Julia Marlowe.

Next week at the Grand Opera House comes an engagement beginning Thursday evening which will be warmly welcomed by the best theatre-goers of Toronto. It will be the visit of Julia Marlowe, who will ask the judgment of her admirers upon her personation of some new parts in which she has not been seen in this city. She has chosen one of these for the first night's performance, "Beatrice," and her announcement of it has created quite a stir since that brilliant, strong, merry, deep, loyal and affectionate creature has characteristics which appear nowhere else in Miss Marlowe's repertoire, and the true portrayal of which must carry her beyond the quiet humors which have been the best traits of her work hitherto. Mr. Fred Stinson, who is now Miss Marlowe's manager, gives her a very good supporting company, whose leader is that attractive and able young actor, Mr. Robert Taber, so that the embodiment of the two chief roles in every play will have the spirit of youth, which will atone for any possible lack of the perfection which only elder years can attain. The other actors are all competent and most of them already favorites of long standing here. Miss Marlowe's list of plays have been arranged as follows: Thursday evening, "Much Ado About Nothing"; Friday evening, "Twelfth Night"; Saturday matinee, "As You Like It"; Saturday evening, a double bill, "Rogues and Vagabonds" and "Pygmalion and Galatea."

"A Pair of Jacks."

At Jacobs & Sparrow's Opera House next week "A Pair of Jacks" will be the attraction. Of this farce-comedy an exchange says: "In this era of trashy farce-comedies it is refreshing to meet with a meritorious novelty in this particular branch of dramatic construction. This is what is claimed for H. Grattan Donnelly's laughing festival, 'A Pair of Jacks,' which is something akin to a revelation in this line. The author in the compounding of his mirthful play has departed from all the former time-worn standards and by doing so has produced a play entirely fresh and original. From the rising of the curtain to the falling of the same the interest never flags, the humor never loses its piquant flavor and the entire piece goes rippling merrily onward to an uproariously hilarious termination. The situations throughout are of a cyclonically mirthful nature, and there is perfect embarrassment of riches in the number of catchy specialties introduced. The company engaged to illustrate 'A Pair of Jacks' is by long odds one of the best combinations of the kind ever formed."

Moore's Musee Theatre.

Marriage is getting to be a very ordinary affair in life, but when the ceremony occurs between the two fattest people in America it is an event that is worthy of more than passing notice. A marriage occurred between Frank Farlow of Saginaw, Michigan, and Rebecca Bundy of Big Rapids, in the same state, and it is safe to say they are the heaviest and fattest duo that ever plodded through life in harness. The ceremony took place in Detroit, March 5, at the residence of the bride's uncle. She is a blushing maiden of 19 and weighs 596¼ lbs. Mr. Farlow is a good-natured young man of 24 and tips the scale at 762 lbs. Their combined weight is, therefore, 1358¼ lbs. They started on a wedding tour, intending to go direct to Rhode Island, but were prevailed upon by Mr. J. H. Moore to remain one week in Toronto, the inducement being the sum of $500 and the furniture complete for their future home in Saginaw. They will hold wedding receptions at the Musee Theatre every afternoon and evening in the curio hall. Another feature that Manager Moore has provided is a complete encampment of Sioux Indians, including the chief Running Deer and the medicine man Black Bear, now 99 years old. The party, with the exception of the latter, will snow the sports and customs of the great Sioux Nation.

Cute and winsome is the Princess Nora, a little lady of diminutive proportions, who will be sure owing to her pleasing ways to make many friends in Toronto.

Sol Stone, who for lightning calculation is without a rival on earth, will reappear and again astonish the thinking public.

Kernell's vaudeville organization is too well known to require comment. Stronger and better than ever, they will be sure to drive dull care away. Notwithstanding the list of expensive attractions Manager Moore has decided not to raise the admission, so the little ten cent piece as ever will admit to all.

Notes.

Albani will have a most splendid reception on April 11 at the Pavilion. There is a very large demand for seats, and those desirous of securing a good position should register their names without delay at Messrs. Suckling Sons' Music Warerooms.

Miss Pauline Johnson will read the following selections at the teachers' entertainment in the Auditorium on Monday evening: "As Redmen Die," "The Song my Paddle Sings," "A Cry from an Indian Wife," "Temptation."

Bond-street Church held a large audience last evening when Miss Pauline Johnson gave one of her unique and delightful recitals of her own poems. In addition, Mr. Fred Christie scored a great success as a dialect reader, as did Mr. W. A. Dixon in his ventriloquial sketch.

THE "CREATION."

The Metropolitan Choir's Concert a Great Success.

A concert and organ recital was given in the Metropolitan Methodist Church last evening under the auspices of the choir of that church.

The vocal selections were taken exclusively from the "Creation." Mr. Torrington officiated at the organ and executed the accompaniments in his usually finished manner. The choir, in the rendition of the various choruses, displayed a great deal of careful training. That entitled "The Heavens Are Telling" was probably the best effort in this line.

Robert A. Shaw sang with his usual life and vigor. The air, "Now Vanish Before the Holy Beams," was sung with a great deal of artistic finish and appreciation of the lofty sentiments expressed. The large audience were prepossessed by his exquisite tenor and pleasing presence.

Miss Ella Paterson showed to great advantage in the air "With Verdure Clad." Her sweet soprano was much admired.

The other performers were: Miss Mortimer, Miss Clarke, Mrs. Weeks Church, Mr. Burden, Mr. A. E. Curren and Mr. Burt.

Music for the Patients.

Last evening the orchestra of the West End Y.M.C.A. visited the Asylum and gave a pleasing concert to the inmates. Besides the orchestral selections the following contributed: Miss Sharpe, soprano; Mrs. Hick, contralto; Miss Eva May, a pupil of Mr. S. H. Clarke; Mr. Cavers, Mr. Alderson and Conductor K. W. Barton. Dr. Daniel Clark thanked the performers for their admirable entertainment.

Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the *best medicine in the world*. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

It Was the Ladies' Night.

The W.C.T.U. held their annual social at headquarters, Terauley and Elm-streets, last night. Mrs. Harrison, Mrs. McDonnell, Miss MacMath, Mrs. Dr. O'Connor and Mrs. Carty gave short appropriate addresses. Dr. Stowe-Gullen read the paper of the evening on "What would the ballot do for Women?" Mrs. Murray-Dixon and Miss Lowes contributed to the musical part of the program.

Dr. T. A. Slocum's Oxygenized Emulsion of Pure Cod Liver Oil. If you have consumption use it. For sale by all druggists. 35 cents per bottle.

What bulges their pockets as they rush hither and thither? 'Tis these half-gallon bottles of nature's unrivalled disease destroying and life-restoring wonder, St. Leon.

Yes, people run for it as they do for a physician in sickness, and when used by patients in large draughts—hot or cold, either as agreeable—grippe, influenza and all their combined horrors vanish. 36

750 BARRELS OF FLOUR MISSING.

A Mystery Which is Exciting Brampton to Its Very Depths.

BRAMPTON, Ont., March 11.—No little surprise was caused this week by the report that a shortage has been discovered in the flour mill of Messrs. Pearen Bros. The managers declare that from the quantity of wheat purchased and taken to the mill since Aug. 7 last—about 50,000 bushels—there should have been upwards of 750 barrels of flour more than the quantity accounted for.

After investigating the facts the proprietors have concluded that the flour must have been stolen from one or other, or both, of their storehouses.

HE WROTE "ANNIE ROONEY."

A Popular Song Writer Convicted of Stealing from a Companion.

HARTFORD, Conn., March 11. — Mike Nolan, the newspaper reporter, comedian, music arranger and author of "Annie Rooney" and "I Whistle and Wait for Katie," was a prisoner in the Police Court yesterday. The charge against him was theft. He was convicted, fined $7 and sent to jail for 30 days.

The Trend of Trade.

NEW YORK, March 11.—General trade conditions are substantially those which have heretofore prevailed, as indicated by special telegrams to Bradstreet's.

An improvement is noted in general trade in the Provinces of Ontario and Quebec. In both there is a moderately active demand for staple goods, sugar being higher. Demand for wheat is not heavy.

An early opening of navigation is expected at Montreal, where there is already considerable demand for ocean freights.

Bank clearings at four Canadian cities equal $18,529,856, an increase of 6 per cent. during the week.

There were 40 failures in the Dominion reported to Bradstreet's this week, against 33 last week, and 479 Jan. 1 to date, against 493 in a like period of 1891.

Still Missing.

SUSPENSION BRIDGE, Ont., March 11.—Nothing further has been learned of the whereabouts of Lothrop Cook, who is supposed to have drowned himself in the river yesterday, and doubt is verging into certainty that he must have committed suicide. His brother, who was here all day yesterday, said he felt assured that Lothrop had laid violent hands upon himself, as he was subject at times to fits of deep despondency.

Died in Great Agony.

BARRIE, Ont., March 11.—The 2-year-old son of J. H. Lennox, Crossland, placed his mouth to the spout of a kettle, and drew into the mouth and throat a quantity of steam and hot water. The child expired after intense suffering, lasting 24 hours.

An interesting lecture was delivered in Westminster Presbyterian Church last evening by the Rev. Mr. McCarthy, formerly a missionary in China, in connection with the China Inland Mission. A collection was taken up in aid of the Y.W.C.G.

A meeting of the Stonecutters' Union was held in Richmond Hall to discuss the importation of dressed stone for use in building the new Drill Shed. A committee was appointed, composed of A. Malone; first vice-president, Alexander Wheeler; second vice-president, Dr. Ogden; third vice-president, J. H. McKenzie; secretary, Elgin Schoff; assistant secretary, William Cahill; treasurer, F. G. Inwood; auditors, Henry Swan and Hugh Miller; Finance Committee, Ald. David Carlyle, A. F. Rutter, Charles Burns, Frank L. Webb, Herbert Denton and John Patton.

Henry Tomkins, 333 Manning-avenue; Percy Waghorne, 8 Clinton-street; Arthur McCarroll, 3 Denison-avenue, and Henry Burke, 253 Bellwoods-avenue, four small boys, were arrested yesterday charged with house-breaking. They are said to have entered the houses of John Harvey, 448 Euclid-avenue, and James Roberts, 436 Euclid-avenue, when the owners were absent, stealing from the latter place a purse containing $2.

We notice that Mr. Fred Roper, secretary of the Dominion Telegraph Company, who recently resigned his position as secretary and auditor of the Great Northwestern Telegraph Company to open an office as accountant, auditor, trustee, etc., has moved into larger and more conveniently-located premises in Quebec Bank Chambers, immediately over the bank, at the corner of King and Toronto-streets. Mr. Roper will be pleased to have his business friends call and see him in his new quarters.

The Blacksmiths and Helpers Union, No. 1, of Toronto, held a very successful meeting in Richmond Hall, where business of importance was transacted. There are about 70 members in the union, which is in a flourishing condition. It is strongly in favor of the action taken by the stonecutters in their demands for having the stone dressed in the city for the new drill shed. The union also condemns the way in which Mayor Fleming and Ald. Jolliffe have acted in regard to the new chemical fire engine, and are in favor of it being built in Toronto. The officers representing the union are as follows: President, J. Hilton; vice-president, H. Ley; secretary, H. Walton; financial secretary, D. Callender, and J. Steele, treasurer.

WONDER IN WELLAND!
A Representative Farmer Speaks.

MR. C. C. HAUN.

The following remarkable facts are fully certified to as being undeniably correct in every particular. Mr. Haun is well known in the vicinity, having resided here over fifty years, and is highly respected as a man of the strictest honor, whose word is as good as his bond.

As will be seen from his letter, four physicians had attended him, and it was only after he had given up hope of cure that he decided to try Burdock Blood Bitters on the recommendation of a neighbor who had been cured of a similar disease by its use. Mr. Haun writes as follows:

DEAR SIRS,—I think I have been one of the worst sufferers you have yet heard of, having been six years in the hands of four of our best doctors without obtaining permanent relief, but continually growing worse, until almost beyond hope of recovery. I tried your Bitters and got relief in a few days. Every organ of my body was deranged, the liver enlarged, hardened and torpid, the heart and digestive organs seriously deranged, a large abscess in my back, followed by paralysis of the right leg, in fact the lower half of my body was entirely useless. After using Burdock Blood Bitters for a few days the abscess burst, discharging fully five quarts of pus in two hours. I felt as if I had received a shock from a powerful battery. My recovery after this was steady and the cure permanent, seeing that for the four years since I have had as good health as ever I had. I still take an occasional bottle, not that I need it but because I wish to keep my system in perfect working order. I can think of no more remarkable case than what I have myself passed through, and no words can express my thankfulness for such perfect recovery.

C. C. HAUN,
Welland P.O.

In this connection the following letter from T. Cumines, Esq., a leading druggist of Welland, Ont., speaks for itself:

MESSRS. T. Milburn & Co., Toronto.

GENTLEMEN,—I have been personally acquainted with Mr. C. C. Haun for the last 20 years, and have always found him a very reliable man. You may place the utmost confidence in anything he says with regard to your medicine. He has on many occasions within the last four years told me that it was marvellous the way the Burdock Blood Bitters had cured him, and that he now felt as able to do a day's work as he ever felt in his life. Although quite well he still takes some B. B. B. occasionally, as he says, to keep him in perfect health.

Yours truly,
THOMAS CUMINES,
Welland, Ont.

The steadily increasing sale of B. B. B., the length of time it has been before the people, and the fact that it cures to stay cured, attest the sterling merit of this monarch of medicines, the people's favorite blood purifier, tonic and regulator.
