READY TO CHEAT THE HANGMAN

Ed. Biddle Well Provided With Poison.

The Discovery Made by Accident—Statement of Doctor Who Made the Autopsy.

Butler, Pa., Feb. 4.—Had Ed. Biddle failed in his plan to escape from the Allegheny county jail, he was prepared to cheat the hangman and most likely would have done so. This discovery has been made accidentally by Mrs. Mary Redd, who lives in Butler, and whose son, Thomas Redd, was in the jail at the time. The Biddles' clothing that they wore when captured, was packed for shipment to Pittsburg. Redd managed to secure a piece of the strap on the back of Ed. Biddles trousers, which he carried home as a souvenir and turned over to his mother. Mrs. Redd ripped the strap open and found within a pill which physicians examined and declared to contain enough strychnine to have killed two or three men.

REMINISCENCE OF JOHN.

A year ago last fall Detective Chas. A. Mahoney, of Windsor, arrested John Biddle on a dredge in the river at Amherstburg, on a charge of stealing a watch from a widow living near Watford, Lambton county. The dredge was in the middle of the river and the detective came alongside in a tug. "Help me aboard," shouted the detective. A man's head and shoulders appeared over the side of the dredge and a hand was extended to the officer, who clambered up on deck. "I'm looking for a man named John Biddle," said the officer. "I'm your party," answered the man who had helped Mahoney on board. "Well, I've got a warrant for you, and you're my prisoner," and the officer grabbed Biddle by the arm. "Well, what a fool I was to help you up here," observed Biddle, appreciating the grim humor of the situation. Biddle was taken to Windsor, but the detective says that the prisoner's brother-in-law, a well-known man in Detroit, came over and effected a settlement, which was made easy by the fact that the woman from whom the watch was stolen was too ill to appear in court.

RESULTS OF THE AUTOPSY.

The evidence secured by the autopsy bears out the statement that the Biddies intended to kill themselves rather than be taken alive, and that Ed succeeded in his attempt, while Jack failed though life was forfeited. Dr Bicker gave the following statement.

HAD NINE WOUNDS.

"Jack Biddle was the worst shot of the two men, although he was in better condition than Ed. when the men were brought to the jail on Friday night. He had two gunshot wounds on the right side in the region of the liver, the bullets passing up and around the body, but doing no damage. They were removed on Saturday. A bullet wound was found in the roof of the mouth, but it was slight and would not have caused death. This wound was inflicted by himself with the evident intention of committing suicide. His right arm was shattered by five bullet wounds and the radius broken in the upper third. The wound that caused his death was made by a 41.75 calibre bullet that passed through the crest of the illium on the right side and passed back through the kidney, causing hemorrhage.

"In all, Jack was suffering from nine wounds, but excepting the one that penetrated the kidney none of them would have been fatal.

A FATAL SHOT.

Ed's terrible sufferings were caused by a bullet wound that struck him on the left breast about an inch and a half to the right of the nipple and passed down between the fourth and fifth ribs to the left of the heart and through the lungs. This wound was made by Ed himself, the powder marks being visible on the skin. Death was caused by hemorrhages, and the man suffered untold agony to the last breath. Another wound found on his body was on the same side about an inch from the left nipple, but the bullet struck the fourth rib, passed under the skin and did no damage. Both bullets found in Ed were 32-calibre, and in the opinion of the doctors who held the autopsy there is no doubt that he killed himself."

ALL SHOT!

At the coroner's inquest, Deputy Hoon, in describing the fight with the Biddles, said: "We put our two teams in charge of J. A. Snyder. We then got in line, and they came down the hill, and the first thing I saw was Ed Biddle pulling a revolver. When he pulled the gun all began to shoot. I could not tell who fired the first shot. We all shot. I should judge we were 150 feet from them. They both fell on the sled. McGovern and I walked up to them. They were both lying on their faces. I walked up first, and McGovern swore at me for it. I had a revolver in my hand, and had it loaded. I walked up to them, and McGovern walked up and hit Jack on the back of the head with the butt end of his Winchester when he was on his face. Then I turned Ed over on his back. I was the first to touch either of the men, and he was going to shoot them again. He stepped back and shot Jack again after he was on the ground. I turned Ed over, and he said: 'For God's sake, don't shoot again. Let me die.'"

THE BIDDLES' BODIES VIEWED BY THOUSANDS.

Pittsburg, Feb. 4.—From nine to ten o'clock today the bodies of John and Edward Biddle were exposed to public view at the undertaking establishment and several thousand persons passed before the coffins. The bodies were in black caskets. The heads of the boys were turned so that the crowd could see them at a glance and the police kept the crowd moving all the time. The procession kept up throughout the three hours. The burial will take place tomorrow in one large grave in Calvary Cemetery. It is not likely that any religious services will be performed.

POWDERED ROCK FOR BAKING POWDER.

New York, Feb. 4.—Three and one-half tons of baking powder seized by the board of health and officially condemned by the city chemists, was destroyed today. The chemists who examined it said that it contained 29 per cent of powdered rock.

CARE-LINED FACES

Are not always the sign of mental worry, for many a person goes silently along day in and day out, suffering almost beyond telling from bodily pain, and the only sign that betrays it is the care-lined face.

Stomach out of order? Indigestion with its cutting acids making every breath you draw a dagger pain? Dyspepsia gnawing to almost the point of distraction? Can't sleep? Nervous? You needn't suffer—South American Nervine puts "all things to rights," chases the seams from the brow, and instead of the care lines there'll be the glow of health. First bottle helps; a few bottles cure. 18

BRIGHT GIRL SHOT HERSELF.

There Is No Cause Known for the Terrible Act.

A McGillivray Girl Whirled to Death by a Cutting Machine—Other Casualties.

Ann Arbor, Mich., Feb. 4.—Agnes Inglis, a sophomore medic, daughter of Dr. Inglis, of Detroit, shot herself through the heart yesterday, dying instantly. She had attended examinations in the morning, and on returning went to her room at the Alpha Epsilon Iota sorosis, and, after writing several letters, shot herself. She was one of the brightest students of the university. The cause is so far unknown. She was an expert violinist, and played in the School of Music orchestra. Miss Inglis went skating Sunday and seemed in excellent spirits. Miss Inglis was a remarkable character. She dressed much like a man, wore a man's fedora and man's shoes. Her black hair was worn short, and she wore a short skirt. She was familiarly known as "Two Spot," from the fact that she had two spots of white hair prominent on her head.

TERRIBLE FATE OF A McGILLIVRAY GIRL.

Parkhill, Ont., Feb. 3.—Hazel Person, the 10-year-old daughter of Samuel Person, of the township of McGillivray, seven miles from here, was the victim of a terrible accident on Saturday. It appears that a cutting machine was in operation in Mr. Person's barns, and in some manner Hazel had her dress caught in the tumbling rod and was hurled round and round, receiving terrible injuries which resulted in her death.

EIGHTY-FOUR BODIES RECOVERED.

Eagle Pass., Texas, Feb. 4.—Eighty-four bodies and sixteen men barely alive, some of them horribly mangled, have been taken from the Honda mines. The shaft had 113 men enrolled and 18 are still missing. Twenty-five dead mules have been taken from the shaft.

SUPPOSED SUICIDE.

Buffalo, N. Y., Feb. 4.—Alfred C. Mackeand, said to be the son of a prominent manufacturer of Hamilton, Ont., died at the Tifft House last night from morphine poisoning. The police believe the drug was taken with suicidal intent.

DYNAMITE EXPLOSION.

New York, Feb. 4.—Two men were severely wounded yesterday by a heavy blast of dynamite on the site of the old A. T. Stewart mansion, 34th street and 5th avenue. The men hurt are Morris Harnett, a watchman, and Ferdinand Holly, a furniture designer, who was painfully cut in the thigh by a piece of flying rock.

LOST IN A SNOWDRIFT.

Ottawa, Feb. 4.—Jimmy Hayes, a 9-year-old boy, was found in a snow heap Monday night almost frozen to death. The child was sent o na message and lost his way while crossing a field. The child's chances for recovery are good, but he is badly frozen.

FOUR MEN KILLED.

Dubuque, Iowa, Feb. 4.—A rear-end collision early yesterday, between freight trains on the Illinois Central, at Apple River, Ill., resulted in the death of four stockmen and the injuring of five others. The dead: M. C. Lawler and H. A. Pancake, Wall Lake, Ia.; Chris Ferndon, St. Ansgar, Ia.; C. R. Blunt, Chales City, Ia. Of the injured, W. Cameron, Dundee, Ill., is not expected to live.

MR. BROWN'S SCIATICA

He Tells the Story of His Great Suffering, and How He Was Completely Cured.

Boiestown, N. B., Feb. 3.—Wm. A. Brown, of this place, has suffered fearful pain for years with Sciatica. The story of his sufferings and cure he relates in his own words as follows:

"I had Sciatica in my back and hip so bad that I could not walk without suffering awful agony and pains that seemed like knives running through me. I commenced a treatment of Dodd's Kidney Pills.

"Before the first box was all used I thought I felt some better, and by the time I had used three boxes I was sure of it.

"I continued the treatment, and soon the pains all left me, and I have had no return of them since.

CANADIANS A SOBER PEOPLE.

Toronto, Feb. 3.—At the Temperance League meeting in Massey Hall Sunday, 5,000 persons being present, Rev. Wm. Patterson, of Philadelphia, formerly of Cook's Church here, contrasting conditions in the Quaker City with those here, said he did not believe Toronto was altogether heaven, but contrasting it with Philadelphia, in Toronto we knew little of what drunkenness meant. President Ames, of the board of trade, was in the chair, and commented on the great change for the better in business men. In Brantford he recently attended a board of trade banquet, where, out of 200 guests, only six ordered wines. A few days later in Guelph, at a similar gathering, not one of those present touched liquor.

Stratford, Ont., Feb. 3.—A prohibition convention was held here today, which on account of bad roads was not well attended. John A. Nicholls, provincial organizer of the Dominion Alliance, was present, and explained the reason for the meeting. It was decided to form a branch of the Dominion Alliance for North Perth, and committees to nominate officers, etc., were appointed.
