BATH ROOMS.—The want of anything in the shape of bath rooms has been very much felt in this town, the public will therefore be pleased to learn that Mr. Iooger has undertaken to supply this want by putting in a number of bath rooms in connection with his barber shop on Wallace street. They will shortly be in operation and we trust that Mr. Iooger's enterprise will be duly appreciated.

PRIME CATTLE. — On Wednesday a splendid lot of cattle were shipped from this place. They were fatted by Messrs. James and William Burnett, and Wm. Keith, of Elma, and were purchased by Messrs. Walker and Jones, buyers. The price paid was 5c. and 5¼c., James Burnett receiving $2 a head over the latter figure for his lot, among which were a number of splendid young bullocks. There were about 60 head all told, and would probably aggregate over $4,000.

THE 24TH.—We understand that the anniversary of Her Majesty's nativity is to be celebrated in this town after the manner of former years, namely, by horse racing, athletic sports, &c., under the management of the Listowel Driving Park Association. The Ancient Foresters had contemplated holding a grand *fete* on that day, but we believe they have deferred their celebration, in deference to the Driving Park Association, until another time—probably Dominion Day.

THE Town Band turned out on Tuesday evening and entertained the public with a few enlivening airs. Under the new order of things, our Band is making excellent progress, and is a decidedly creditable institution. We trust that the matter of erecting a band stand in the park grounds will not be allowed to drop, for were the necessary accommodation furnished we are sure the band would willingly give their services on one evening of each week during the summer for the pleasure of our townspeople.

CHANGE OF BASE.—Mr. Lillico of this town, has opened a private Bank at Drayton instead of at Milverton, as he had at first intended. We understand that Mornington farmers were found to be comparatively well supplied with the useful commodity, and hence not likely to require the accommodation afforded by a monetary institution. Mr. Lillico's business at Drayton will be under the management of Mr. C. H. Smith, who is an experienced hand and will no doubt prove a very efficient manager. Note the card in another column.

BAND ASSEMBLY.—The Listowel Band purpose holding a public assembly in the town hall on the evening of Her Majesty's birthday, the proceeds of which is for purchasing uniforms for the additional members. At present the Band contains twenty members, and as a dozen uniforms can't be made to go all the way around the twenty players, even in this era of economy, it has been deemed expedient to make an effort to raise the wherewithall to procure the needed uniforms. Their motive is worthy the assistance of our music loving citizens.

HOLIDAY.—Thursday having been proclaimed a general holiday for tree planting, it is probable that business in town will be generally suspended. The object had in view is one which is deserving the attention of all property owners. From a sanitary point of view, as well as for the beautifying of the town and the comfort to be derived therefrom, it is essential that trees should be planted and fostered on our highways and wherever it is convenient so to do. In proclaiming a general holiday for the purpose, opportunity will be afforded many persons who perhaps would not otherwise be able to attend to this duty. All, therefore, who can add to the future well being of the town by planting a few trees should take advantage of the holiday assigned for that special purpose.

FOR MANITOBA. — Patterson's fourth party for Manitoba and the Northwest left Paris Tuesday night, and made a special of two baggage, six day and one sleeping coach leaving London. A train of thirty-three freight cars left with the effects, implements, etc., on the night previous, only one of which was for Dakota. This makes eleven cars of baggage, 37 cars of passengers and 153 cars of freight which Mr. Patterson has taken through since March 1st this year. Among the passengers who went on Tuesday were the following from this vicinity: Peter Twambly* and man, Listowel; Mrs. Mitchell and David Parker, Elma; Wm. Morrison, Waterloo; Jacob Smith, Carthage; E. C. Irwin, Palmerston; H. Greenwood and Y. A. Cherry, Moorefield. Mr. John Livingstone jr., town agent G. W. R., furnished nearly all of the above parties with through tickets.

TO FARMERS.—1,000 dozen Eggs wanted, for which highest price will be paid, at the Mammoth China Hall and Grocery. Geo. McDermand, successor to Tallman & Lenentine.—14b.

MR. C. N. SCOTT, general freight and passenger agent of the P. D. & L. H. R. is about to sever his connection with that line, as he has received a lucrative appointment—that of assistant treasurer —on the Northern Pacific Railway. His salary, we understand, will be $3,000 per annum. We congratulate Mr. Scott upon the appointment, with the assurance that he will efficiently discharge the duties of the important position which he is about to assume. During Mr. Scott's connection with the P. D. & L. H. R. he has made many warm friends, who will doubtless much regret his departure from their midst.

DISTRICT MEETING.—The assembly of the Guelph District of the P. M. Church, will hold their annual district meeting in Listowel on Wednesday next, 12th May, when the ministers and laymen from all parts of the district are expected to be present to take part therein. There will be a public musical entertainment in the evening of the 12th inst., at which the Harris brothers from Guelph, will be present, to render some of their excellent music, accompanied by the Rev. R. Pike from Kincardine, who is also an excellent musician. Master Arthur Harris is said to be the best boy amateur violinist in the Dominion. The entertainment will be interspersed with select speeches, from several of the ministers present. A grand treat is expected. Admission single tickets 25 cents, double 40 cents; proceeds to aid the trust fund. On Tuesday evening there will be a public temperance meeting, at which addresses will be given by several of the ministers of the district. Each meeting will commence at 7 o'clock.

THE IMPERIAL MEASURE.—It may not perhaps be generally known that it is unlawful to use the wine measure, but such is the case, the Act abolishing its use having came into operation on the 1st of May. The use of the standard or imperial measure is now required by law, and as it is the duty of the Inspector to see that the law is enforced, all parties using measures must conform to the law, otherwise they are liable to be prosecuted. For our part we fail to see why the wine measure was discarded, or how the adoption of a measure which the public are quite unfamiliar with is going to be an improvement. It is very likely to cause a deal of confusion and trouble at least until the public have become familiarized with it. The manner in which our weights and measures have been dealt with during the past few years would lead to the belief that perplexity and the entailing of unnecessary expense on the public were the chief aim of our tinkering legislators. However, the only course is to comply with the law, and extract what consolation can be derived from the adage that "whatever is is right."

THE CANADIAN MONTHLY for May is at hand, with the following interesting "contents:" Imperial Federation and Canadian Defences, by Lieut-Col. S. M. Jarvis, Q. O. A TOWN PARK—On Saturday last a joint meeting of the Town Council and Directors of the Elma & Wallace Agricultural Society was held in the town hall for the purpose of considering the leasing of the agricultural grounds to the town for a park. The matter was discussed by a number of the gentlemen present, and the feeling generally appeared to be in favor of the idea. It was understood that the Agricultural Society would lease the grounds for a nominal sum, providing the town would beautify them by planting trees, and would keep the place in repair. At a meeting of the Directors of the Agricultural Society held subsequently a resolution to that effect was concurred in. On Monday evening the Town Council appointed a committee to prepare a lease of the grounds and have it executed. This, we understand, is as far as the matter has proceeded, and it is just possible that it will be allowed to rest at this stage for some time, as we learn that the Council have concluded that the outlay required would be too heavy a drain on the treasury. How like a would-be philanthropist who spends a lifetime in devising plans for the amelioration of mankind, but yet never gives a cent towards buying a poor fellow a dinner, are some of the actions of our "town fathers." That whole-souled (!) body might be found ready to build a railroad to the moon were it not for the reflection that possibly it would militate against their reinstatement next January. The Public School Board is not the only body in town some of whose members lack the courage of their convictions.

MEETING OF THE AGR'L. SOCIETY.—After the Union meeting of the Town Council and Agricultural Society, on Saturday last, a regular meeting of the Directors of the Elma & Wallace Agricultural Society took place in the town hall, when the following resolution was drafted and concurred in by the Directors present: Moved by Charles Watson, seconded by John Glennie, that in and for the consideration of a yearly rental of one dollar, the directors of the Elma & Wallace Agricultural Society agree to give a lease of the agricultural grounds for a term of 21 years to the town of Listowel, reserving the use of the grounds for all purposes in connection with the society; and on condition that the town ornament the grounds and keep the fences and hall in a proper state of repair; all such ornamentation and plan of laying out grounds to be subject to the approval of a committee appointed by the society; and should the society before the expiration of 21 years find it necessary on account of more ground being required for agricultural purposes to dispose of or enlarge said grounds, they shall have the power to do so. The secretary was instructed to furnish the Listowel Town Council with a copy of the forgoing resolution. Other matters in connection with the society were taken up at the meeting, of which the appointment of a committee to ascertain the best time for holding the Fall Show, in order to fix the date so as not to clash with Guelph and other exhibitions, and the appointment of Mr. Hewitt of Elma, as a Director in the place of Mr. Halpenny, who has removed to Manitoba, formed the principal items of business transacted.

PUBLIC SCHOOL BOARD.—The Board met in the Council chamber on Tuesday evening, 4th inst.; all the members present. The report of pupils' attendance for the month of April was laid on the table, the report showing as follows: 1st department, on roll 54, average 37; 2nd dept., on roll 51, aver. 41; 3rd dept. on roll 75, aver. 58; 4th dept., on roll 54, aver. 43; 5th dept., on roll 60, aver. 47; 6th dept., on roll 82; aver. 57; 7th dept., on roll 159, aver. 95. The account of S. Morey for repairing doors and sinks, amounting to $2, and the account of H. M. Tremain for 30 shade trees, amounting to $2.75, were presented, and on motion, ordered to be paid. A circular was read from the Secretary of the Public School Board, Galt, requesting answer to several questions anent (1) the populations, also average annual attendance of pupils, (2) number of teachers employed and amount of salaries paid, (3) ordinary annual expenditure in connection with school, (4) whether the public are in accord with the school regulations, and in particular are the expenses connected with the maintenance of the Public School complained of. It was moved by J. P. Newman, seconded by W. G. Hay, that the Secretary be instructed to answer the questions asked in a circular sent by the Secretary of the Galt School Board, and we believe that a large majority of the people think our expenses for school purposes as very high.—carried. It was moved by W. G. Hay, seconded by R. Elliott, that the Secretary be instructed to pay Miss Bolton's claim against the Public School and the costs in connection therewith—carried. It was moved by J. P. Newman, seconded by W. G. Hay, that the Secretary of the Board be instructed to make out the account of the High School Board for rent for Public School building for one year and six months, amounting to $150, and hand it in to the High School Board at their next meeting—carried.

TOWN COUNCIL.—The regular monthly meeting of the Town Council was held on Monday evening, 3rd inst.; present, the Mayor, Reeve, Deputy-Reeve, and Councillors Nichol, Heppler, Hay, Freeman, Martinson, Bradley, Hess and Binning. The minutes of previous meeting were read and confirmed. A number of accounts were presented, and referred to Finance Committee. Jas. Knight tendered to furnish plank at $11.75 per m.; hemlock at $8 per m.; tamarack or cedar at 2c. per foot; rock elm at $11 per m. Edward Bros. tendered to furnish pine lumber at $9.94 per m.; elm at $9.55 per m.; hemlock, $6.75 per m. Frank Hedley tendered to furnish cedar poles at 2c per foot. It was moved by J. A. Hacking, seconded by J. Binning, that the tender of Messrs. Hess Bros. for furnishing lumber be accepted, and that Mr. Farncomb's tender for cedar poles be accepted—carried. A copy of the resolution passed by the Directors of the Elma & Wallace Agricultural Society at a meeting held in the town hall on Saturday 1st May, inst., respecting the lease of the agricultural grounds to the town for the purposes of a park, was read, and after some discussion thereon, it was moved by T. E. Hay, seconded by W. Bradley, that the following committee be appointed to prepare a lease of the agricultural grounds for a term of 21 years, and present the same for execution to the President of the society: Dr. Nichol, J. Binning, H. Martinson, Dr. Dillabough and J. A. Hacking—carried. The Finance Committee brought in their report, recommending payment of the following accounts: W. C. Kidd, livery $14; W. Bright, clerk, qr. salary; Jno. Fursden, breaking stone, $6; A. McIlwraith, supplies for furnace, $14; J. M. & A. Climie, for lumber and teaming $23.11. In reference to account of Jas. Knight for rent of lot, the committee found that the stone mentioned did not belong to the town, and that Mr. Knight has no claim on this corporation. On motion the report was adopted. The Mayor reported verbally concerning the progress made by the Committee appointed to consolidate and codify the town by-laws. The Committee had nearly completed their labors. Dr. Nichol, Chairman of special Committee, reported that a fire brigade had been formed in accordance with resolution of council. Under the order of business assigned to matters appertaining to the Board of Health, the Mayor reported that he had issued a proclamation requiring that all premises within the corporation liable to affect the public health be attended to by the 10th inst. The question of dog tax was taken up, when it was moved by J. A. Hacking, seconded by W. Bradley, that the Assessor be instructed to take a list of dogs, with their owners' names, from the assessment roll, and hand it to the Collector, so that he may at once proceed to collect the taxes or destroy the dogs—carried. It was moved by Wm. Hess, seconded by H. Martinson, that the time be extended two weeks for collecting balance of taxes—carried. It was moved by T. E. Hay, seconded by H. Martinson, that the Chairman of the Board of Works secure the services of several men to aid in planting trees in the agricultural grounds on Thursday next, also prepare a plan for laying out the grounds and take the general supervision of the planting on that day—carried. Council adjourned.

To Ladies Only.—The strength, brightness, and durability of the colour produced by MRS. FREEMAN'S NEW DOMESTIC DYES is almost incredible. The process being so clean and simple there appears no reason why every lady should not be her own dyer, by beginning her experiments on ribbon or piece of cloth in a small earthen crock or basin of boiling water, and proceeding afterwards to larger articles of dress or utility. They are put up in envelopes with full directions. Price 15 cents for all colours except Magenta, which is 10 cents.

Lachine Canal.

Notice to Machinist Contractors.

SEALED TENDERS addressed to the undersigned (Secretary of Railways and Canals) and endorsed "Tender for Lock Gates, Lachine Canal," will be received at this office until the arrival of the Eastern and Western Mails on THURSDAY the 3rd day of JUNE, next, for the construction of gates, and the necessary machinery connected with them, for the new locks on the Lachine Canal.

Plans, Specifications and General Conditions can be seen at this office, on and after THURSDAY the 20th day of MAY, next, where forms of tender can also be obtained.

Parties tendering are expected to provide the special tools necessary for, and to have a practical knowledge of, works of this class, and are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and, further, an accepted bank cheque for a sum equal to $250, for the gates of each lock, must accompany each tender, which sum shall be forfeited if the party tendering declines entering into contract for the work at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contracts the party or parties whose tender it is proposed to accept will be notified that their tender is accepted subject to a deposit of *five per cent.* of the bulk sum of the contract—of which the sum sent in with the tender will be considered a part—to be deposited to the credit of the Receiver General within *eight days* after the date of the notice.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

By Order,

F. BRAUN,
Secretary.
