occurred. In the Upper placers, the snow has been so deep as to compel the miners to come down further, but those who have wintered above have no reason to complain. New discoveries of gold continue to reward the seekers; villages are springing up, and adventurers pushing their researches in all directions, with great energy and success.

REVENUE BILL.—The Revenue Bill of last year has passed the House of Assembly without any amendment.

The Woolwich Gazette, a well informed military paper, insists, that owing to the intrigues of Russia, England will ere long become involved in a Continental war. The Editor puts no faith in the good intentions of France towards England, and states that even now the French Admiral in the Mediterranean is coquetting with the Russians, in order to accomplish passage of the Dardanelles by the Russian fleet, and by their joint co-operation, to oppose the British Admiral in the Mediterranean.

CALIFORNIA.—Latest accounts state that an inundation had placed the Sacramento City almost entirely under water; destroying a large amount valuable property.

The return steamers continue to be laden with gold; the Alabama had half a million, and the California a million and a half of dollars in amount.

2000 persons are reported to be surrounded by water at Sutter's Fort, unable to escape. They will probably be rescued by the river steamers.

TO CORRESPONDENTS.—The second letter of "Veritas," reviewing Mr. Thomson's pamphlet, came too late for insertion.

Several communications received, and under consideration.

☞ We are indebted to Favor's Express, and to the politeness of Captain Hutchins, for late files of American papers.

Brown's Shakers'

PURE FLUID EXTRACT OF ENGLISH VALERIANA.

(Valeriana Officinalis)

Manufactured by the United Society of Shakers by a process peculiarly their own, from the pure green root, imported from England and raised by themselves, and from which only, and active property of the Valerian can be obtained. It is highly approved of by the Faculty. Physicians and others are respectfully invited to give it a fair trial.

Price, twenty five cents a bottle, or two dollars and fifty cents a dozen, with liberal discount to wholesale dealers. Directions accompany each bottle.

FRIEND SAMUEL BROWN, ENFIELD, N. H.

You ask me to give my opinion of the Fluid Extract of Valerian, which you prepare. When it a secret remedy or a patent medicine, I certainly would not reply. But from the honourable ground which you have taken in this matter, and knowing also the labor you have bestowed upon this preparation, I am willing to give publicity to my opinion of the preparation referred to. Ever since our knowledge of organic chemistry has been so much increased, we have found out that many very excellent remedies are in the natural state so combined and associated with other principles as to render them in a great degree useless to us. This was remarkably the case with the Valerian. We could not use it as often as we wished, because of the great bulk both of powder and infusion which it was necessary to throw into the stomach in order to get a full effect. Nausea and even vomiting resulted from the large doses. This compelled us to abandon its use. Chemistry showed us that the active principle is a peculiar acid (the Valerianic acid) which exists only in small quantity in the root. In your method of preparation this active principle is detached from the nauseating constituents of the root, and obtained in solution. We may then look upon your Fluid Extract of Valerian as a solution of Valerianic Acid. The action of this article upon the nervous system is most happy in all cases where the sum total of nervous energy is below the healthy standard, and it hence becomes a most important remedy. We owe you and others many thanks for putting so valuable a remedy as the Valerian into a convenient shape for use.

Yours respectfully,
EDWARD E. PHELPS M. D.
Prof. Therapeutics and Mat. Med. in Dartmouth

The above invaluable Preparation is signally efficacious in all Nervous and Hysteric Affections, sleeplessness, and Sick Headache, producing quiet, and tranquil sleep, and leaving no unpleasant sensations after its use,—the inevitable result of Opiates, Camphor, and the many articles usually administered.

Having had an opportunity of giving a thorough trial to Brown's Shakers' Fluid Extract of Valerian, and having seen its good effects especially manifested in a severe case of Tic Doulourreux, I have no hesitation in saying that I consider it superior to any other form in which the Valerian is ever used, and as eminently deserving the attention of the medical profession.

To the Electors of Queen's Ward.

GENTLEMEN,—

IN once more tendering my services as a Candidate for the Office of ALDERMAN for the ensuing year, I would appeal to my past conduct as a pledge for the future. Having had the honor of filling the Office for six years, during which time I have endeavoured to promote every good measure, and not failed to denounce and condemn every bad one, I need not enquire of you as to my "fitness for the office." Should you feel disposed once more to honor me with your suffrages, I will continue to pursue the same honest, upright course, which I have reason to believe has hitherto met your approbation. With great respect,

I am, Gentlemen,
Your most obedient servant,
March 12, 1850. WM. O. SMITH.

To the Electors of King's Ward

GENTLEMEN,—As the Annual Election for the Common Council is drawing near, I beg to announce my intention of offering for the situation of Alderman for King's Ward. Although this is the first instance in which I have sought the honor of being a public servant, I believe you all know me well enough to judge of my fitness for the situation. If, indeed, the office were a *political* one, I should think it right to declare my political sentiments, and tell you whether I am a Liberal or a Conservative; though, even then, I should not think a mere *name* of much importance. Because a man chooses to call himself a Liberal, it does not therefore follow that he is not a Tyrant. A *true* Liberal is not one who is merely liberal of the rights of others, but one whose natural benevolence and love of justice make him wish to see those who are in authority dispensing *equal justice to all*; although he may not, at the same time, believe "too much love of change" the surest path to national prosperity. There is one sentiment, however, which I think it proper to avow on this occasion:—*whoever accepts a public situation, is thereby bound faithfully to discharge the duties of that situation.* He is the *servant* of the public, not their *master*; and if he will not discharge the duties, or will accept any other office or employment inconsistent with the efficient discharge of those duties, let him resign the situation. Public offices are established for the good of the people, and *their* interests are to be looked to, not those of the occupants of those offices. I may add, moreover, that it is the especial duty of those holding public situations to look after the interests of the poor, and to endeavour to promote peace and good-will among all classes. Whether these sentiments are tory or radical I will not undertake to say; but with these sentiments I intend to solicit your support at the coming election.—I am, Gentlemen, your obedient servant,
St. John, March 5, 1850. J. H. HARTT.

To the Electors of Queen's Ward:

GENTLEMEN,—On the first Tuesday in April I shall, at the request of a large number of Electors of the Ward, appear before you at the Hustings, as a Candidate for the office of Alderman.

In giving public notice of my intentions at this early day, I do so for the purpose of affording you a sufficiency of time to judge of my fitness for the office, and should you think my humble abilities such as will warrant you to give me your support and vote on that day, I can only promise to do all that I can for the benefit of the Ward, and the City generally.—I am, Gentlemen, your obedient servant,
S. K. FOSTER.
