Miramichi and the North Shore, etc.

HER THIRD TRIP.—On Monday last Mr. Hutchison's bark Armenia sailed from this port with her third cargo of deals this season.

COAL.—The Pulp Company have a large barge of coal now discharging at the Canada Wharf. She was towed from Sydney by the Str. Douglas H. Thomas.

NEW MILL.—The new mill of Messrs. George Dutch & Sons, Black Point, Restigouche, was burned a few days ago; no insurance. The firm has resolved to rebuild immediately, and on a more extensive scale.

STORM IN NEWFOUNDLAND:—During the storm which swept over Newfoundland on Sunday, the 20th inst., a church was blown down, forty or fifty vessels were driven ashore on the coast and several lives lost.

DAMAGED BY THE STORM:—We learn from our exchanges that there was a considerable amount of damage done to orchards and ornamental trees throughout Westmorland during the rain storm which prevailed during the night of Friday last.

BAD ROADS.—Post office inspector King has returned to St. John from an official visit to the counties of Gloucester and Restigouche. He reports bad weather and bad travelling, the roads, especially the great road between Tracadie and Caraquet, being in a practically bad state.

ACCIDENT.—About 8 o'clock on Saturday evening while Mr. David Travers was crossing Water Street she was run into and knocked down by a horse and waggon driven by a young lad. Although her collar bone was broken she was able to get up, walk to her waggon and drive home.

HOLLOWEEN:—To-night is Holloween, and while the lads and lasses will be reading their future by the cards or dipping for apples in the family wash tub the old time witches will be either riding on their broomsticks or breaking that familiar implement of the household over the head of Scott Act violators.

ST. LUKE'S CHURCH.—Next Sabbath morning and evening the Rev. Dr. Brecken of Fredericton, will preach. Collections will be taken up for the Missionary Society. Dr. Brecken is a preacher of more than ordinary ability and this is the first time that he has occupied the pulpit of St. Lukes.

THE STREET EXTENSIONS:—The Street and Fire Commissioners have a number of men busily engaged working at the street extensions. Yesterday they had got the extensions of Wellington St. as far as the late Gillespie Foundry, and if the weather keeps fine we expect to see it carried through until it meets John Street, before the snow flies.

CHATHAM RELIEF.—A meeting of the citizens of Fredericton called by the mayor for the purpose of taking steps to grant relief to the sufferers, was held in the city council on the afternoon of Saturday the 19th inst, and was fairly well attended. It was decided to open out subscription lists at once, and also to ask the city council to donote $200 to the fund.

THE SOUTHWEST DRIVE.—For some time past a large quantity of logs have been hung up on the Southwest, owing to there not being enough water to float them. The late rains, we are pleased to hear, raised the water a few inches, which enabled the stream drivers to get upwards of nine million of logs down to Indiantown yesterday.

RETURNED.—Mr. William Lawler, who, with a number of workmen left Chatham some three months ago to move a fog whistle on Greenly's Island, in once more among us. He got through his work to the entire satisfaction of the government inspectors and he and his company were brought to Sydney in a government steamer and from that port they came to Chatham by rail.

WANTED:—A special travelling agent to work counties of Restigouche, Gloucester, Northumberland and Kent, for a leading Canadian Life Insurance Company issuing most popular and attractive policies.

Liberal contract given to a competent agent

For further particulars address "Insurance" Chatham.

THAT FRAUDULENT COLLECTING CASE:—We learn from our St. John exchanges that Adolphus L. Rawlins, the young man under arrest in that city for fraudulently collecting money from citizens under the pretence of getting it for the Chatham sufferers, was again before the police court last Friday. Nothing was done, however, as his counsel desired another postponement. He was remanded for three days. It is said that strong influence is being brought to bear to effect some settlement of the matter.

CROWN LAND SALES:—Two timber berths were offered for sale in the crown land office at noon, on Wednesday the 23rd inst. Application number 35, east of Northwest Miramichi river, containing 3 square miles, was bid in by Hugh Lamont at the upset price. Application number 36, at the head of the Stanley stream, containing 3 square miles, applied for by Thomas Smith, was purchased by John Moore at $11 per mile.

NEW TRUSTEES APPOINTED.—On application of Richard B. Bennett of Chatham, Judge Van Wart, sitting in equity at Chambers on the 23rd inst. appointed David T. Johnson and Wm. Wilson, of Chatham, trustees of the will of Hugh Bain, deceased, in substitution for John Brown, deceased, and Andrew Brown, sole executor of the will of the said John Brown, deceased, the said Andrew Brown having refused to undertake execution of the trusts of the will of the said Hugh Bain.

HON. MR. MITCHELL'S SUIT.—During the past week a commission has been taking evidence in Newcastle in Hon. Peter Mitchell's behalf in the suit he is prosecuting against the Montreal street railway company for $15,000 damages, for injuries received by jumping from a runaway car. Many prominent persons were examied, and the evidence will all be used at the trial in Montreal. It is said the bulk of the testimony is to the effect that Mr. Mitchell is both mentally and physically weaker than before the accident.

PROF. C. G. D. ROBERTS.—Some of our Fredericton exchanges recently announced that this gentlemen who is well and favorably known in Chatham, is an applicant for the classical professional in the University of N. B., to be vacated Xmas by the resignation of Dr. Bridges. This statement is not correct as the Professor recently informed the Fredericton Herald that, during the last six months he has declined two professorships, worth respectively $2,000 and $2 500 per annum and would not likely seek one worth only $1,400. Prof Roberts is actively engaged in writing for several high class magizines, and finds his time all taken up.

AN ATTRACTION to buyers of family groceries, provisions, dry goods and general household supplies is offered by Mr. Roger Flanagan at his well known store on St. John Street, Chatham, in the form of silver knives and forks, silver spoons, silver cruet stands and boxes of tea. He issues tickets which are presented by customers every time they make purchases, and no matter how small the amount, it is punched off, and when the purchases aggregate either $15 or $30, as the case may be, one of the articles specified viz.—a cruet stand, or a dozen of silver knives or forks for a $30 ticket; or a 5 lb. box of tea, or 1 doz. silver spoons for a $15 ticket is given free.

THE SCOTT ACT IN FREDERICTON:—The Fredericton Gleaner says that a few days ago Mr. Duncan was convicted of selling liquor and fined $50. About a month ago he was fined a like amount for a similar offence, and payment of either one of them not being forthcoming, he was arrested and put in jail to serve two months. On the expiration of that time he will have to be put in two months more, unless the first offence is payed. Mr. Duncan is in a bad state of health, and four months' confinement is liable to break it down altogether. Some of his friends realizing this came to the rescue and offered to pay the amount of of one of the fines, but no arrangement could be made.

LOSS OF A COCAGNE SCHOONER:—The schooner Julian, from Cocagne, N. B., was wrecked at White Cove, Lot 7, P. E. I., on the morning of Friday the 18th inst. She was on her way to this port for a load of oysters and was nearing her destination Thursday evening when she was overtaken by the recent heavy blow. She broke away from her anchorage and was blown down the straits. A sail was hoisted but that was torn to pieces and she sped down the straits under bare poles. When off White's Cove she grounded high on the beach and the crew, large in number, went overboard and waded ashore. The vessel is a total wreck. The crew whose names are Vilette Bough, D. Cougaine and Louis Richards crossed over in the Northumberland Saturday morning. The vessel is owned by B. Richards of Cocagne.

DROWNED AT BOUCOUCHE.—On the night of Thursday last Antoine LeBlanc, Oliver Savoie, Peter Savoie and Peter Albert, of Black River, went spearing eels on Potts' Pond. LeBlanc and Oliver Savoie went on the pond in a scow while the other two men remained on the bank and made a fire. After LeBlanc and Savoy had been out fishing for some time, they found that their boat was filling with water. Lazore LeBlanc, who was also fishing on the pond near by, offered them a bailer to take the water out of their boat, but they replied that they would go ashore. Before reaching shore, however, the boat sank. They called to Lazore LeBlanc, but before they could be reached, Antoine LeBlanc sank and was drowned, Savoie was rescued in an exhausted condition. LeBlanc's body was recovered Friday morning. Deceased leaves a wife and three small children.

ACCIDENTALLY KILLED:—Mr. Dennis Sauntry, of Williamstown, was the victim of an unfortunate accident on Thursday afternoon of last week which caused his almost instant death. It appears that he was driving a team hauling a load of hay which was top heavy and threatening to come off. Mr. Sauntry got his fork and placing it to the side of the load endeavored to keep it in position until he reached his destination. Unfortunately he was unable to do this the top part of the load coming off and burying him beneath it, smothering him before he could be rescued.

The deceased was a well known and highly respected inhabitant of Williamstown for very many years, upwards of forty we think, and by hard work on his farm and prudent management lived very comfortably and contentedly on his fine farm, and much sympathy is felt for his wife and family in their sad and sudden affliction.—Advocate.

Fatal Shooting Accident.

BATHURST, Oct. 26.

A report has reached town of a shooting accident, yesterday, at a chain of rocks on the Nepisiguit river, sixteen miles from here, by which Nicholas Prisk, an Indian is said to have lost his life. He and a companion, William Veno, were out hunting, and a twig caught in the hammer of Veno's gun. While Vero was unfastening the twig from the hammer the gun was discharged, the shot striking Prisk in the back. He lived about 45 minutes. There were two boys with the men at the time. Prisk was about 45 years of age and was chief of the Indians of this section. He leaves a wife and five children.

The Miramichi Disaster.

HALIFAX, N. S., Oct. 27.—The schr. Osceola, which was in collison at Chatham with the steamer Miramichi, whereby three lives were lost, arrived in Halifax on Saturday. Some time ago an investigation was begun by Capt. W. H. Smith of the marine department and was adjourned for the purpose of taking the evidence of the captain and officers of the schooner. The Osceola was on her way to New York and called at this port that the evidence of the captain and officers could be taken by Captain Smith. A decision will be arrived at in a few days.

That Flag Dispute.

Mr. Editor.

A writer in the world of Oct. 24th under the signature of Presbyterian, finds fault with the minister of St. Andrew's for tearing down the U. S. flag from the walls of the hall where the S. S. convention assembled. What the writer says of this action might have had some force, had he stated that the British flag was placed along with the others. The presence of the Italian and Norwegian flags rendered this absence only the more conspicuous. The symbol of the flags, though we do not say this was the intention of the managing committee, indicated annexation or independence. We are citizens of the British empire. We are not ashamed of the flag that has "braved a thousand years the battle of the breeze", and it must have proved more distasteful to say the least of it to many Canadians and Britons, to see their flag slighted, not to say insulted. It is well to be liberal, and to be influenced by feelings of christian charity to those of other creeds and other nations and we can join in prayers for the neighboring Republic which are offered up by some of our ministers, but liberality becomes indifference to truth and a failure in duty, when it embraces and sympathises with what is heretical in religion, or disloyal in politics.

ANOTHER PRESBYTERIAN.

Miramichi, Oct. 29th, 1895.

Which will Win.

The St. John Globe in referring to the difficulty that has arisen over the recent sale of the property of the St. Lawrence Lumber Company in Gloucester says:—"The hitch that has occurred in the sale of the mill at Bathurst and the lumbering privileges of the St. Lawrence Lumber Company in Gloucester county is likely to cause considerable want among those who have been dependent on the working of this industry. Mr. Allport, who was sent out here by the English bondholders, negotiated a sale of this property to Mr. F. W. Sumner, of Moncton, for about $27,000. When making arrangements to begin the winter's operations, Mr. Sumner learned that the English assignee had also sold the property to Mr. Samuel Adams, of New York. Both parties of course, claim the property and an interesting legal suit is expected. Mr. Sumner has engaged Attorney General Blair to look after his interests, and it is understood legal proceedings have already been instituted in England, while further proceeding may be necessary in the courts of this country. It is said the sale by Mr. Allport was first consummated and the legal battle will largely be over his authority. The prospects are the suits will keep the matter in the courts for at least one year, and during that time, unless some arrangement can be made, the mill will remain idle and no lumbering will be done. This of course means lack of employment to many Gloucester county people and it means loss of business to some St. John houses that sold supplies.

Heed the Warning.

The common and ever-present warning of kidney trouble, back-ache and weakness in the back, are quickly relieved by Dr. Chase's Pills. The original and only 25 cent Kidney Liver Pills. When all other remedies fail, they cure.

Valuation of the Street Extension Appraisers.

The following are the awards made by the appraisers sworn in by Justice Fraser to value the property appropriated by the Board of Street and Fire Commissioners in the extension of Wellington and Church Streets to John Street and the widening of Foundry Lane:—

Mrs. M. J. Oulton, (Moncton)	$375
Mrs. J. J. Pierce,	135
Muirhead Estate,	45
Miss Jane Wall,	75
Dwyer Estate,	18
Gillespie Estate,	200
A. Christie,	6
Joseph Jimmo,	3
Mrs. John Bannon,	4
Hon. Judge Wilkinson,	47
John Johnston,	86
Alex. Brown,	55
Mrs. Jane Lobban,	105
William Condon,	2
Mrs. Bridget Mann,	75
James Rankin Bottam,	40
James Martin,	41
Mrs. James Gower,	108
Mrs. Edward Watson,	17
Mrs. Matthew May,	55
W. T. Connors,	87
Brown Bros.,	90
Patrick Keoughan,	90
Robert Nicholson,	20
G. I. Wilson,	50
William Harper,	150
Mrs. Thomas Carter,	15
E. W. Gaynor. (Lutcher, La.)	60
Mrs. Frank Jenkins, (Boston)	15
Miss Ann Wall, (Boston)	15
James Gower,	23
Bannon Estate,	35
Oliver Foster,	25
Andrew Brown, sr.,	23
His Lordship Bishop Rogers,	23
Total	$2,193

Premature baldness may be prevented and the hair made to grow on heads already bald, by the use of Hall's Vegetable Sicilian Hair Renewer.

The Delineator.

The November number of the Delineator is called the Thanksgiving Number and illustrates a bewildering wealth of Autumn and Winter Fashions, the collection of stylish and becoming Garments being particularly complete. A novel departure in Millinery is noted, and the colors and combinations in the Season's Dress Goods and the glint and glitter of their Spangled and Jewelled Trimmings attractively described. Mrs. Roger A. Pryor furnishes a gossipy and circumstantial account of Dinner Giving in Society, and Juliet Corson writes interestingly on Domestic Service as an employment. The best kind of a Thanksgiving dinner is described, with recipes for all its dishes; and a timely article on Carving tells just how to gracefully dismember the Noble Bird that occupies the place of honor in the menu given. Helen Marshall North details the varied industrial instruction to be had at Pratt Institute, Brooklyn. Both children and adults will be delighted to learn just how the Crepe Paper Brownies are made, and with the pictures of these amusing little figures. Harriet Keith Forbes shows how Burnt Work Decorations may be applied to Friezes, Portieres and Furniture, and Sarah Miller Kirby describes and defends Froebel's Own Manuel of Kindergarten Work. J. Bell Landfear gives illustrated instruction for a beautiful Greek Pantomime Drill. There is the usual entertaining Tea-Table chat, as well as Papers on Oriental Rugs. Some Artistic Screens, Floral Work for the month, a Novel Entertainment and the latest ideas in Knitting, Tatting, Lace-Making, etc.

Address all communications to the Delineator Publishing Co. of Toronto, Limited, 33 Richard Street, West, Toronto. Ont.

Subscription price of the Delineator $1.00 per year, or 15 cents per single copy.

Fell from the Tenth Story and Lived.

BUFFALO, Oct. 23.—Two iron workers employed on the Ellicott-square building quarrelled over the ownership of some tools, while at work on the 10th story of the building, and engaged in a fist battle on the frame work, where it is difficult to stand without support. One of the men missed his footing, tottered a moment and dropped into space. Below him were three stories before there was a bit of tiling. Iron rafters jutted in every direction with sharp edges. To escape from such a horrible death would be nothing less than miraculous. As he plunged forward, he fell sprawling. Over and over he went, and those above could catch a glimpse of the ghastly face in the fall. He passed the beam on the eighth floor, hitting it with his groin. He bounded again into the air like a ball, with a shriek. This changed the course of the falling man, and he made towards the shafting where a rope dangled at the side. Past the eight floor he went like a shot, turning over and over. Between the seventh and eighth floors, the elevator rope has a loop. In some way or other he grabbed it. With a last effort of nervous force he threw his leg into the loophole and hung. A moment more and a dozen men had pushed to his rescue. He was taken down faint and sick from the fall. He could not walk. It was found he had suffered a bad contusion on the leg and a small cut on the head. These injuries and the terrible shock caused by the fall were the only injuries, but it will be some time before he is able to go to work. It was a miraculous and a dramatic situation.

C. Donnelly prop. of the popular and well-known Windsor Hotel, Alliston, Ont., was troubled for years with Itching Piles. He was pursuaded be Jas. McGarvey, Alliston, livery man, to use Chase's Ointment, which he did, was cured, has had no return of them and highly recommends this Ointment as a soverign cure for Piles.

Nova Scotia's Coal Output.

HALIFAX, Oct. 18.—The coal shipments from Nova Scotia collieries for the nine months ending Sept. 30, show a decrease of 244,000 tons compared with the corresponding period last year. Cumberland shows a falling off of 57,000 tons, Pictou 57,000 tons, and Cape Breton 135,000. This in spite of the operations of the Dominion Coal Company. Had it not been for these the decrease in Cape Breton county would, it is said have been 100,000 tons greater than it was.

Whale Attacks Timber Ship.

On September 1st the brigantine "Handa Isler," with a timber cargo, arrived at Sydney Harbor from New Zealand, presenting the appearance of having been struck by a heavy sea, as she was much damaged amidships. It appears that at midday on August 24th two whales were sighted. At first they appeared to be heading across the ship's bows, but they suddenly alewed round and came broadside on to the vessel at a tremendious speed. The first whale struck the vessel amidships, and although the brigantine is 260 tons register and was laden with nearly a million feet of timber, the concussion was so great that the vessel shook from stem to stern. The second whale dived just before reaching the "Handa Isler", and passed under the keel. The brigantine was badly damaged, and the whale must have been terribly injured, as the sea around was speedily dyed with its blood. It did not rise after striking the vessel. Examination showed there was a large dent in the side where the whale's head had butted, and as the vessel was taking in water, the pumps had to be used and the deck cargo jettisoned. The occurrence took place 220 miles from Sydney.

Salt rheum is cured by Ayer's Sarsaparilla. Write J. C. Ayer Co., Lowell, for evidence.

The Savings Banks.

The following table shows the deposits in the government savings banks in this province on Aug. 31st and Sept. 30th, respectively. The difference, it will be noted, is very slight:—

	Bal. Aug. 31.	Bal. Sept. 30.
Chatham,	$ 266,789 17	$ 267,310 52
Dalhousie,	383,033 27	383,277 09
Dorchester,	93,377 26	91,038 48
Fredericton,	647,582 40	650,255 86
Newcastle,	235,755 30	237,024 53
St. Andrews,	295,149 20	293,275 64
St. John,	4,069,320 47	4,071,430 25
Woodstock,	501,865 16	498,914 71
	$6,492,872 23	$6,492,528 08

The total amount of deposits in all the government savings banks on 30th September was $44,860,413, against $44,882,473 on 31st August last, and $42,849,911 on 30th September, 1894. This is a decrease of $22,060 for the month of September and an increase of $2,010,502 for the twelve months.

Condition of Pope Leo.

NEW YORK, Oct. 27.—The Sun's London cable despatch says: There has again been this week one of those official denials of the alleged illness of the Pope, which are always so promptly forthcoming when required, and which are invariably emphatic to the point of fierceness. It is perfectly true, says the 'Sun' reporter in Rome, that the holy father is not ill, but to assert or suggest that there is no cause for anxiety is to carry official contradiction to the verge of falsehood. Leo XIII. goes about his work placidly and serenely, as though the shadow of death did not hang over him, or, perhaps, because of that fact. Each week seems to increase the emaciation of his body and to add to the exquisite sweetness of his disposition. Intellectually he remains a giant, and he takes his full share in the direction of affairs of state. Sometimes he refers calmly, even cheerfully, to the dark shadow against which his frail figure stands out luminously. It would be pleasant if the statement of Vatician affairs could stop here, but a conscientious reporter is bound to put on record the fact that the struggle for the succession to Leo XIII has already commenced with its attendant cabals and intrigues. The merits of the rival candidates are discussed and wrangled over. Political influences are taking sides, and one can almost see now the conclave divided into three contending camps, French, Italian and Austrian. Human frailties cannot be excluded even from the Sacred College. The struggle for the mastery is bound to be fierce, and timid spirits are yearning for some compromise which shall prevent unedifying strife.

The Queen's Health.

LONDON, Oct. 26.

There seems to be no doubt that Queen Victoria is passing again through one of those phases of semi-insanity which recall she is George III's grandaughter. These in the seventies were rather frequent; of late years they have recurred less often, but for six weeks now the worst of the series has been giving everybody about Balmoral much anxiety and ceaseless trouble. Rumors began to circulate in London a week ago that things were wrong, and a modified form of them has been printed in Dublin, but nowhere else, although private letters from Scotland show that it is common knowledge there. It seems to have had its origin in the death of a young nephew of John Brown, who had some obscure post about Balmoral, but for whom the Queen burst forth in a vehement mourning, which took all by surprise. Since then she has been going to his grave and to Brown's in all weathers, and doing other extraordinary things of a crazy character which it is impossible any longer to ignore. The matter has hardly yet become generally known in England, and perhaps it will pass off again without public mention, as in former years.

Terrible Fate of a Negro Jack the Ripper in Texas.

Tyler, Texas, Oct. 29.—Henry Hilliard, a negro who outraged and then cut the throat and horribly mutilated the dead body of a Mrs. Bell near Kilgore, was captured, fully identified and sentenced by the citizens to be burned to death.

A scaffold was erected in the centre of the square. Wagons with kindling wood, coal oil and straw were driven to the scene and placed in position. The negro was then given an opportunity to speak, but his words were inaudible, but when he offered his last prayer his words could be heard for several blocks.

He was then lashed to the iron rail that extended through the platform.

Mr. Bell, the husband of the murdered lady, applied the match and the flames shot upward, enveloping the brute in sheets of fire. He begged for mercy, but it was denied him.

From the time the match was applied until his death was exactly 50 minutes.

Nothing Ails out Corns

Like tight boots. Corns are very small affairs, but apply to them a pair of tight boots and all other concerns of life sink into insignificance. Tight boots and Putnam's Corn Extractor (the great and only sure cure for corns) may go together, and comfort will be their partner; but don't fail to use Putnam's Corn Extractor. Frauds, cheap, poisonous, and danegrous substitutes, are in the market. Beware of them, Putnam's Painless Corn Extractor. Polson & Co., proprietors, Kingston.

Refused to Get Him a Doctor.

The Kentville (N. S.) Chronicle says:—One of the saddest events that has ever come under the notice of the citizens of Kentville occurred Friday, when young Edward Martin of Glass Bay, Nfld, died of hemorrage of the lungs at the railway station. When the train stopped at Kentville that afternoon, this young man got off and going to the basin in the hall began to bleed at the mouth and nose. He stood there for some few minutes unnoticed, when he was approached by a gentleman who noticed his condition and inquired of him: "What is the matter?" He replied: "Oh my God I am bleeding; get me a doctor, quick. I asked that man there to get me one, but he won't." This gentlemen then turned to the man standing near he said "Why don't you get him a doctor?" Receiving no reply, he ran out on the platform to find Dr. Woodworth whom he had seen there a few minutes previously. About this time the deceased was seen standing at the basin by Policeman Davis, who supposing him to have been in a fight or drunk, took him by the arm and led him out to the edge of the platform. Here he was met by Dr Woodworth, who immediately recognized the seriousness of the case and at the same time the fact that nothing could be done for him. His heart blood was flowing from his mouth and nose in such a stream that in a few minutes he was dead. The suddenness of this and event will be realized when it is understood that ten minutes from the time he was taken with bleeding he was a corpse.

Burglars Arrested.

ANTIGONISH, N. S. Oct, 29.—The thieves who burglarized the store of T. J. Bonner, Sunday, have been arrested and are now locked up here. They give their names as William Malcolm and Alfred Gillis. The former hails from San Francisco, and the latter from Gloucester. They are both sailors. When arrested at Grosvenor, in the barn of Allan Terte, 7 miles from Mulgrave, the goods stolen from Bonner's store, besides a couple of watches and a few other articles were found on their possession. The preliminary examination will take place tomorrow.

The Crops of Madawaska, Etc.

The crops in Victoria and Madawaska last summer were the best the people up there ever had. Three roll mills are now working up there grinding buckwheat meal, which is said to be the best ever seen in that section of the country.

Anticosti.

A correspondent at English Bay, Anticosti, writing to a firm in Halifax, says:

"The island of Anticosti is likely to change hands. It is under offer to Mr. Depeches of Paris, who has paid an option which expires on the first of October. He is purchasing it for Mr. Menier of chocolate fame, who is reported to be worth two hundred million francs. The latest advices are to to the effect that the purchase will almost certainly be completed."

Anticosti is included in Quebec province, between lat. 48 and 50 N., and lon., 62 and 65 W.; area, 3,845 square miles. The north shore is high and without harbors; the south shore low and very dangerous. There are four lighthouses on the island. It is a valuable resort for seal and bear hunting and for salmon, trout, cod and herring fishing. There is much excellent soil. On the lowlands on the south coast there exists more than 160 square miles of peat bog of two and three feet thickness and of excellent quality. Marl, plumbago and other valuable minerals are reported. The population is only a couple of hundred.

Physicians prescribe Ayer's Pills as the safest and most perfect cathartic compounded.

Snow in Michigan.

MICHIGAMMA, Mich., Oct 25.—Snow has fallen every day for over a week, and there has been good sleighing for two days, the earliest on record.

AWFUL LOSS OF HUMAN LIFE.

THE ENEMY'S FAVORITE SEASON.

Victims of Rheumatism taken off Every Day.

Paine's Celery Compound a Perfect cure for Rheumatism.

Are you numbered with the vast army of rheumatics? If you are, be warned in time. This is the season most fatal to all who suffer from rheumatism. Already, alarm and consternation is spreading in the ranks of the suffering and disabled. To-day, sunshine cheers you; to-morrow and succeeding days, cold, damp, chilling and piercing winds may bring you to the verge of despair, from agonies and excruciating pains.

Can you afford to go on bearing agonies that may prove fatal at any moment? Can you afford to experiment with useless medicines when you know of Paine's Celery Compound, and the wonders it has done for others? If you value life, make trial to-day of the only medicine under heaven that can banish your terrible affliction. Each bottle of Paine's Celery Compound is full of life-giving virtue and power. It cannot fail in your case; a cure is guaranteed; what stronger promise can you desire? Your friends and neighbors have been cured by Paine's Celery Compound. Many of them lingered in pain for years, and failed with scores of medicines; but victory was theirs after using Paine's Celery Compound. Health, strength, perfect vigor and complete victory will also be yours if you take hold of the same great curing agent.

Chatham Y. M. C. A.

The Chatham Y. M. C. A. rooms are open from 9 a. m. to 10 p. m. on every day except Sunday. Strangers and visitors are made welcome. Boarding and employment found for young men making application.

Rooms in Hocken-Mackenzie Block on Water Street.

MARRIED.

At the residence of the bride's Grandfather, Mr Alexander Jardine, of Indiantown, on the 23 inst., by the Rev T. G. Johnstone, Mr Albert Crawford, to Miss Elizabeth Jardine, both of Blackville.

At St. Andrew's Manse on Tuesday, 29th inst., by Rev Joseph McCoy, M. A., Mr. Donald Fraser to Miss Emma Buckley, all of Bay du Vin.

is first class in all respects. All

WATCHES, CLOCKS, AND JEWELRY,

repaired at short notice, and

Guaranteed to Give the best Satisfaction.

W. R. GOULD.

Chatham, Oct. 23.

Shanty, Camp and Boat Stove,

[*From Miramichi Advance of Oct 11.*]

Mr George Marquis of Chatham will be looked upon as a benefactor of smelt fishermen, sportsmen and others who may have the good fortune to procure stoves of the new pattern designed by him the first sample of which was put together at his well known shop at Chatham on Tuesday afternoon and shipped yesterday to Negnac It is to be used in a moose-shooter's camp at Tabusintac and for that purpose as well as for heating and cooking in smelt-fishermen's shanties it is just the thing It is about 20 inches long, 14 inches from front to back and the same from bottom to top The bottom, top, door and dampers, etc are of cast iron and the sides and ends are composed of a sheet of 16 gauge sheet steel It will hold nearly twice as much wood as a star stove while owing to a new and peculiar form adopted in the bottom, it will burn either a small or large quantity of fuel, as may be desired It may also be fitted to burn coal There is a draft for forcing the fire and a damper for lessening the heat at will The top has two pot-holes and these may, by the removal of the dividing centre-piece, which is of the usual form, be converted into an oblong hole for a big boiler or oblong pan Altogether, the new shanty-stove seems to meet a requirement that is more than local, and the cost, $5, places it within almost everbody's ability to buy It Mr Marquis has just begun to fill orders, and it will be well for those who intend to fish smelts during the coming winter, as well as sportsmen and gunners who want to be comfortable and, at the same time, have a stove on which they can do quite a range of cooking to place their orders with him, as early as possible.

FARM FOR SALE.

That desirable property situate near Saint Paul's church, Upper Chatham, known as the DesBrisay property, running from the river to the rear lots and containing about ninety five acres. There is a good house and barn and a good deal of wood land with some ten acres cleared in front. There is also a good fishing privilege in front.

The subscriber wishes also to sell the marsh lot at the mouth of the Tabusintac river known as the John Murray Marsh Terms moderate.

Chatham, 26th March 1895.

MARY CHALMERS.

NOTICE OF SALE.

To Alexander Russell Junior of the parish of Newcastle in the County of Northumberland in the Province of New Brunswick, farmer, and Ellen his wife, and all others whom it doth or may concern.

Notice is hereby given that under and by virtue of a power of sale, contained in a certain indenture of mortgage bearing date the twelfth day of June in the year of our Lord one thousand eight hundred and eighty nine and made between the said Alexander Russell Junior of the first part, and Andrew Brown and Alexander Brown both of Chatham in the said County of Northumberland, merchants, of the second part, recorded the second day of January A. D. 1890, in volume 67, of the county records of the said county, pages 254, 255, and 256, and numbered 187 in said volume, there will for the purpose of satisfying moneys secured by and due on said mortgage, default having been made in payment thereof, be sold at public auction, in front of the post office in the said Town of Chatham in the county aforesaid, on Friday the twenty second day of November next, at twelve o'clock noon, all those lands and premises in the said indenture of mortgage described as follows, viz: "All that piece, parcel or half lot of land situate lying and being in the said parish of Newcastle, being part of lot number sixty eight in the second concession of lots, and abutted and bounded as follows, commencing on the northerly side of the road leading from Russell mill, (so called), at Bartibogue, to Moorfields at the lower or easterly side line of the said lot number sixty eight, thence westerly along the north side of the said road to the easterly side line of the upper or west
