A NEW LICENSE GRANTED.

Result of the Hamilton Commissioners' Work.

Fun Expected When Dr. Burns is Brought Before the Methodist Conference—Silver-Dollar McDonald Robbed of $430—Policeman Dismissed—Bisley Team—General News From Hamilton.

Hamilton, May 31.—It is reported that the License Commissioners have decided to grant a license to Mr. Gilkenson of the new Waldorf Hotel and to allow the following hotelkeepers to retain their licenses: Hugh Daley, W. B. Bauer, Daniel Sullivan, John Stroud, Lucy Eagener and S. E. Nolen.

For some time the financial affairs in connection with the Union Hotel, Merrick-street, kept by Mrs. Bessey, since the death of her husband a few months ago, have not been in a flourishing condition and neither Mrs. Bessey nor the owner of the property is disposed to continue the business. The Union Hotel license will, therefore, be allowed to lapse.

Dr. Burns and His Critics.

A matter of special interest to Hamiltonians, particularly Methodists of the Hamilton conference, which opens to-morrow at Guelph, will be the "passing of the character" of Rev. Dr. Burns, occasioned by his transforming his college building into an hotel. Dr. Burns is a well-known fighter, and can be depended on to defend any position he takes.

"Touched" for $430.

William McDonald, once noted as the owner of the Silver Dollar Saloon in Buffalo, but now in the race business, reported at Police Headquarters this morning that while he was asleep in the lavatory of a James-street hotel, between 10 and 12 o'clock, his wad of bills, containing $430, was stolen from his pocket.

Drink Brought Dismissal.

The Police Commissioners met to-day to hear two charges preferred by Sergt.-Major Prentice against P. C. Thomas Liston. They were that, on the morning and the evening of May 25, he was intoxicated and neglected his duty. As Linton appeared before the board at the last meeting on a charge of being intoxicated and was warned not to repeat the offence, the commissioners decided to dismiss the officer from the force, allowing him one month's pay.

For the Bisley Team.

Sergt. C. W. Spencer of the 13th Battalion, who is clerk of the Police Department, was granted permission by the commissioners to go to Bisley with the Canadian team. Hamilton, accordingly, will be represented by Lieut. Ross, Lieut. Pain, Staff-Sergt. Hayhurst, G.M., and Sergt. Spencer. Three of the 13th crack shots, Sergt. T. Mitchell, Sergt. D. Mitchell and Color-Sergt. Skedden, could not accept invitations to go to Bisley.

THE PROBABILITIES FOR A DISSOLUTION

Continued from Page 1.

he said, would not be finished before 1900.

Mr. Blair explained that the landslide down there would cost the Government in the neighborhood of $30,000.

There was much talk over the Thorold cement bought for use on the canal, some $20,000 worth, which, through some alleged defect, was left unused. The Opposition claimed that the Government must take full responsibility for the loss of money involved.

William McCleary spoke up for the cement of Thorold, which, he said, had proved its excellence and had an everlasting monument to its worth in the Welland Canal.

THE DEAL RECOMMENDED.

Government Advised to Take Over the Drummond Railway.

Ottawa, May 31.—(Special.)—Chairman Leister of the Special Committee appointed Feb. 18, to inquire into the expenditure of the Drummond County Railway subsidies and into al ltransactions relating to the acquiring of the railway by the Government, will lay his report on the table tomorrow. Sixteen witnesses were examined, says the document, but the honor or integrity of no member of the Government was affected. From the evidence given and statements made by the Conservative members of the committee, the report adds, the only difference between the parties is as to the price to be paid for the extension. The 13½ miles of road had cost $2,100,000, but nothing would be better calculated to make the Intercolonial self-sustaining. The sum of $287,956 had been voted by the Government in subsidies and had all been spent on construction. In portions the new road was superior to the standard of the Intercolonial, and while Mr. Wainwright had sworn that other Quebec railways had cost fro $17,0000 to $19,000 per mile, the Drummond County road would cost the country, in the event of the completion of the purchase, only $12,000. Legislation to sanction the deal is of course recommended.

The Plebiscite Bill.

Ottawa, May 31.—(Special.)—In the Senate, Hon. Mr. Scott moved the second reading of the Plebiscite Bill.

Sir Mackenzie Bowell, while not opposing the bill, accused the Government of an attempt to shirk responsibility. Their attitude on the question made him believe the whole thing to be a broad farce. If the Ministers were not trying to humbug the people, they would say whether a majority of the votes polled or a majority of the electors would decide the question, and would assure the people that if the vote were favorable prohibition would be enacted.

Hon. David Mills defended the Government's course on the ground that it would determine whether public sentiment would support prohibition. He accused the temperance element in the Senate of being more loyal to party than to prohibition. The bill was read a second time.

HANDS ALL AROUND IN ALASKA.

The Much-Talked-Of Anglo-Saxon Alliance in Practical Effect.

Vancouver, B.C., May 31.—According to advices from Alaska, brought in the steamship Athenian, the much-talked-of Anglo-American alliance is in practical effect at the American town of Fort Wrangel. Queen Victoria's birthday was celebrated there with more enthusiasm perhaps than at any town in the British Empire. The celebration was participated in by the Americans, Canadians and British in the Alaskan port. A large number of programs were printed, on which were the words of patriotic songs and the following:

"Sung at the celebration in Fort Wrangel on May 24, 1898, in honor of the inauguration of the war between the United States and Spain for freedom in Cuba and in memory of the patriots who perished on the Maine, and in honor of the 70th anniversary of Her Gracious Majesty Queen Victoria."

Half the town wore badges bearing an inscription to the same effect.

Spring Medicine

Is made a necessity by the impure condition of the blood after winter's hearty foods, and breathing vitiated air in home, office, schoolroom or shop. When weak, thin or impure, the blood cannot nourish the body as it should. The demand for cleansing and invigorating is grandly met by Hood's Sarsaparilla, which gives the blood just the quality and vitality needed to maintain health, properly digest food, build up and steady the nerves and overcome that tired feeling. It is the ideal Spring Medicine. Get only

Diamond ...Price

We have no sympathy with any business principle which allows YOU to be charged, say, $50.00 for a diamond ring whilst YOUR NEIGHBOUR can go into the same store and buy it for $45.00 or less.

It is manifestly unfair.

The principle upon which we do business is "plain figures, with only one price." From this rule for many years there has been absolutely no deviation whatever.

In doing this we are careful to mark all goods just as close as sound business principles will admit of, and nowhere is the advantage of "one price" so apparent as in our diamond values.

Mrs. Theresa Barnes of Lucan Was a Train's Victim.

Lucan, May 31.—A freight train going west through here about 9, when near the crossing in the village, struck Mrs. Theresa Barnes, killing her instantly. The train did not stop, the train hands evidently not noticing the accident.

The unfortunate woman was at times slightly demented and was frequently seen passing along the street talking to herself. It appears she was in this condition when she was passing over the crossing and did not notice the approaching train.
