SOURED ON SLOAN.

London, Oct. 25. — The newspapers which have hitherto been almost unanimous in their praise of Tod Sloan, the American jockey, denounce his imputation of unfairness upon the part of the Sandown Park judges. He has already received more grace than would have been extended to other jockeys." Continuing, the Sun recommends the withdrawal of his license, and calls Lord William Beresford's attention to the fact that in its opinion Sloan is unworthy to ride the Prince of Wales' horse in the race for the Cambridgeshire stakes.

Fuller, of the Olympic wheelsmen, lowered that of the half-mile mark of 1:03 3-5, which has remained untouched since 1894, covering the distance in the remarkable time of 47 4-5 seconds. He then took a slice off the third-mile mark of 38 3-5, reducing it to 36 3-5. E. A. Bosio reduced the record from one to five miles, taking 42 seconds off the best unpaced five-mile mark made on the coast. This was 12:25, made two months ago in Los Angeles by Furman. Bosio's time was 11:42 3-5. The first mile was covered in 2:10 1-5. The former record was 2:12. Bosio made the other miles as follows: Second, 2:18; third, 2:25; fourth, 2:26; fifth, 2:23. THE BIG ROADS

Have Leased or Absorbed 1,732 Miles of Canadian Lines.

New Competitor for the C. P. R. in Grain Carrying Trade.

Trainmaster Brown, of the Michigan Central Railway, reports that freight business has picked up greatly during the past couple of weeks. There has been a gradual increase, and while there is not the rush of freight sometimes encountered, a good steady business is being done.

Supt. Morford has received a statement showing that of the 29 independent railroads or extensions in the Province of Ontario, all have been amalgamated or leased by the big lines. The total mileage of these lines is 1,732, and the bonuses received $1,903,563 from the Dominion, and $3,103,333 from the Provincial Government, and $5,500,050 from municipalities.

A Port Arthur dispatch says: There is to be built a line in the extreme southeastern part of the province, which will be known as the Ontario Rainy Lake and Western Railroad. This line will diverge from the Port Arthur and Duluth road about 20 miles west of Port Arthur, and will run up the valley of the Rainy River to a connection at the Manitoba line with the road now building from Winnipeg southeast, under Provincial Government authority. When the whole line from Winnipeg to Port Arthur is completed, which will be next year, there will be a new route on Canadian soil to compete with the Canadian Pacific for the carriage of the wheat of Manitoba to the lake. This is a purpose which the Greenway Government has been steadfastly pursuing for a long time. The new road will open to settlement the fertile Rainy River Valley on both sides of the international boundary. The quickest way of getting to the most northern part of Minnesota will then be to go around through the Dominion.
