FOREIGN DEMAND STIFFENS WHEAT

Baltimore Reports Exceptionally Heavy Export Business —May Wheat Weakens.

CHICAGO, April 16.—Strength was imparted to wheat today by the export situation, net gains of 3-4c to 7-8c being recorded. Corn closed irregular, a shade lower to 1-4c up. Oats made a net advance of 1-8c to 3-8c. Provisions were irregular, 10c lower to 15c higher.

It became known today that a great deal of business in hard winter wheat was done on yesterday's dip, the seaboard, chiefly Baltimore, taking upward of five hundred thousand bushels here. It was claimed in a message from Baltimore that export business there was the best in 16 years, but this was modified somewhat later by messages saying that some business was being done in resales. The market was on the upgrade all day, with the exception of a temporary setback on liquidation early in the session.

Selling pressure sent May corn down a little, but the deferred options were fairly firm. Bull leaders sold early, but bought on the dip. Covering by shorts gave strength to oats after some early weakness.

Provisions, especially pork, had a weak undertone on increased western hog run. Pork finished the day at losses, but lard and ribs were some higher on packing-house buying.
