HOLY NAME CAMP PLEASANT FOR BOYS

Among Other Things, Lads Are Made Proficient Swimmers—Baseball Played.

The Holy Name camp for boys, picturesquely situated near the lake at Clarkson, two and a half miles from Clarkson station, altho but two months in existence, is supplying a long-felt want amongst the Catholic community, and has fully justified the sanguine hopes of those responsible for the inception of the scheme.

Another contingent of boys, in charge of Rev. Brother Jarlath, left the Union Station at noon yesterday for the camp.

Arriving at Clarkson station, the party were met by a conveyance, which arrived in time at the camp for dinner, to which ample justice was done. After resting for one hour the new arrivals with the other boys in camp trooped down to the lake, where they bathed and swam, under the supervision of R. Conlogue, the manager of the camp, and Rev. T. K. Boylan, camp chaplain.

Teach Boys to Swim.

It is noteworthy that boys who are unable to swim on arrival are made into proficient swimmers under the tuition of the manager in a few days.

A game of baseball follows, after which supper, then league ball games and a varied program of recreation until 9 p.m., when prayers are said, and after to bed.

The camp rises at 7 a.m. and mass is said at 8 a.m., after which camp duties, recreation and swimming comprise the morning program. The camp comprises three frame buildings; a dining hall, kitchens and bunk house, and large tent near the shelving beach for dressing.

Big Playing Ground.

The playing ground covers 20 acres and the games comprise lacrosse, baseball, quoits, football, etc., the one thing necessary being a gramaphone, for the loan of which with a supply of records, the camp would be grateful. The quality of the meals supplied leaves nothing to be desired. Everyone who has visited the camp since its opening has been unsparing in his praise of the bill of fare supplied. As an example of the popularity of the camp, 40 visitors were entertained there last Sunday. The rate charged for boys is $3.50 per week, and application shuld be made to Blake's Catholic Repository, Church street, city.

Three rules must be observed in the camp: First, no firearms or air rifles allowed. Second, swimming is permitted only at specified times, and under the supervision of the director of the camp. Third, smoking is absolutely prohibited. Violation of these rules means instant dismissal.

RUSSIA IS SHAKEN BY STRIKE WARFARE

Armed Conflicts Occur in Streets of St. Petersburg —Many Wounded.

Canadian Press Despatch.

ST. PETERSBURG, July 22.—The strike situation in Russia took on a very serious aspect today when armed conflicts occurred in the streets and resulted in the wounding of many police, Cossacks and strikers.

Just outside the capital a passenger train on the coast line to Finland was held up by strikers. The engineer was forced to quit the locomotive under threat of being shot and the passengers all driven out of the cars. The strikers engaged in this outrage numbered 300, and they then proceeded to cut down the telegraph poles and raise obstructions on the tracks.

A detachment of Cossacks and gendarmes arrived quickly on the scene and drove off the strikers. Traffic was then resumed, but every train was convoyed by a locomotive with an armed escort.

At Riga the strike movement was reported to be spreading, and it was said that 40,000 men in that city had struck work, while in many of the other large cities in all parts of the empire thousands of men had left their employment.

A SCHOOL EXHIBIT.

Two very interesting exhibits are to be included in the Exhibition this year by the school board. One is to be a model forest school with 12 boys and 12 girls as pupils, who will demonstrate all the advantages of the instruction. The other will be a model playground in operation.

LOUIS K. GUTMAN HERE.

Louis K. Gutman, owner of the Gutman department store of Baltimore, was in Toronto yesterday. Mr. Gutman, accompanied by his wife, is making a tour of Canada.

TENT FOR THE BOYS.

A tent for the accommodation of young swimmers at eKw aGrdens has been erected and the boys allowed free use of it. This will serve the purpose of helping the elder people to enjoy the use of the other accommodation.

ECONOMICAL LIGHT WEIGHT **SIX**

$1975

No assembled "Six" can give you value equal to Studebaker SIX value.

Because the assembler—buying parts from parts makers —must have two profits, his own and the middleman's.

There is only one profit in the Studebaker SIX—that of the legitmate manufacturer.

That means better materials, better engineering, greater manufacturing accuracy per dollar of the price—and far greater value, longer life, perfect balance and roadability.

Satisfy yourself of this by inspection and comparison of the Studebaker SIX with any other car at any price.

Prove what we say by riding in our SIX and in others.

KING IS ACCUSED OF PARTY LEANING

His Majesty's Reference to "Cry of Civil War" Stirs Resentment.

Canadian Associated Press Cable.

LONDON, July 22.—The Radical and Labor press, which have consistently treated the manoeuvring in Ireland as so much bluff, express astonishment at the King's observation that the cry of civil war is on the lips of the most responsible and sober-minded of my people."

The Chronicle, describing such a statement as "amaz ng," says:

"The cry of civil war is nothing more than the Unionist party's present cry, but upon Liberal readers the speech can only leave one impression. It is that the King has spoken of the Unionist party as 'we' and of the Liberal party as 'they.'"

Tory Bluff Alleged.

The Daily News says: "We don't know who these most responsible, sober-minded people are, but what we do know is that the cry has been raised in the Tory press for two years past with a view of overawing parliament. It has been raised in such a way as to make it clear to Orangemen that if only they would drill and arm they would be able to overthrow the British parliament and defeat its legislation. Yet not one word of protest against this policy has been heard. On the contrary, the Tory leaders and men who stand close to the King have justified and encouraged it."

FIND RICH STRIKE OF GAS IN ALBERT COUNTY, N.B.

(Special Correspondence.)

MONCTON, N.B., July 22.—While deepening an old well in the natural gas and oil fields at McLatchy's, in Albert County, Mr. A. Crichton, manager of the Maritime Oil Fields, struck a gas sand giving a flow of 2,000,000 cubic feet per day. The gas which gave such an excellent flow was discovered after burrowing a reasonable depth thru a bed of shale and sandstone. This strike of gas comes as good news to gas consumers in Moncton, and is taken as conclusive proof that there are big producing sands at a lower level that will be of immense value to Moncton and will ensure gas for years to come for domestic purposes.

ORDERED DETECTIVES OUT.

Visitors and officials in the police court will have to be on their good behavior in the future. Two detectives were yesterday ordered to leave the court-room for disturbing the proceedings by loud talking. Crown Attorney Corley said that the noise that had prevailed recently during the hearings would have to stop, and instructed Sergt. McKinny to see that this order was rigorously enforced.

WILL DEPORT TEN.

The city relief officer yesterday issued no less than ten deportation certificates. Mr. Coyell states that the majority of those seeking relief are men who have been sent to this country by philanthropic institutions, or by friends wishing to get rid of them.

MANY APPEALS AGAINST TAXES

North Toronto Property Owners Will Keep Court of Revision Busy.

The majority of the 259 appeals against the assessments filed this year by the city in ward two, come from the North Toronto, Moore Park and Rosedale sections, which are said to be most affected by the $12,000,000 assessment increase. In North Toronto 81 appeals are made, many of them by owners of Yonge street and Golfdale avenue properties. These claim that the prices fixed are too high for residential property, especially under the present conditions. Some of the Yonge street increases are from $5 to $65 and $75 per foot, and on Golfdale avenue the increases are from $2 upward.

The Rosedale and Moore Park appeals are scattered. On Rosedale ravine properties two appeals are made where the jumps are from $2500 to $3500 per acre. The Toronto Dwellings Company, the Toronto Street Railway and the board of education are among the appellants.

BISHOP GOES WEST.

The Bishop of Toronto left yesterday en route for the General Synod and to undertake deputation work in connection with the M.S.C.C. at the following points, viz.: On Sunday next, 26th inst., Sault Ste. Marie; Aug. 2, Port Arthur and Fort William; Aug. 9, Winnipeg, Holy Trinity in the morning and All Saints in the evening; Aug. 16, Moose Jaw and Regina; Aug. 23, Edmonton, pro-Cathedral St. Matthew's; Aug. 30, Banff; Sept. 6, Vancouver.

PROBATE WITHHELD.

In the case of the will of the late William George Naullis, a victim of the Empress disaster, over which there has been a dispute as to whether he or his wife died first, Judge Morgan refused to grant probate yesterday, as the question of intestacy will have to be settled in the supreme court. The Trusts and Guarantee Company were appointed temporary administrators to protect the estate.

WISHED CASH PAID.

That cash be paid for every expense connected with her funeral is the wish expressed in the will of the late Mrs. Leah Seagal of Centre avenue, who leaves an estate of $3960, to be divided between two sons, a daughter and a sister, after all her debts are paid in cash, as stipulated.
