City of Hamilton

YELLOW, GREEN AND PURPLE

Carnival Committee Met Last Night and Decided on the Colors to Be Used.

TRIBUTE TO PRINCE OF WALES' TASTE

Toronto University Graduates Dine and Hear Speeches From Invited Guests.

Hamilton, Feb. 20.—The Carnival Committee met in the City Hall to-night and prepared to paint the town yellow, green and purple next August, for those were the colors chosen for the celebration. The colors of the combination have no particular significance, but the Prince of Wales took a fancy to the buildings done up in these shades when he was here, and the committee argued that what pleased His Royal Highness ought to satisfy ordinary mortals. Ex-Mayor Hendrie presided at the meeting to-night, and there was a large attendance. Another meeting will be held two weeks from to-night. A special committee was named to lay down the law for the other committees, so that each one would know what was expected of him. All the subscription books will be handed in by the next meeting.

Some Not Invited.

The reporters struck such terror in the hearts of the members of the Wentworth Association of Toronto University Graduates that they were barred from the association's dinner at the Royal Hotel to-night. The scribes were given a cordial invitation to come around after the tables were cleared off and relish the speeches. Some of those who were lucky enough to get in before the crumbs were swept up were Chancellor Meredith, Principal Hutton and Dean Reeve of Toronto University, Judge Chisholm of Berlin and Thomas Marshall of Dunnville, who replied to the toasts. James Chisholm was in the chair.

Money for Strikers.

The Trades and Labor Council are booming goods that are stamped with the union label. They will issue circulars requesting the public to buy such goods in preference to others. They also voted money to the striking hatters at their meeting to-night, and the Legislative Committee was instructed to make a report on the attempts of the government to bring in immigrants on the plea that labor was scarce.

Bob King Locked Up.

Bob King was locked up on a charge of vagrancy to-day after threatening to hew Police Magistrate Jelfs' brains out with a hatchet.

E Company 13th Regiment held its annual dinner at the Palace Hotel to-night.

Binkley Loses Seat.

Ex-Warden Jacob R. Binkley has lost his seat in the County Council, Judge Snider gave judgment in this celebrated case this afternoon, unseating the councillor and ordering him to pay all costs. There are several similar cases in different parts of Ontario, but this is the first judgment given. The facts, which were admitted, were that the ex-warden was elected by acclamation to the County Council of Wentworth on Dec. 22, 1902, while he was a member of a rural school board. He resigned his position on the school board on Jan. 9, and his successor was elected eight days later. He did not take his oath of qualification as a councillor until Jan. 20. Judge Snider declared his election void on the grounds that he was disqualified at the time of his election by the fact that he was a member of a school board, for which rates are levied, and his honor held that his subsequent resignation was of no avail to remedy his disqualification.

Close a Station.

While the aldermen, by means of a great deal of pruning, have succeeded in cutting down the estimates so that the city will enjoy a 20-mill rate, it looks as tho one of the fire stations would have to be closed, and few good roads and cement walks built if such economy is practised.

The price of bricks has been boosted from $8 to $9 a thousand. The local makers are quarrelling because one of their number made more bricks last year than the amount allotted to him. He wants to sell his stock, but the other fellows are trying to force him to deduct them from his coming season's output. Judge Snider has been called in as the arbitrator of the dispute, and people are very much surprised at this revelation of trust methods.

Into Two Camps.

The directors of the Duncan Lithographing Company are divided into two camps. George Burton, P. P. Bishop and Edward Mills have applied for an injunction to prevent the allotment of 20 shares to F. R. Close, which it is claimed, would place Mr. Close, Joseph Kneeshaw and Richard S. Allan in control.

The local piano and organ workers have formed a union.

David S. Hillis, M.D., Chicago, was married to Miss Mary Flora Sutherland, the eldest daughter of Rev. Canon Sutherland last evening.

William Ballentine of the Customs Department, Ottawa, who has been laid up in St. Joseph's Hospital since last September, was well enough to leave that institution this afternoon.

John Nurden, one of the oldest lake captains, whose home is in Brighton, Ont., died this morning while visiting his daughter, Mrs. Hugh Sweeney, North Catharine street.

The World's Hamilton agency is in Room No. 4, Arcade Building, North James street.

Drink Radnor Water and Daniel Crawford's Scotch. To be had in principal hotels and stores.

Monumenta is a 10c cigar sold for 5c, only at Schmidt House cigar stand. 6

"All modern conveniences at the Hamilton Stock Yards Hotel." 16

INSURANCE SWINDLER CONFESSES

False Identifications of 7 Bodies Made and $10,000 Collected.

New York, Feb. 20.—Assistant-District Attorney Krotel made public to-night a confession made by Prisoner Foster, detailing the methods pursued by the insurance swindlers. Foster says that he has been for many years the chief soliciting agent for the Union Central Life Insurance Company of Cincinnati, which has a branch office in this city. He admits that he made false identifications of seven bodies and succeeding in effecting the collection of $10,000 of fraudulent insurance from his company. He also says that shortly before the death of old man Tramburulo, the conspirators, headed by the undertaker, Trepani, made arrangements to place $10,000 additional insurance on his life.

Muster the Courage

To try our new method of tooth extraction when that operation becomes necessary.

You will find it less painful than the least little prick of a needle—as the anæsthetic is injected into the gum.

Therefore, you will have no special need of courage to try. But to try is to believe.

Painless Extraction....25c.

Just Live Thy Life.

Just live they life in full content,
Do all thy best with what is sent,
Thou but receivest what was meant;
Just live thy life.

Just live thy life. Be not in fear,
The strength of wrong shall disappear,
And right is ever drawing near;
Just live thy life.

Just live thy life. Seem what thou art;
Nor from simplicity depart;
And peace shall come upon thy heart;
Just live thy life.

—James Lennox Stockton.

Street car conductors in Switzerland are paid 80 cents a day for 12 hours.

Nearly one-third of U.S. immigrants are now from southern Italy, the worst class in Europe.

EMPEROR WILLIAM'S CREED

Leading Authorities of State and Church Accept His Announcement as Satisfactory.

HIS MAJESTY IS ORTHODOX

Thinks That Parts of the Old Testament Bear Evidences of Human Manufacture.

"I believe in the one and only God. We may need a form in order to teach His existence, especially for our children. This form has hitherto been the Old Testament. The present version of this will be positively and substantially modified under the influence of research thru inscriptions and excavations. That does not matter. Neither does it matter that much of the nimbus of the chosen people will thereby disappear. The kernel of the contents of the Old Testament will remain always the same—God and His works. Religion has never been the result of science, but the pouring out of the heart and being of man from intercourse with God."

Berlin, Feb. 20.—Emperor William's faith in God and Christ, and in the authority of the Old Testament, as declared in his letter to Admiral Hollman, Councillor of the German Oriental Society, is accepted by the leading authorities of the State and church as satisfactory evidence of His Majesty's orthodoxy, which for months had been the cause of deep concern to theologians, and pastors. The doubts began a year ago when the Emperor first listened to Prof. Delitsch's lecture on the Babylonian origin of the Bible. The Emperor subscribed to the funds to send Prof. Delitsch again to Assyria, and discussed with him when he returned, his most recent discoveries, all to the dismay of orthodox churchmen. Dr. Dryander besought the Emperor to make some definite statement of creed in order to restore the confidence of the clergy and laity. His Majesty's letter to Admiral Hollman is the result of Dryander's endeavors.

Two Revelations.

Other portions of the Emperor's letter to the Admiral not contained in the paragraph given to the press, include the following personal views regarding the revelation: "I distinguish between two different kinds of revelation—one progressive, and, as it were, historical; the other purely religious, as preparing the way for the future Messiah.

"Regarding the former, for me it does not admit of the slightest doubt, that God reveals himself continuously in the race of men created by Him. He blew into man the breath of His life, and follows with fatherly love the development of the human race. In order to lead it forward and develop it he reveals himself in this or that great sage, whether priest or king, whether among the heathen, Jews or Christians. Hammurabi was one, so was Moses, Abraham, Homer, Charlemagne, Luther, Shakespeare, Goethe, Kant and Emperor William the Great. These he sought out and endowed with his grace to accomplish splendid, imperishable results for their people, in their intellectual and physical provinces, according to his will. How often my grandfather pointed out that he was only an instrument in the Lord's hands.

Second Form.

"The second form of revelation—the more religious—is that which leads to the manifestation of our Lord. It was introduced with Abraham, slow but forward looking and omniscient, for humanity was lost without it. Now begins the most astonishing activity of God's revelation. Abraham's race and the peoples developing from it regard faith in one God as their holiest possession, and it follows, hold fast to it with iron-like consistency. Split up during their Egyptian captivity, the divided elements were again welded together by Moses, ever trying to hold fast to their monotheism. It was the direct intervention of God that caused the rejuvenation of this people, thus proved thru centuries, until the Messiah, heralded by prophets and psalmists, finally appeared, the greatest revelation of God in the world, for he appeared in the Son himself. Christ is God, God in human form. He redeemed us and inspires us, entices us to follow him. His intercession saves us. Conscious of victory, building solely upon His word, we go thru labor, ridicule, sorrow, misery and death, for we have, in Him, God's revealed word, and he never lies.

Some Human Documents.

"That is my view of these matters. It is to me self-evident that the Old Testament contains many sections which are of a purely human and historical nature, and are not God's revealed word. The legislative act on Sinai, for example, can be only regarded as symbolically inspired of God. When Moses had to reburnish well-known paragraphs of the law, perhaps derived from the code of Hammurabi, in order to incorporate and bind them into the loose, weak fabric of his people, here the historian can perhaps construe from the sense or wording a connection with the laws of Hammurabi, the friend of Abraham. That is, perhaps, logically correct. But that will never disguise the fact that God incited Moses there to and in so far revealed himself to the people of Israel."

Trouble Coming.

From The Chicago Tribune.

Mrs. Jenner Lee Ondego: Your church is becoming dissatisfied with the pastor? Why is that? He has been preaching for you 15 years, hasn't he?"

Mrs. Selldom Holme: Yes. That's the trouble. He has begun to preach at us now."

HOW TO BE CHEERFUL.

The Blues Come From Indigestion and Dodd's Dyspepsia Tablets Will Drive Them Away.

Many people who are low spirited imagine that they are affected by circumstances, when as a matter of fact it is the state of their health that is bothering them. To the man or woman who is perfectly healthy circumstances are trifles. Good spirits and happiness come as a matter of course.

The lesson this teaches is that if you are blue you are out of health, and ten to one it is your stomach. Indigestion or dyspepsia is the greatest happiness banisher in the world. If your food doesn't agree with you nothing else will.

Consequently it is your duty to yourself and others to make your food agree with you. This is easily done by using Dodd's Dyspepsia Tablets. They are the recipe for cheerfulness. They digest the food themselves, convert it into blood and tissue matter, and the body supplied with the power it needs answers easily and readily to the demands made on it.

There is abundant proof of this. Gusty V. Campbell of Little Shippegan, Gloucester County, N.B., furnishes part of it. She writes:

"I cannot say enough in favor of Dodd's Dyspepsia Tablets. I suffered from dyspepsia and was always getting worse till I decided to try Dodd's Dyspepsia Tablets. They gave me relief almost at once and soon cured me. I can honestly recommend them to any of my friends who are suffering from dyspepsia."

One or two of Dodd's Dyspepsia Tablets taken after eating is an insurance policy against discomfort.

York County and Suburbs

New Abattoir Company Purchases 70 Acres for Their Industry at the Junction.

ISOLATION HOSPITAL FAVORED

Board of Health Adopts Resolution—Six Deaths From Scarlet Fever.

Toronto Junction, Feb. 20.—The Canadian Dressed Beef and Abattoir Company, which is applying to the legislature for a charter, has purchased 70 acres of land, upon which is situated the old hat factory and other buildings, north of St. Clair-avenue. The authorized capital of the company will be $1,000,000 in shares of $100 each. About six acres will be required for the abattoir and the remaining ground will be kept in reserve by the Union Stock Yards Company for kindred industries.

An Isolation Hospital.

"That this board recommend to council the necessity of a building suitable for an isolation hospital and respectfully ask the council to take action to purchase or erect a building to answer that purpose." This resolution was passed by the Board of Health at a meeting held in the Town Hall to-night. Dr. Macnamara, Medical Health Officer, suggested that two buildings be erected, one for scarlet fever cases and the other for diphtheria. He reported that since the last meeting there had been a marked diminution in the number of cases of contagious diseases. At present the diphtheria placard is on four houses and the scarlet fever placard on three. The scarlet fever has been of a malignant type and six deaths have occurred in the town since Christmas. The inspector was authorized to instruct the owners of houses on streets where there are sewers, to connect with the same. S. Ryding and the Medical Health Officer were appointed a deputation to wait on Col. Grasett, with a view to having the city ambulance come to Toronto Junction in cases of emergency. At present the ambulance is not permitted to cross the boundary.

Moved From Woodbridge.

W. A. Skeans, solicitor for the branch of the Bank of British North America, has moved into town from Woodbridge.

The Liberal Club will hold a smoking concert in The Tribune Building on Saturday night.

The Oaks Social Club enjoyed a dance in James' Hall to-night.

About 40 children of the Fred Victor Mission took part in the Sabbath School anniversary at Annette-street church to-night.

The musical portion of the program at the concert in Victoria Presbyterian Church last night was sustained by Alice Fieldhouse, J. M. Sherlock, Annie McKay and Edna Sutherland.

The Toronto Junction Choral Society will give a concert in the College of Music Hall on Tuesday, March 10. All members are requested to be at practice on Tuesday next.

Zionist Leader Here.

Elder Brooks, a leader in the Zionist movement, addressed a large congregation this evening.

A parlor concert and social will be held at the residence of Dr. Clendenan on Monday night for the benefit of the choir fund of the Disciples Church. An excellent program is to be presented.

The pupils of Miss Rowntree gave a recital in the College of Music Hall this evening to an audience largely composed of relatives and friends of the pupils. Those taking part were: Grace Gibson, Ina Weatherill, Ina Wise, Ella Greig, Etta Rice, Elsie Orpen, Marjory McBride, Eva Lidiar, Maude Tristram, Ethel Hills, Pearl Nesbitt-Stone, Constance Harris, W. J. Long, Olga Streight and Emma Miller.

East Toronto.

The pressure of gas for the town for the last three days has been so low that some of the citizens have to burn coal oil for lighting purposes.

An Academy of Music has been opened at the Young Men's Christian Association, under the superintendence of A. Y. Grant and Alfred Bray.

Fred C. Harp and Harry Soules have returned to their homes at Brantford after spending an enjoyable time visiting relatives here.

Miss Gladys Deane took part in the concert last evening at St. Bartholomew's Church, Toronto.

Joseph Boston, after attending a funeral yesterday, was taken suddenly sick and had to be taken home.

The old public waiting room on the southeast corner of Main and Gerrard-streets is being removed to another location to make room for W. J. B. Snell's new grocery store.

Thornhill.

William Edy and Andrew Miller are both recovering from serious illness.

The carnival arranged for Wednesday evening last had to be postponed owing to the severe weather.

Rev. Mr. McKinley of Barrie has accepted the call to the Methodist Church here subject to the approval of the conference.

The valentine social under the auspices of the English Church was very successful, and the affair netted $30 for the church fund.

Adam Harper is not reported to be convalescent after an operation for appendicitis.

Miss Minnie Porter and Harold Parkinson were united in marriage by Rev. J. Gibson on Monday last. The wedded couple will reside for the present at the corner of the Thornhill side road.

People's Plowing Association.

The annual meeting of the People's Plowing Association was held at the Queen's Hotel, Unionville, on Thursday. The president, S. G. Little, presided. A very satisfactory financial report was presented by the secretary-treasurer, J. F. Davison. Prizes to the extent of nearly $600 were given last year, and a small balance still remains in the hands of the treasurer. It was decided to hold a champion plowing match this fall on Wednesday, October 28th. The following officers were then elected:

Hon. President—John Little.
Hon. vice-presidents—John Richardson, M. L. A., J. W. Moyes, W. J. Stark, L. Strouthers and Major Elliott.
President—S. G. Little.
First vice-president—George Gormley.
Second vice-presidents—J. Lawrie.
Third vice-president—J. B. Gould.
Secretary-treasurer—John F. Davison.

Directors—County Councillor Alexander Pingle, Councillor H. Harding, R. Trick, George Weatherall, M. Frisby, Jonathan Slater, George Kelly, V.S., James Torrance, D. Duncan, A. McPherson, H. Boyd and M. R. Hemmingway.

After the meeting the directors were entertained to a banquet as guests of the president. After the toast of the King had been duly honored, S. G. Little, in speaking to the toast of the president, in an able speech, stated that he had always been interested in agriculture in its highest types, congratulated the association on its energetic and efficient officers, who, in conjunction with himself, had been able to make their annual plowing match the best of its kind. He thought that the coming match should be better than ever, and, to that end, he asked the hearty support of the directors.

The toasts of vice-presidents, secretary-treasurer, directors and donors were duly proposed, and responded to in felicitous speeches. The last toast, "Our Hostess," was honored in right royal style.

The success of this association has been largely due to the energetic president, S. G. Little, the enthusiastic vice-president, George Gormley, and John F. Davison the efficient secretary-treasurer, supported by the united efforts of the Board of Directors.

The Slaby-Arco (German) wireless telegraph systems can be used only over distances comparatively short.

The standing timber of Canada equals that of the continent of Europe and is nearly double that of the United States.

EAST YORK FARMERS MEET

Experts From Experimental Colleges Give Many Practical Suggestions at Markham Gathering.

GRAND DISPLAY OF SEED GRAIN

Large Number of Ladies Present—Most Successful Meeting in History of Institute.

The annual meeting of the East York Farmers' Institute was held in the Town Hall yesterday. The hall was filled to the doors by a representative gathering of farmers from Markham, Scarboro and York. Prominent among those present were Levi Annis, president; E. H. Reynold, secretary-treasurer; Jonathon Slater, David James, James Dimma, Anthony Forster, Henry Harding, John Lawrie, Simpson Rennie, Alex. McCowan, R. J. Corson, John Trick, Thomas Hood, William Hood, John Young, Alex. Doherty, C. N. Hagerman, Lyman Kennedy, James Gibson, David Duncan, William Brown, Elias Woods, John Elliot, John Lawrie, William Doherty, James Ley, James Rennie.

Morning and afternoon sessions were held. A notable feature was the display of seed grain representing some 20,000 bushels, the product of many of the best farms in East York. A pleasing feature in the exhibit of grain was the uniformly good quality, the absence of all foul seeds and the marked improvement over any previous year.

F. W. Hodson's Address.

The address of F. W. Hodson, Live Stock Commissioner, was intensely practical, as was also that of Mr. Creelman, superintendent of fairs. Mr. Hodson strongly urged the necessity of a higher grade of cattle, in view of the vast expansion of the export trade, and the earlier periods at which well bred stock can be fitted for these markets, and submitted a table showing the great value of early finished animals. He touched on the work done by the East York Institute. As Superintendent of Fairs Mr. Creelman urged a number of drastic reforms, among others sending out only trained judges, better accommodation for stock in every case at least a two-day fair, al machinery in motion, and a practical demonstration of cookery.

Selection of Grain Seed.

C. A. Zavtiz of the Ontario Agricultural College gave an address answering many questions and imparting considerable information of value to farmers. The selection of perfectly formed, and absolutely clean seed grain was the basis of Mr. Zavity's remarks. Repeated tests at the Ontario Agricultural College prove most conclusively that in oats the Siberian and Banner varieties are most productive; in barley the Manchuria, and in spring wheat the Wild Goose retains its position as best in point of yield. In view of the general blight affecting the potato crop during the past season the statement by Mr. Zavitz that a course of treatment had been followed at the college, which in a great measure had preserved the crop from all loss from this cause, was of importance. The Bordeaux mixture and Paris green were regarded by the speaker as well suited to the purpose. Corn as a fodder was a live topic with the meeting, and in this connection Mr. Zavitz regarded the Wiscousin White Dent as the most desirable, and in the mode of cultivation preferred planting in hills, with deep to shallow cultivation.

G. A. Clarke, chief of seed distribution, Ottawa Experimental College, spoke at some length on the necessity of well cleaned clover, timothy and alsike seed, and attributed much of the presence of foul weeds to the neglect of this precaution.

East York Ladies' Institute.

Not the least interesting feature of yesterday's proceedings was the presence of some 150 ladies under the auspices of the East York Ladies' Institute. The meeting was held in the Council Chamber, and while some disappointment was expressed at the absence of Miss Jay, thru illness, the presence of Mr. Hodson and Mr. Creelman atoned for the lady's absence. Miss Lulu Reynolds, the energetic secretary, was successful in forming a branch of the institute in Markham. At the conclusion of the meeting refreshments were served. A cordial vote of thanks to the speakers and Mr. Annis brought to a close the most successful institute meeting ever held in Markham.

Study in Heartbreakings.

From The Washington Star.

"I am supposed to die of a broken heart," said the unmanageable actress. "Now, how am I to know how a person with a broken heart behaves?"

"I'll tell you what to do," answered the cold-blooded manager. "You study the author of this play after he sees your first performance of it."

NAILING BARRELS IN RECORD TIME

DURHAM BROWN TONED UP BY DODD'S KIDNEY PILLS.

They Cleared Up His Rheumatism, Lame Back and Kidney Complaint and Enabled Him to Work at His Old Speed.

Vernon, Ont., Feb. 20.—(Special.)—In these winter days when Lame Back and Rheumatism are almost epidemic throughout Canada, the experience of Duncan Brown of this place, makes interesting reading.

"During the winter of 1895," Mr. Brown says, "I was troubled with Lame Back and so much so that I was unable at times to stoop without a good deal of pain and exertion, and I also experienced other well-known symptoms peculiar to Kidney Complaint. I also had Rheumatism in my right leg and hip so that I constantly suffered agonizing pains in the parts afflicted while at work.

"I worked in Kenmore during the summer months, at cheese-box making, and this required me to be seated driving nails. Before using Dodd's Kidney Pills I was forced to look for the invention of a machine to nail covers which I named 'Jack in a Pinch.' After taking one box of Dodd's Kidney Pills I found an improvement, and before I had finished six boxes I found myself nailing in the natural way and sitting in my chair able to drive 500 one and one-quarter inch nails in 18 minutes.

"I was cured of my aches and pains, my Lame Back and Rheumatism, and my Kidney Complaint. And if at times when I overwork myself I feel a twinge of my old complaint, a few of Dodd's Kidney Pills always drive it away.

"Dodd's Kidney Pills are all and more than is claimed for them."

Establish'd 50 Years | Ye Olde Firm of Heintzman & Co. | Establish'd 50 Years
A PERFECT PIANO.
The Heintzman & Co. piano is a source of constant pleasure in any home.
It is always in perfect order, always in tune, always ready to respond to the delicate touch of the master musician.
"The Concert Grand Heintzman & Co. piano used in my recital in Toronto gave completest satisfaction. I found the tone massive in its sonority and of very excellent quality, with a particularly limpid tone in its mezzo tints. I had no idea so good a piano was manufactured in Canada."—*FRIEDHEIM, the Great Russian Pianist.*
YE OLDE FIRM OF HEINTZMAN & CO.,
115-117 King St. West, Toronto.
