out of the late war to an extent that makes it comparatively unproductive. High taxation causes high prices, and the result is to diminish the real rewards for all kinds of labor to the same low standard. The official reports to Congress showed what was the real position of American industry, in one branch of it on which Americans had hitherto greatly prided themselves; so that in shipping, only one vessel was now building in New York, and only one or two in Boston. The hon. gentleman concluded by expressing his hopes for, and belief in, a long and prosperous future for the Dominion of Canada.

European News.

London, April 26, evening.—A despatch from Wolf's News Agency at Berlin, dated this evening, states that the Prussian Government fearing the introduction in the Diet of interpellation as to its policy which may lead to further complications upon the Luxemburg question, has refused to enter into a long discussion in that body.

Berlin, April 26, evening.—Wolf's News Agency reports that King Leopold of Belgium takes to the King of Napoleon a new plan of peace which has been proposed by Russia, and which provides for the neutrality of Luxemburg.

Berlin, April 26, evening.—It is reported here that the Danish Government has announced its intention to remain neutral in case of war between France and Prussia.

Dublin, April 17.—At the Fenian trials in this city to day, Col. Massey was brought on the stand. He made a clean breast of it, and told the whole story of the Fenian plot.

Berlin, April 27.—The Wezer *Gazette* in a leading article to-day, intimates that Prussia may evacuate the fortress of Luxemburg.

Amsterdam, April 27.—The Dutch Government officially denies that there was any offer to sell Luxemburg to Napoleon.

Paris, April 26, evening.—A rumor of the establishment of a Peace Congress which has prevailed to-day, has had the effect of raising Rentes 1 franc after business hours: however, the report was discredited, and rentes slightly declined.

A Paris paper says the Fenians were going to invade Canada, the first point of attack being Chicago.

The railroad line between Halifax and Pictou, 112 miles, is complete, an engine having passed over the whole distance.

Mr. Gladstone has resigned the leadership of the Liberal party.

PARIS, April, 25, (evening)—Leading editorials of an official character in the *Constitutionnel* of to day declare that France does not desire war and will use all means consistent with her national honor to avoid it.

PARIS, April 26 (noon)—There was a reaction on the Bourse this morning and rentes are rising in consequence of rumors which extensively prevail that Prussia has manifested a disposition to make concessions to France in regard to the Luxemburg question.

SOW WHEAT.—It was quite natural, when we had free access to the American market with barley, and that grain was worth nearly as much as wheat, that farmers should grow it quite freely; but there has been a change in the relative circumstances since; a heavy duty now awaits its advent across the lines, and wheat this season has doubled its former price. It appears to me that if we lessen the amount of land sown to barley about 50 per cent., the crop will pay us much better in proportion. It was expected that barley could be sent so England with paying results, after the close of the treaty, but I see by the quotations of Liverpool markets that barley is only 4s 6d there. Fifty or sixty cents per bushel might permit of its being sent there, but those prices offer but little inducements for growing the article here. There is no doubt but that the large production of barley in this Province heretofore has been attended with excellent results, having been quite profitable, and best les decidedly beneficial as a change from the over-cropping wheat system followed. This will enable us, stimulated by the splendid price of the latter, to sow pretty heavily this spring of this magnificent cereal, for the production of which this Province is so well adapted.—*Letter in Canada Farmer.*

The Indian Troubles.

NEW YORK, April 25—The *Herald's* Belize correspondence of April 7, states that the colony is still unsettled in consequence of Indian raids. Fresh incursions by Indians were feared. The latest Indian raid was at Guinney-grass, where they took several prisoners. They come across the Rio Hondo and return before we know they are here, and as the English Government will not allow us to invade the soil of Mexico, they set us at defiance.

New York, April, 26.—The *Herald's* Fort Sedgwick special of the 25th says the armistice between the special Commissioners and the Brule and Ogalalla bands of Sioux Indians representing 700 warriors had been concluded. The Indians agreed to go upon a temporary reservation along the river Republican during the existing hostilities. A war party of 18 Brule Sioux came in last night from Powder river desiring peace. They state the Indians engaged in the Fort Phil Kearney massacre, numbered 2,000. Twelve were killed, among whom were three chiefs; many were wounded. Hostilities between the Southern Cheyennes and Gen. Hancock's troops were reported. If these hostilities continue, a general Indian war is inevitable.

THE half-yearly report of the Grand Trunk railway company shows that the earnings for the last half of 1866 amounted to £719, 370 stg., of which £413,608 was expended in working expenses, £72,392 as the proportion of renewals charged to revenue, and £174,890 for interest, leases, &c., leaving £58,680 out of which to pay a dividend on first preference bonds. The railway journals of England are grumbling at the large amount spent on renewals and for working the road, and view with disapprobation Mr. BRYDGES' proposal still further to increase expenditure in order to put the line in a better condition. For these reasons the report is pretty sharply criticized, and at the general meeting which followed a good deal of ill feeling probably was vented.

Don't Know Him.

We have heard of a man who owned a horse which had been for a long time afflicted with a Chronic Cough, and was observing in a poor condition; he at length resolved to sell him, and did so for a very trifling sum. Some 5 or 6 weeks afterwards, he met the person to whom he had sold him driving a a beautiful horse, full of life, and concluded he had either exchanged him for this or purchased another; but judge of his surprise on learning that the horse was the same he had previously owned and considered of so little value. On enquiry as to what had effected so great a change, he was told that "Darley's Arabian Heave Remedy and Condition Medicine," had done it. This preparation has effected some remarkable cures.

Mothers Read This—Holloway's Worm Lozenges are certain and safe remedy for Worms in Children and Adults.—As it is a well known and melancholy fact that one great cause of death among children is from Worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing, and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves. PARTICULAR WORMS.—The following are a few of the very numerous symptoms and diseases which are caused by Worms: deranged appetite, constipated or irregular bowels, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the belly, and frequent slimy stools, and sometimes convulsive fits; pain in the head and stomach, unpleasant sleep, dimness, trembling, coughs, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh.

They are palatable and self-administered to the child—drive out the Worms thoroughly without pain, and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics—as in the use of other worm medicines.

TO THE Free and Independent Electors OF THE NORTH RIDING OF HURON

GENTLEMEN:—

Having been nominated by the Reform Convention, held at Clinton on the 4th of this month, as a candidate for the Representation of your Riding in the Local Legislature of Ontario, and having received assurances of support from many friends, over the whole constituency, I have accepted the nomination then made, and in doing so I hope to receive a cordial and generous support from you, to whom is entrusted the privilege of the franchise.

My principles are not such as to satisfy every shade of political opinion; they are, however, as is well known, to maintain what is good—to reform what is corrupt and obsolete, endeavoring to secure right government, in as economical a manner as is consistent with safety.

There are no questions before the public of great importance. Confederation having absorbed all others, it is my desire that it should receive a fair trial, trusting that it will be the means of allaying the sectional jealousies that have so long distracted the country.

Having been actively engaged for the last ten years in our municipal affairs, the experience I have gained may, if you see fit to elect me, prove useful in further improving our municipal and assessment laws. It might not serve any useful purpose to go into an immediate personal canvass, but I hope when the contest fairly commences, to meet you in various places over the Riding to make explanations, and set forth my views at greater length, and until that time, I would ask you to refrain from pledging your influence and support to any of my opponents, so that you may be in a position to judge for yourselves as to our respective merits.

I am, gentlemen,
Your obedient servant,

THOMAS GIBSON.

Howick, April 6th, 1867. w11tf

To Dr. Woods, Reeve of Stanley, AND 772 OTHERS,

PARLIAMENTARY ELECTORS OF THE SOUTH RIDING OF HURON.

GENTLEMEN:—

I have had the honor to receive your very respectably and numerously signed requisition, asking me to become a candidate to represent this Riding in the House of Commons, at the ensuing election, for which I feel highly flattered, and accept the nomination offered me by so large a number of influential electors. I have since received the unanimous nomination of the liberal Conservative delegates at the Clinton convention.

To the parliamentary electors of the South Riding generally, I offer myself as a candidate, and trust to receive your generous support.

To the most of you I am not unknown, having been a continuous resident in the Riding for a period of thirty two years, and having during that time encountered all the difficulties and privations of a backwoods life, as an one of the first municipal elective and other highly responsible offices, therefore necessary for many years I have been prominently before you, and I challenge any man truthfully to say that I have given him just cause of offence. I refer to my past conduct as an index of what my future may be, should you see fit to elect me. Having no monetary want, and none depending on me for bread, as from the public chest, I do not wish for, nor would not accept from Government any lucrative office, my only desire being energetically and faithfully to secure the interests of the country in which I have lived so many years, and to which from many associations I am sincerely attached.

There are no leading questions before the public at present, but should I be elected, I shall endeavour to make myself acquainted with the sentiments of my constituents, and be guided by their behests.

I shall be an advocate for economy in the public service, so far as may be compatible with thorough efficiency; I shall advocate a liberal expenditure on the canals and other works as may be most beneficial to the wants of the country, and set forth my views at greater length, and until that time, I would ask you to refrain from pledging your influence and support to any of my opponents, so that you may be in a position to judge for yourselves as to our respective merits.

I am, gentlemen,
Your obedient servant,

D. H. RITCHIE.

Bayfield, Township of Stanley, 30th March, 1867. w11tf

To the Free and Independent Electors of the North Riding of Huron

GENTLEMEN,

Under ordinary circumstances the term of the present Provincial Parliament would terminate in a few days, but since the last general Election, very great political and constitutional changes have taken place, which calls for an immediate dissolution of Parliament.

These changes were found necessary, in consequence of the many difficulties arising out of the proper carrying on, of responsible government under the Union Act of 1840.

In 1865 a Coalition Government was formed for the purpose of devising a remedy for the existing evils, and a Union of the British North American Provinces was proposed and agreed upon.

Under this arrangement we are to have a General Legislature and a Local Legislature, the former to have charge of matters of General Interests, affecting the United Provinces, and the latter to have charge of Local matters.

Under these circumstances, I have consented at the request of many warm friends of all political creeds in your riding to become a Candidate for the Local Legislature of your riding, and as one who has resided many years in the north riding, and who takes a deep interest in its welfare, I hope it elected never to betray the trust confided to me.

My politics are to support the hands of the coalition in carrying out honestly the intentions of the Quebec scheme, and also to support honest men and honest measures, and to do all in my humble ability to advance the interests of your riding and the welfare of this my native country.

I am well acquainted with many in the riding, but I shall shortly make it my business to call meetings in your different townships, when I shall explain my principles in detail and hope to meet other aspirants for honors when you can have an opportunity of judging as to the respective capabilities of the candidates.

I may say that I am an admirer of British connexion, and am prepared at any time to fight in the field or in any other sphere in life, to maintain that connexion.

I remain gentlemen,
Yours most obediently,

W. TORRANCE HAYS,

Goderich, April 5, 1867. w11 11

TO THE FREE & INDEPENDENT ELECTORS OF THE NORTH RIDING OF THE COUNTY OF HURON.

GENTLEMEN,

Having received the nomination of the "Reform Convention," and having been requested by most of all shades of politics to offer myself as a candidate for the Canadian House of Commons for your Riding; I am now in the field claiming your suffrages as a Representative.

As there are no great questions now immediately before the country—Confederation being an accomplished fact—it is unnecessary in a short address like this to speculate on what the future may bring forth; or to submit any particular or specific platform. I may, however, say that I will embrace the earliest opportunity of visiting each locality in the Riding and explain my views fully and fully on both local and general matters, such as the necessity of encouraging emigration, our trade with the United States,—economy in the management of our public departments, and the conduct of the general affairs of the country.

Meantime,
I have the honor to be,
Gentlemen,
Your obedient serv't,

To the Independent Electors OF THE SOUTH RIDING OF THE COUNTY OF HURON,

GENTLEMEN,—Having been nominated at the Convention of the Liberal Conservative party, held at Clinton on the 25th ult., as a Candidate for the representation of this Riding in the Local Legislature, of Ontario, and having received numerous assurances of support from persons of various shades of political opinion, I have consented to offer myself for your suffrages at the election to take place, in all probability, at no distant period.

In the meantime, I shall take the opportunity of visiting the several municipalities, that you may become better acquainted with the sentiments which I profess, and I trust that they will be found so to accord with your own, that you will be enabled to give me a generous support.

I am, gentlemen,
Your obedient servant,

ISAAC CARLING.

To the Free and Independent Electors of the South Riding Huron,

GENTLEMEN:

Having received the unanimous nomination, at the Convention recently held in Clinton, for the Representation of your Riding in the Canadian House of Commons, and having accepted that nomination, I am now in the field:—Candidate for your suffrages, trusting to a liberal and generous support at your hands.

As the Elections will not, in all probability, take place for some months, and a personal canvass would be inexpedient, until about the eve of the contest, may I hope that in the meantime, you, gentlemen, will withhold your names from such requisitions as are now being industriously circulated in the Riding (a most un British practice), and one that I hope will never prevail with Canadian Electors—who prize a fair, free, and honorable contest far above and beyond a mere temporary political triumph), and that you will refrain from pledging your influence and support to my opponent, until in the Canvass and throughout the Contest, I shall have an opportunity, before you, of meeting him face to face, explaining my views and expounding my principles, and you shall have had an opportunity of thus judging of our respective qualifications for the high trust we seek at your hands.

Meantime, I have the honor to be,
Gentlemen,
Your most obedient Servant.
