HUGH SCOBIE,
PUBLISHER.

TORONTO, April, 1852.

⁂ The Publisher relies on the support of the various Municipalities for the present publication. It is designed specially for their benefit, as were also the two previous editions,—the sales of which were not sufficient to reimburse even the outlay.

⁂ You are respectfully requested to bring this circular under the early notice of the Council of the Municipality.

The present collection, being the Third Edition of the "*Municipal Manual for Upper Canada,*" comprises the Acts of the Legislature to the present period, in reference to Municipal affairs. The work will be found convenient for reference, and indeed, indispensable to those affected by, or having duties to perform in relation to the Municipal system that is established by law among us. The Acts referring to Municipalities are scattered over numerous volumes of the Statute Book, and cannot be readily referred to there, by those having occasion to consult them, or on whom the duty devolves of carrying their provisions into effect; the present collection, therefore, in a compact form, will obviate the inconvenience of so extended a reference, and supply a want, which, it is hoped will be appreciated by those, whom it is the object of the publisher to aid and serve. Appended to the volume, there is a list of Acts passed in 1849, 1850 and 1851, not included in the Municipal Manual, but which it may be necessary to consult at times.
