To the Electors of the City of Saint John.

GENTLEMEN:—

In response to a call from the Reform Party, I have consented to be a Candidate at the ensuing Election. Being so recently entrusted with the great responsibility of representing you in Parliament, and relieved of the same by its dissolution, I feel, after so recent a mark of the confidence of my fellow citizens in electing me as your Representative by acclamation, that it would be ungrateful for me to decline nomination.

If elected, I will support the policy of the present Government, as foreshadowed by the Premier in his address to his constituents, as well as in all other good measures. Hoping, if elected, to discharge the duties of your Representative with credit to myself and advantage to the City, Province and Dominion.

I am yours, etc.,

Circuit Court.

The evidence for the defence in the case of Smith vs. Gerow was finished yesterday afternoon. Mr. Palmer, for the defence, and Mr. Thomson, for the plaintiff, then addressed the jury. Their addresses occupied the time until about twelve o'clock to-day, when His Honor commenced his charge. He delivered a long and able charge, carefully reviewing the evidence. The verdict depends on whether the jury, from the evidence, decide that a copartnership existed between Smith, McAuley and Gerow or not. If so, Gerow is entitled to a third of the profits, $1000. If the partnership is not clear to the jury a verdict for the plaintiff, giving the defendant only a percentage on disbursements. His Honor's charge on this point was clear and distinct. He had not finished reading the evidence when the Court adjourned at 1 o'clock.

The next case to be taken up is dee McKenzie et al vs. Mosher. Messrs. Pugsley, Crawford & Pugsley appear for the plaintiffs.

Shipping Notes.

Found Drowned.—Two sailors of the bark Magenta, Nova Scotians, were found drowned in the dock at Richmond, Va., on the 8th inst. The Captain had given the unfortunate seamen leave to go on shore, but not returning when their leave expired he thought they had deserted.

The ship Saladin ashore.—A telegram from Yarmouth, N. S., to the Board of Trade, received this morning, reports that the ship Saladin, Fell, master, hence 13th inst., for London with deals, went ashore at the back of the harbor of that port, near the bar, this morning. The bottom being sandy, should the weather prove favorable she may be got off. Messrs. Guy, Stewart & Co. are the shippers of the cargo, which is fully insured. The Saladin being an old craft, built in 1851, it is feared she will go to pieces before they can succeed in getting her off.

In a letter to the N. Y. *Clipper*, dated 31st of last December, George Brown says: "I do hereby challenge any oarsman in America to row a five mile race, with one turn, in best-and-best boats, for any sum not less than $2000—say two thousand dollars in gold—on either the Charles River, Springfield, or the Kennebeccasis. This challenge to remain open for one month from this date, and the race to take place sometime in June, 1874."

Fire—Murder—Perjury—Coal Strike—A Secret Political Society—Important Railway Decision, etc.

NEW YORK, Jan. 14.

The bedding warehouse of James Flanagan, Chatham Square, was burned last night. Loss—$50,000. The building was on fire yesterday afternoon and was slightly burned and broke out afresh last night and gained considerable headway before discovered.

Shortly before 1 o'clock this morning at a boarding house in Columbia street, Brooklyn, two Swedish sailors became involved in a quarrel over a game of cards when one of them drew a large clasp knife and stabbed the other in five different places. The man died in a few minutes, the assassin, Peter Swensen, was arrested.

Representative Rogers of Nesho Co., Missouri, was arrested to-day on the charge of perjury, it being alleged that he swore falsely in order to effect an organization in his county.

A despatch from Pottsville, Pa., says that the difficulty between the miners and coal operators in this region assumes graver aspects every hour. President Gowen has ordered the stoppage of all improvements in his mines and the cessation of all work upon shafts now being sunk, and has declared his intention to cease all operations in this region until the men submit. This will render individual operators powerless to work because they will be refused cars, and the coal roads will be stopped until the controversy is settled. The miners and operators of Northumberland county have agreed to keep on work upon the old basis of last year ($2.50), but as Gowen controls the land on which the coal is mined and the railroad over which the coal is transported, this action will amount to nothing. The stoppage will throw out of employment besides 9000 miners over half the railroad employees of the Philadelphia and Erie Railroad and a large number of men in the repair shops of the Company. It is stated that a general discharge will take place in these departments at once.

A preliminary organization of a new secret order, to supplement the Farmers' Granges and to receive all classes of citizens interested in transportation and other questions affecting industrial pursuits, has been effected in Albany with A. S. Draper as Secretary pro tem. A meeting to perfect the organization will be held two weeks hence.

Two convicts attempted to escape from Sing Sing prison yesterday by jumping on a passing train. Both were hurled to the ground and recaptured.

In the case of the city Chamberlain against the St. Paul and Souix City and the Southern Minnesota railroads in which he sues to recover the value of old State bonds, Judge Dillon of the United States Circuit Court has decided that these Roads are not liable as the State had foreclosed on the roads for which the bonds were issued and sold their lands to these new roads; but the debts cannot follow the lands and the State has not transferred its responsibility. He emphatically decides that the State is legally and in honor bound to pay the bonds.

The Chinese in San Francisco, who have on board a steamer a full outfit of idols for their new temple of worship, are constantly at prayers for her arrival in port.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs.

AMONG the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand, as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to go without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts specifically and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured. Prepared by
