ARGOS READY FOR THE FRAY

Rowing Club Men Reorganize and the Time to Train.

Reports of a Roseate Order Adopted at the Annual Meeting—The Eight-Oared Shell Will Soon Be Shipped from England—All the Chief Officers Re-elected by Acclamation.

The twenty-sixth annual meeting of the Argonaut Rowing Club was held last night at the club house, the president, Mr. T. F. Galt, in the chair. The meeting was one of the largest and most enthusiastic in the history of the club, and, judging from this, the prospects for the coming season are the brightest. Nearly all the champions of the different club and open regattas of last season were present. Secretary Bunting presented his report, which was unanimously adopted. In presenting the report, he said that the year had been highly successful. He said:

"The difficulties we labored under during the previous year, resulting from the improvements that were being made on the waterfront and the construction of the York-street bridge are now terminated, and the club house is much more accessible. The treasurer's report will show you that there has been a satisfactory improvement in our financial condition, and that the membership has greatly increased. The club have to thank the oldest members for rendering valuable assistance and substantial aid, and advice on matters of no ordinary consequence. The departure made last year by extending to the students of the Toronto University the privileges of membership under certain restrictions has been amply justified, and your committee hope that a new agreement can be arrived at that will be mutually satisfactory and advantageous. A somewhat similar agreement was made with Osgoode, and has been similarly satisfactory. The organization of a football club, with membership in the O. R. F. U., is a departure that has been made this year, and there is every reason to believe that it will be a successful one. The report of your captain is a summary given of a memorable record throughout the year, made at the open regattas, and of the spring, midsummer and fall at homes, which were all equally successful, both as regattas and socially.

Treasurer Fraser showed the club to be in a better financial condition than it has been for some time past.

Secretary H. V. Jones of the Rowing Committee presented his report, which also touched on the record the club had made for itself last season, in winning the numerous championships and banners.

Letters were read from different gentlemen who had been asked to become life members, including Lord Strathcona, Senator Cox, Sir Frank Smith, Hignett Walker, Joseph Seagram and William McKenzie, and they were all willing.

The arrival of the "eight" was then discussed, and a letter was read from Mr. A. Allan of the Allan Line, stating that the shell would be brought out free of charge and it is likely that the Richelieu & Ontario Line will bring it up from Montreal free of charge.

There was some discussion as to the agreement with the Varsity Rowing Club, which, after being well discussed by various members, was left over to the incoming executive on a motion of Messrs. R. K. Barker and H. G. Gooderham of the Varsity Club. The members and the Argonaut Club were thanked for the kindness in the past year, and stated that Varsity hoped to be able to buy practice boats and a shell this season.

The election of officers was gone on with, the following being chosen: Honorary president, T. F. Galt, acclamation; vice-president, A. R. Denison (acclamation), second vice-president, R. McKay (acclamation), captain, F. H. Thompson (acclamation), secretary, A. Fraser (acclamation); secretary, W. Bunting (acclamation); executive, E. A. Thompson, G. H. Muntz, H. V. F. Jones, C. E. A. Goodman, William Bright, R. K. Barber, J. N. Mackenzie, F. Heron.

Toronto Canoe Club Show.

The committee in charge of the Toronto Canoe Club's variety show have been successful in securing the services of Mr. Art Bondo of New York for to-morrow evening. Mr. Bondo, in his acrobatic clown and juggling work, is said to be superior to all others in this line, and his performances in the United States have met with unqualified success. Mr. Owen A. Smily will also be present and render a selection and arrangements have been made with Messrs. J. L. and L. F. Scholes and F. Klein and W. Abernethy to fill the sparring items of the program. In addition to the above and numerous other attractions previously announced, the committee have still another surprise or two in store for those who attend.

The Cross Country Race To-day.

The first T.A.C. cross-country run will start from the Rosedale athletic grounds today at 3 o'clock. There will be a large number of starters and an enjoyable run is anticipated. Among those who have entered is A. E. Howard of Guelph.

The spoon bowling contests at the T.A.C. start Monday next. These weekly contests are being looked forward to with much interest by the College-street bowlers.

This is club night at the T.A.C. and as usual a good program will be put on, including water polo, basket ball and a game of indoor baseball.

About the Ramblers' Cracks.

A correspondent furnishes the following information about players of one of the Island League teams:

Hen Mills, the crack shortstop of the Ramblers, is no doubt the best in the city.

Culross, the crack infielder of the champion Red Stockings, will play third base for the Ramblers.

Doucette, the Ramblers' second-baseman, played with the Wilmots, champions of '94.

Hamilton, the diminutive catcher of the champion St. Lawrences of '97, will backstop for the Ramblers.

Cap. Drohan, the Ramblers' first-baseman, is the best in the business.

Ottawa the Only Place.

J. P. Dickson of Ottawa is in the city looking after the interests of the Capital City, and he feels sure of securing the Dominion Day meet. Mr. Dickson says that Ottawa is the only place for the meet this year, and that the hotels down there have all promised reduced rates, and they will offer any number of other inducements to get it.

Bicycle Briefs.

Pontecchi, the Italian crack, laments because the tax collector wants $260 as the country's share of his winnings.

The Gendron racing team this season will consist of Angus McLeod and Tom McCarthy, who are now getting in shape, and are exercising every afternoon in the gymnasium of the Athenaeum Club.

At the last meeting of the Junior Victorian Debating Society a bicycle club was organized. All members are requested to meet at the club rooms at 7.30 next Monday evening for the first run.

France has just completed a bicycle census which shows 320,833 bicycles in use in that country, an increase of 73,734 over the previous year. It is possible to make such a census in France, as the bicycles are taxed and registered.

Young French women, attended by their maids, are frequently seen in the quieter bicycle ways and through the Bois to St. Cloud. The maids in this case are dressed in black, with a close black hat and white turnover cuffs and collars. They ride about a yard behind their mistresses.

Tom Eck received a cablegram from Jaap Eden, the Dutch champion, and Henri Cassis, the noted French sprinter, stating that they sailed on Saturday for this country and will arrive in New York Saturday of this week. The other foreign riders will sail later in the month. On their arrival they will be taken to Cincinnati, where they will train on the one-third mile cement track.

Jockey Marty Bergen will be seen in the colors of P. J. Dwyer the coming season. Bergen is still considered to be a smart rider, and will likely land well up in the list of running jockeys when the season ends.

Supples made it interesting for Stevens for the first few rounds, but Luke's successful jabs soon tired him, and Stevens had the better of it thereafter. Both men bled from the nose towards the last. Stevens got the decision at the hands of Luke Fitzsimmons, the referee.

That Hockey Championship.

Sporting Editor World: The Queen City Bicycle Club's hockey team are laughing over the silly claims of the Wellingtons to the championship of the Toronto Lacrosse Hockey League, because the Queen City's did not play last Monday evening. The boys didn't receive any notice of the game till late that day, and then one of the team was sick. The Queen Citys are willing to play off the tie, if there is any more ice, but will not consent to allow the Wellingtons to work in any little foxy game such as they tried on Monday night.

THE ISLAND LEAGUE PLAYERS

Secretary Kelley Promulgates His Official List.

Ramblers Have 15 Men, Athenaeum 14, Toronto Athletic Club 5 and Queen City 2—Constitution Adopted at a Special Meeting of the League.

The clubs were all represented last night in the Athenaeum at the meeting of the Island Amateur Baseball League, with President Dr. Riggs in the chair.

The chief business was the adoption of the constitution. A rule was incorporated to bar out players who will accept money for their services. Men who have not played professionally this year are eligible.

The appointment of an umpire was left to the Executive Committee. It was decided to start the first game at 2 o'clock and end at 3.50 p.m., when Irwin's team is away, and when the Torontos are at home the game will begin at 1.45 and close at 2.40.

There was a lengthy discussion over the bylaw which requires a team to register players within two days of signing to hold them, and the effort to have it repealed failed. Men signing with two clubs before officially released will be blacklisted. A club can only hold 15 men.

Secretary Kelly promulgated his official list as follows:

Athenaeum—A. Muir, F. Poulter, James Wilson, John McCuaig, William O'Brien, H. Crew, E. Ross, Steve O'Dea, R. Greer, John eGroust, Ed McGovern, C. Armstrong, John J. Walsh, Ed Trowbridge.
