Or at Kane's Drug Store.

As We Journey On.

Let us walk softly, friend;
For strange paths lie before us all untrod;
The new year (spotless as the hand of God)
Is thine and mine, O friend!

Let us walk straightly, friend;
Forget the crooked paths behind us now;
Press on, with steadier purpose on our brow,
To better deeds, O friend!

Let us walk gladly, friend;
Perchance some greater good than we have known
Is waiting for us, or some fair hope flown
Shall yet return, O friend!

Let us walk humbly, friend;
Slight not the heartease blooming round our feet;
The idoral blossoms are not half so sweet
Let love walk with us, friend!

Municipal Council.

(Continued from last week.)

Coun. Covert said that he had been asked to bring to the notice of Council that in 1910 the Collector for Ward 12 had collected the tax of one dollar each from owners of dogs in that ward. In no other ward was the tax collected. As an act of justice to the rate payers of Ward 12 he moved that the Overseers of Poor in Aylesford be directed to refund, on demand, the amount paid by owners of dogs from whom such taxes were collected in 1910.

Coun. Woodbury seconded the resolution.

A long discussion followed, several Councillors supporting the motion as an act of justice to Ward 12.

Coun. Donaldson, in opposition, said it was scarcely becoming to—in effect—reprimand the only Collector in the County who had tried to do his duty.

Coun. S. C. Parker suggested that, as a good many owners of dogs had not, this year, paid the tax, the same principle of justice which formed the basis of the resolution would seem to require a refund to those that had paid.

The Solicitor, being called upon, said that, while he was unable to say what this Council could not do, he knew that the action proposed was utterly illegal. He had never heard anything like it except once when a member of a town Council moved that because some who sold liquor had not been fined the fines that had been paid should be refunded.

Coun. Covert's motion finally carried.

Resolved that all regulations of this Council, in force during 1911, be continued in force during 1912. Carried.

Reports Overseers of Poor were submitted.

Cornwallis reports receipts of $3332 11; expenditures, $3189 67 leaving balance of $142 14

Horton: Receipts $2323 21; expended, $1846.17.

Aylesford received $2410 41 and expended, including $650 paid on farm, $2135 89 balance $274 52.

The Reports were adopted.

In the matter of variance between cash book of the treasurer and the bank pass book, the clerk stated that Messrs. King and Munro, appointed at last January term to investigate the matter, had refused to act.

Mr. Roscoe said that in a short time the estate of the late treasurer would have to be closed. It was therefore important that the matter should be attended to at once. As the matter now stands, it would appear that some $600 deposited in the bank to the credit of the county belonged to Mr. Dodge personally. The estate could not be closed until this matter was adjusted and if the Council was unable to adjust it, the courts would have to do so.

Mr. Bishop, one of the auditors, explained their action in reporting the accounts correct. They have since been able to reduce the variance to about $90, and with a little more time, he thought the whole difficulty could be removed.

On motion of Coun. S. C. Parker, it was resolved, That the County auditors be directed to take up the matter of the variance between the books of the late Treasurer and the deposit in the bank as shown by the passbook, and that if they find themselves unable to ascertain the proper standing of these accounts, they be authorized to employ a skilled accountant.

Council Adjourned.

SECOND DAY.

Council met at 10 a. m. on Wednesday, 10th, Councillors all present except Balcar.

Minutes of first day's proceedings read and confirmed.

The Supervisors of Public Grounds reported that they had been called to examine the road in Berwick known as Commercial Street. They had opened for, but could find no lay out of road four rods wide on east side of which they found encroachments.

On motion of Coun. Parker it was resolved, That the Supervisors of Public Grounds be instructed to lay out Commercial Street in Berwick, from the Old Post Road to the iron bridge, four rods wide, or as near that width as in their judgment is expedient. Carried.

Report Board of Revision and Appeal read and adopted.

Committee on Tenders reported in re tenders for collection of County and Poor Rates and dog taxes. The report was adopted and collectors appointed in accordance therewith:

Ward		per cent
1	Ernest Newcombe	3½
2	Wm Sutton	3¼
3	A. V. Parker	5
4	O. H. Parker	4
5	E. P. Sandford	4
6	Joseph Hiltz	5
7	S. L. Baker	4½
8	E. C. Bishop	5
9	A. L. Buchanan	5
10	S. E. Patterson	4½
11	James Franey	6
12	M. L. Eaton	4
13	S. V. Bligh	3¼
14	John H. White	6

Resolved that salary of Municipal Treasurer be $300 for current year. Carried.

The Presentment, amounting to $19,683 72, was read and confirmed and an assessment ordered in conformance therewith. A poll tax of 30 cents will be levied, and a further tax of 40 cents on each $200 of valuation.

For poor rate, Cornwallis is assessed [illegible], Aylesford $1400, Horton, [illegible]. The poll tax will be 30 cents or pro rata of that sum, not to exceed one-fourth of the total tax.

Resolved, That a Committee be appointed to ascertain with the aid of solicitor, the amount, if any, that should be paid to Mr. F. A. Masters for services and expenses in connection with the assessment of the County in the matter of building a new Court House, and that, if this Committee report in favor of the payment of any sum that the Clerk be authorized to issue an order for the payment of the amount. Motion carried.

On motion of Coun. Parker, the warden and Councillors Illsley and Parker, were named as members of this Committee.

On motion of Coun. Illsley, seconded by Coun. Clark, it was resolved, That a Committee of three, one from each Township be named to prepare a basis of union of the three Poor Districts of Kings county to report at April Term.

Councillors S. C. Parker, Foster and Reid were named as members of this Committee.

Council adjourned at 12 30.

The Stomach Needs Help

The liver, kidneys and bowels must be kept active with DR. CHASE'S KIDNEY-LIVER PILLS.

The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become constipated and stomach derangements follow.

There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills.

This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems.

With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression.

You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Keep Minard's Liniment in the house.

Her Daughter Saved.

STRICKEN WITH ACUTE RHEUMATISM —RECOVERY SCARCELY EXPECTED.

Mrs. Dollna J. Lawlor, writing from Oxbow, Sask., says: 'I would be lacking in gratitude if I did not write you and let you know of the wonderful good your Dr. Williams' Pink Pills have done for my daughter, Belle Lawlor. Indeed I think I may safely say that they have been the means of saving her life. For many years my home has been in Bruce Mines, Ont. Something over a year ago my son took my daughter then in her nineteenth year, left for the west. When leaving here my daughter was in the best of health, but in the following spring she was stricken with what the doctor said was inflammatory rheumatism in its worst form. After a few weeks she was able to get up, but her hands and limbs were so swollen that she could not dress herself. She continued in this way for some time, and then a second attack, worse than the first, set in, and my son telegraphed me, as she was very low. While I was getting ready to make the trip of eighteen hundred miles I got a second message to come at once, as they feared she would not live. When I reached her I found her even worse than I expected. She was so weak and emaciated that I would not have known her, and she could only speak in a whisper. Her hands and fingers were all twisted and her limbs swollen to twice their natural size. The doctor had then been attending her two months, and she seemed steadily growing worse. We did not dare move her in her bed for fear of her heart giving out. She was as pale as a corpse, and her lips and face always cold. We had to fan her continually, and if we ceased even for a little while she would gasp for breath, and no one who saw her thought it possible she could get better. She suffered such pain that I used to go out of the room and put my fingers to my ears to shut out her gasping and moaning. I had known before of Dr. Williams' Pink Pills, and as we could gradually see her sinking I told my son I was going to give her the Pills. He was opposed to my idea for he thought a change in the medicine might prove fatal. However, it was finally decided to give her the Pills. In a week's time she showed some improvement and felt like eating. From that time on she began to gain steadily. Gradually her hands and fingers became straighter, the swelling in the limbs went down, and her heart-beats became regular, and the color returned to her face, and soon the cure was complete. She is now as strong and healthy as any girl of her age, and to see her you would never think she had passed through an illness from which none of her friends thought she would recover. You have my sincerest thanks for what Dr. Williams' Pink Pills have done for my daughter, and you may be sure I shall always warmly recommend them.

A Child's Pity.

A criminal was on his way to prison. He was strongly guarded, for there was expectation of trouble. A dear little child, whom they had told about him, stood and watched him with a grieved look and lips that trembled. The prisoner looked at her and then suddenly away. But in a moment he glanced back. He could not resist the pity of that childish face. He watched it for an instant, then turned again with an impatient motion, which told the child that she annoyed. Her tender little heart was sorry, and, starting forward she went close to the dangerous man and said earnestly: 'I don't mean to vex you, poor man; only I am sorry for you. And Jesus is sorry for you, too.' A policeman caught her quickly, and gave her to her father. No one heard those whispered words but the ruffian. The keeper wondered when he found that this dread prisoner made no trouble, and he wondered more day by day as he grew gentler and kind. Long months after the chaplain asked him how it was. 'It is a simple story,' said the man: 'A child was sorry for me, and she told me that Jesus was sorry for me, too; and her pity and His broke my heart.'—Selected.

Boys.

After a baby has grown out of long clothes and has acquired pants and freckles and so much dirt that well-meaning relatives do not dare to kill it between meals it becomes a boy.

A boy is nature's answer to the claim that there is no perpetual motion. He is a man minus pride, ambition, pretense, greed and about 100 pounds. When he grows up he will trade romance, energy, bashfulness, warts and a snag proof stomach for these other possessions. A boy is always getting the worst of it in some trade or other.

The world is so full of boys that it is impossible to touch off a band or a ball game without collecting a thousand of them. Boys are not ornamental but they are useful. If it were not for the boys the newspapers of the country would go undelivered and unread and a thousand circus elephants would die of thirst. Boys are also useful in running errands. The zest with which a boy does an errand is only equaled by the eagerness with which an old-fashioned minister approaches the conclusion of his sermon. With the aid of five or six adults a boy can readily do all the errands for a family of two.

The boy is a natural spectator, spectating is his passion. He watches parades, fires, fights, ball games, dogs, ice wagons, mud turtles, bumble bees, automobiles, presidents, plain drunks, and organs and aeroplanes with equal fervor. But he will not watch the clock. The man who invents a clock that will stand on its head and sing a song with its strikes, will confer a great boon on millions of families whose boys are forever getting home to dinner about supper time.

Boys are not popular except with their parents, but they have many fine points. One of them is the fact that they will grow up to men some day. Another is their trustworthiness. You can rely absolutely on a boy if you only know what to rely on. Trust him to get into trouble every day and he will never disappoint you.

Boys are abstemious, seldom eating except when awake. They are also very durable. This accounts for the fact that the world is still populous. A boy, if not washed too much, and if kept in a cool, dry place for a while after each accident, will survive fireworks, broken bones, swimming holes, hornets, runaways, fist fights, pirate bands, Indian massacres and nine pieces of pie at a sitting. If only some method of making a boy's clothes as durable as he is, could be discovered, life would become more attractive for boy growers.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Sold by all dealers.

Britain is preparing to establish a great naval base in the Caribbean Sea near the Panama Canal. The opening of the canal will have an important effect upon naval strategy, and Brittain, having great interests in the Atlantic is not going to be behindhand.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers.

Helpful Hints on Hair Health.

SCALP AND HAIR TROUBLES GENERALLY CAUSED BY CARELESSNESS.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to any one else. No matter how cleanly the owner may be, these articles may be infected with microbes which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will cure all these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall '93' Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the result it has produced in thousands of cases.

Rexall '93' Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood which nourishes the hair roots, causing them to lengthen and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall '93' Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember, you can obtain Rexall Remedies in Wolfville only at our store—the Rexall Store, A. V. Rand.

Restaurant Proprietor—So you were in the last place for three years? Why did you leave?

New Chef—I was pardoned.

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure of colds. It can always be depended upon. For sale by all dealers.

'Mr. Cleaver, how do you account for the fact that I found a piece of rubber tire in one of the sausages I bought here last week?'

'My dear madam, the motor car is replacing the horse everywhere.'

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by all dealers.

Going into the affinity business is a hazardous method of seeking happiness.

One reason why some women do not pay their bills is because they have a distinct notion that that is a man's work.

KING COLE TEA

Here is a *real* tea-treat that will surpass your fond recollection of 'the nicest cup of tea I ever tasted!' King Cole Tea will truly make an even nicer cup of tea an *everyday* reality. Such richness, such vigorous fullness of flavor, such pleasant smoothness were never concentrated so deliciously in your tea-cup before.

And the cup you enjoy a month hence will be as nice as your very first sip. Its delicious flavor *never* varies. You will love it more and more.

YOU'LL LIKE THE FLAVOR.

ROYAL BAKING POWDER
Absolutely Pure
The only Baking Powder made from Royal Grape Cream of Tartar
NO ALUM, NO LIME PHOSPHATE

The professor in charge of a Princeton classroom was annoyed by the tardy entrance of a student. He pointedly ceased talking until the man took his seat.

After the lecture the student apologized. 'Professor,' said he, 'my watch was fifteen minutes out of way. It's bothered me a great deal lately, but after this I shall put no more faith in it.'

'It's not faith you want in it,' replied the professor, 'it's works.'

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, constipation and biliousness. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at all dealers. Sample free.
