The War Situation Summarized.

President McKinley and both branches of Congress are now in accord, after the joint conference of the Houses. The President has had his way; the proposal for immediate recognition of the present Cuban insurgents as the actual government of Cuba has been dropped.

The President will now present to Spain the ultimatum of Congress—namely, that Spain must get out of Cuba forthwith.

If Spain—as is unlikely—answers "Yes," that ends Spanish domination in Cuba. If Spain says "No," the domination of Spain over Cuba will still end, though in other fashion.

Spain is so incapable of governing herself, and so absolutely unfitted for longer ruling colonial possessions in the New World, that it is better for all interests the end should come as speedily as possible. It is better for Cuba; better for the United States; better for Spain herself; better for the world.

Therefore we cannot but wish complete success to the United States in the contest, and the speedy recivilization of Cuba.

The Fateful Document.

Congressional Joint Resolutions Signed by Speaker Reed and Vice-President Hobart,

Sent to President McKinley at the White House.

Spain May Be Given 24 or 48 Hours to Answer.

Impression in Spain That War Is Inevitable.

THE WAR RESOLUTIONS.

Washington, April 19.—A measure is in formulation in congress to put 200,000 men at the president's disposal.

The cabinet is in session here considering action under the Cuban resolution.

Speaker Reed signed the Cuban resolutions at 12:06; They were immediately taken to the senate.

The Cuban resolutions were returned to the house with the vice-president's signature. At 1:15 they left for the White House.

PRESIDENT McKINLEY'S COURSE.

President McKinley has decided to sign the Cuban resolutions almost immediately after they reach him, and will notify congress promptly that he has signed them. Soon after his signature is affixed to the joint resolution, which every one here expects is the prelude to war, Mr. McKinley will notify the Spanish Government that he has signed the resolution, and that its provisions require that Spain shall immediately withdraw her land and naval forces from Cuba and surrender her sovereignty over the island. His notification likewise will state that the United States expects a prompt compliance with its terms.

SPAIN'S TIME TO ANSWER.

The time within which Spain will be required to make answer to this ultimatum will be determined upon at today's meeting, but it is not unlikely that 24 or 48 hours will be the limit. It is not improbable that this final message to the queen regent may be communicated through Senor Polo, the Spanish minister, although this point also will be left to the decision of the cabinet. Under any conditions it is thought that an advance movement of United States naval forces will be delayed not more than two or three days at the longest. Every one connected with the administration realizes that war is to be expected as a result of the ultimatum, and from this time forth the president and the members of his cabinet, it is said, will act as a unit in the execution of a most vigorous policy.

The president did not reach his office this morning until 10 o'clock. Everything about the executive mansion presented its usual quiet appearance. There were very few callers, and these were not permitted to see the president.

Another statement is to the effect that there is reason to believe the president favors giving Spain at least two or three days' time, for the reason that it will require that length of time to put our army and navy in position to take possession immediately of one of the Cuban ports, it being the administration's purpose that this move shall follow promptly on Spain's refusal. After the cabinet meeting the president went out walking with Secretary Bliss.

AT MADRID.

Madrid, April 19—1 p.m.—The general belief here is that the joint resolution of congress makes war between Spain and the United States inevitable. The correspondent of the Associated Press was the first person to take the news of the action of congress to the United States minister, Gen. Stewart L. Woodford, and to the minister for the colonies, Senor Moret, and the minister for foreign affairs, Senor Gullon. The premier, Senor Sagasta, had a long conference with the queen regent this morning.

PLEBISCITE FOR CUBA.

London, April 19.—It is reported that the dreibund, or triple alliance, composed of Germany, Austria and Italy, acting upon the suggestion of Italy, has proposed to the powers the formation of a plebiscite—the vote of a whole country, namely, Cuba in this case—to settle the Cuban question, meaning that the population of Cuba should be allowel to vote for the form of government most popular there.

HAVANA QUIET.

Havana, April 19—10 a.m.—Quiet prevails here, the streets present a more lively appearance than they did a few days ago, prominent people believe war may yet be averted, but business is almost paralyzed, no contracts are being entered into, and the papers are urging Spain to declare war immediately.

A MATTER OF MONTHS.

Madrid, April 17—8 a.m.—The Imparcial, today, commenting upon the commercial aspect of the war, which it regards as certain, "so soon as President McKinley stops vacillating," says: "The Americans, who are rushing into war, will be surprised to find that it is not an affair of weeks, but of months. It will last until the commercials are more anxious for peace than they are anxious for war."

Madrid, April 19—1 p.m.—The general belief in Madrid is that the joint resolution makes war inevitable.

Spanish Minister Polo will begin his departure from the United States as soon as notified that the Cuban resolutions are a law.

GOLDWIN'S SMITH'S VIEW.

Toronto, April 19.—When interviewed by a press representative as to his view of the present situation, Goldwin Smith said: "My decided impression is that the nation is being hurried into war before the resources of diplomacy have been exhausted, and when Spain is offering considerable concessions, by the violence of congressional fire-eaters and the sensational press, against the good sense of the community. I fear the political consequences to the republic."

THE ULTIMATUM.

Washington, April 19.—The cabinet has adjourned till 3:30 p.m. The Cuban resolution will not be signed by the president until the ultimatum to Spain is prepared for signature. The two will be made practically one act and signed simultaneously.

WAR NOTES.

There is agitation in Porto Rico towards forcing Americans to declare themselves and depart.

Spanish fours closed in the London stock exchange at 37½, a net loss of 3⅝ for the day.

Spanish fours closed on the Paris bourse today at 35⅛, against 41⅝, the final price yesterday.

The German foreign office declares the ambassador of Germany at Washington, instead of joining in renewed representations to the United States, is urging the ambassadors to stop their attempts at mediation, as they are considered worse than useless.

A dispatch from Wall street, New York, at noon, says: Prices drifted within a very narrow range in the second hour. Business was almost at a standstill, and there was no sign of animation at any point in the list. Bonds were lower, but were dull.

United States attaches at St. Petersburg and Vienna have been called home.

CITY HALL NOTES.

The smoke has cleared, and the memorable five and a half hour session of the council last night could be coolly viewed as a matter of history, when some of the aldermen found their way back to the city hall at a late hour this morning to keep an eye on the civic machine, as is their wont. The principal topics of conversation were certain "surprises" which enlivened the lengthy meeting.

* * * *

A special meeting of the council will probably be called for Monday night next, when the estimates for the year upon which the rate of taxation is struck will be consideded. The boad of works this week will hand over the estimates to the finance commitee to expedite matters.

* * * *

A permit has been taken out at the city engineer's office by J. H. A. Beattie for alterations at 393 Richmond street. It is Mr. Beattie's intention to fit up offices on the first floor of the premises. Mr. Charles Maker will make alterations and additions to his residence at the corner of King and Rectory streets.

* * * *

Prof. Speedy, director of the kirmess, has arranged his programme. The numbers represent chiefly national dances, and will be highly entertaining. They include: England, represented by "Christopher Colombo" (solo and chorus); sailor's hornpipe; jolly old salt jig; British flag dance, and "God Save the Queen," sung by Miss Canada.

Scotland—Highland fling.
France—Minuet court dance.

All Over a Ghost Story.

Landlady and Lodger Have Difference in Court.

Another Disorderly House Raided—Two Women With Infants Arrested.

Florence Milligan, with a young child about 2 years of age, and Susie Jones, with an infant in arms about 4 months old, were charged at the police court this morning with keeping a disorderly house on Miles street. The children were taken over by Mr. Sanders, of the Children's Aid Society, and the two women sent down for a week. Two soldiers from the barracks, arrested with the women, were taken in charge by the military authorities.

Florence Milligan is the wife of Wm. Milligan, a former member of No. 1 Company here. He has an unsavory record, and during last camp was arrested for stealing militia blankets, and afterwards deserted.

Mrs. Sarah Biggar, of 486 Pall Hall street, who keeps a boarding house, charged Cassie Malone with abusive language, which grew out of the loss of some jewelry and non-payment of board. The two women stood up together, and instantaneously both began to explain the matter. There were repeated and rapid contradictions.

Mrs. Biggar—She told me she would fix me, and I don't know what for.

Miss Malone started again, and was informed that she was in pretty good condition, with a tongue as sharp as a two-edged sword.

The chief explained that Miss Malone had left Mrs. Biggar without paying her week's board, because Mrs. Biggar told her the house was haunted, and that her dead husband's ghost came periodically to visit the place.

Miss Malone said she wasn't any more afraid of ghosts than she was of Mrs. Biggar, and remarked: "I'll never pay her for such board as she gave me—it was next to starvation."

The court advised a settlement, and Mrs. Biggar went away smiling and Miss Malone with tears in her eyes.

Michael Costello and James Kennedy, two drunks, were discharged.

Piles Cured Without the Use of Knife by Dr. Chase.

I was troubled for years with Piles and tried everything I could buy without any benefit, until I tried Dr. Chase's Ointment. The result was marvelous. Two boxes completely cured me.

JAS. STEWART, Harness Maker,
Woodville, Ont.

Mrs. John McInnes, South Finch, cut her throat with an axe while temporarily insane. She will probably recover.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any other remedies do me good.

On Saturday afternoon Mr. Justice Street gave judgment granting an order winding up the Georgian Bay Ship Canal and Power Company. The order was granted at the instance of the New York Journal, on a bill for newspaper advertising.
