ANGRY CROWDS SMASH WINDOWS OF WINSTON'S CAR

Demonstration Gives Churchill "a Few Anxious Moments" at Campaign Session.

WOOING WOMEN'S VOTE

Associated Press Despatch.

London, Dec. 4.—The rowdyism that has marked so many political meetings in the present campaign, breaking up some and interfering with others, gave Winston Spencer Churchill a few anxious moments at Walthamstow last evening when the crowd, in a demonstration against him, smashed the window of his automobile. The police were summoned to rescue from personal violence the Liberal candidate in whose behalf Mr. Churchill was speaking.

Conservative supporters are reported to have attacked Communist heckler at Sheffield, with the result that a free fight occurred. A Liberal meeting at Oxford, the newspapers learn, was also broken up.

Most of the candidates seem to be devoting these last days of their strenuous campaign to an appeal for the votes of the women whose political wooing is being pursued most eagerly, but the women still refuse to give their "yes" and are keeping the suppliants in doubt as to how they intend to vote.

The passage of another day has yielded no information enabling the political prophets to indulge in their specialty. Herbert Asquith, in a speech at Glasgow yesterday, disavowed his ability to assume the mantle of tipster, but said he felt reasonably confident Mr. Baldwin woul dnot get the mantle of authority he was seeking. On the other hand, on the London Stock Exchange, there was a rise in Conservative "stock," but it must be remembered that members of the exchange for the most part hold Conservative views.

Preparations for the announcement of Thursday's results indicate that about 250 polls will be declared before 3 o'clock Friday afternoon, and the remainder during the later hours of that day. Fifty candidates have already been returned unopposed.

WATCH RELAXATION IS APPARENT IN RUHR

Results of Stabilization Progress Seen as French Plan.

Associated Press Despatch.

Paris, Dec. 4.—The regrouping of the military forces of occupation in the Ruhr, with a view to diminishing their contact with the population, has already been begun and is being progressively pursued, it was officially announced here today. This is in line with the recent forecast that the Ruhr occupation might be reduced to an "invisible" status, owing to the encouraging reports of stabilization progress in that region.

Certain measures in favor of the Germans expelled from the Ruhr during the rigorous period of the occupation and those condemned to prison for offences against the Franco-Belgian regime also have been taken, it is announced, and further measures will be taken Dec. 10 when the convention signed yesterday at Mayence regarding the working of the railroads will have gone into effect. General De Goutte, the French commander in the area, considers that passive resistance will then really have ceased.

OTTAWA WOMAN DIES IN HER AUTOMOBILE

Canadian Press Despatch.

Ottawa, Dec. 4.—Taken suddenly ill in her automobile this morning, Mrs. Macoun, wife of W. T. Macoun, the Dominion horticulturist, died before medical help could be procured here today.

Mrs. Macoun, who was born in Ireland 51 years ago, came to Canada in 1895 with her husband. They had resided in the capital since that time. A brother, Stewart Macoun, resides in Montreal.

NO SOLUTION REACHED ON SCHOOL CROWDING

Chatham Board of Education Has Problem—Surplus in Finances.

Special to The Advertiser.

Chatham, Dec. 4.—No solution of the overcrowding conditions in the Collegiate Institute and the Central school has been reached yet.

At the meetings of the board of education tonight a report was presented by a special committee, named at a previous session, which pointed out that the crowded conditions were worst in the two buildings referred to. It was suggested in the report that the Gray - Dort Club rooms might be purchased and used for classes from Queen Mary and Central schools; that industrial and domestic science classes might be taken from the Central and housed in a new building, which would have to be erected on the Central school grounds; that commercial, industrial and domestic science classes might be removed from the Collegiate to another building; that the Collegiate building might be used for a public school, and a new combined collegiate and technical school erected or that a new public school building might be erected. The question will be further discussed.

The financial report indicates that the board will likely have a surplus of $24,000 this year. Chairman F. W. James announced that the Collegiate expenditures are about $12,000 less than estimates, while the industrial classes have a margin of $5,000 and the public schools a margin of $7,000.
