CENTENARY ST. JOHN.—On Sabbath 12th inst. seventeen persons were received into fellowship with the Church of Christ. Mr. Narraway preached on the occasion. After a silence of more than five years, his voice from the sacred Desk was listened to with grateful and devout interest by a large congregation. It is hoped he may again have strength to preach occasionally.

AMHERST.—The attendance at special services has been increasing. There have been several penitents; a few of whom have found peace. The services are to be continued during this week. A blessed influence seems to rest upon this community.

CHARLOTTETOWN.—Our latest advices are to the 2nd inst. The special services were continued up to that date. The number of names received was about 800, nearly all of whom had professed conversion.

MARGATE P. E. I. The Quarterly meeting held on the 16th ult., voted unanimously for union. A gracious revival of religion was in progress up to the date of latest information.

NEWPORT.—The Musical Concert was repeated here to a crowded house. We hope the proceeds in behalf of the new Church were very generous.

HORTON.—A review of the revival work on this Circuit gives great cause for thankfulness. It is supposed that at least fifty members will be added to the Church.

GERMAIN ST., ST. JOHN.—Special services here have resulted in the conversion of several, among whom are promising young converts.

ST. STEPHENS.—The good work goes on Church and Pastor are both greatly blessed. There have been many conversions.

MONCTON.—The work of Grace on this charge has been progressing. Upwards of seventy had been forward for prayer.

## Editorial Notes.

REQUEST.—We cannot comply with the reasonable request of "A Lover of Holiness" simply because the paper alluded to has passed away among the exchanges. By furnishing the extract the correspondent will oblige us.

THE EASTERN SHORE.—The President's letter, introducing Mr. Hart's appeal, expresses surprise that no expression has come from those desolated places for help. Cape Canso, we may say, has been asking for aid for a Parsonage, and the generous response in Halifax shows how much is felt for the people of the Eastern Shore. Let the prosperous not forget their suffering neighbours.

Kaye St. Congregation intend holding a teameeting in their own building on Wednesday the 22nd inst. The proceeds are to be applied for the benefit of the S. S. Library, and the furnishing of Music Books for the choir.

Tickets may be had at the Wesleyan Book Room, price 40 cts.

ACKNOWLEDGEMENT of monies crowded out. Sums inquired for are all safe.

## NEWS IN BRIEF.

NOVA SCOTIA.—The English Steamer arrived in Halifax on Thursday night. The next boat is due this week—about Friday or Saturday.——John Silver Esq., has been appointed Commissioner of Schools for the city of Halifax in place of the late Dean Bullock. Clergymen were offered, but refused the position.——The congregations of the Church of Scotland in the Presbytery of Pictou have voted against Union, except Pugwash.——DENOMINATIONAL COLLEGES.—A member of the Pictou Presbytery has given notice of his intention to move the following resolution at the next meeting:—"Whereas large sums are paid annually from the Provincial Funds towards the maintenance of Sectarian Colleges, thereby propagating denominational principles at the public expense—therefore resolved, that in the judgment of this Presbytery, the Government should withdraw all money grants from denominational institutions, and should centre its resources in the maintenance of an efficient non-sectarian institution leaving it to the various denominations to provide Theological education as they may deem expedient."

NEW BRUNSWICK.—Hons. John A Beckwith, William Lindsay, Francis Hibbard and Archibald Harrison, have been appointed Legislative Councillors.——A young Frenchman named Boudreau, belonging to Petit Rocher, near Bathurst, in company with another, started to shoot pattridges on Wednesday last. The gun, in the hands of Boudreau, was discharged through some unexplained cause, the contents entering his head and causing a portion of the brain to protrude. As Boudreau has been speechless since the accident, and his companion having being at a distance when he heard the report of the gun, the cause of the discharge is still enveloped in conjecture. The result of the accident will, in all probability, prove fatal, Boudreau's recovery, even to consciousness, being extremely doubtful.—*Intelligencer.*——A woman named Godsoe, wife of William Godsoe, died in Portland on Saturday last, from the effects of cold and hunger. Too proud to beg, she suffered and died. The husband, who is disabled, and three children are alive and being cared for by the charitable

FREDERICTON RAILWAY COMPANY.—The following were elected directors of this company at the annual meeting: Thomas Temple, A. F. Randolph, J. L. Inches and E. R. Burpee; the former gentleman was afterwards unanimously elected president.——Mr. John E. Wentworth brought into Fredericton, *en route* to Portland, Maine, a double headed calf, which he purchased from the Hon. Mr. Muirhead, of Miramichi. It is his intention to exhibit this wonderful freak of nature in the principal cities of the Dominion and the United States.——The *News* says: On Tuesday a melancholy accident happened at St. Martins. Mrs. David Marchbanks going to the well near her house for a pail of water, became dizzy and fell head foremost in. She was discovered by her husband a few minutes afterwards but when she was extricated from her position life was found to be extinct. The unfortunate woman was about 49 years of age.

The attendance at Rev. Robert Wilson's lecture, before the Y. M. C. Association course, Woodstock, on Tuesday last, was, comparatively, quite large. A good lecture was expected, and the audience were not at all disappointed in their expectations. The subject treated on was "The Model Young Man," and, take it all in all, it was, to our mind, one of the best lectures, thus far, of the course. Doubtless many in the audience differed widely from the lecturer's views regarding the question of "independence," but all must have admired the eloquent avowal of that hearty, honest patriotism which inspired such an expression of attachment to the good old mother country.—*Sentinel.*——John Livingstone, Esq. has retired from managing the *Moncton Times* and will go on the staff of his own old paper, the *Telegraph.*——The "House" at Fredericton has been brought to a close.——We take the following from the St. John *Morning News*:—METHODIST MATTERS.—The Methodist Church in Fredericton is now enjoying a gracious season of revival, and about 100 persons have avowed their determination to give themselves to the Lord. This is very gratifying to the Pastor, Rev. Mr. Gaetz, who has faithfully labored during the three years of his incumbency, and will enable Rev. H. McKeown, who has been invited to become his successor, to enter upon his labors after the approaching Conference under very auspicious circumstances.

A good work is now going on at Nashwaak village, under the Rev. J. Sellor, A. M., whose labours upon that circuit have been eminently successful, and whose energy and devotion to his work will not soon be forgotten. Having spent three years of happy toil in that extensive field he goes, we believe, by invitation of the Quarterly Meeting, to the enterprising little city of Woodstock, where, we are sure, he will give a good account of himself.

A series of interesting services have been recently held in Maryville, and although the additions to the Church have not yet been numerous much has been done, and the service of last Sabbath evening was unusually interesting. After a sermon by the Pastor from Ruth xi chap., 11 and 12 v., two persons were publicly baptized and received into the Church, besides two others who had been baptized in infancy. Several others are "enquiring the way," and there are indications of a greater work still. By an unanimous vote of the Quarterly Meeting Rev. Mr. Wilson has been requested to remain in charge of this circuit the third year.

MARRIAGE IN THE CENTENARY CHURCH.—The Centenary Church was the scene of a brilliant festal gathering on Thursday morning, on the occasion of the marriage of Mr. James U. Robertson, son of W. A. Robertson, Esq., to Miss Jennie Robetson, daughter of John D. Robertson, Esq., and niece of Robert Reed, Esq., of Mount Pleasant. Long before the hour announced for the ceremony large crowds of elegantly dressed ladies and gentlemen assembled before the main entrance of the church, awaiting the opening of the doors. A large number of invited guests comprising the *élite* of the city, began to arrive shortly before eleven and take up positions in the front pews specially set apart for that purpose. The tasteful toilets of the ladies made the scene in the church at this time particularly attractive. At 11 o'clock, the officiating clergyman, the Rev. Henry Pope, Jr., took his seat on the right of the Communion table, and in a few minutes afterwards the bridegroom, attended by his best men, Robert Robertson, (his brother,) and Mr. George B. Hegan entered the church. At about a quarter past eleven the bride, leaning on the arm of her uncle, walked slowly up the aisle, followed by her bridesmaids, Miss Dimock, Miss Jardine, Miss Purdy and Miss Robertson. As the bridal party entered the church the choir sang a verse of the hymn, "With Garlands be the Altar Strewn," the large congregation at the same time respectfully rising. The solemn marriage ceremony of the Wesleyan Church was immediately proceeded with, the bride being given away by her uncle.

At the conclusion of the ceremony the choir sang another verse of the same hymn, and as the congregation slowly left the church, the organist struck up Mendelssohn's Wedding March. The bride, who looked particularly beautiful, wore a dress of white moire antique, richly trimmed, with veil and wreath of orange blossoms. The bridesmaids wore bonnets of tulle, with pink and blue flowers. Their dresses were of white muslin, with sleeveless jackets. One pair of bridemaids wore sashes of pink, and the other pair of blue, the bridesmaids being so arranged as that the colors alternated.

After leaving the church the bridal party, attended by their numerous friends, drove to the Victoria Hotel, where a sumptous wedding breakfast was partaken of. There were over one hundred guests present. The bride's presents were numerous, elegant and costly. In the afternoon the youthful couple left for Fredericton, and will proceed thence to Portland, to take passage to England, where they purpose to reside.—*St. John Telegraph.*

MISCELLANEOUS.—Louis Riel still keeps in the back ground. An attempt was made to draw his mileage, but it did not succeed.——OTTAWA, April 10.—John W. Goodwin murdered an aged man and wife named Hardwood, in the Eastern part of the County last night. Hardwood was arrested, and with great difficulty saved from being lynched.——NEW YORK, April 10.——A St. John's, Newfoundland, despatch says the steamer "Tigress" of the Polaris expedition, while seal fishing, exploded her boiler. Two engineers and twenty of her crew were killed.——Six to eight inches of snow fell in Northern New England last night

VAUDREUIL, P. Q., Feb. 28, 1872.

I had been a great sufferer with Rheumatism for more than two years, without being able to find a remedy until I tried Graham's Pain Eradicator, which soon gave relief and in a short time made a complete cure, as I have remained well since using it more than a year ago.

It excels anything we have ever found for *Sore Throat, Coughs,* colds, and most forms of *Pain.* JOHN TAYLOR.

LETTER FROM REV. JOHN MCMURRAY.

*James I. Fellows, Esq.—Dear Sir:*—I have recently heard from an invalid of the great benefit derived from your Compound Syrup of Hypophosphites, and, having in many other instances marked the most beneficial results from its use, I cannot but regard its discovery as a matter of devout thankfulness to benign Providence.

I have used it considerable myself, and at intervals during several years past, given it some members of my family.

I have also recommended it to others, and invariably found it to be of essential benefit in those complaints for which it is especially recommended.

In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy.

I am, dear sir, yours truly,
JOHN MCMURRAY, Methodist Minister.

FOR SALE.
This beautiful Farm is situated about 2½ miles from Middleton Station, 3 from Port George, and four from Margaretville. It contains 425 acres of fertile land, suitably divided into mowing, pasture, tillage and woodland. There are on this farm 2 Dwelling Houses, 3 large Barns, carriage, Wood houses, Granieries, and other out-buildings. Pure spring water is led to the houses and barns by pipes. It contains about 250 large apple trees, which have been grafted within a few years and are now yielding large quantities of fruit. There are also about 300 or 400 young Apple Trees which are just beginning to bear. It cuts about 80 tons and soon could be made to cut 100 tons of superior English Hay. The buildings and orchards are sheltered by hedges of spruce and extensive groves of sugar maple.
