Rugby Star a Prisoner

A letter recently received from Billy Ritchie, a former McGill star rugby player, who is now a prisoner at Geisson, Germany, states that he is imprisoned with another Ottawa boy, C. Ainsboro.

A PAIN IN THE BACK COMES FROM THE KIDNEYS.

When a pain asserts itself in the back you may rest assured that it comes from some derangement of the kidneys, for were there not something wrong with the kidneys the back would be strong and well, and would be without a pain or an ache.

For backache, lame or weak back, there is no remedy to equal Doan's Kidney Pills.

They take out the stitches, twitches, and twinges, limber up the stiff back, and give perfect relief and comfort to all poor, suffering women who suffer so much from a weak, lame, aching back.

Miss Iva A. Ferris, Mill Cove, N.B., writes: "I suffered for two years from pains in my back. I tried several kinds of patent medicines, and was almost discouraged until I noticed your advertisement of Doan's Kidney Pills. I thought it would not hurt to try them. I had only used two boxes before I noticed a great difference, and after I had taken four boxes I was completely cured. I would not be without them in the house. I can recommend them to all I know."

Doan's Kidney Pills are 50c per box, 3 boxes for $1.25; at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

"CHIMMIE FADDEN"

5 Reels of Wholesome Hilarity

"CHIMMIE FADDEN" is one of the most famous characters ever created. He first appeared before the public in a series of newspaper stories by E. W. Townsend These stories became the foundation of a book which sold in vast quantities and of a play which was popular for years. "Chimmie" is a Bowery boy of the rough but good-hearted type. He saves a rich young woman of slumming tendencies from the insults of a "masher" and thus becomes a footman in the household of millionaire Van Cortlandt, accepting the position because he has become fascinated by the young lady's French maid, whom he dubs "The Duchess." The complications of the story cause "Chimmie" to be accused of burglary, but he is finally proved innocent and his love story with the beautiful lady's maid has a happy conclusion.

# WANTS TO PURCHASE NEW YORK GIANTS

New York, Nov. 3—Harry Sinclair, millionaire coal man, from Oklahoma, who owns the Newark Federals would like to buy the New York Giants. This was practically admitted unofficially at Federal League offices. At the same time it was denied that Sinclair had made an offer for the New York National League Club.

Charles H. Weeghman, owner of the Chicago Federals, has told Chicago newspaper men that Sinclair wants to buy into the New York National League club and the oil magnate has expressed this wish to friends in New York. The Oklahoman pines to be a New York baseball mogul and if he fails to buy the Giants he will probably be the main backer of the New York Federals. He has made no offer to buy the Giants understanding that no offer would be considered until baseball peace negotiations are well under way.

# TEMPERANCE WORK IN THE SUNDAY SCHOOLS

Rev. R. H. Stavert's report on temperance and Rev. F. L. Orchard's report on the Adult division, were the feature event of yesterday afternoon's session of the New Brunswick branch of the N. B. and P. E. I. convention being held in Centenary church. The former said that since last year 2,500 boys and girls had taken the pledge against intoxicating liquors, making a total of 12,500 in the temperance army. He also advocated the pledge against tobacco, especially cigarettes, and profanity. Rev. Mr. Orchard dwelt on the importance of having adult classes in every school efficiently organized and registered with the convention.

In the evening Rev. Dr. W. A. Brown of Chicago, field worker of the International Sunday School Association, delivered an interesting addres, the subject of which was "The Sunday School, The World Over." He told of the wonders being accomplished by the Sunday School Association, which has organizations throughout America. He said there are 12,000 branches of the association in townships and districts, which have over 200,000 voluntary workers. Yearly, he said, 19,000 conventions are held which upwards of 4,000,000 people attend.

T. H. Hutchinson also addressed the gathering on "The Sunday School Problem of the City."

Rev. W. A. Ross, general secretary of the branch, read an invitation from St. Andrew's Presbyterian Church, in Chatham, asking them to hold the annual convention in their church next year. A vote was taken and the invitation unanimously accepted.

"Chip of The Flying U"

FEATURING THE WORLD'S MOST DARING COWBOY, TOM MIX AND KATHLYN WILLIAMS

Nearly everyone has read and heartily laughed over B. M. Bower's story about "Chip of the Flying U." Bower's story breathed the very atmosphere of western cowboy life, and the characters were so cleverly pen painted that most of us had them well defined in our mind's eye; now we are shown in this Selig production the living embodiments of the prototypes, and follow them through all their exciting and mirthful escapades with shaking sides or with eyes that mirror both apprehenston and amazement.

NOTICE!

In this production Tom Mix, the undisputed king of the plains, performs a dare-devil feat that has never before been attempted. It is known as being "saddle horned." When you see it you will not wonder why it has never before been attempted. But what kind of nerve is in the make-up of Tom Mix and how he got away with a whole skin.
