THE TRIGGER.

GOOD SCORES BY THE LOCAL CORPS.

Another shoot in the military rifle league telegraph matches was held Saturday at the Coverangeс. The weather was fine and the wind very light. The daily practice indulged in during the past month, and the fact that both the "D" Company team and the Seventh took advantage of the large number of targets available to fire off the match after 4:30 o'clock when the wind had gone down, resulted in a largely increased score for both teams, "D" Company, I. S. C., making 862 and the Seventh Battalion 889 points. Both teams will now take a long stride nearer the top of the league list as a result of Saturday's shoot. The Seventh's score has been kindly handed in by Capt. Hayes, and as the following shows, some splendid shooting was done, W. C. Hiscott's 95 being remarkably good:

THE WHEEL.

The arrival of the American wheelmen Sunday did not turn out to be an affair of the gilt-edged order. About twenty of the F. C. 'C. Club men left in the morning for the east, via Dundas street, with the praiseworthy intention of giving the expected 'cyclists a hearty welcome to the Forest City. They rode out several miles, then, not meeting anyone, in a parboiled condition they dropped off in a shady spot to await developments. They waited so long before anything "turned up" that the majority came home, although several stuck to it heroically. About 2:30 p.m. a dozen weather-worn wheelmen arrived at the Tecumseh House via the Hamilton road, making it evident that someone had blundered and that the F. C. 'C. C. men had gone on a fruitless mission over the wrong course. The Americans reported that as the bridge between London and Nilestown was down for repairs, they had recourse to the novel method of undressing and fording the Thames with their machines. The local boys returned shortly blowing like grampuses, but pluckily decided to correct their mistake and started off for the Hamilton road. They brought in another baker's dozen an hour or two later, and were told that the remainder of the party had stopped off at intermediate points, not caring for the warm ride. A number of ladies who had purposed coming had changed their minds at Niagara Falls. Mr. Smith, the touring manager, expressed himself as sorry for the misapprehension regarding the route. The party left yesterday for Port Huron, where their numbers will be greatly augmented. They proceed direct to Detroit from there. During the brief stay in the city the 'cyclists were shown every courtesy by local brethren.

Captain Will Owens, of the F. C. C. C., has resigned on account of business engagements. Lieut. "Nip" Tune will advance to his position and Joe Knowles will receive the lieutenancy.

At the London, England, Athletic Club games on Saturday the team of the Manhattan Athletic Club, of New York, was well represented. H. L. Curtis, the English champion, won the mile handicap walk from the scratch in 6:36. C. L. Nicoll, M. A. C., 25 yards start, was second, and E. D. Lange, M. A. C., 50 yards, was third. C. J. Queckberner, M. A. C., won the hammer-throwing and 56-pound weight. M. Remington, M. A. C., won the 100-yards in 10 seconds and the quarter mile in 49 2-5. H. L. Hallock, M. A. C., won the high jump with 6 feet. Dadman and Roddy were unplaced in the 1,000-yards race.

At the tournament of the Toronto Bankers' Athletic Association held at Rosedale on Saturday an interesting feature was putting the 15-pound shot (open)—Joseph Gray, Coldwater, Ont., 39 feet 7 inches, 1; T. W. Gerrard, British, 29 feet 7 inches, 2; R. Cockburn, Molsons, also competed. George R. Gray, world's champion, was entered, but did not compete. The winner is his young brother 18 years of age. He weighs 140 pounds and made his first public appearance on Dominion Day at Coldwater, when he made a put of 40 feet 6 inches on ground a trifle uphill. For a special medal G. R. Gray undertook to beat the Canadian record (his own) of 45 feet 2 inches, and accomplished it with ease by a performance of 45 feet 11 inches. He then took a shy at the world's record, also his own, of 46 feet 2 inches. At one attempt he sent the shot 46 feet 7 inches from the spot where it left his hand, but the put was on an angle, and on being re-measured to the extended line at which he stood the tape made it 45 feet 11 inches. His next put was 46 feet 1 inch, just an inch behind the best record in the world.

MINNEAPOLIS, Minn., July 13.—At the regular session of the Y. P. S. C. E., the first thing on the programme Saturday was "reports from the world wide field." A colored delegate from Africa was presented and greeted with great enthusiasm. He was about to return to Liberia, and hoped to establish a chain of Christian Endeavor Societies across the Soudan. He sang "Come to Jesus" in the native tongue. A cablegram of greeting was received from England. Japan also reported by cablegram. "Pastor's hour" was conducted by Rev. J. S. Black, D.D., of Minneapolis.
