CAPT. C. GALBRAITH IS HOME ON LEAVE

His First Return Since Going Overseas in 1914.

Capt. Campbell Galbraith is home on his first Canadian leave since going overseas with the first Canadian contingent in the fall of 1914.

Enlisting the first week of the war, he has served since that time with hospital staffs in France and in England. His younger brother, Lieut. Gordon Galbraith, who has been home on furlough after a couple of years of service at the Macedonian front, leaves today to report for duty. On his return home, the beginning of September, he expected to go back directly to the Balkans at the expiration of his leave, but subsequent events there have made this problematic.

DEATH REPORTED

An old offender that hung on for years. Nothing touched his stony heart but Putnam's Corn Extractor, and out he came, root, stem and branch. All corns cured just as quickly when Putnam's is used; try it, 25c, at all dealers.

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist (or if you prefer, send 75c to Marmola Company, 864 Woodward avenue, Detroit, Mich.), and follow directions. No dieting, no exercise. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is their harmlessness. That is your absolute safeguard.

I KNOW A WOMAN'S SUFFERINGS

I am a woman.

What I have suffered is a far better guide than any MAN'S experience gained second-hand.

I know your need for sympathy and health.

And the treatment that gave me health and strength, new interest in life, I want to pass on to you, that you, too, may enjoy the priceless boon of health.

Are you unhappy, unfit for your duties? Write and tell me how you feel and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health; or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, falling or displacement of internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides regularly or irregularly, bloating, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weariness, sallow complexion, with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely overcome at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you have been benefited, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all—young or old.

Read My FREE Offer:

To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually dispels green-sickness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my method of home treatment a complete ten days trial, and if you wish to continue, it costs only a few cents a week to do so, and it does not interfere with one's daily work. Is health worth asking for? Write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. Cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address:

MRS. M. SUMMERS, Box 12, WINDSOR, ONT.

LETTER WRITER SAID BISHOP FALLON WAS HOARDING UP COAL

Fuel Controller Finds He Has Only 23 Tons.

Fuel Controller J. W. McCallum had a long letter this morning, calling his attention to an alleged coal "hog" in the city. The letter first referred to the possible investigation of cellars in the city, and then followed with the exposure. The letter referred to was none other than the Right Rev. M. F. Fallon. The letter stated that not only was the cellar at the bishop's home on Central avenue full, but that outhouses were also packed. It stated that Pinney & Shannon had "numerous" teams drawing coal to the residence of the bishop for over a week. It added that 100 tons could be easily removed from the bishop's premises, and he would not miss it.

Mr. McCallum has been running down many such reports. He does not delay when a complaint is made to him, and the latest was no exception. His inquiry showed that last year Bishop Fallon had used 35 tons of egg and one ton of stove coal. So far this year he has had delivered nineteen tons of egg and four tons of chestnut coal. In other words he had 23 tons of coal, and his requirements are 36 tons.

"It's just like a case I had up north," said Mr. McCallum. "I was told that a person had a cellar full, and the side of the barn bursting out with coal. I investigated and found six tons of coal in the barn and not a pound in the cellar."

REFORMATORY TERM FOR JEWELRY THIEF

Geo. Slater Given Two Years, Less Day.

Two years less one day in the common jail was the sentence imposed on George Slater this morning by Magistrate A. H. M. Graydon for theft of jewelry, to which charge the youth pleaded guilty in police court recently. In moving the sentence of the court on the prisoner, Crown Attorney J. B. McKillop called attention to the fact that the amount of jewelry taken was much in excess of that named in the information.

Magistrate Graydon in passing sentence told Slater that his youth saved him from serving the term in Kingston. He will be taken to the Ontario Reformatory for the duration of his detention.

Archie Hilton was charged with assaulting Mrs. Norah Jeffcott's little boy, but after hearing the evidence the case was dismissed by Magistrate Graydon. The lad said Hilton had kicked him, and his sister corroborated his evidence. Hilton denied that he had struck the boy, but admitted shaking him, and he had also threatened to slap him. Witnesses for the defence said that the lad had been making a deal of trouble in the neighborhood by throwing stones at other children.

Harry F. Cowhard was sentenced to 21 days in jail for a breach of the wives' maintenance act.

One drunk paid the usual fine of $10 for his little celebration.

VOICE OF THE PEOPLE

"THE WEAKEST LINK."

To the Editor of The Advertiser:

I notice that the old saw, or axiom, "No chain is stronger than its weakest link," is being continually exploited just now by ministers and editors in connection with the failure of Bulgaria. Now, to begin with, the saying, while axiomatic in a general sense, is not always true, even mechanically, when applied in practice, as a great deal depends on how the chain is used. Thus we may use the chain in connection with a sheaf of pulleys, where the weakest link may only have to bear one-fourth, one-eighth, or even one-sixteenth of the strain the rest of the chain bears. Neither is it true in a metaphorical sense invariably, as if we assume that as Bulgaria is the weakest link in the enemy chain that measures its actual strength, what about Russia? Are we prepared just as flippantly to admit that Russia measures the real strength of the allied chain? "Saws" are all right in their place, and have a legitimate use.

LAYMAN.

London, Ont., Oct. 11, 1918.

L. O. C. C. FIRST TO PROTEST.

To the Editor of The Advertiser:

I read your editorial on the subject of the license given to print a paper in Kitchener in the German language with much interest.

As secretary of the London's Own Comrades' Club (142nd Battalion), I was requested to call the attention of the G. W. V. A. to the first information concerning the matter that appeared in the press, and to inquire if they intended to protest, and if so, my club was prepared to support them in any action they might take.

I write this yetter, as you mention that the G. W. V. A. and the 33rd Comrades' Club had raised a protest, but no mention was made of the London's Own Comrades' Club. Yours truly,

(SERGT.) H. J. MYERS, Secretary.

London, Oct. 11, 1918.

LOCAL BAPTISTS GET NOTICE CONVENTION IS OFF FOR THE PRESENT

Baptist ministers of the city today have received telegrams from J. N. Shenstone, president of the Baptist Union of Ontario and Quebec, as follows: "The annual convention will not be held on date announced, owing to the prevalence of Spanish influenza, by order of the M. O. H., Toronto."

The convention was to have taken place in Jarvis Street Baptist Church, Toronto, October 16 to 22, the church, by the way, of which Rev. Dr. T. T. Shields, formerly of Adelaide Street Baptist Church, this city, is pastor. A large number of delegates from the city and throughout Western Ontario have been appointed to attend, six or seven having been named to represent Talbot Street Baptist Church, this city, alone.

Concerning the postponement, Rev. H. H. Bingham said today: "No doubt the convention will be held as soon as the epidemic subsides."

WELFARE WORK FOUND OF GREAT ASSISTANCE TO McCLARY EMPLOYEES

That there is a great opportunity for, and that results are obtained from factory welfare work, were facts clearly demonstrated at the reorganization meeting of the McClary Welfare Association, held in the York street dining-room of the McClary Manufacturing Company on Thursday evening, October 10. At the close of the meeting the president of the association, Lieut.-Col. W. M. Gartshore, briefly reviewed the work which had been done, and the prospects for a very great extension of the work in the future. Reports from all the committees were received, and were very gratifying. Suggestions were offered for the coming year, pointing to the fact that greater efforts would be made to extend the work of the association still farther, in order that the benefits might be felt more largely by the families of the employees, and also by the employees themselves, not only during their working days, but their evenings. It was realized that the word "welfare" did not embrace only the care of the employee when actually employed at the works, but also the welfare of the employee's family, and an interest in the proper amount of amusement, as well as care of their health.

McClary's Welfare Association is one of the pioneer welfare associations on this continent, and has maintained itself among the premier positions of the different organizations of a similar nature both in Canada and the United States. The work necessarily is done in such a quiet manner that the general public may not appreciate to what extent the employees are benefited, but the association welcomes a visit from any of the citizens or representatives of manufacturers interested in such work, and is always ready and pleased to explain how the work is handled.

At the meeting on Thursday night the new welfare supervisor, Nurse Malloch, was officially welcomed to the association, and her work and status definitely defined. Especially at a time such as this, when there is a prevailing epidemic, the work of the association supervisor is very heavy. Nurse Malloch comes to the association well equipped to fill the position, even in the face of the exacting demands which necessarily are made on the supervisor of such a large organization as the McClary Welfare Association.

WANTS NEWS FROM HOME.

Every boy and man at the front get their greatest satisfaction from letters received from home. "Bring Me a Letter From My Old Home Town" is one of the Popular Victor song records and expresses the request of a wounded soldier in France. Mason & Risch, Limited, 248 Dundas street, wish you to visit their Victrola Department and hear this, as well as other late records.

FOLLOW IT UP!

You probably have used many kinds of tooth pastes, powders and washes, in an effort to cure your sore, bleeding, receding gums and tighten your loosening teeth, but without success. "The Pemetine Treatment" kills the germ which causes PYORRHEA, and hence cures this disease. Ask your dentist. Now sold by every druggist. Fifty cents a bottle.

WOUNDED IN ANKLE

Advertiser Illustrations

PTE. R. ROBERTS, who went overseas as a corporal with the 142nd Battalion, was transferred into the 14th Canadian Battalion. He has just been admitted to No. 5 Hospital at Raum, with a gunshot wound in the ankle.

CAPTAINS SUPPLIED WITH AMMUNITION FOR BIG CAMPAIGN

All Set For Opening of Trade Board Expansion Drive.

Missing An Opportunity

If the average working man and his family spend $1,000 a year in London, and London misses an opportunity to bring a new one here, that missed opportunity is an actual money loss to the city. If 100 such oppqortunities are missed in a year it means the tidy little sum of $100,000.

Nobody on this green earth is going to help this city if the citizens do not themselves show some disposition to help it. It is time to look to the future. Other cities are doing it. Their citizens are finding the small cost in time, effort and money the best investment they ever made.

Twenty-four teams are to conduct the intensive campaign of the London Board of Trade next week. Each team consists of a captain and seven men, making a total force of nearly 200. This little army had its first meeting last evening in the Y. M. C. A. building. The 24 captains are: W. H. Abbott, E. V. Buchanan, Col. W. G. Coles, E. R. Dennis, Ald. F. E. Harley, J. B. Hay, Joseph F. Hickey, Major Gordon Ingram, A. A. Langford, C. E. Marley, Adjt. F. W. Martin, William A. Martin, C. R. May, Frank A. McCormick, Duncan H. McDermid, C. W. McGuire, E. C. Mitchell, Emerson Nichols, T. B. Parkinson, G. F. Pearson, Harry Ranahan, Jared Vining, Dr. C. Cameron Waller, William R. Yendall.

Fortified For the Drive.

The purpose of the meeting last evening was to give the teams part of their campaign supplies and to fortify them for their work on Tuesday, Wednesday, Thursday and Friday of next week with a "sales talk" which will enable them to cover their districts rapidly and efficiently.

The number of calls allotted to each team is about 100. J. C. R. Foster, the campain manager, told the men they could make these calls, which have been definitely listed, without trouble in the first three days of the drive, leaving the fourth day for a sort of "clean-up."

Enthusiasm a Feature.

Enthusiasm for the effort was a feature of the meeting. Scores of the workers expressed their fullest confidence in the result and there were some among them who urged that the goal of the campaign, 800 members, be raised to at least 1,000.

Interest in the plans for the expansion and reorganization of the board of trade has been shown by the Builders' Exchange. Mr. Foster spoke informally before the members at their last meeting. Several of the members expressed their willingness to give the plans their active assistance.

One of those who spoke put his sentiments in this form: "If I had waited until this campaign was over to find out what it means and then had learned what I know now, I would have been ashamed of myself."

MUST DECLARE THEY HAVE NOT ANY COAL

The wives and widows of soldiers who wish the local command of the Great War Veterans' Association to assist them to secure coal must sign a declaration which has been specially arranged by the G. W. V. A.

They must give the name of the coal dealer from whom they have been securing coal in the past.

They also must declare that they have no coal in or on their premises.

The coal committee of the G. W. V. A. is working hard and doing all in its power to secure sufficient coal to supply the wives and widows of soldiers.

The declaration must be declared before the fuel controller as well as the secretary of the G. W. V. A.

RHEUMATISM GOES IF HOOD'S IS USED

The genuine old reliable Hood's Sarsaparilla corrects the acid condition of the blood and builds up the whole system. It drives out rheumatism because it cleanses the blood.

It has been successfully used for forty years in many thousands of cases the world over.

There is no better remedy for skin and blood diseases, for loss of appetite, rheumatism, stomach and kidney troubles, general debility and all ills, arising from impure, impoverished, devitalized blood.

It is unnecessary to suffer. Start treatment at once. Get a bottle of Hood's Sarsaparilla from your nearest druggist. You will be pleased with the results.

Heart Troubles

Hackling's Heart and Nerve Remedy contains no Digitalis, Strophanthus or Nitroglycerin. The curative, healing and soothing qualities are remarkable, and many sufferers are deriving great benefit from its use. Great for High Blood Pressure, Kidney Trouble, Impure Blood, Faintings, Dizziness and for Shooting Pains through the Breast. Price 50c a box, 6 for $2.50. Sold by all dealers or by mail. C. B. Hacking, Phm.B., Listowel. 12u

MRS. C. ROBINSON IS INFLUENZA VICTIM

Dies From Pneumonia Following Attack.

The death occurred at midnight Friday night of Mrs. Robinson, 18 Charles street, wife of Clifford Robinson, a well-known young businessman of the city. Especially sad circumstances surround her death from the fact that she leaves three little children, the youngest, a babe only a few days old. About a week ago, Mrs. Robinson was taken ill with Spanish influenza, pleuro-pneumonia developing.

In addition to her husband and three children, she is survived by her mother, Mrs. A. Hodgins, 24 Wilson avenue, and three sisters, Mrs. Clifford Schott, Wilson avenue; Mrs. James Vaustone, 103 Wilson avenue, and Miss Marcella Hodgins, who is in training for a nurse in the Sarnia Hospital.

Mrs. Robinson was a highly-respected member of Talbot Street Baptist Church.

The funeral will take place on Monday to Mount Pleasant Cemetery. Rev. H. H. Bingham will conduct the service at the house at 10:30 o'clock.

PTE. T. C. ROBSON KILLED IN ACTION

Has Been at the Front Since May, 1917.

Sad news reached Mr. and Mrs. Andrew Robson, 289 Oxford street, this morning. It was a message from the director of records, Ottawa, announcing that their only son, Thomas Charlton Robson, had been killed in action on September 27.

Pte. Robson enlisted in London with a Middlesex battalion and went overseas as sergeant in the paymaster's office. After he had been in England a short time, he wrote his mother that there were lots of young men returning from the front wounded who could handle his job easily, and he felt that he ought to make an effort to reach the front with the fighting units. He did so, and underwent an operation in England to fit himself that he might pass the medical test to cross to France. This he succeeded in doing in May, 1917, and had been up in front ever since with a Toronto Highland unit. This is the first time his name has appeared in the casualty list.

Pte. Robson was well known and popular in London. Prior to enlisting he was a member of the staff of the local branch of the Bank of Nova Scotia.

Andrew Robson, the father, was last night re-elected president of the Liberal Club.

VEGETABLE EXHIBITION SET, OCTOBER 16 AND 17

Mayor C. R. Somerville Will Give Opening Address.

The prize committee of the London Vacant Lot Gardening Association met in the city hall last evening to make arrangements for the vegetable exhibition to be held in the Masonic Hall on October 16 and 17. The object of this exhibition is to show what has been produced by London gardeners during the past season, and those eligible to exhibit are all private amateur gardeners, members of the Vacant Lot Gardening Association, industrial gardens, school children's gardens and Y. W. C. A. gardens. The time for entries has been extended until 8:30 p.m. on Wednesday, so as to give the working man a better chance to place his exhibits.

Mayor C. R. Somerville will be present at the opening of the exhibition on Wednesday afternoon to deliver an address, and also on Thursday evening to distribute the prizes.

The committees in charge of the various wards as are follows:

Ward 1—Thomas F. Elliott, George Rowntree and J. C. Middleton.

Ward 2—Dr. J. F. Bryant, G. L. Spry, R. P. Pearce and F. E. Harley.

Ward 3—J. Kirkpatrick, J. Taman, Sergt. Dace.

Ward 4—W. W. Gammage, Rev. H. B. Ashby, Charles Gilbert.

The judges for the exhibition will be W. H. K. Talbot, Thomas Wistow and George H. Poad.

The prize list is as follows:

For general collection of vegetables—Three cash prizes, $5, $3 and $1.50.

For best single exhibits of potatoes—Three prizes, $3, $2 and $1.

Carrots, onions, turnips, beets, cabbage, parsnips, winter beans—Each three prizes, $2, $1.50 and $1.

Five each only of smaller vegetables, and 2 cabbages; 15 only of potatoes, and 1 pound of beans are required for exhibit.

Four first prizes of $1 each will be given for the best Hubbard squash, pumpkin, vegetable marrow, and display of celery.

Spanish Influenza

This is due to the Influenza Germ and has a tendency to develop into Pneumonia, every precaution should be taken to guard against this disease. If you feel a sudden chill or get a sore throat or a rise in temperature, you may have caught the Influenza Germ. Here is a remedy that I will absolutely guarantee to be better than any drug or medicine on the market. It is called "Old Doc Hemlock," and has been curing Colds and La Grippe for forty years. Guard against the Spanish Flu by using "Old Doc Hemlock," put one teaspoonful in a cupful of water and take a dose every few hours, use it as a Gargle and a Spray, snuff it up the nostrils, keep the bowels moving freely to drive out the poison germs, with a gentle laxative, like Hacking's Kidney and Liver Pills (25c). This treatment will knock the Spanish Flu endways. Price 50c a bottle, postage and war tax 10c extra. Owing to the scarcity and high price of materials that go into this preparation, we can spare only two bottles to a customer. C. B. Hacking & Co., Listowel. 13u

J. H. Back & Co. 210 DUNDAS STREET.

Thanksgiving

OUR OBLIGATIONS multiply as this war goes on. We have a great many more things to think about this year than a year ago. We have, of course, the feast at home, the social function that the season brings, and we have those brave lads who are without the comforts of the home fireside of the days, and the "boys over there."

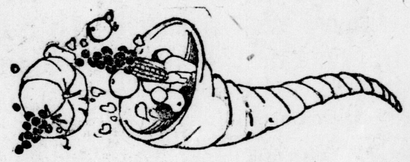
LET THIS Thanksgiving Day not pass without expressing our sincere thanks for another bountiful harvest, which will enable us to contribute to the needs of those who are dependent upon us, who are fighting our battles "over there," also those who are in distress through the devastation of war.

WE HAVE cause this year for greater rejoicing than ever before—let us not fail in our duty to give thanks both for recent successes and the bountiful harvest, which enables us to carry on.

STORE CLOSES TONIGHT AT 6 O'CLOCK.

MONDAY, THANKSGIVING DAY. STORE WILL BE CLOSED.

SMALLMAN & INGRAM LIMITED



Dr. A. W. Macfie, chiropractor whose office is in the Dominion Savings Building, is seriously ill with pneumonia. Dr. English, a qualified chiropractor, will have charge of Dr. Macfie's practice until his recovery. 12c

Are Weak Nerves and Lack of Physical Strength Holding You Back In Life?

You Must Have Plenty of Iron in Your Blood If You Want the Power and Energy to Win, Says Physician.

When the crushing grip of worry, trials and care saps your vitality and keeps you from the full enjoyment of home, social and business life—take Nuxated Iron and watch its strength - giving, upbuilding effect—it will increase the strength and endurance of weak, nervous, rundown folks in two weeks' time in many instances.

THOUSANDS are held back in life for want of sufficient iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power.

"A weak body means a weakened brain; weak nerve force means weakened will power, and like the racehorse beaten by a nose, many a capable man or woman fails just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that dizzy, fearful feeling—these are the sort of signals nature gives to tired, listless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells.

"In my opinion the greatest curse to the health and strength of American people of today is the alarming deficiency of iron in their blood. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that virile force and stamina which are so necessary to success and power in every walk of life.

"Therefore, I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are an entirely different thing from Nuxated Iron, which has been used and strongly indorsed by many physicians formerly connected with well-known Hospitals, the Hon. Leslie M. Shaw, former Presidential Cabinet Officer, former United States Senator and Vice-Presidential Nominee, Charles A. Towne, former members of Congress, distinguished United States Army Generals (retired), Judge Atkinson of the United States Court of Claims at Washington, and others.

In regard to the value of Nuxated Iron, former Health Commissioner of Chicago, William R. Kerr, said: "As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy. But, in the case of Nuxated Iron, I feel an exception should be made to the rule. From my own experience with it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my indorsement shall induce anaemic, nervous, rundown men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it."

Dr. Schuyler C. Jaques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

No matter what other tonics or iron remedies you have used without success—if you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, rundown people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Standard Drug Company, Limited, and all druggists.
