Friday Bargains.

It means much for goods to be classified as bargains at this store. First, they must be of thoroughly dependable qualities. Second, the prices MUST be considerably under the actual value of the goods. That's why so many shoppers have confidence in our bargains. They have learned that it pays to come after them. So they come—and continue to come in increasing numbers. The Easter rush has left us with many broken assortments and odd lots of goods. These help to make our Friday Bargains this week.

Groceries for Friday.

THE GAS QUESTION.

An emergency meeting of the directors of the Consumers' Gas Company was held yesterday morning, at which it was decided to withdraw the promise made the City Council by Manager Pearson to reduce the price of gas by at least 5 cents next October. This step was taken because of the Council's refusal to accept the company's proposed amendments to the act of 1887. Mr. Pearson's offer to reduce the price of gas is an admission by the company itself that the finances of the concern will permit of the reduction. Such being the case, the public is entitled to the reduction, and the company's threat to recall the promise to reduce the price is but another instance of their absolute contempt for the rights of the people of Toronto. What the company says is this: "We are in a position to reduce the price of gas, and we intend making a reduction, but you must give us an equivalent. You must help us to have our act amended. You must help us to enlarge our powers and to secure more capital. If you refuse to do this there will be no reduction." It is mortifying that justice is so slow in overtaking the dishonesty of which the directors of the Gas Company stand self-convicted. However, right and justice will be done in the end. What the City Council must do on behalf of consumers is to proceed with the action against the company at once. If the fiat of the Attorney-General is necessary for this purpose, let the application therefor be made forthwith, and let Hon. Mr. Gibson refuse it if he dare. The people will put up with a good deal, but there is a limit to their forbearance, and that limit has just about been reached in this matter. If the case is vigorously proceeded with a final judgment should be in our hands within twelve months. If the judgment of Mr. Justice Ferguson is based on good law, as we believe it is, the city will have the company on its knees within a year. The directors of the company have it in their power in the meantime to keep the price of gas at the present exorbitant rate, but the company will have to pay back dollar for dollar when the day of reckoning comes. With a judgment for over a million dollars in our possession, we can make whatever terms we like with the company. Mr. Justice Ferguson's judgment, if carried into effect, would have virtually transferred the ownership of the Consumers' Gas Company from the shareholders to the consumers. This is the great fact that should never be lost sight of in fighting the company. The facts and the law are with the city and against the company. The former case was lost on a pure technicality. On the merits of the case the judgment of Mr. Justice Ferguson still stands intact. As far as the city is concerned, all negotiations with the company should be called off. Our only business with the Gas Company is to have the courts define our rights and enforce them. The Board of Control will not be doing its duty to the people if it does not issue a writ against the company today, and at the same time request the Attorney-General to grant his fiat.

SUBPOENA THE HAMILTON EDITORS.

The Hamilton Herald thinks that, as The World seems to know so much about the men who were guilty of the frauds recently perpetrated in connection with the vote on the waterworks bylaw, the editor of this paper should be subpoenaed to disclose the identity of the criminals. The World is not directly concerned in the prosecution of this case, but if we were conducting the investigation we would subpoena some of the Hamilton papers to ascertain the source of the funds that were used to boom the bylaw in the local press. The papers that inserted these advertisements, and Mr. Clark, the convicted deputy returning officer, were no doubt paid from the same fund. What the people of Hamilton are anxious to learn is the identity of the individuals who induced Clark to commit the frauds of which he was convicted. The Hamilton papers ought to be able to give evidence that would lead to the identity of these individuals. There is no occasion to subpoena witnesses from Toronto to prove who the guilty parties were. They are well known in Hamilton. We have enough to do here looking after our own corruptionists. The woods is full of them.

DR. PARKHURST ON PREDESTINATION.

The Presbyterians cannot much longer ignore the tide of public opinion that is rising in opposition to some of the fundamental doctrines contained in the Westminster Confession. One Presbyterian divine after another is protesting against the doctrines of predestination and eternal damnation, as contained in the Confession. The list of dissentients contains the names of such celebrities as Drs. Briggs, Swing, Hillis, McGiffert and Gregg. And now, Dr. Parkhurst makes a break, and comes out flat-footed against one of the cornerstones of the Confession. Last Sunday the rev. gentleman delivered a sermon from a Presbyterian pulpit, in the course of which he made this startling deliverance: "Our own doctrinal prospectus advertises us as believing that little children, perhaps the babe at your bosom, is damned, already damned, damned before it was born, damned from everlasting," to which he adds that he prays "that the time may be hastened when this libel upon the infinite grace of God shall be erased from our records." This declaration will, undoubtedly, have the effect of bringing the question at issue to a crisis. The church as a body will have to face the music, and decide whether predestination and eternal damnation are or are not identified with Christianity. We think we are disclosing no secret when we say that not one Presbyterian in ten believes that the theory of predestination is consistent with Christianity. The doctrine may be theology, but it is not Christianity. The great majority of Presbyterians and Christians generally are of the same opinion as Dr. Parkhurst. The idea of eternal damnation is a libel on the infinite grace of God, and before long the Presbyterian church will be forced to free itself of this monstrous doctrine.

A DOMINION EXHIBITION FOR 1901.

The Pan-American Exhibition that is to take place at Buffalo in 1901 will attract a large number of visitors from all parts of the United States and other North American countries. Canada should not fail to take advantage of the presence of so many strangers on her frontier. When a visitor from a distance finds himself within a stone's throw of Canada, his thoughts will naturally turn towards this country. Let us help him to make up his mind to come across, by getting up a National Exhibition, where he may see at a glance the leading features of Canadian industry. Never was such an opportunity presented for advertising the Dominion. The Buffalo Exhibition will be attended by probably as many people as witnessed the World's Fair at Chicago. A large proportion of these people can be induced to make the trip across the lake and get a bird's-eye view of the resources of the Dominion, as they would be able to do if it were decided to hold a Dominion Exhibition in Toronto concurrently with the Pan-American at Buffalo. We trust the Dominion Government will see its way to make the grant of $100,000, as requested by the City of Toronto.

THE PREFERENTIAL TARIFF.

Manufacturers' Association Makes a Proposition to the Dominion Government.

At the meeting of the Executive Committee of the Canadian Manufacturers' Association held on Tuesday afternoon a resolution was passed on the question of the preferential tariff, which will be presented to the Dominion Government.

The resolution expresses the association's unswerving loyalty and attachment to Great Britain, its appreciation of measures tending to increase trade between Canada and the other parts of the Empire, recognizing that an advantageous commercial bond is one of the strongest links in national unity.

That while the association is heartily in favor of the principle of allowing a reasonable preference on goods manufactured in Great Britain, it is strongly in favor of reciprocal preferential trade between Canada and every part of the British Empire with which arrangements can be effected to their mutual benefit.

They are strongly of the opinion that the minimum tariff on goods produced in the Mother Country or any part of the British Empire should nevertheless be high enough to afford adequate protection to existing Canadian manufacturing industries. In part the resolution says:

"That the Canadian Manufacturers' Association draw the attention of the Government to the fact that the proposed increase of the preference from 25 to 33 1-3 per cent., while beneficially affecting certain manufacturers by reducing the cost of their raw materials, will nevertheless cause serious loss in other lines of manufactures, which loss will be accentuated by duiness of general trade either at home or abroad.

"Amongst the most prominent of these may be mentioned the woolen trade, a growing industry which will be seriously checked by increased British competition, and this association strongly recommends the adequate protection of this and the other industries affected to the consideration of the Government.

"And resolved, that the Canadian Manufacturers' Association further desires to draw the attention of the Government to the fact that in some lines goods are coming into Canada from Great Britain and getting the full benefit of the preferential tariff, altho in some cases all, and in other cases almost all, the labor expended on them is not British but foreign. In such a case the preference acts not against the foreign manufacturer but against the Canadian, and to remedy this the Government is strongly urged to raise the percentage of British labor in manufactures to goods entitled to the preferential duty from 25 per cent. to 50 per cent. before this preference can be obtained, and also to use most stringent measures to guard against false returns being made leading to the importation of foreign goods under the name of British manufactures;

"And resolved, that the Canadian Manufacturers' Association, while appreciating the need of adjustment of duties to suit special circumstances, recommend to the Government that it adopt the principle of making no general revision in tariff oftener than once in five years, in order that greater stability and confidence may be given to business investments, and that in any case sufficient notice be given to the manufacturers to enable them to present their views for the consideration of the Government before any changes are put into operation."

President J. F. Ellis and Secretary T. H. Russell left yesterday for Ottawa, where they will wait upon the Government in reference to the above resolutions.

MARRIED FIFTY-ONE YEARS.

Mr. and Mrs. J. B. Marshall of Oxford-st. Had An Unusual Celebration.

A very pleasant and happy family reunion took place at 71 Oxford-street last evening, the residence of Mr. and Mrs. J. B. Marshall, the well-known caterer at the Industrial Exhibition. The occasion was the celebration of their golden wedding, which should have taken place one year ago. But, owing to the death of one of their daughters, Mrs. T. Lightfoot (a little over a year ago) the celebration was postponed.

Fifty-one years ago yesterday Mr. James B. Marshall was married to Mary Jane Miller in the city of Charleston, South Carolina, U.S. Forty-three years ago they came to this city, when Mr. Marshall at once became a British subject by taking the oath of allegiance. They had a family of 11 children, only four of which are living. The eldest son, E. B. Marshall, is a machinist in the employ of The Standard Oil Company, New York City. C. W. Marshall, another son, is in the employment of the G.T.R. in this city; Mrs. Sleeth, wife of William Sleeth of the Fire Department, and Mrs. Dodds, wife of W. F. Dodds of the Dominion Express Co. The two daughters, with their husbands and one son and wife, together with Mr. T. Lightfoot, as well as 7 out of 12 grandchildren, were present last evening. The wedding presents were numerous, costly and useful. Mr. T. Lightfoot, son-in-law, gave the aged couple a beautiful egg cruet made of sterling silver, with gold lining, and in doing so addressed them in a very feeling manner, which was fully reciprocated by Mr. and Mrs. Marshall.

Missionary Meeting at Wycliffe.

A public missionary meeting will be held in Wycliffe College on Friday evening at 8 o'clock, when the speakers will be Dr. Harford Battersby and Mr. W. Barbrooke Grub, who are on their way to attend the Ecumenical Conference on Foreign Missions in New York city.

Dr. Battersby, an active member of the Church Missionary Society, is the founder and principal of Livingstone College, London. He was formerly medical missionary in the Upper Niger district, and is the author of the well-known "Life of Pilkington."

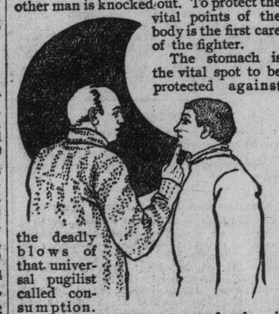
Mr. Grubb of the South American Missionary Society has spent 12 years amongst the Chaco Indians of Paraguay. The public are cordially invited to attend.

Royal Arcanum Ladies' Night.

The officers and members of Maple Leaf Council, Royal Arcanum, will hold their last open meeting of the season to-night at the council chamber, St. George's Hall. These ladies' nights are becoming very popular, and to-night the program will be an essay on "Poetry and Art," by Mr. J. H. Markie, after which there will be cards and dancing. Members and their friends are cordially invited to attend.

THAT VITAL SPOT.

The prize fighter always aims for the vital spot in the body. When he reaches it, as Fitzsimmons did with Corbett, the other man is knocked out. To protect the vital points of the body is the first care of the fighter.



The stomach is the vital spot to be protected against the deadly blows of that universal pugilist called consumption. If it is permitted to get out of order—if the blood becomes full of impurities, if the system is allowed to run-down—it won't be long until consumption will find the "opening" and deal its fatal blow. Protect yourself with Dr. Pierce's Golden Medical Discovery, the non-alcoholic remedy for the stomach, blood and nerves. Take it for lingering coughs, colds, bronchitis, weak and bleeding lungs. It has cured so many thousands that it will also cure you. Don't under any circumstances permit the medicine dealer to induce you to take some other remedy. There are many substitutes on the market, but none of them possess the power to cure like "Golden Medical Discovery."

"After using about five bottles of Dr. Pierce's Golden Medical Discovery my boy seems to be all right," writes Mr. J. W. Price, of Ozark, Monroe Co., Ohio. "He was very bad when I commenced to give him the 'Golden Medical Discovery.' The doctors claimed he had consumption and we doctored with them until he was past walking. It has been ten months since he stopped taking your medicine and he is still in good health."

To knock out constipation and biliousness, take Dr. Pierce's Pleasant Pellets.

YOU WANT THE BEST,

THEN WASTE NO MORE TIME LOOKING FOR IT.

YOUNG WILLIE KYLE'S DEATH

Inquest on the Body of the Little Boy Killed by the Trolley Starts at the Junction

IS ADJOURNED UNTIL MONDAY.

Wife Follows Husband to the Grave Within a Week—Toronto Gore, Spring Show.

Toronto Junction, April 18.—The inquest upon the death of William Kyle, the 3-years and 7 months old son of Mr. Hugh Kyle, who was killed by a street car on Saturday, was resumed before Coroner G. W. Clendenan at the Town Hall this evening. W. E. Raney appeared for the Crown, A. J. Anderson for the Street Railway Company, and J. Jennings for the Kyle family.

Mrs. Heintzman was the first eye witness who gave evidence. She was at Kemp and Whetter's butcher shop when the five children ran out of the store laughing. Two boys got across the track. The third crossed the first rail and, being beckoned to by the children on both sides of the track, stopped and turned towards the motor. He was instantly struck.

Mrs. Walker, Mrs. Lappage, Mr. Kemp, Mr. Whetter, Mr. Bell and Chief of Police Royce also gave evidence.

Mr. Morrison, a passenger on the car, stated that he was reading a newspaper and was not aware that there was any accident until he saw the expression on the faces of people on the sidewalk and heard the motorman shout. He heard no gong and received no shock.

R. Howland, the motorman, was examined at great length. He stated that there were three wagons on the road between Medland and Pacific-avenues, that the gong was sounding all along the way to the crossing, that the current was reversed 12 feet from the crossing and that the car struck the boy as it was coming to a standstill. Thinking he had thrown the child to one side, he took off the reverse and brought the car up with the brake. He did not see the child inside the rails, but saw it five feet from the track.

Little Mamie Kyle, aged 9, corroborated the statement of eye witnesses to the effect that her brother was between the rails when struck and that he stopped, not knowing which side to run to.

Mr. Rosevear was summoned, but as the questions asked of him were questions connecting his position with the company an adjournment was made until Monday night in order that he might get legal advice.

Weston.

Mrs. Baggs of Elder's Mills, whose husband died suddenly and was buried in Riverside Cemetery here last week, has also passed over to the great majority, and was laid to rest beside her husband to-day. Her age was 68.

Clairville Spring Show.

Clairville, April 18.—The annual spring show of the Toronto Gore Agricultural Society was held here yesterday under very favorable auspices and in the presence of a large gathering of farmers. The prize-winners were: Clydesdale stallion, any age, Loui Gordon 1, Lord Lonman 2; carriage horse, A Agar's Lord Minto 1, Kaiser Bros'. King Fairfield 2; roadster stallion, Anogia 1; thorobred, Monotony 1, Muskovite 2; single roadster in harness, Mike Ramsey 1, J. Lawson 2; carriage horse in harness, Mr. Ward 1, J. Lawson 2; speeding, Soper's Corker Jim 1, W. D. Lawson's Minnie 2.

Woodbridge.

The vestry meeting at Christ Church, Woodbridge, was held Tuesday evening last. Rev. W. F. Swallow presiding, T. A. Agar, vestry clerk.

T. F. Wallace was appointed clergyman's warden and Henry Peters people's warden. Sidesmen: T A Hicks, O Prentiss, Amos Maynard, Richard Willis, W A Skeans. Ushers: K Langdon, George Ellliston, F Hicks, T G Wallace, E W Lawrence. Churchyard Committee: Thomas Nye, Geo Elliston, Thomas Gray, Thomas Willis, Robert Willis. Delegates to Synod: A Maynard, Henry Peters, T A Agar. Queen's Birthday Celebration Committee: Robert Willis (convener), Charles Peters, Gus Maynard, Levi Wallace, F Hicks, Ed Brown, E W Lawrence and the Misses B and M Wallace, S Carrie, I Warren, I Hicks, Ida Brown, V Wallace.

On Wedpesday the remains of Ann Young, widow of the late Alfred Maynard, were brought from Thompsonville by C.P.R., and were interred in Christ Church Cemetery here. She was the mother of Amos Maynard of this place.

Thornhill.

Mr. Arthur Dickenson, London; Miss Kate Seager and Miss Bertha O'Donohue, Toronto, are visitors with friends in the village.

Mrs. R. Bailey is visiting with friends in London, Ont.

The chimney of the Thornhill Hotel took fire Tuesday morning, but was put out without causing any further damage.

Frightened by an electric car a horse, driven by Mr. James Stokes of Kingsway, ran away just south of the village on Tuesday afternoon. The buggy was quickly overturned and the driver thrown out. The car employes assisted in catching the horse, and picked Mr. Stokes up. The latter fortunately escaped with a few bruises and scratches.

The annual vestry meeting of Trinity Church was of a most harmonious character, the rector, Rev. Joseph Gibson, presiding. In addition to an expenditure of over $100 on the rectory, a large reduction had been made on the accumulated church debt, while the ordinary expenses had been fully met. Mr. Stewart Wilcox was re-appointed rector's warden and Mr. T. S. Cook was elected people's warden. The sidesmen are: Messrs. E. Langstaff, G. Parkinson, T. Farr and R. Lelliott. Miss E. Houghton, organist, and Mr. J. Drury, retiring warden, were accorded the hearty thanks of the congregation.

Bazaar at Richmond Hill.

In aid of the building fund of St. Mary's English Church, a successful bazaar and tea was held at the Temperance Hall on Tuesday evening. The affair was under the direction of the Woman's Auxiliary of the church, the ladies of which worked hard for the success secured. Miss Glass, Miss Savage, Miss Smart, Miss Davidson and Miss I. Brown contributed musical selections that added materially to the entertainment. The rector, Rev. J. Gibson, was present, and was accompanied by Rev. T. W. Paterson of Deer Park, who gave a short address to the gathering.

North Toronto.

Mayor Davis is now out of danger, and is making good progress towards recovery.

To-morrow evening the Rev. Morgan Wood will lecture at the Eglinton Methodist Church on "The Average Man, or Character Sketches From Human Nature." A. E. Ames of Toronto will preside, and a musical program will be provided by gentlemen from the city.

The usual spring work has commenced at Mount Pleasant Cemetery, and the grounds are already assuming a bright aspect.

Woburn.

In the death of Mr. John Taber, near this village, on Monday last, a familiar landmark is removed from our midst. Mr. Taber was born within three miles of the farm on which he has resided for nearly 70 years. One of the pioneers of Scarboro, he knew something of the hardships incidental to the early settlement of this country.

Mr. Taber leaves, besides his aged partner, eight sons and two daughters to mourn the loss of an indulgent husband and father. Deceased was a member of the Anglican Church and in politics a staunch Liberal-Conservative. The funeral will take place to St. Margaret's Church Cemetery at Highland Creek to-day, and will be private.

When Rheumatics cannot visit Caledonia Springs, to drink the Magi Waters at home is the next best thing; efficacy proved by 100 years of successful use. Sold everywhere. J. J. McLaughlin, Toronto, sole agent and bottler.

NOW IS THE TIME TO SOW QUEEN CITY LAWN GRASS.
