Brazilian 97 3-8---Mining Issues Respond to Improved Demand

WHEAT STRONGER IN DULL MARKET

More Light on Government Report Gives Encouragement to Bulls.

CHICAGO, March 28.—Reconstruction of the meaning in a clause in the official report bearing on farm reserves caused buying of wheat today sufficient to send the market up. The close was quiet at a net gain of 3-8c to 5-8c. The day ended with corn down a shade to 1-8c, oats 1-16c to 1-4c up and provisions 10c lower to a shade higher.

Marked absence of shipping call in the east depressed corn.

Afer a fairly strong opening the market became stagnant.

Trade in oats wos of local character.

Pork clamed a greater share of attention in the provision pit, with May especially to the front. Early strength, due to covering by shorts, gave way after considerable realizing.

CITY WILL PUT ROADS IN SHAPE

Conference Called for Next Week With View to Giving Immediate Relief in Suburbs.

Temporary roadways in the suburbs by adopting the plan in Great Britain of corduroying with cedar logs and covering with earth, was suggested by Controller Church in the board of control. It was decided to have a conference with the commissioner of works next Tuesday, with a view to giving immediate relief wherever the roads are in bad condition.

A deputation was promised consideration of a request for assistance in entertaining the delegates to the provincial convention of the Retail Grocers' Association April 16 and 17.

The city solicitor is to be asked to define what control the city has over the police and firemen's benefit fund. Controller Church wants two representatives on the executive.

Because collection of this year's taxes is about to commence, and any interference would be inadvisable, the assistant city treasurer recommended that the reorganization of the tax collectors' department be deferred for two or three months.
