ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate from Dr. Windsor Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by its scientific and learned, being one only of many similar ones.

Boston, Feb. 15, 1847.

Mr. Wm. Bogle—Sir,—The preparation intended by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known perfumed compounds. WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the Amole, or soap plant, of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its especial and emergent properties are the purest and most nourishing effects on the skin.—It soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a delicious luxury to be enjoyed with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston.

East Boston, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with a baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

JUDSON'S
CHEMICAL EXTRACT OF
CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, to have been pronounced by Physicians and friends to be past all assistance of recovery, and at times brought to be dying, have been cured by this wonderful remedy, and many more are well and hearty now. It is a compound of medicinals which are peculiarly adapted to, and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relaxes the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful refreshment in the breathing and sleep, and this, after the prescriptions of the very best medical men, and the recommendations of loud and sounding friends and nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE

persons have been deceived, especially in buying medicines which they were able to be cured by, and which have proved only palliatives; but this medicine is not only a palliative, but a cure for incipient cases. It contains no deleterious drugs, and one trial will prove its astonishing efficacy; letters and testimonials of certificates in curing Consumption and all diseases of the lungs, such as *spitting of blood, coughs, pain in the side and breast, night sweats, &c., &c.*

About 1000 certificates of almost *miraculous cures*, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like a quackery, (will show them to any person calling at our office.) This medicine will speak for itself, and enough in its cures (over whose) it is tried.

Curious.—This medicine is not upon a large bottle, and you must find the name of Comstock & Brother, Proprietors, New York, on the splendid wrapper around the bottle. All others must be addressed to Comstock & Brother, No. 9, John Street, New York.

TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER OINTMENT.

For the cure of Founder, Shoe Boils, Sprained Horses, and Contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Sticks, &c. &c. &c.

CARLTON'S RING-BONE CURE.

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES.

The changes of weather and season, with the change of feed and food, have a very great effect upon the blood of all horses, and at these times they have a tendency to require an ointment to assist to throw off any disorder in the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellows, Water, Increes, Worms, Bots, &c. All of which will be prevented by giving out of these powders, mixed at any time, once when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammations and fevers, loosen the skin, clean as the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals. All diseases arising from, or prevailing in bad state of the blood, are speedily cured by them. Remember and ask for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S NERVE AND BONE LINIMENT

FOR HORSES,

and for the cure of all diseases of man or beast that require *external* application, and for *contracted* cords and *wounds, strengthens weak limbs*, and is also used for *sprains, bruises, subdue galls, swelled legs*, sores of all kinds on Horses.

CARLTON'S articles for *Horses* and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure, in short notice cases out of one hundred, any of the above complaints. They have been used by *Farmers, Livermen, Stage Proprietors*, and others, with the most marked and decided success.

CAUTION.—None can be genuine unless you find the name of J. Carlton Comstock on the wrapper of each article.

FOR FEMALE AND MALE.

DR. LARZETTES JUNO CORDIAL, or Procreative Elixir, prescribed as an effectual restorative in cases of Debility, Impotency, or Barrenness, and all irregularities of nature. It is all that it professes to be, viz: Nature's Great Restorative, and remedy for those in the married state who find offspring a great blessing. For Gleets, Emissions, General Debility, Gleet, Weakness of the Genital Organs, Nervous Affections, Leucorrhœa or Whites, Sterility, Impotency, Sexual Incapacity, &c. &c. Also, a certain remedy for Incipient consumption, Indigestion, loss of Muscular Energy, Physical Lassitude, Female Weakness, Debility, &c. It is warranted to please the user in any of the above complaints, and is of priceless value to those without offspring.

CAUTION.—Find the name of Comstock & Brother on the wrapper, or never buy it—the only genuine has their signature on the wrapper.

CARLTON'S LINIMENT FOR THE PILES, &c.

It is now used in the principal Hospitals, and in the private practice in our country, by immense number of individuals, and proves to be safe and sure remedy for the cure of the PILES and also extensively used effectually as to bathe cordially unless where its effects are wanted, and it never fails in the following complaints:—

Fog Dropsy—Creating extraordinary absorption at once.

Swellings—Reducing them in a few hours.

Rheumatism—Acute or Chronic, giving immediate ease.

Sore Throat—By Cankers, Ulcers, or Colds.

Croup and Whooping Cough—Externally and over the chest.

All Bruises, Scalds, and Burns—Curing in a few hours.

Scald Head Ulcers—Whether fresh or long standing, and fever sores.

Its operation upon adults and children, in reducing chronic swellings, and lessening coldness and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The testimonials of persons who have used it in the Piles, is "facts like a charm."

It is warranted to please any person that will try it.

Caution.—Be sure that the name of J. Carlton Comstock is on the wrapper of the genuine article.

Certificates of the above and similar articles are not only in New York by Comstock & Brother, No. 9, John Street, for sale, but also in Boston.

ST. LEON AND CAXTON SPRINGS.

Montreal, June 2, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, burnt brandy, a favourable opinion of their efficacy as aperients in all the disorders of the digestive organs and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By Henry Stephens, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c. &c., assisted by John P. Norton, M. A., New Haven, Professor of Scientific Agriculture at Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, harvesting, &c. &c., the various domestic animals in their highest perfection; in short, the *portrait* feature of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25c. each, or 50c for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz.:

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their peculiar *very character* which gives them their chief value, and is that they stand confessedly far above all other journals of their class. *Blackwood*, still quite the equal of his palmiest days, maintains its ancient celebrity, and is, at the same time, honorably attractive, from the serial Works of Bulwer and other popular novelists, and from that Magazine, and first appearing in its columns, but in Great Britain and in the United States, such works as "The Caxtons" and "My New Novel," both by Bulwer; "My Pennsylvania Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Leonard Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

TERMS:

	Per Annum.
For any one of the four Reviews	$ 5.00
For any two of the four Reviews	7.00
For any three of the four Reviews	8.00
For all four of the Reviews	8.00

Edinburgh, News of Battle after Flodden, by Thos. Jones Barker.....£120 0 0
Round here rush the people crying, "Tell us all, oh tell us time!" Where are they who went to battle, Randolph, Murray, sworn leagued age, while suffering from the injurious consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread of publicity, his erroneous opinions to the contrary notwithstanding, induce the sufferer, rather than incur the risk of exposure, to resort to quacks, who, by injurious treatment, prevent the cure of the disease, and, by subjecting the patient to a long course of mercurial medicines, or other equally injurious medicines, they make a permanent invalid of the patient, and, above all, secure his money. Such practitioners are those to whom the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to the respect and confidence of professional persons, the attendance should be extended. Dr. LAMBERT is entitled to the highest medical honors, as the discoverer of the Specific, and the great extent of his practice for many years in the treatment of the disease, and the success that has attended his exclusive attention to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON, 79, St. Paul's Church Yard, price 5s. 6d. Sterling; Halifax, Messrs. Morton & Co.

THE GENUINE SIGNATURE OF THE INVENTOR AND PROPRIETOR

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Esq.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that it is now two months, and that I have heard of no one who have been benefited by your remedies, gives me the most entire confidence in recommending them to the public. Very respectfully,

J. CRAWFORD, 536, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Jayne's Vermifuge. It is truly a great benefactor of mankind. Its effects are so decisive, and so unmistakable. In a number of instances I have administered it with entire satisfaction, and have met with great success in my family practice. My daughter had been in very feeble health for more than five months, and was very weak, had a dry cough, and was flat-chested, so much so that I began to consider her in an almost hopeless condition; I gave her your celebrated Vermifuge, which I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was in good health. She is delighted with the Forest Wine, and appears to enjoy the most perfect form of health; every symptom of her complaint has long disappeared. I am prepared to bear testimony of recommending the Forest Wine, as I believe it to be a valuable tonic. I have called the attention of the Medical Faculty, as well as that of the public, to this disease. J. F. DODGE, M. D., 264, Hudson-st., N. Y.

DR. HALSEY'S GUM-COATED
FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They are a vegetable preparation, and, in no one instance, can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their wonderful effects, and given over by their Physicians as incurable have found health, and been restored to social and vigorous health and strength.

Never has any remedy had more astonishing testimonials in its favor than Dr. Halsey's Forest Pills.

Testimonial after testimonial, showing the great powers of curing in almost every class of disease, have been published, and the demand increased in a manner unprecedented.

The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

Every fall, for several years back, I have had much sickness in my family, from a violent attack of ague and Fever. In the fall of 1848, two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had to send abroad to a Physician. But at this time having two boxes of your Forest Pills in the house, I resolved to try them. I gave to each of my sick sons, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On my following day the fever had left them, and they both recovered, without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

Dr. M. W. HALSEY. I. A. B. GOODRICH.

Reader, if you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

If you desire a mild and gentle purgative, which neither immoderate nor excessive in griping, seek for *Halsey's Pills*.

If you would have the most powerful and yet well mild Tonic, procure *Jayne's Tonic Extract* is the world for purifying the blood, obtain *Dr. Halsey's Pills*.

If you do not wish to be a victim to dangerous illness, or be subjected to a long and tedious course of medicine, take a dose of *Dr. Halsey's Pills* as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength last and of the system, procure *Halsey's Pills*, and avoid Salts and Castor Oil and all common Purgatives.

Parents, if you wish your families to continue in good health, keep a box of *Halsey's Pills* in your house.

Ladies, as *Halsey's Pills* are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitution, Procure them.

DR. HALSEY'S FOREST WINE AND PILLS!

Certificate of Mr. John Crawford, No. 546, Pearl Street, New York.

This is to certify, that on Thursday, June 16, I was attacked with violent spasmodic pains in the stomach, which I had with little force and power to resist, and was the pain that I could not sit up. I took a dose of Dr. Halsey's Pills and three hours afterwards of the Forest Wine, which gave me immediate relief, and on the following day I was able to be about to my business, although in a feeble state of mind and body. The good effects I experienced from the Wine and Pills induced me to try them on myself, who had been suffering some days diarrhœa and bowel complaint, and I am happy to state, unfortunate that he was fast descending into Consumption. I am happy to say that he has recovered entirely, through the use of your excellent remedies. I feel very well every night, and sleep more than a usual portion of the time. I am well, and can recommend, and what I have heard others say who have been benefited by your remedies, gives me the most entire confidence in recommending them to the public. Very respectfully,

J. CRAWFORD, 536, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Jayne's Vermifuge. It is truly a great benefactor of mankind. Its effects are so decisive, and so unmistakable. In a number of instances I have administered it with entire satisfaction, and have met with great success in my family practice. My daughter had been in very feeble health for more than five months, and was very weak, had a dry cough, and was flat-chested, so much so that I began to consider her in an almost hopeless condition; I gave her your celebrated Vermifuge, which I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was in good health. She is delighted with the Forest Wine, and appears to enjoy the most perfect form of health; every symptom of her complaint has long disappeared. I am prepared to bear testimony of recommending the Forest Wine, as I believe it to be a valuable tonic. I have called the attention of the Medical Faculty, as well as that of the public, to this disease. J. F. DODGE M. D., 264, Hudson-st., N. Y.

KEATING'S COUGH LOZENGES.

A CERTAIN REMEDY for disorders of the Pulmonary Organs—in Difficulty of Breathing—in Redundancy of Phlegm—in Incipient Consumption—(of which Cough is the most positive indication)—they are of unerring efficacy. In Asthma, and in Winter Coughs, they have never been known to fail.

Keating's Cough Lozenges are free from every deleterious ingredient; they may, therefore, be taken at all times by the most delicate female and by the youngest child; while the Public Speaker and the Professional Singer will find them invaluable in allaying the hoarseness and irritation incidental to vocal exertion, and consequently a powerful auxiliary in the production of melodious enunciation.

Prepared and Sold in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s. 6d., and 10s. 6d. each, by Thomas Keating, Chemist, &c., No. 79, St. Paul's Church Yard, London.

Sold Retail by all Druggists and Patent Medicine Vendors in the Kingdom.

N. B.—To prevent spurious imitations, please to observe that the words "*Keating's Cough Lozenges*" are engraved on the *Government Stamp* of each Box.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

1 Longridge House, near Whitecraig,
Musselburgh, October 21, 1842.

Sir,—I cannot resist expressing my great astonishing effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks that defied all the usual remedies, but your Lozenges have got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without disarranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

1 William Street, East India Road
Poplar, New Town, Nov. 8, 1849.

Sir,—I concerning that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary effect which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with difficulty of breathing, and a great loosening of your Cough Lozenges. I purchased a 2s. 9d. tin of your Agent, Mr. Kersom, Medical Institute, Christ Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
Thos. Keating, Esq. THOMAS WOOD.

Church Street,
Folkestone, November 22, 1848.

Sir,—Having been troubled with a very bad cough for upwards of eight months, I applied to Mr. Hutmore, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I keep most constantly by me, and recommend them, and beg you will not hesitate to make the public aware of a remedy which cannot be too widely recommended. I have the honor to be,

Sir, your obedient humble servant,
To Mr. Keating. JOHN HILL, Bart.

Myddleton Warehouse,
Halifax, N. S., August 18, 1846.

Sir,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, having proved singularly efficacious in the removal of COUGHS ASTHMAS, &c., the increasing demand is a sufficient evidence. We shall, probably, require for the Winter further supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, for

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and their relative connection in health and disease. Nor are there the sole contents of the Work; the organs of escape, as well as the nature of the danger, are pointed out in clear and intelligible language, the author evidently requires the closest attention and study
