Sharples Dairy Tubular Cream Separator

The only simple cream separator made—for it is the only one that contains neither disks nor other contraptions. The most efficient cream separator made—for it produces twice the skimming force, skims faster and skims twice as clean as common separators. The only modern separator made—for it does better work, without disks or other contraptions, than common separators do with them. No better proof exists that Tubular construction is the only correct separator construction.

The manufacture of Tubulars is one of Canada's leading industries. Sales easily exceed most, if not all, others combined. Probably replace more common separators than any one maker of such machines sells.

A Real Summer Temperature

YOU know the perfect comfort of a summer day with the thermometer at 65°. Why does 65° in the house in winter feel chilly? Why does 75°, while warm enough, feel stuffy and oppressive?

Because the average furnace, in warming the air, dries out the natural moisture and fails to replace it. Instead of the 70% average humidity of the outside air, your furnace heated air probably contains less than 30% of moisture.

The sudden changes from this hot, dry air to the cold, outdoor air is the commonest cause of the colds, sore throats and lung troubles so common in winter.

The Remedy is the

"CIRCLE WATERPAN"
OF THE
"GOOD CHEER" FURNACE

This pan encircles the firepot, and holds several times as much water as the makeshift pan in the average furnace. The result is an evaporation sufficient to keep the air in every room in the house at practically the same humidity as the fresh outside air, so that 68° feels perfectly comfortable, like a summer day. Plants and people thrive in such an atmosphere.

The "Good Cheer" Circle Waterpan Furnace saves doctors' bills as well as coal bills.

Build Concrete Silos

Any size with the London Adjustable Silo Curbs. **Wood Silos** soon rot and fall down. **Steel Silos** have a very short life, as the acid [illegible] eats the steel and they soon rust out. There is always a large amount of waste ensilage around the edge caused by freezing. **A CONCRETE SILO** once built will **last for ages**. Costs less to build than steel silos, and there is absolutely no waste [illegible]. Thousands of farmers testify to the merit of concrete silos. Send for Catalogue. We [illegible] a complete line of Concrete Machinery. Tell us your requirements.

THE SIGN OF THE CHAMPIONSHIP WINNER ALL

GREENER GUNS

Specially bored for pigeon shooting bear this mark, a "blue rock" pigeon.

The world's greatest champion pigeon shots—Dr. Carver, Captain Bogardus, Elliott, Pennell, Mackintosh, Fulford—made and maintained their reputations with GREENER GUNS.

They have won the Grand Prix du Casino three times, Champion at Universel twice, American Field Champion Wing Shot Cup ten times. Their latest success is THE CHAMPIONSHIP OF CANADA, 1910, won by George Robbins killing 25 birds straight.

See that your next gun bears the championship mark, and you can't help but become a winner.

BOYS FOR FARM HELP The managers, Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained on application to Mr. Alfred B. Owen, Agent, Dr. Barnardo's Homes, 50-52 Peter St., Toronto.
