for examination by an expert.

Beurnevesain is on the border of the Swiss Canton of Porrentruy, and lies about six miles southwest of Epfetterhausen.

OFFICER APPEARS AS BOOZE CARGO OPENED

First Fine in Owen Sound Under New-est Law.

to 'ir my views' on many things.

[Special to The Advertiser.]

OWEN SOUND, April 16.—The first fine under the new liquor license act amendment was imposed this morning in the police court when Wm. Pitts, of the Patterson House, was fined $300 and costs for keeping liquor for sale. Pitts pleaded guilty and did not put up any defence.

The fine was the result of a seizure made by Constable Carson on Wednesday evening, of between 80 and 90 bottles of whiskey, in a shed in the rear of the Patterson House. The cargo was just being unpacked when the constable walked in, interrupting the proceedings.

Navigation Is Opened.

Navigation opened here yesterday, when the tug "Queen" from Tobermory steamed into the harbor, and the skipper, Capt. Alex. Craigie, gets the silk hat donated by the board of trade to the captain of the first vessel that enters the harbor.

The little vessel sailed up the harbor about 3:15 yesterday amid a general salvo of salutes from all the vessels in the harbor that had steam up. This is early in the season for sailing to commence.

Capt. Craigie reports little or no ice between here and Tobermory, and only in two cases were floes of ice of any consequence sighted, once off Cape Croker, where it is piled high upon the beach and again off Cape Commodore and over toward Meaford where a considerable amount of loose cake ice was seen. After taking on a cargo of freight, the "Queen" left again for Tobermory.

STRICTER CENSORSHIP

Canadians at Front Not Getting as Much Writing Through.

Stricter censorship of the letters written by Canadians at the front is beginning to tell in the letters which were received in this city during the last two days. Major W. G. Coles, of the Army Service Corps, who is attached to the divisional headquarters staff, states only that he is well; that all is going as well as could be where he is.

Captain E. E. Williams, who is with Major Coles, says conditions in France is not nearly as good as they were in England in sanitary matters. Captain Gordon Hunt, son of C. B. Hunt, is still at Shorncliffe, but his brother, Captain John Hunt, has crossed the English Channel with sixteen other doctors, and he is now at No. 5 Stationary Hospital, some place in France. A big trainload of wounded was expected from the front, he stated while writing.

Captain F. O. Hodgins, son of Brig.-General Hodgins, writing to Colonel Shannon, of the divisional headquarters says that aerial battles happen frequently, and are always interesting. The weather, he says, is Al.

BUSINESS BRISK AT THAMESVILLE

THAMESVILLE, April 16.—Orva Hubbell is building a verandah and making other improvements to his house.

Mrs. J. B. Lawrence has built a handsome porch on the front of her house on London street.

J. B. Tiffin, the baker, is installing a power mixer.

An order for eleven autos went out from here Tuesday. Among the recent purchasers are Peter Morgan, John Law, Moses Clemens, A. Labelle, C. Tasker and Grover Shaw.

SPRING BLOOD IS WATERY BLOOD

How To Get New Health and New Strength at This Season.

Spring ailments are not imaginary. Even the most robust find the winter months most trying to their health. Confinement indoors, often in overheated and nearly always badly ventilated rooms—in the home, the office, the shop and the school—taxes the vitality of even the strongest. The blood becomes thin and watery, and is clogged with impurities. Some people have headaches and a feeling of languor. Others are low-spirited and nervous. Still others are troubled with disfiguring pimples and skin eruptions; while some get up in the morning feeling just as tired as when they went to bed. These are all spring symptoms that the blood is out of order and that a medicine is needed. Many people take purgative medicines in the spring. This is a serious mistake. You cannot cure yourself with a medicine that gallops through your system and leaves you weaker still. This is all that a purgative does. What you need to give you health and strength in the spring is a tonic medicine that will enrich the blood and soothe the jangled nerves. And the one always reliable tonic and blood builder is Dr. Williams' Pink Pills. These Pills not only banish spring weakness, but guard you against the more serious ailments that follow, such as anaemia, nervous debility, indigestion, rheumatism and other diseases due to bad blood. In proof of this Mrs. D. E. Hughes, Hazenmore, Sask., says: "About a year ago I was badly run down, my nerves were all unstrung, and I could not go upstairs without stopping to rest. As I was a long ways from a doctor, I decided to take Dr. Williams' Pink Pills, and in the course of a few weeks I felt like a new person. As an all-round restorative, I can heartily recommend this medicine."

If you are ailing this spring you cannot afford, in your own interest, to overloook so valuable a medicine as Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for $2.50, from The Dr. Williams' Medicine Company, Brockville, Ont.

EASTER EXAMINATIONS RESULTS AT THE L. C. I.

Class 1 includes those who made 40 per cent on each subject and 75 per cent on the total; class 2 those who obtained 40 per cent on each subject and 60 per cent on the total; class 3 those who obtained 60 per cent on the total and less than 40 per cent on not more than two papers. The names are given in order of merit.

Lower I.

Class 1—M. Burns, R. Collins, W. Alford, I. Simpson, T. Cowley, F. Beattie.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and bowels and they get well quick.

When your child suffers from a cold, don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs," to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for the babies, children of all ages, and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me, and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 649 W. Russell street, Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Grey—Here's an Old-time Recipe that Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, grey hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

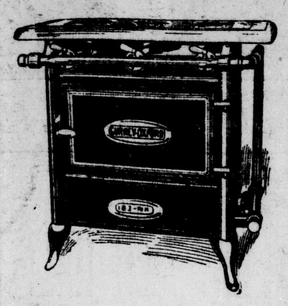
But brewing at home is mussy and out-of-date. Nowadays by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known down town druggist says it darkens the hair so natnrally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the grey hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

BISURATED MAGNESIA

For dyspepsia, indigestion, souring of food, gas, and hyperacidity of the stomach (acid stomach). A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 75 cents per bottle.

Have That New Gas Range Installed Before the Rush



It is customary on the part of the average purchaser of stoves and ranges to have gained beforehand some knowledge of those they are about to inspect. The important points to keep in mind when buying are: To select one that works well, that bakes well, one that is easily controlled and is not extravagant with the gas. These features, together with many others, are found in the Gurney-Oxford Gas Ranges, acknowledged, from among a hundred or more other Canadian makes, to be one of the best. You are invited to see the various models now exhibiting in the Basement, three of which are incomparable values, made specially to meet the requirements of small families. All stoves are connected up free in your home.

$6.95 Special

Tipperary Gas Cooker, 1915 model, smaller, but similar to illustration. The materials in this little wonder are just the same as used in the best. There are two large Star burners set in a roomy, one-piece top, providing ample cooking surface; also a powerful burner (in the large oven) working on the direct action principle. The connection may be made with either gas pipe or rubber tubing. Special, $6.95. Connected up freei n your home.

$10.95 Special

—Same as Illustration—

A compact and serviceable gas range of the junior type. For many seasons there has been a great demand for just such a range as this, filling all the requirements for a small family, and we are pleased to be able to present this neat model, with many of the features found in the largest cabinet ranges, such as the double air-spaced doors, non-leaking valves with bronze springs. Special, $10.95. Connected up free in your home.

$16.00 Special--4-Burner Gas Range

Beautifully designed and constructed from best metals; a perfect cooker at a minimum cost of gas; some of the features are the removable burners from both oven and top, also many other parts removable, making this a range that is easily kept clean and bright; $16.00. Connected up free in your home.

2, 3 Burner Gas Plates $1.75 up to $3.25 each

All are made from sheet steel and cast iron. The burners are perfect, and the cost of operation is small.

New Perfection Oil Cook Stoves, $3.25 up to $18 each

These are ideal summer stoves for summer cottages and places where gas is not available.

The new Perfection Oil Cook Stoves bake, cook and roast perfectly, are easily operated and controlled, and absolutely safe. Prices ..... $3.25 up to $18.00

The Gurney-Oxford Cabinet Gas Ranges, $29.50 up to $48.00

Here you have beauty and perfection in the stove makers' art. The same satisfactory results are obtained in these as in the best coal ranges. All are fitted with extra large cooking space, the roomy, high baking and broiling ovens; the removable oven racks, sides and bottoms insure cleanliness; the broiler and drip pans, also door panels, supplied, if desired. Several models from ..... $29.50 up to $48.00

Connected up free in your home.
