Twenty-four miles of such a road is no fool's job, I can assure you, *altho' I believe it has been very often tried by such.* * * * At Panama we board ourselves, and do our own washing—the latter is generally taken by the natives, but as they have a rascally habit of always *taking in* those who hire it done, at the rate of two or three dollars a dozen, we prefer not to patronise them.

I wish you could see the soldiers here; one Bluenose could lick five of them before sun rise, and dispose of the whole grenadier company by the approach of twi-light, so that a full regiment would be *done for*, in 8 or 10 days. Water in Spanish is *agua*. Tell our worthy patriarch that I do not know the Spanish for Brandy, but one or two "*aguas*" I could name I feel quite confident are able to tell. On the first opportunity I shall not fail to prefer a charge for this violation of article 2d. Hurrah for El dorado."

LATER FROM BERMUDA.—The Bermuda Legislature commenced it Session on Thursday, Jan. 17. His Excellency adverting to the necessary for this step in his opening Speech, says: "The situation of the Colony connected with the support of our Religious Institutions has led me to convene you at this period. Dutiful reverence of the Deity is the stable foundation of human affairs, and I invoke you dispassionately to seek that common ground of concurrence, on which this highest concern may be adjusted, to the peace and contentment of the people."

The Hon. Alex. Ewing, Speaker of the former House of Assembly, has been unanimously elected Speaker of the present House.

The Am. barque Marietta, Capt. Vennard, from Bath, Maine, went ashore in endeavouring to make the port of St. George's—there is every prospect of the sale, rigging and cargo being saved. Capt. Vannard has lost his vessel in the performance of a truly benevolent and highly praiseworthy act. He had saved the lives of the officers, passengers and crew, amounting in all to 76 persons, of the L. Z., American packet ship, in a sinking state, and intended to land them on these Islands, in attempting which, he unfortunately ran his vessel on the rocks which lay hidden some distance from the land.

The L. Z., Capt. Moses, with a valuable cargo of flour, pork, beef, cotton, and corn, 3 cabin and 43 steerage passengers, from New York, bound to Liverpool, was fallen in with by the Marietta, on the 17th January, and the Captain, crew and passengers, (with the exception of the third mate, Mr. Dickey, and two passengers, who were drowned in the attempt,) after much risk, succeeded in getting on board her. The L. Z. was set fire to on the morning of the following day. The passengers by the L. Z. have been landed in a most distressed state, having saved scarcely an article of clothing.

The following is a copy of an official Despatch received by Lord Elgin, from the Home Government:—

COLONIAL OFFICE, *Downing Street*, *London, Jan. 9, 1850.*

MY LORD,—I have the honor to acknowledge your despatches of the dates and numbers quoted on the margin. I have laid these despatches before Her Majesty, and also the Address of the Warden Councillor of the Municipal Council of the Gore District; the Address of the Lieutenant-Colonel and Officers of the first and eighth battalions of the Dorchester Regiment of Militia; the Address of the Officers of the first battalion of the Kamouraska Regiment of Militia; the Address of the inhabitants of St. Anne; and the Address of the Lieutenant-Colonel Commanding and other Officers of the Quebec Regiment of Militia—all enclosed in the 2d and 3d of these despatches—which Her Majesty has been pleased to receive very graciously.

It affords Her Majesty great satisfaction to receive the expressions of that loyalty and attachment to the British Crown, which she trusts is generally felt by her Canadian subjects.

With regard to the "Address of the people of Canada," in favor of severing the Province from the British dominions for the purpose of annexing to the United States, which forms the subject of these addresses and your despatches, I have to inform you that Her Majesty approves of your having dismissed from her service those who have signed the document, which is scarcely short of treasonable in its character.

Her Majesty confidently relies upon the loyalty of the great majority of her Canadian subjects, and she has therefore determined to exert all the authority which belongs to her, for the purpose of maintaining the connexion of Canada with this government, being persuaded that the permanence of that connexion is highly advantageous to both countries.

Your Lordship will therefore understand that you are commanded by Her Majesty to resist, to the uttermost of your power, any attempt which may be made to bring about the seperation of Canada from the British dominions; and to mark in the strongest manner Her Majesty's displeasure with all those who may directly or indirectly encourage such a design.

And if any attempt of this kind should take such a form that those who are guilty of it may, (according to such advice as you may receive from your legal counsel) be made responsible for their conduct in a Court of Justice, you will not fail to take the necessary measures for bringing them to an account. I am, &c. GREY.

Brown's Shakers'
PURE FLUIDEXTRACT OF ENGLISH VALERINA.
(Valeriana Officinale.)

Manufactured by the United Society of Shakers by a process peculiarly their own, from the pure green root, imported from England and raised by themselves, and from which only, and sewn property of the Valerian can be obtained. It is highly approved of by the Faculty. Physicians and others are respectfully invited to give it a fair trial.

Price, twenty five cents a bottle, or two dollars and fifty cents a dozen, with liberal discount to wholesale dealers. Directions accompany each bottle.

FRIEND SAMUEL BROWN, ENFIELD, N. H.

You ask me to give my opinion of the Fluid Extract of Valerian, which you prepare. When it a secret remedy or a patent medicine, I certainly would not reply. But from the honourable ground which you have taken in this matter, and knowing also the labor you have bestowed upon this preparation, I am willing to give publicity to my opinion of the preparation referred to. Ever since our knowledge of organic chemistry has been so much increased, we have found out that many very excellent remedies are in the natural state so combined and associated with other principles as to render them in a great degree useless to us. This was remarkably the case with the Valerian. We could not use it as often as we wished, because of the great bulk both of powder and infusion which it was necessary to throw into the stomach in order to get a full effect. Nausea and even vomiting resulted from the large doses. This compelled us to abandon its use. Chemistry showed us that the active principle is a peculiar acid (the Valerianic acid) which exists only in small quantity in the root. In your method of preparation this active principle is detached from the nauseating constituents of the root, and obtained in solution. We may then look upon your Fluid Extract of Valerian as a solution of Valerianic Acid. The action of this article upon the nervous system is most happy in all cases where the sum total of nervous energy is below the healthy standard, and it hence becomes a most important remedy. We owe you and others many thanks for putting so valuable a remedy as the Valerian into a convenient shape for use.

Yours respectfully,
EDWARD E. PHELPS M. D.
Prof. Therapeutics and Mat. Med. in Dartmouth

The above invaluable Preparation is signally efficacious in all Nervous and Hysteric Affections, Sleeplessness, and Sick Headache, producing quiet, and tranquil sleep, and leaving no unpleasant sensations after its use,—the inevitable result of Opiates, Camphor, and the many articles usually administered.

Having had an opportunity of giving a thorough trial to Brown's Shakers' Fluid Extract of Valerian, and having seen its good effects especially manifested in a severe case of Tic Douloureux, I have no hesitation in saying that I consider it superior to any other form in which the Valerian is ever used, and as eminently deserving the attention of the medical profession.

BEWARE OF IMPOSITION.

The greater the value of any discovery, the higher it is held in the esteem of the public, and so much in proportion is that public liable to be imposed on upon by the spurious imitations of ignorant, designing and dishonest men, who like drones in hives, have neither the ability nor inclination to provide for themselves, but thrive and luxuriate upon the earnings of the deserving.—The extraordinary success attending the use of Wistar's Balsam in diseases of the lungs, and the many singular cures it has effected, have naturally attracted the attention of many physicians, as well as the whole fraternity of quacks.

Now this preparation is well known to be a *sure* certain cure for incipient CONSUMPTION, Asthma, Liver Complaint, Coughs, Bronchitis, and all similar affections, than any other remedy ever known, there will be, and NOW ARE found those so villainously wicked as to connect a spurious, and perhaps poisonous mixture, and try to palm it off as the genuine Balsam. We raise to false alarm. We advise the public of these schemes, that their health may not be trifled with, *not ourselves plundered of our just rights.*

None genuine unless signed I. BUTTS on the wrapper.
