SCHOOLS FIREPROOF SUB-COMMITTEE FINDS

Precautions Have Been Taken to Ensure Safety of Children—Contracts Awarded.

That the Toronto public schools are now fire-proof was the statement made at a meeting of the property committee of the board of education yesterday by a sub-committee appointed to look into the question of fire protection.

The report showed that there was no chance of any schools catching fire from the adjoining buildings quickly enough to cause danger to the occupants. To make the schools secure from fire spreading, all partitions are now built of brick, while the floors are cement. In addition to this all outside doors have been fitted with checks and springs, so that they may be left unlocked during schoolhours. The board also expect to have the schools in the newly annexed districts in the same condition at the end of the next midsummer vacation.

A great deal of stress was laid on the importance of having fire drill regularly to prevent the possibility of a panic in case of a fire. During visits to the schools the sub-committee had several fire drill tests made, and reported that in King Edward School, 1050 pupils were got out in less than two minutes. The building of two storey schools was also reported against. The board was advised to have all buildings in future three storeys high. At the close of the reading of the report, Trustee Smith gave notice of a motion for next meeting to install fire alarms in all schools.

The new technical school report was sent to the board, which will hold a special meeting on Tuesday evening, when representatives of the trades and labor council, board of trade and Canadian Manufacturers' Association, will be invited to discuss the matter. It was also suggested that the building be four storeys high.

The following contracts were awarded: For tinsmithing at Jameson-avenue and Riverdale school—A. B. Ormsby & Co., $1511; for masonry, J. C. Bayliss & Son, $320; for tinsmithing at Clinton-street school and the Orphans' Home, Flowers and St. Leger, $390; at Coleman and Pape-avenue schools, A. Matthews & Son, $520; at Cottingham and Rosedale schools, G. M. Bryan, $890; at Kew Beach school, W. E. Dillon, $476; at King Edward school, Flowers and St. Ledger, $786.

For masonry at King Edward and Clinton schools, R. Chalky & Sons, $498; at Cottingham and Pape-avenue schools, Self Bros., $380. The contract to supply Christmas trees to the schools was awarded to W. J. Goulder at 60 cents per tree, delivered at the school.

Boils and Pimples.

Whenever your complexion is unnatural, your skin in an unhealthy condition, your face covered with blotches and pimples, when boils and festering sores abound then your blood is bad. You can best cleanse it with that purely vegetable compound, Burdock Blood Bitters, which safely and promptly renovates the blood and invigorates the entire system.

Boils Cured. Mr. C. A. Mussen, Bawlf, Alta., writes: "I recommend Burdock Blood Bitters as being the best blood purifier there is. About three years ago I was greatly troubled with boils and our druggist advised me to try Burdock Blood Bitters and after taking two bottles I have not had a boil or even a pimple."

Pimples Cured. Mr. J. Morehouse, Zealand Station, N.B., writes: "My face and neck were covered with pimples, and I tried all kinds of remedies, but they did me no good. I went to many doctors, but they could not cure me. I then tried Burdock Blood Bitters and I must say it is a wonderful remedy for the cure of pimples."

GERMANY NOT ADVENTURING

Chancellor Says Nation is Pursuing Peaceful Paths.

BERLIN, Dec. 10.—Addressing the reichstag again to-day Chancellor Von Bethmann-Hollweg reviewed briefly Germany's foreign relations.

English statesmen, among them Premier Asquith, in recent speeches had defined the establishment of good relations between Great Britain and Germany as an important task of statesmanship, the new chancellor said, and added that he could reply sincerely and with complete conviction, and in accord with these intentions, that the true interests of both countries would be served to the extent that they approached each other in a realization of these aims.

Certain circles endeavored to make it appear that Germany had adventurous aims, dangerous to the world's peace, and he declared that such aims were unknown in Germany, which kept on her way in great tranquility and steadiness, free from all nervousness.
